In a circular recently issued, asking for contributions for the use of the Sanitary Commission, it was stated that this "*Special Agency*" would close on the 15th inst. For the sake of giving the people more time to respond to this necessarily urgent call on behalf of our sick and wounded soldiers, the Agency will continue through the month. It is hoped, however, that there may be immediate action. Contributions in money may be sent to the undersigned, care of the Postmaster or Mayor of Concord; a receipt for the same will be immediately sent, and all sums received will be acknowledged through the leading papers of the State.

W. H. HADLEY,
Agent U. S. Sanitary Commission.

Manchester Union.

A SONG FOR THE SECOND.

BY E. NORMAN GUNNISON.

A song for the Second, that gallant old band,
Who through all of this war's desolation.
Have fought for their homes and their dear native land,
To preserve us a country and nation.
Then cheer Stars Second; the flag of the free
From its empire no traitor shall sever;
For its folds by our soldiers supported shall be.
"The flag of our Union forever and ever,
The flag of our Union forever!"

When the southrons rose up in their terrible might,
To hurl on the northmen their thunder,
The Granite State flag in the thick of the fight
Bade the traitorous foe stand from under;
And at Williamsburg's battle, when dark looked the sky,
O'er the field red with carnage, and gory
Swept the flag of the Second through battle array
The emblem of triumph and glory
Then cheer for the Second, etc.

At the closing Bull Run, when the order to charge
Was given, the foemen ne'er reckoned
Their advance had attained to its uttermost marge
For down swept the gallant old Second;
Their ranks by the cannon were shattered and torn
By war's tempest their banner was riven,
But still they kept on, tho' their hope seemed forlorn,
For each *star* was a beacon from Heaven.

Then a song for the Second, that gallant old band,
With the Granite State flag waving o'er them,
They still strike for their homes, and their God given land,
For their flag, and the country which bore them.
And ne'er from that flag shall one God pencilled star
From its Union's blest firmament sever,
For the Second's proud war cry shall echo afar,
"The flag of our Union forever and ever,
The flag of our Union forever."

2d REG'T. N. H. V., Oct. 15th, 1862.

☞ See yon fair maiden in another column, picking Sambuci Grapes for Speer's Wine. It is an admirable article, used in hospitals, and by the first class families in Paris, London and New York, in preference to old Port wine. It is worth a trial, as it gives great satisfaction. 1y.

☞ MATHEWS' ARNICA HAIR GLOSS is unequalled for the removal of dandruff. Its operations in this particular are magical, and their results are thorough and complete. Oct24 1md

GRACE'S CELEBRATED SALVE!

A Sure Relief for the Sufferer!

This Salve is a vegetable preparation, invented in the 17th century by Dr. WM. GRACE, surgeon in King James' army. Through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day; and was regarded by all who knew him as a public benefactor. The Salve is used for the following diseases:—Burns, Bruises, Felons, Scald Head, Salt Rheum, Boils Scurvy, Sore Lips, Sore Ears, Swelled Nose, Ulcers, Tumor Joints, Chilblains, Chapped Hands, Ringworms, Sprains, Fresh Wounds, Erysipelas, Scalds, Stings of Venomous Insects, Piles, Bunions, Frozen Limbs, Nettle Rash, Sore Breast, Wens, Eruptions, Festers, Shingles, Cancers, Whitlows, Itch, Stiles, Lame Wrist, and Sores and Wounds of the most serious nature, without leaving a scar. It will also cure pimples on the face, and beautify the Skin.

There are thousands who are suffering for months and even years in consequence of Sores and wounds that might be cured in a short time by the use of this great external Salve. It has never failed to effect a speedy cure when properly applied. This Salve has none of the irritating heating properties of other remedies, but cools, cleanses and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand, for it will save them trouble, suffering and money; and in many cases it has saved life itself. The manufacturer receives testimonials daily, from some of our most distinguished citizens, expressing benefits derived from its use. This Salve is warranted to give perfect satisfaction in every disease that it professes to cure; if not, the money will be refunded

Price 25 cts. per box. Manufactured by WM. GRACE, Amesbury, Essex Co., Mass.

M. S. Burr & Co., 23 Tremont street, Boston, wholesale agents. All orders addressed to this firm or the manufacturer, will receive prompt attention.

One Box sent postpaid by mail to any part of the United States, on the receipt of 28 cents—or three Boxes for one dollar.

For sale in Portsmouth by WM. R. PRESTON and J. H. THACHER; and by respectable Druggists and country stores every where. m10

E. A. STEVENS,

NO. 46 MARKET STREET.

ANOTHER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city and vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Joe D Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard T. Randall, Geo. Rice, Benj. F. Caney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos Marphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cashman Pryor, of Treffethen's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Fernald, Mrs. Wm. Locke, Kittery; E. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for changing the ashes very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for all of the stoves in use. Job Work attended to with dispatch.

Morning Chronicle.

☞ The expenditure of the Post Office Department for the quarter ending July 1, 1861, were $2,865,839.25, and the receipts $1,851,753.86; while for the corresponding quarter of the present year, the expenditures are $2,669,747.63, and the receipts $2,193,521.64. During the last quarter, ending Sept. 30, 933,001 free letters were received at the City Post Office in Washington. The postage on these free letters, at three cents each, if paid, would have amounted to about $28,000.

☞ The types sometimes make queer statements. Thus, a Portland paper in a report of a trial stated that "the jury visited the spot and were gone about *two years*, obtaining a better knowledge of the premises than they could from any plan." The paper thinks the practice a good one!

Ayer's SARSAPARILLA,

THE WORLD'S GREAT REMEDY FOR

Scrofula and Scrofulous Diseases.

From Emery Eldridge, Esq., a well-known merchant of Gardiner, Maine.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people find out its virtues there has been a medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Mrs. Jane H. Skeen, well-known and much-esteemed lady of Dunkirk, Cass Co., Mich.

"It only do my duty to you and the public when I add my testimony to that you publish of the medical virtues of your SARSAPARILLA. My daughter, aged ten, had an afflicting humor in her eyes, ears, and hair for years, which we could not cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs. Jane E. Sikes, well-known and much-esteemed lady of Dunkirk, Cass Co., N. Y.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P. Cage, Esq., of the widely known firm of Cage, Lovering & Co., manufacturers of cassimeres, Nashua, N. H.

"I had for several years a very troublesome humor on my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every thing a man could do for relief and cure, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued, until my face is as smooth as any body's. And I do without any symptoms of the disease that I have spoken of. I enjoy good health, and without a doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Swain, Houston St., New York.

"DR. AYER: I seldom fail to recommend your *Sarsaparilla* and *Sarsaparilla Syrup* by the persevering use of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as to the people."

From J. E. Hamilton, Esq., Wabenum, Ohio.

"For twelve years, I had the follow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of their medicines. The ulcers were so bad that the bone became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles, and none of your PILLS. Together they have cured me. I am now as well and sound as any body. Know of no other cure but your SARSAPARILLA."

From Hon. Henry Moore, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general debility, and for purifying the blood, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Stetler, Esq., the able editor of the Tuscarawas Democrat, Pennsylvania.

"One only child, about three years of age, was attacked by pimples on his face, which rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we poured his bottle of SARSAPARILLA down the child, and washing the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving the child the Sarsaparilla and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and took a new start with the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease

From Dr. Hiram Sweet, of St. Louis, Missouri.

"I find your SARSAPARILLA a more effectual remedy for the secondary symptoms of Syphilis and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From Dr. J. Evans, A. M., D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER: I have found your SARSAPARILLA an excellent remedy for Syphilis, both of the *primary* and *secondary* type, and effectual in my hands in cases where two doses to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Dr. Chas. S. Van Hook, of New Brunswick, N. J., had scrofulous ulcers on his legs, caused by the abuse of mercury, or mercurial disease, which grew more and more, and resisted all the usual treatment. No remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. The ulcers at last healed, and he was thus delivered from this, and it took several dozen bottles to cure him.

Leucorrhœa, Whites, Female Weakness,

are generally produced by internal *Scrofulous Humors*, and are very obstinate and yield only to the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skilful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrell, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few cases for which, when its effects properly aided by local treatment."

A lady unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia,

when caused by *Scrofula in the system*, are rapidly cured by this EXT. SARSAPARILLA.

AYER'S CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that it need not be more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

☞ ATTENTION, THE WHOLE! ☜

RYE, N. H., Feb. 28, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years, so that she was lame, and could not do her labor, or even rest—as it affected her hands very much. A large sum had been expended to no more purpose, physicians, and Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was affected more than three years ago. No other medicine can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe pleasing pains, which soon became as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the short acquaintance I had of the good effect of Dr. Swett's PANACEA in many such cases, I was encouraged to depend upon it for a cure in this case, and by taking one entire bottle, and two smaller, which he prepared, and taking twelve bottles of PANACEA, my Cancer was fully cured in about two months, and I have had no trouble from it since. CAROLINE B. SWETT.

This statement of my wife is correct. SIMON SWETT.

Portsmouth, N. H., April 18, 1861.

I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, causing many sores on my side. And seven bottles of Dr. Swett's PANACEA have effected a radical cure, as I have had no sign of the complaint since. I believe this medicine to be the most sure remedy in the world for such diseases. HANNAH ROWE.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

Exeter, Feb. 24, 1858. Dr Swett:—Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure. On me, it did what I could not do, and would add—that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I have used for humors and consumptive complaints."

WM. P. LEAVITT.

From ELDER F. CHESLEY, *Lee, May 31, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound, what my daughter Esther was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till we commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named. ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may26o

FRANKLIN HOUSE

Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the travelling public that has so long been extended to the house.

A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added, and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments connected with the street and dining hall by an independent staircase.

The house will be kept as a first class hotel in every respect, the proprietor will be pleased to meet the patronage of those visiting this section of the State.

A good STABLE is connected with the house, so that persons visiting Portsmouth with teams, will be promptly and carefully waited upon.

THE MAGEE PARLOR STOVE.

THE MAGEE

COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

As the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling in of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who have now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. L. Tredwell, Oren Brandon, J. H. Upham, J. Woodman Moses, John R. Holbrook, Geo. B. French, Frank Jones, John Stickell, James H. Shaw, James Shaw, Charles A. Hodgdon; Charles Stimpson, Kittery; Thomas J. Milton, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

"MAGEE'S PATENT"

VENTILATING & AIR WARMING

FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some perplexing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The fire pot or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

Also on hand an assortment of the different sizes of the

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

STOVES

Of almost all other kinds on hand and for sale CHEAP AS THE CHEAPEST.

SPEER'S SAMBUCI WINE,

PURE AND FOUR YEARS OLD,

OF CHOICE OPORTO FRUIT,

For Physicians' Use.

FEMALES, WEAKLY PERSONS, INVALIDS.

SAMBUCUS TREE, OF PORTUGAL,

The Great Remedy for Kidney Affections, Dyspepsia, Chronic Complaints

Excellent Wine for Females.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

MATHEWS arnica HAIR GLOSS

This is a new and invaluable preparation for preserving and beautifying the hair.

The wonderful virtues of Arnica in allaying and removing inflammation are universally known.

ARNICA HAIR GLOSS is a combination of those virtues, with other tried and excellent ingredients.

ARNICA HAIR GLOSS stimulates and invigorates the hair, prevents it from falling out—restores it when lost—promotes its growth and strength—renders it proof against all diseases.

ARNICA HAIR GLOSS permanently cures all irritations and eruptions of the scalp, and makes it healthy and fertile. For the removal of dandruff it has no equal. Its operations in this particular are magical and permanent.

ARNICA HAIR GLOSS is unequalled as a hair-dressing compound. It not only cleanses the scalp and invigorates the hair, but it renders the latter charmingly soft and lustrous. Its odor is particularly delicate and fragrant—the proprietor having taken especial pains to secure this result.

ARNICA HAIR GLOSS is the very best preparation for the hair ever discovered.

ARNICA HAIR GLOSS, notwithstanding its surpassing merits—is retailed at only Twenty-five cents a bottle, by all Druggists.

VOL. 21. PORTSMOUTH, N. H. WEDNESDAY, NOV. 5, 1862. NO. 81.

The Chronicle.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"The Union as it was—the Constitution as it is."

"Bound to no party—to no sect confined;
The world our home; our brethren, all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every ism fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

Fall in!—The Last Chance!

$150 City Bounty for Nine Months!!

To Arms! Strike for Liberty now and forever!

The undersigned, by permission of the City authorities, have opened a Recruiting Office at

J. B. ADAMS' STORE,
No. 8 CONGRESS BLOCK,

For the enlistment of men for the period of nine months. It is intended to make this a first class company, and we call upon young and old to rally for their country, and help put down this Rebellion that is desolating our glorious Country.

Fill up the ranks early! Let us off to the wars!

RECRUITING OFFICERS.
FRANK D. WEBSTER,
WILLIAM H. RANDALL,
ISAAC F. JENNESS,
Portsmouth, Sept. 1, 1862.

We are Coming!

☞ *Three Hundred Thousand More!* ☜

$150 CITY BOUNTY!—NO DRAFT!!

VOLUNTEER FOR 9 MONTHS!

Come, Brothers, come. Up to the mark cheerily!
With strong arms and honest hearts,

MEN OF PORTSMOUTH, ENLIST!

ENLISTING OFFICERS, J. H. THACHER,
GEO. T. WILDES,
WM. A. HAVEN.

Office at THACHER'S Apothecary Store, corner of State and Pleasant Streets.
Portsmouth, Sept. 1st, 1862.

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, Nos 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrotula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr. D devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and board at low, moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your case. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

April 7—1y 8taw.

CAUTION

To Females in Delicate Health.

DR. DOW, physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt, his greater experience in the cure of diseases of women and children, than any other physician in Boston

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

☞ Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

April7, 1862—1y8taw

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every nature and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

April 7, 1862—1y8taw.

American and Foreign Patents.

R. H. EDDY,
SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)

75 State Street, opposite Kilby Street,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Research into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters appertaining to the science of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and does not no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy,* and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is now *pending.* Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."

JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twelve* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor,* by the Commissioner of Patents.

R. H. EDDY.

BUY CALIFORNIA WINES.

They are the Purest!
The Best!
The Cheapest!

☞ The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.

"The Rock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Madeira, Tokay, or other rich Wine.

The Port has a fine flavor and body; and the Port is excellent because it is pure.

For a Square (1 inch) or less, one insertion 50 cents, three insertions $1, one week $1.50, one month $3, three months $6, six months $8, one year $15. These are Daily rates—and no advertisements receive more than one insertion in the Weekly (Gazette) without special order and charge

Funeral Notices, and Advertisements of articles Lost and Found, &c., 50 cents.

Advertisements may appear both in the Daily Chronicle and Weekly Gazette, if ordered; and it will thus receive the most thorough circulation both in this city and vicinity, and throughout the State. ☞ Liberal terms for yearly advertising.

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, NOVEMBER 5, 1862.

THE REBELLION.

Gen. Buell is ordered to Indianapolis, Ind., instead of Annapolis, Md., as previously stated.

73 Union refugees arrived at New Orleans on the 27th ult., from Texas, to join the Union army, to return and fight for their homes, whence they have been driven by the rebels.

The Federal force at Island No. 10 have again occupied the Tennessee shore, and are constructing a fort under the protection of the Federal gunboats.

A dispatch from Jackson, Tenn., 2d, says: The news received at Grant's headquarters yesterday, from the South, via Rienzi, confirms the capture of Mobile.

A gentleman at New York, direct from New Orleans, says there is no truth in the report that Gen. Butler had left New Orleans with a large force for Pensacola.

By an arrangement entered into between Gens. Grant and Price, Iuka is to remain neutral ground, for hospital purposes.

The advance of the Army of the Potomac up the valley on the left side of the Blue Ridge, is being pushed forward with all dispatch. Gen. McClellan reconnoitered the enemy from the front on Sunday afternoon. Gen. Pleasanton's cavalry, supported by a brigade of Doubleday's, drove the rebels from their position, contesting the ground with considerable spirit. General Pleasanton occupied Upperville Monday afternoon, after a spirited engagement for about four hours. Upperville is four miles from Ashby's Gap, which the rebels are endeavoring to hold. Our troops now hold all the Gaps up to Ashby's.

A Centreville dispatch says Gen. Sickles had driven the rebels from Manassas and Bull Run below Bristow Station, and would probably encamp near Warrenton Junction on Sunday night. Another dispatch says Gen. Sigel occupied Thoroughfare Gap without a fight on Sunday.

☞ The World's Crisis (Second Advent paper) contains a long communication of four columns, "purporting to come from Jesus," through a spiritualist medium. The Crisis calls it a strange delusion, brought about by "the agency of demons,"—and warns the faithful against being misled by it.

The same paper contains a report of the Rhode Island Quarterly Conference of Adventists, at which it was voted that the following resolution be discussed at the next session of this conference. Resolved, That the Scriptures of the Old and New Testaments make the observance of the seventh day Sabbath, obligatory on all churches of God as long as time lasts.

☞ A Washington letter to the Concord Statesman says:—

"I called with a friend at Adams' Express Office, to look after a box of liquors which had some time since been sent to a certain *officer*. It had been turned over to the Hospital Department, as is all the liquor that comes here now by express.—When our army retreated from the Peninsula, this Company brought up the river eighty thousand boxes for the army, and they have all been thoroughly searched by government detectives, and the liquor, more or less, good, bad, and indifferent, all gone to the benefit or otherwise of the hospitals. I ran over the schedule of these confiscated packages and should estimate them at full a thousand, nearly all addressed to *officers*."

A Venerable Raven Shot.—A sportsman in the neighborhood of the wood of Chimarais (Somme) shot an unusually large raven a short time since, having round one of its legs a small iron ring, on which were engraved the words, "born at Coutrai in 1772." This fact is a confirmation of the opinion of certain naturalists, that ravens live for a century and upwards.

Massachusetts Election.—Incomplete returns give the following:—

In Boston, Andrew for Governor has 5199, Devens 5914. Sleeper (People's) is slightly ahead of Rice in the 3d Congressional District,—Brookline not heard from. In the 4th, Hooper, Rep., was ahead in Boston, Cambridge and Chelsea. At noon, Devens was ahead in Newburyport and Roxbury; Andrew in Lawrence and Chelsea.

The man who makes a joke without intending it frequently amuses us more than the most ingenious of professional jokers,—as when the milkman in a play is charged with putting calves' brains in his milk, he answered: "Brains!" I never had such a thing in my head!" It was the same sort of a case when a jury-man having asked the judge to excuse him from serving on account of deafness, the latter said: "Couldn't you hear my charge to the grand jury?" "Yes—I heard it," said the man, "but I couldn't make any sense of it."—*Post.*

☞ Mr. Singer, the manufacturer of sewing machines, has left this country with the intention of spending the rest of his life in the Holy Land.

☞ The Western Sorghum crop is appraised this year at $1,000,000.

NEW HAMPSHIRE ITEMS.

—— Dr. S. Augustus Lord, son of President Lord of Dartmouth College, died suddenly at his residence in Danvers, Mass., on Tuesday last, of congestion of the lungs. Dr. Lord was about 40 years of age, and graduated at Dartmouth in the class of 1843, and in the Medical Department a few years subsequently.

—— The Second regiment, Col. Marston, has extended an invitation to the Rev. Eliot Nason of Exeter to become its chaplain.

—— Dr. J. C. Eastman, of the 4th, and Capt. Flynn of Co. G, of the same regiment, have resigned.

—— Lieut. Col. Joseph C. Abbott, of the 7th regiment, and his wife, arrived home in Manchester on Monday morning, from St. Augustine, Fla.

—— Charles A. Brown has been appointed Quartermaster of the 8th. He enlisted as a private, but has been Quartermaster's Sergeant.

—— The Fifteenth regiment (Col. Kingman) now numbers about 900 men. They are uniformed with the exception of overcoats. Their arms are old "1832" smooth bore Springfield muskets altered to percussion locks. This regiment it is said, will leave in about ten days.

—— Col. Tappan has declined the Colonelcy of the 16th regiment, and Lieut. Col. Pike has been promoted to fill the vacancy.

—— On Friday the 14th regiment had 734 men in camp. They are not armed or uniformed. Henry W. Fuller, Adjutant of the 4th, has been appointed Major of the 16th. Other officers are—Adjutant, Rev. Luther F. Townsend of Salem, a graduate of Dartmouth College in 1859; Quartermaster, Albert H. Brown, Fisherville; Surgeon, Dr. Sanborn, Newport; Chaplain, R. M. Manly, President of the Northfield Seminary. The regiment will not leave the State before the 20th of November.

—— The Seventeenth regiment (Col. Kent) has several hundred recruits in different portions of the State, but they are not to be called into camp until after the departure of the Fifteenth.

—— New Hampshire has four Major Generals in service, of whom but one, John G. Foster, was appointed from her. Gen. Dix was appointed from New York, B. F. Butler from Massachusetts, and Fitz John Porter from the District of Columbia.

—— The Manchester American states that twenty-three women and children are confined in the attic of the jail at Amherst, on account of insufficient accommodations.

—— A man named Joseph Ridens was found dead in his bed at Manchester, on Friday morning. He was intoxicated when he went to bed. It is thought he died in a fit.

—— Dr. Francis P. Fiske, of Amherst, has been appointed an agent for looking up sick and wounded New Hampshire soldiers in all hospitals on the route to Washington.

—— The Laconia Democrat states that on Thursday, Oct. 23d, a woman by the name of Buziel, from Franklin, over 83 years of age, was on her way from Laconia to Gilmanton, and when about half way through the woods she was stopped by a negro who asked her to go into the woods with him; she refused, and he then attempted to force her from the road, throwing her down upon some stones and severely injuring her. She fought him, however, until some one was heard coming, when the brute ran into the woods.

—— Mr. Amasa Downes, of Francestown, of the 13th Regt., left in the hands of his pastor one-half of his town bounty for the purchase of books for the S. S. Library, one third of which to be devoted especially to his class of boys. It procured 210 choice volumes.

—— The barns belonging to Geo. Porter, Esq., at Manchester Centre, were burnt on Saturday night,—probably by an incendiary. One of the barns was 80 and the other 50 feet long. About 50 tons of hay, 9 head of cattle, 5 swine, 2 sleighs, 10 harnesses, 3 plows and 1 horse, were destroyed. His fall crops were not harvested. A pair of steers and two horses were in the fields and escaped. The dwelling house was once on fire, but through the exertions of the neighbors, who had removed the furniture, it was saved. Loss about $2500; insured for $1300.

—— The washerwomen in Concord use the grounds in front of the State House for a clothes yard.

—— A man and his wife have been bound over in Manchester, for trial, for stealing from clothes lines.

☞ Jeff. Davis has sent a special message to his Congress recommending the consolidation of the diminished companies and regiments in his armies, in order to get rid of an excess of officers.

☞ Judge Rice, of Illinois, has decided that colored persons are not privileged to teach schools in that State, and that the public moneys cannot be appropriated to pay their salaries.

☞ It has been stated that the pirate steamer 290 derived its name from the fact that 290 English merchants subscribed to the funds by which it was built. The Richmond Despatch, however, says: "The origin of the name of the 290 is this—By a regulation of the Admiralty, all the English ship builders number the ships constructed at their respective yards, previously to their being named, which is usually done at the launching. The 290 was the 290th ship built at that particular yard, and being designed for foreign owners, she kept her number in lieu of a name."

☞ The Baltimore American has a letter from Dutton, Caroline country, Md., giving an account of the lynching of a negro, under arrest for the outrage and murder of a little girl. Saturday night a large number of excited people surrounded the jail, forced open the doors and took the prisoner and hung him. While suspended, 15 bullets perforated his body. He was then cut down and his throat cut by the infuriated mob. The body was dragged thro' the streets and finally taken to the front of the negro church, where it was cut in pieces and burnt.

☞ During the high wind on Monday, as a gentleman in Saccarappa was hastening to the depot, his pocket-book dropped from his pocket, and the wind carried the contents high in the air, over stores and houses, landing a portion of it in the river. After severe scrambling, the owner succeeded in obtaining most of the notes, finding himself minus some thirty dollars, which went down stream.

☞ The flag of truce which Gov. Stanley sent to Gov. Vance of North Carolina, proposing a conference on State affairs, has returned with the answer from Gov. Vance that he cannot act upon the proposition as desired, but will submit Gov. Stanley's communication to the Confederate government at Richmond, for its action.

☞ Vigorous efforts are making at the Brooklyn Navy Yard to get ready the fast steamship Vanderbilt, which has been converted into a powerful war steamer. An armament of twelve 11-inch Dahlgrens and two large Parrott rifled guns has been placed on board.

☞ The papers record the payment of $100,000 duties on teas, at the New York Custom House, as the largest ever made on a single entry. Thomas Smith, the great tea merchant in New York, about 1825, once made a single payment of over $500,000.

☞ The President has approved the sentence of a Court Martial convened at St. Augustine, condemning private Wm. W. Lunt, Co. I, 9th Maine Vols., to be shot to death for desertion to the enemy's lines with arms and accoutrements, and for highway robbery.

☞ The Washington (N. C.) correspondent of the Philadelphia Press says that Gov. Vance, who was proclaimed as a strong Union man, has avowed his Union proclivities by asserting in his message that North Carolina must rid herself of the invader, if it costs the life of all her soldiers.

☞ In Pleasant Township, Ind., an organization was formed for the relief of those of its members who might be drafted. One thousand and forty dollars were paid in. Only one man was drafted, and hence he will get the whole amount.

☞ The Governor General of Canada, by proclamation, has appointed Thursday, the 4th of December, a day of general thanksgiving for the blessings of an abundant harvest and the continuance of peace.

☞ Every State of Jeff. Davis' new nation, which Mr. Gladstone thinks is established, has the United States flag now waving over some portion of it, and one, Florida, is entirely under the control of the United States authorities.

☞ The Japanese ambassadors contracted a bill of $20,000 at their hotel in London. They sent it to Lord John Russell, hoping England would pay it as other countries had done, but Lord John refused.

☞ Lieut. Worden has entirely recovered from the injuries received during the engagement between the Monitor and the Merrimac.

☞ The French lay the dust in Avenue des Champs Elysees by sprinkling the road bed with chloride of lime; and its power of absorbing moisture soon makes the road damp.

☞ It is a decision of the Assessors of the national tax, that shipbuilders are *retailers*. Who ever heard of anything so ridiculous!

☞ A wealthy and well known citizen of New York has written to Garibaldi tendering him a home in a "palatial residence on the Fifth Avenue."

☞ Nathaniel Fuller, grocer, has been arrested on a charge of setting fire to his store in East Cambridge, Mass., on Saturday night.

☞ The riggers of Boston have agreed to advance their pay five cents per hour, and to adopt the nine hour system.

☞ A single cargo of cotton running the blockade from Charleston to England, will itself purchase a very respectable iron-clad steamer quite fit for rebel service.

☞ In the new prison building at Toronto, two chapels are to be built, so that members of the Protestant and Catholic faiths may have distinct places of worship.

We very much fear that if the present gum-arabic currency continues to circulate much longer, the good old-fashioned virtue of economy will die out altogether. It is of no use to lay up postage-stamps for a rainy day, they are perfectly valueless.

☞ A little prodigy, Teresa Carreno, from Venezuela, eight years old, who plays with wonderful skill on the pianoforte, will soon visit Boston.

☞ The Washington Star says a number of slaves have been shipped from Texas and sold to Cuba planters.

THE CONFESSIONS AND EXPERience of an Invalid. Published for the Benefit and as a warning and a caution to young men who suffer from Nervous Debility, Premature Decay, &c.; supplying at the same time the means of Self-Cure. By one who has cured himself after being put to great expense through medical imposition and quackery. By enclosing a post-paid addressed envelope the SINGLE COPY may be had of the author, NATHANIEL MAYFAIR, Esq., Bedford, Kings Co., N. Y. mar10sptdawly

Important to Females.

DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstruations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and wherever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To the classes they are invaluable, *inducing, with certainty, perfect regularity.* They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills sent *safely, promptly*, by remitting to the Proprietor Sold by Druggists generally.

PHILLIPS, wholesale, Portland.

Local.

S. J. COURT—PORTSMOUTH.

TUESDAY.—The court was still occupied with the trial of the case of Thomas H. Grenville *vs.* Daniel R. Rogers.

At the yard of Tyler, Rice & Sons, Portland, two gunboats are now being built, on contract, for the Government. The contractor is G. W. Lawrence, of Warren, Me. These two boats, the Agawam and Pontoosac, are to be side-wheel steamers, of equal dimensions. Length 240 feet, beam 35 feet, hold 12 feet, draft 7 1-2 feet, burthen 974 tons. They are being built of white oak, chestnut and hackmatack. But little yellow pine is used, as it cannot be easily obtained. They will be ready for sea in the course of five or six months.

These two boats, together with the Issoca, at Bath, are being built under the superintendance of Wm. F. Laighton., Assistant Inspector Geo. Pierce, recently, recently from Portsmouth, is the master builder.—Twice a month the boats are inspected by Samuel M. Pook, Naval Constructor and General Inspector of gunboats building by contract, that is, outside of Government Navy Yards. Of such boats, there are now nineteen building, similar to these in in Portland.

The engines come from the works of the Portland Company. The boats are probably intended for river service. Their armament will consist of 8 guns, with a crew of 50 to 100 men.—*Portland Advertiser.*

KEEPING WINTER SQUASHES.—There is just one single rule for keeping winter squashes. Put them in a dry, warm place, and they will not rot. It is a warm, damp atmosphere, like that in most cellars, that causes decay. A dry stove room or furnace heated room, which never gets cold, or a closet near the fireplace which never gets cool enough to freeze, are good places in which to winter squashes and pumpkins.—They are also kept well, hung up in baskets or bags overhead in the kitchen, or on a hanging shelf. They should always be stored singly—never put in piles—when you wish to preserve them a long time.

ROCK'S HINT.—Mr. Rock, the player, once advised the scene shifter to get a subscription, on receiving an accident. A few days after, he desired the man to show him the list of names, which he read and returned to the poor fellow, with some surprise, said, "Why, Mr. Rock, won't you give me something?" "Is it me you mean?" said Rock; "why, zounds, man, didn't I give you hint?"

☞ The Somerset Farmer states that George Campbell, Esq., of West Westminster, Vt., has refused $1500 for a Spanish Merino buck he owns.

☞ Assistant Paymaster John A. Bates, Jr., formerly of this city, has been ordered to the iron-clad steamer Mehawken.

☞ The 2d mate and seven of the sailors of the burnt ship Alleghanian have been arrested. All the rest of the crew are missing.

☞ A man in Richmond had been sentenced to wear a barrel shirt through the city, and was sent to hard labor in the fort for six months, for smuggling liquor into the city.

☞ A Washington dispatch states that the entire army has been paid up to the 30th of June last, and a portion up to the 31st of August.

☞ Friction matches sold in Richmond on the 29th ult, at $11.50 a gross.

Bulbs for Fall Planting.

J. F. SHORES, JR., No. 1 CONGRESS BLOCK,

Has just received a fine lot of Bulbs just imported from Holland, viz:

Blue, Red and White HYACINTHS;
Parrott Tulips; Double Tulips; Single Tulips;
Polyanthus Narcissus; Double Jonquils;
Orange Narcissus. White Narcissus;
Yellow, Blue, White and Violet Crocus.

These bulbs can be planted during the month of October in the open ground, and they will flower in the Spring; or they may be planted in pots for house culture and they will flower in March.

PRAY, OH PRAY!

Pray, Oh pray!
Mothers who sit with a sad, anxious heart,
Weeping for loved ones from whom you must part;
While you kneel in the closet so meekly and low,
Pray God on our country peace and quiet bestow.
Pray, Oh pray!

Pray, Oh pray!
Sister, when thoughts of the dear brother there,
Far from his home, and thy sisterly care,
Come to thy heart, and starts the warm tear,
Pray, too, for thy country, thy Father will hear.
Pray, Oh pray!

Pray, Oh pray!
Maiden, whose heart-strings are bleeding and torn;
There's a name on thy lips, in thy morning prayer borne.
Wounded he lies, thy brave heart, far away;
Pray on for *him*, and that future bright day.
Pray, Oh pray!

Pray, Oh pray!
By that wound in his side, and that shattered arm,
By the brave words he said, and that face so calm:
By his love of country: grow earnest and bold,
Pray, that quickly this cloud from our country be rolled.
Pray, Oh pray!

Pray, Oh pray!
Fathers and mothers, and Christians, *all* pray
For the dawn of a brighter, more prosperous day:
When our country, united, shall raise one loud prayer
Thanking God we have triumphed—he hath lent us his car.
Pray, Oh pray!

Pray, Oh pray!
Not alone for our *country*, in this darkest hour,
When God chastens man with his right arm of power;
But pray for thy "brother in bonds," that *this* day
May see the chains drop from his dark wrists away.
Pray, Oh pray!

Beloit, Wis. Sept. 18.

☞ See you fair maiden in another column, picking Sambuci Grapes for Speer's Wine. It is an admirable article, used in hospitals, and by the first class families in Paris, London and New York, in preference to old Port wine. It is worth a trial, as it gives great satisfaction. 1y.

☞ MATHEWS' ARNICA HAIR GLOSS is unequalled for the removal of dandruff. Its operations in this particular are magical, and their results are thorough and complete. Oct24 1md

E. A. STEVENS,

NO. 46 MARKET STREET,

ANOTHER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families; in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. References might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Hall, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Geo. J. G. Hadley, G. Melvin Huntress, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Chevyer, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Trundy, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John W. Roberts—of Portsmouth; Samuel C. Dixon, Daniel L. Pryor, Cashman Pryor, of Treffethen's Island; Geo. N. Dixon, Samuel P. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Fernald, Mr. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has gained rapidly in favor.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for cleaning the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed, a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who have used them.

We have also the celebrated McGregor Stove, so well known in the market as to call for no commendation.

A great variety of cheaper Stoves for coal and wood—Coal hods—Patent Coal-sifters.

COAL LINING, GERMAN SILVER

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

Hair Brushes,

FRENCH, English, and American, plain and inlaid, a good assortment, of all prices, just received by AVERY, 29 Congress St.

The peculiar taint or infection which we denominate SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz.: purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses,** and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the germs of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S

CHERRY PECTORAL,

The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

FRANK W. MILLER, Proprietor.
Portsmouth, Feb. 1, 1862.

ATTENTION, THE WHOLE!

EYE, N. H., Feb. 20, 1846. "I hereby certify that my daughter has had the scald-head for a number of years, much of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended by the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. Swayne's PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more of a miracle, if I may so say. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my neighbors, who have afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe pleasing pain, and was about as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the abundant evidence I had of the good effect of Mr. Swett's Panacea in many such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prepared, and taking twelve bottles of Panacea, my Cancer was fully cured in about two months, and I have had no trouble from it since. CAROLINE B. SWETT.

This statement of my wife is correct.
SIMEON SWETT.

Portsmouth, N. H., April 18, 1851.

I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, causing many sores on my face. And on my advice of Dr. Swayne's Panacea, I believe have effected a radical cure, as I have had no sign of the complaint since. I believe this medicine to be the most sure remedy in the world for Humors.
HANNAH ROWE.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of those complaints since, and I enjoy good health. M. LOWD.

Exeter, Feb. 24, 1858. Dr. Swett:—"Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and would add—that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints."
WM. F. LEAVITT.

From ELDER I. CHENEY, *Lee, May 31, 1841.*

Dr. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our humors in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHENEY.

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may20

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. L. Treadwell, Oren Brag don, J. B. Upham, J. Woodman Moses, John E. Holbrook, Geo. B. French, Frank Jones, John Stokell, James H. Lindar, James Shaw, Charles A. Hodgdon, Charles Stimpson, Kittery; Thomas J. Tarlton, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes of the

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR WARMING FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some of which have little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE'S FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 25 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

SPEER'S SAMBUCI WINE,

PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physicians' Use.
FEMALES, WEAKLY PERSONS, INVALIDS

SAMBUCUS FREE OF PORTUGAL,

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints

Excellent Wine for Females.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

MATHEWS ARNICA HAIR GLOSS

This is a new and invaluable preparation for preserving and beautifying the hair.

The wonderful virtues of Arnica in allaying and removing inflammation are universally known.

ARNICA HAIR GLOSS is a combination of these virtues, with other tried and excellent ingredients.

ARNICA HAIR GLOSS stimulates and invigorates the hair, prevents it from falling out—restores it when lost—promotes its growth and strength—renders it proof against all diseases.

ARNICA HAIR GLOSS permanently cures all irritations and eruptions of the scalp, and makes it healthy and fertile. For the removal of dandruff it has no equal. Its operations in this particular are magical and permanent.

ARNICA HAIR GLOSS is unequalled as a hair-dressing compound. It not only cleanses the scalp and invigorates the hair, but it renders the latter charmingly soft and lustrous. Its odor is particularly delicate and fragrant—the proprietor having taken especial pains to secure this result.

ARNICA HAIR GLOSS is the very best preparation for the hair ever discovered.

ARNICA HAIR GLOSS, notwithstanding its surpassing merits—is retailed at only Twenty-five cents a bottle, by all druggists.

A. J. MATHEWS, General Agent,

Advertising.
For a Square (11 inches) or less, one insertion 50 cents, three insertions $1, one week $1.50, one month $4, three months $8, six months $15, one year $25. These are Daily rates—and no advertisements receive more than one insertion in the Weekly (Gazette) without special order and charge.
Funeral Notices, and Advertisements of articles Lost and Found, &c., 50 cents.
Advertisements may appear both in the Daily Chronicle and Weekly Gazette, if ordered; an will thus receive the most thorough circulation both in this city and vicinity, and throughout the State. ☞ Liberal terms for yearly advertising.

The Chronicle.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"The Union as it was—the Constitution as it is."

"Bound to no party—to no sect confined;
The world our home; our brethren all mankind.
Love truth, do good, be just, and fair with all;
Exalt the right, though every ism fall."

"Let me warn you in the most solemn manner against every other or more of the spirit of Party, generally. It is a spirit not to be encouraged. It is common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. It is governed, of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

Fall in!—The Last Chance!

$150 City Bounty for Nine Months!!

To Arms! Strike for Liberty now and forever!

The undersigned, by permission of the City authorities, have opened a Recruiting Office at

J. B. ADAMS' STORE,

MEN OF PORTSMOUTH, ENLIST!

ENLISTING OFFICERS, J. H. THACHER,
GEO. T. WINES,
WM. A. HAVEN.

Office at THACHER'S Apothecary Store, corner of State and Pleasant Streets.

Portsmouth, Sept. 1st, 1862.

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, Nos 7 and 9 ENDICOTT STREET, Boston, on all diseases of a private nature.

PRIVATE OR DELICATE NATURE!

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrotula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, stunted, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as mere nothings as the simples ailings of a child.

SEMINAL WEAKNESS.

Dr. D devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The sad effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with Pleasant Rooms, and the charge for board moderate.

Medicines sent to all parts of the country, with full directions for taking and the usual description of your cases. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

April 7—3y 3taw.

CAUTION

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all disease incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppressed, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

April7, 1862—1y3taw

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every nature, whether arising from unwarned attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

N. B.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

April 7, 1862—1y3taw.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
75 State Street, opposite Kilby Street,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Also, Specifications, Reissues, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered by newspaper Patent Solicitors, as full or great proof that none is MORE SUCCESSFUL in THE PATENT OFFICE than the subscriber; and as SUCCESS is THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that if no other office of the kind are the means for procuring patents so endorsed.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast fund of valuable specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All difficulty of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is now *pending*, such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."

JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.

R. H. EDDY.

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.

"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body, and The Port is excellent because it is pure.

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, NOVEMBER 6, 1862.

BRITISH PROPERTY.—All but $5000 worth of the cargo of the ship Brilliant, destroyed by the pirate Semmes, belonged to British subjects.

☞ Acting Ensign is a new grade in the Navy, and ranks after Masters and before Midshipmen. The command of small ves sels is often assigned to such officers.

VOLUNTEERS, MILITIA, AND VOTERS. We have already suggested the propriety of Voting by our Volunteers, and the duty of the State Government to make seasonable provision for that purpose. When the General Court shall be convened on this account, as we suppose it will be, there should be a law passed for the revival of our militia system, in such a manner that every man between 18 and 45—(or if they please between 16 and 66) who can march on to the parade ground, should appear at May muster, armed and equipped as the law directs, and come out two or three days in a year besides.

The old militia requirements were not a hardship,—but they were laid aside as useless,—which was a great mistake.

There is now every reason to expect a condition of public affairs, which will make it needful for the State of New Hampshire to keep up a Militia force for many years to come: and we cannot be too soon in beginning a work so important as its creation.—If we are to have a war with the rebels and Great Britain, we must have a militia. If peace, our returned volunteers, with their arms, will help us arrange it, against the time of need,

☞ There may be some provocation, if not excuse, for a beaten rival in business, to hate and abuse his successful competitor—hence, the persistent and uncalled for abuse of this Chronicle by the Ballot. But why the Manchester American should volunteer to take up the wit-less quarrels of that broken-"wind"ed, squeaking concern, we can't see—but we hope they enjoy it, and that to denounce us, may do them both much good. The way the American copies and endorses the Ballot's statements, puts us in mind of what a certain schoolmaster in this city used to say to boys who were evidently bound together to cover up each others offences:—"Oh, yes, go on—one lie, and I' other swear to it."

We haven't time, nor room, nor inclination, to pay much regard to what such fellows are saying, as we pass along about our own press of business; but for the information and amusement of our Democratic readers, we will copy a paragraph from the American's rantings:—

"The latest humbug to which the Chronicle sold itself for a price, is the secession Hunker organization of the first Congressional District. That journal, professedly neutral, is, unquestionably for pay, in the interest of Captain Marcy, and of course endorses the secession, disunion, treasonable course of Dr. Nat Patchelder; and would even now be so craven, so mercenary, as to consent, for a personal consideration which we hope is not measured by pecuniary stipulation, to make a dishonorable peace, yielding up our liberty to the tender mercies of slavery, and submit to do the menial work of the South for years to come. The Chronicle and its managers can be spared from New Hampshire, and if it finds more congenial work or more cordial friends down in Dixie, it may as well apply for a passage through the lines of the army at once. It would be granted as a favor to respectable men at home, however unwilling Dixie may be to receive the reinforcement."

Much obliged for the American's permission for us to leave the the State—or rather, we *should* be, if we held our right to print the Chronicle, or live in New Hampshire, under patent from that concern—the editor of which, since his appointment to his new office, seems to think he has got not only the right to exempt and keep at home from the war whom he pleases, but to kick out all whom he wants to get rid of. We advise our up country friends to keep cool, and will merely add now, that the Chronicle has but one proprietor and "manager," and he don't yet acknowledge the American or Ballot editor for superintendent.

☞ The Secretary of War has ordered a Military Commission to be held at Cincinnati, to inquire into the conduct of Gen. Buell in reference to his permitting the invasion of Kentucky by Gen. Bragg—his failure to relieve Mumfordsville—his conduct at Perryville—his suffering Bragg to escape from Kentucky, &c.

☞ A new "miracle" is announced from Sicily by one of the Church organs. The account says that a party of Piedmontese soldiers, quartered in a convent, having insulted an image of the Virgin Mary, the ceiling of the corridor in which the image was placed fell in, burying the sacrilegious offenders in the ruins.

☞ The Washington Chronicle intimates that the "dark and mysterious riddle" of Gen. Buell's conduct is answered by his whole army, "by the terrible accusation of treason."

THE REBELLION.

A St. Louis dispatch gives additional particulars of the recent rout of guerrillas in Southern Missouri. Col. Lazea has returned to Patterson. He went to Pocahontas, drove the enemy across the river, followed him several miles, made many important captures and had only three men wounded and one taken prisoner. The enemy lost 20 killed, besides 40 horses and 80 stand of arms.

The prize steamer Anglia, from Port Royal 1st inst., arrived at New York on Tuesday evening. She was captured while trying to run the blockade off Charleston. She is loaded with arms and ammunition. The prize steamer Scotia was repairing and would sail in a few days for New York. She is loaded with Enfield rifles and ammunition, valued at $340,000, and had also $250,000 in specie on board.

Gen. Mitchell died at Beaufort, Oct. 30, of yellow fever, which is prevailing there.

It is reported that Bragg's army is at Murfreesboro', Tenn., and that 1500 rebel cavalry are at Somerset, Ky.

A Washington despatch says there is great activity among the new troops, and that they will to a great extent participate in the expected battle.

Commodore Porter offers to take command of the ship Dreadnaught, to chase the pirate Alabama.

A letter from the steamer Norwich, off Georgetown, S. C., states that the rebel fort was destroyed, and 7 rebels killed. Contrabands state that a good deal of sickness prevails at Georgetown, and that a six-gun battery was being built at Charleston, S. C. A ten-inch-thick iron-clad, and also four large cotton laden steamers, were at Charleston, waiting to run the blockade.

The rebels have evacuated Ashby's Gap, and our forces now have undisputed possession of the mountains. Our army is in sight of Winchester. Gen. Pleasanton occupies Marquette, and now holds the approaches to Manassas and Chester Gap on the left of Blue Ridge Mountains.

GEN. SCOTT's late publication is worthy of attention by every thinking man.

Probably to vindicate his own acts, Gen. S. has published in the National Intelligencer a summary of interviews and communications he had with President Buchanan and Secretary Floyd in reference to the attitude assumed in the South towards the Government just previous to the rebellion. In this paper Gen. Scott establishes the fact that he had advised, early, the preparation for the coming storm, and showed exactly what was necessary to be done.

In December, 1860, Gen. Scott had advised strong garrisons to be put in various Southern forts, particularly in Charleston and Pensacola harbors; but these suggestions were opposed by Secretary Floyd, and Mr. Buchanan did not appear to have nerve enough to go against Floyd's advice: hesitated from day to-day, while Commissioners from South Carolina, were trying to gain time by delay, to get the other States out of the Union. Gen. Scott seeing through Floyd's opposition, even went so far as to ask permission of President Buchanan to send reinforcements to Fort Sumter, without Floyd's knowledge; but the President refused to allow any attempt at reinforcement while negotiations were going on with the Commissioners.

At one time, when Scott wished to send 300 men to a Southern fort, Floyd offered to take them from Fort Monroe, intending, no doubt, to put that strong hold into the hands of the rebels. Gen. Scott said they could not be spared from that place, but might be from New York, and the Secretary of the Navy had no vessels to send to operate in the harbor of Charleston, having previously sent them all off to distant stations, to be put out of the way when wanted.

Gen. S. says:—"Secretaries Holt and Toucey, Capt. Ward of the Navy and myself—with the knowledge of the President (Buchanan) settled upon the employment, under the Captain (who was eager for the expedition,) of three or four small steamers belonging to the Coast Survey. At that time (late in January) I have but little doubt Capt. Ward would have reached Fort Sumter, with all his vessels. But he was kept back by something like a *truce* or armistice [made here], embracing Charleston and Pensacola harbors, agreed upon between the late President and certain principal seceders of South Carolina, Florida, Louisiana, &c., and this truce lasted to the end of that Administration!"

☞ Some of the leading New York underwriters asked 5 per cent. on ships well out to sea, and 10 per cent. on vessels sailing on Tuesday, while a few declined to name rates.

PUB. DOC.—We have received the valuable Preliminary Report on the Census of 1860,—from Col. Marston, Representative in Congress from this district.

☞ The boys' noisy celebration of "Pope Night" probably occasioned the false alarm of fire on Wednesday evening.

☞ Gen. Richardson died at Sharpsburg on the night of the 3d inst.

THE ELECTIONS.—In Massachusetts, the People's party have elected one Representative to Congress, viz. John S. Sleeper, from the 3d District, by 42 plurality, 28 majority over Rice, Republican. All the other Republican Representatives to Congress are elected.

Gov. Andrew has about 20,000 majority over Devens; and the Republican State Ticket is elected,—also all the Republican Councillors but one. The State Senate stands 35 Republicans and 5 People: the House 179 and 84: making it highly probable that Charles Sumner will be re-elected to the Senate of the United States.

In New York city, the six Democratic Congressmen are elected, viz.: Ben Wood, Fernando Wood, Ward, Chandler, Brooks and Herrick; and Seymour has 30,440 majority,—which will almost certainly secure his election as Governor of the State.—Congressmen in other parts of the State, present large gains to the democrats, and corresponding losses to the republicans.

In New Jersey, a dispatch from Trenton, on Tuesday night says:—

The State has undoubtedly gone Democratic, electing Parker for Governor, and Perry and Steele (both democrats) to Congress.

Later despatches say:—

The full returns of New York city show a total majority for Seymour of 31,347. The Tribune concedes Seymour's election as Governor.

The Democrats have carred New Jersey by 6000 or 8000 majority. They have certainly elected Rogers, Steel and Terry to Congress, and will have ten or twelve majority on joint ballot in the Legislature, which gives them a U. S. Senator in place of Thompson, deceased.

Wisconsin is hotly contested by both parties. The friends of Brown, Dem., claim his election to Congress without doubt, but the Republicans think the returns from the balance of the districts and the soldiers' vote may elect Potter.

Scattering returns from Michigan indicate the election of the whole Republican State ticket by a majority of probably not less than 5000.

The latest dispatches say the Democratic majority in New Jersey will be about 10,000,—a Democratic gain of 19,000 over the last Governor's vote. Both branches of the Legislature are largely Democratic. 1 Republican and 4 Democrats are elected to Congress.

Returns from the interior of New York indicate the election of 19 Democrats and 12 Republicans to Congress, and reduce Seymour's majority. The Times attributes the defeat of Wadsworth to the inefficiency of the Administration in prosecuting the war. The World rejoices over the result, but advises energetic action to crush the rebellion. The Herald urges the assembling of the new conservative members of Congress, to express their views, that the President may know what course the people wish him to pursue. It also urges the speedy crushing of the rebellion.

The vote in Illinois is close. Probably, 5 Republican and 6 Democratic Congressmen are elected, the remaining two being in doubt. Ingersoll, war democrat, candidate at large, is probably elected.

☞ Gen Hiram Walbridge rode through the principal streets in New York on Monday with a large party of his friends, in a wagon drawn by four horses, which was preceded by another wagon drawn by four white horses and containing a band of music. The wagon was labeled "Gen. Walbridge on his way to Congress." The novel cortege stopped at intervals, when crowds of people speedily collected, and Gen. Walbridge addressed them on the exciting questions of the day.

☞ Mr. G. Parker Lyon, of Concord, has just issued his very neat and convenient New Hampshire Annual Register for 1863—and it is for sale in Portsmouth at the Bookstores of J. H. Foster and J. F. Shores, jr. It contains the usual statistics, together with lists of the officers of the several regiments which left the State since the issue of the Register for 1862, viz: from the 6th the 14th, inclusive.

☞ We refer our readers to the notice in another column headed S.-T.-1860.-X. Many have no doubt puzzled by these cabalistic characters, and all will find them explained by reading the notice referred to.

——A man named Thomas Kerly, at work on the new block of Mr. J. R. Hill, Concord, fell from the roof of the building on Tuesday morning, to the ground, striking upon his head. He died shortly after the accident.

BOOK OF DAYS.—Part 9 of this valuable work contains the record from April 14 to May 1st,—giving in particular, an interesting account of May Day. For sale by J. H. Foster.

☞ The Boston Post says it is assured by good authority that the Navy Department has despatched a vessel in search of the Alabama, and that, if merchants require convoy off the coast, they can have it.

☞ It is rumored that Caleb B. Smith, of Indiana, has been offered the appointment of Judge of the District Court of Indiana, vacant by the death of Judge Huntington.

☞ Messrs. Beal & Hooper, of Boston, the great wholesale manufacturers of Furniture, have recently commenced to make and supply at retail, black walnut Chamber Suites, of the best quality and most beautiful styles, at prices very low considering "the times" and the usual rates for such sets. This house is one of the heaviest and staunchest in the furniture trade in the United States, and their immense stock embraces almost every kind of goods in their line. See their advertisement.

The manufacture of patent spiral springs, for furniture, beds, &c.,—springs which "are elastic, not liable to cripple, break down, or click,"—has long been a speciality with them; and they use tons of wire made expressly for this use, yearly. Their springs are allowed on all hands, to be superior to any and all others.

Mr. George K. Hooper is well known as formerly for several years a resident of Portsmouth—and from being an employee in the establishment, has, by industry and strict application to business, made so good use of his eminent business talents, as to rise long since to be partner in the great furniture warehouse on Haymarket Square. The Boston Saturday Gazette says Beal & Hooper's prices for nice furniture, compared with those of the up-town dealers, show a wonderful contrast in favor of the former; and that by purchasing of them, the buyer can have as fine an outfit, and save quite a purse for the soldiers' aid.

☞ The Richmond Despatch of the 1st inst. says that four prisoners had been received at the Libby prison. They gave their names as James G. Boston, William Williams, Joseph H. Pate, Jacob Rolfe. They were captured at the mouth of the Rappahannock. Boston was the master of the ship Alleghanian, Williams the first mate, and Pate the pilot.

PERILOUS EXPERIMENTS.—READ, IF YOU VALUE LIFE.—Our public hospitals need reform. Neither the food nor the treatment of their inmates is what it ought to be. The great object of these institutions seems to be, to doctor the sick at the least possible expense. As Capt. Bunsby might say, "if they live, so, if they die, so, also." The worst feature of the whole is, that the patients are used as living subjects for young practitioners to experiment upon. These elves of the medical schools expect to obtain the knowledge necessary in private practice, by testing the properties and powers of medicines upon the helpless wretches placed under their charge. Deny this who will, we know it to be true.

For our own part, we are far from placing implicit faith in the precriptions of the faculty. We have infinitely more confidence in the world-pervading remedies of Prof. Holloway, than in all the tinctures, decoctions, anodynes, and cathartics recommended in the professional text-books. Doubtless, the egotistic nabobs at the head of some of our medical institutions would designate his Pills and Ointment as empirical preparations. But we say, no. Empirics experiment upon the diseased system; but he does not. He claims the trust and confidence of invalids on sure grounds—an unbroken series of cures, embracing all internal and external complaints, and running through no less a period than the fourth of a century! Can imagination conceive of more conclusive testimony than this? Does not such a voucher, bearing the indorsements of the sick in every clime, and backed by the favorable opinions and friendly decrees of some of the leading governments of Europe, carry more weight with it than a whole stack of diplomas?—Sunday "Times." 7.

SPEER'S SAMBUCI WINE.—Decidedly one of the nicest and most creditable of any advertised article we have ever seen, is the vinous fluid bearing the above name, from the vineyard of Mr. Alfred Speer, of Passaic, N. J. This wine is pressed from the Sambucus grape, a species originating in Portugal, which, under the hand of Mr. Speer, has been brought to a state of great perfection. The wine possesses the very highest medicinal virtues, and, certainly as an article of beverage, it is not, in our judgement, to be surpassed in color, taste, or any of the qualities which constitute a pure, mild, and agreeable wine.—Ex.

Wm. R. Preston has procured some that is four years old, direct from the vineyard, and will furnish information and testimonials as to the virtues of the Sambuci.

That any Soldier can be so foolish as to leave the city without a supply of HOLLOWAY'S PILLS & OINTMENT? Whoever does so will regret it. These medicines are the only certain cure for Bowel Complaints, Fevers, Sores and Scurvy.—Only 25 cents per Box or Pot. nov6 228

State of New Hampshire, Rockingham, ss.

By the Hon. Judge of Probate for said County.

To the heirs at law and creditors to the estate of DANIEL S. BARBER, late of Portsmouth, in said County, deceased, intestate, and all persons interested in said estate, Greeting:

You are hereby notified that WILLIAM CLARK, Administrator of the estate of said deceased, will present his account of administering said estate, at the Probate Court to be holden at Portsmouth in said County, on the second Tuesday of January next, at 10 o'clock A. M., for examination and allowance.

You are therefore hereby cited to appear at said Court to be heard thereon, and to make such objections as you may then have. And notice is hereby required to be *given* by causing this citation to be published three weeks successively in the New Hampshire Gazette, a newspaper printed at Portsmouth, the last publication whereof to be at least thirty days prior to said Court.

Dated at Portsmouth, Nov. 4, A. D. 1862.

Drake's Plantation Bitters.

They purify, strengthen and invigorate;
They create a healthy appetite;
They are an antidote to change of water and diet;
They overcome effects of dissipation and late hours;
They strengthen the system and enliven the mind;
They prevent miasmatic and intermittent fevers;
They purify the breath and acidity of the stomach;
They cure Dyspepsia and Constipation;
They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;

They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons. P. H. DRAKE & CO., 202 Broadway, New York

Portsmouth, Oct. 29, 1862.

GRACE'S CELEBRATED SALVE!

A Sure Relief for the Sufferer!

This Salve is a vegetable preparation, invented in the 17th century by Dr. WM. GRACE, surgeon in King James' army. Through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day; and was regarded by all who knew him as a public benefactor. The Salve is used for the following diseases:—Burns, Bruises, Felons, Scald Head, Salt Rheum, Boils, Scurvy, Sore Lips, Sore Ears, Swelled Nose, Ulcers, Lame Joints, Chilblains, Chapped Hands, Ringworms, Sprains, Flesh Wounds, Erysipelas, Scalds, Stings of Venomous Insects, Piles, Bunions, Frozen Limbs, Nettle Rash, Sore Breast, Wens, Eruptions, Festers, Stingles, Cancers, Whitlows, Itch, Sties, Lame Wrist, and Sores and Wounds of the most serious nature, without leaving a scar. It will also cure pimples on the face, and beautify the Skin.

There are thousands who are suffering for months and even years in consequence of Sores and wounds that might be cured in a short time by the use of this great external salve. It has never failed to effect a speedy cure when properly applied. This Salve has none of the irritating heating properties of other remedies, but cools, cleanses and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand, for it will save them trouble, suffering and money; and in many cases it has saved life itself. The manufacturer receives testimonials daily, from some of our most distinguished citizens, expressing benefits derived from its use. This Salve is warranted to give perfect satisfaction in every disease that it professes to cure; if not, the money will be refunded.

Price 25 cts per box. Manufactured by WM. GRACE, Amesbury, Essex Co., Mass.

M. S. Burr & Co., 29 Tremont street, Boston, wholesale agents. All orders addressed to this firm or the manufacturer, will receive prompt attention.

One Box sent postpaid by mail to any part of the United States, on the receipt of 38 cents—or three Boxes for one dollar.

For sale in Portsmouth by WM. R. PRESTON and J. H. THACHER; and by respectable Druggists and country stores everywhere. m10

Special Notices.

THE NEW-HAMPSHIRE GAZETTE and Rockingham Weekly Chronicle, containing a summary of the news of the week, printed Thursday, and for sale at the Chronicle Counting Room. Price 3 cents. Only $1 per year, in advance.

Consumption, Gravel, Gout, Chronic Rheumatism, Dropsy, Dyspepsia, Fever and Ague, and Bladder Complaints.

WOLFE'S CELEBRATED

Schiedam Aromatic Schnapps.

The above medicinal beverage is manufactured by the proprietor, in Holland, expressly for medicinal use. It has been submitted to the first chemists and physicians in this country and in Europe, who have certified to its valuable medicinal qualities, and prescribe it in their practice.—The proprietor has in his possession more than ten thousand letters from patients who have used it in the above-named complaints. He has the privilege of referring to the following physicians, who stand at the head of their profession in this city. Put up in pint and quart bottles, and for sale by all druggists and grocers.

Important to Females.

DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstruations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are invaluable, *inducing, with certainty, periodical regularity.* They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor. Sold by Druggists generally.

H. THACHER, Agent, 12 Market Sq., and corner State and Pleasant sts., Portsmouth; M. S. BURR & CO., wholesale, Boston, Mass.; W. O. PHILLIPS, wholesale, Portland. ly

THE CART BEFORE THE HORSE.

Oh! for some deep, secluded dell,
Where brick and mortar lime may cease;
To sit down in a pot of grease—
No, no—I mean a grot of peace!

I'd choose a home by Erin's wave,
With not a sound to mar life's lot;
I'd by the cannon have a shot—
No—by the Shannon have a cot!

How fair that rocky isle around,
That wide expanse to scan it o'er;
I love a shiver with a roar—
I mean a river with a shore!

Romantic Erin's sea-girt land,
How sweet with one you love the most
To watch the cocks upon the roast—
I mean the rocks upon the coast!

'Twere sweet at moonlight's mystic hour,
To see the stars few frequent,
And come upon a tipsy gent—
No, no,—I mean a gipsy's tent!

In that retirement lone, I would
Pursue some rustic industry,
And make myself a boiling tea—
No, no,—I mean a toiling bee!

Or sweet with your fond wife to sit
Outside your door at daylight's close,
While she's hard hitting at your nose—
I mean, hard knitting at your hose!

Perhaps on early cares you brood,
While sympathy her sweet face shows,
'Tis good to walk upon one's toes!
I mean, to talk upon one's woes!

Ah! how you watch that fairy shape,
A summer dress which does adorn!
Admiring much her laugh of scorn—
No, no,—I mean her scarf of lawn!

The following testimonial is from Mr. E. Tucker, depot master at Salisbury:—

SALISBURY, Sept. 30, 1862.

MR. GRACE—Dear Sir:—I have been troubled for years with a bad humor; sometimes outwardly and sometimes inwardly. During the past summer it manifested itself more than usual outwardly, and I used your Salve, and all signs of it have disappeared without affecting me inwardly, indicating I think, the eradicating nature of the Salve.

Yours truly, E. TUCKER.

For sale in Portsmouth by Preston, Thacher, Hutchings, and all respectable dealers everywhere.

☞ See you fair maiden in another column, picking Sambuci Grapes for Speer's Wine. It is an admirable article, used in hospitals, and by the first class families in Paris, London and New York, in preference to old Port wine. It is worth a trial, as it gives great satisfaction. 1y.

☞ MATHEWS' ARNICA HAIR GLOSS is unequalled for the removal of dandruff. Its operations in this particular are magical, and their results are thorough and complete. Oct24 1md

ANOTHER NEW STOVE!

THE MODEL COOK
FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a *steady* fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Batt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Geo. E. Ladd, Mr. Bailey, G. Melvin Hunitress, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard C. Hall, Geo. Rice, Benj. F. Canney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harrat, Thos Murphy, Capt Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel L. Pryor, Cashman Pryor, of Trefethen's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Bean, Eliot; Wm. S. Locke, Benj. Furnald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement dimping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—fires will all burned, and no clinkers made.

The quantity of fuel used is small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

Hair Brushes.

FRENCH, English, and American, plain and inlaid,—a good assortment, of all prices, just received by **AVERY, 29 Congress St.**

The peculiar taint of infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the sort of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you! With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual and, above all, medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proves by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses**, and indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than any healthy constitution. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S
CHERRY PECTORAL,
The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

Prepared by Dr. J. C. AYER & Co.,
Practical and Analytical Chemists,
Lowell, Mass.
Sold by all druggists every where.

☞ ATTENTION, THE WHOLE! ☜

RYE, N. H., Feb. 26, 1861. "Thereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor or even her leaving the house for days at a time. I have spent much money and tried many things, but found no relief until I procured some Sarsaparilla, &c., &c., but she obtained wonderful relief from the use of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as the cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors, and I have sold it to a number of my acquaintances, who were afflicted, and witnessed many Bad cures effected by it, since I have acted as agent for the sale of it. JOSIAH JENNESS."

About seventeen years ago I discovered a bunch upon my breast, attended with severe piercing pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most malignant character. And from the abundant evidence I had of the good effect of Mr. Swett's Panacea in many such cases, I was encouraged to spend ten or twelve bottles of Dr. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

Exeter, Feb. 24, 1858. Dr. Swett:—"Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and would add—that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints."
WM. V. LATTY.

From ELDER I CHESLEY, Lee, May 31, 1841.—"DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of weeks, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow worse till she commenced using your PANACEA and HUMOR WASH. Since then she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY.

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may29

Room Papers, Borders & Curtains.

Just received, and now opening, our Fall stock of Paper Hangings, Borders and Curtains, all of which we offer at very low prices for cash, at
No. 12 Market Street.
oct2 ALFRED STAVERS.

THE MAGEE
COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,
as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavy, and the oven larger than usual. The oven plates are covered with plaster, which renders it more like cooking in the old fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and and iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tily warming closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of rekindling every day.

For economy, durability, ease of management, cleanliness, and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. L. Treadwell, Oren Bragdon, J. H. Upham, J. Woodman Moses, John E. Holbrook, Geo. H. French, Frank Jones, John Stokell, James H. Rindge, James Shaw, Charles A. Hodgdon, Charles Simpson, Kittery; Thomas J. Tarlton, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes of the
MAGEE PARLOR STOVE,
with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings, to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangement have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed; this objection, so common to other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which renders them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Shea, and others.

SPEER'S SAMBUCI WINE,
PURE, AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physicians' Use,
FEMALES, WEAKLY PERSONS, INVALIDS
AND
SAMBUCUS TREE OF PORTUGAL,

Every Family should use the SAMBUCI WINE, celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

a few well known gentlemen and physicians, who have tried the Wine:

Gen. W. Scott, U. S. A. Dr. Ward, Newark.
Gov. Morgan, N Y State Dr. Wilson, 11th St., N Y
Dr. Parker, N.Y. City Dr. Dougherty, Newark
Dr. J R Chilton, " Dr Parish, Phila.
Drs. Fergusson & Nicholl, Newark, N J.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J." is over the cork of each bottle.

Make One Trial of this Wine.

For Sale by W. R. PRESTON, Portsmouth.

MATHEWS
Arnica
HAIR GLOSS

This is a new and invaluable preparation for preserving and beautifying the hair.

The wonderful virtues of Arnica in allaying and removing inflammation are universally known.

ARNICA HAIR GLOSS is a combination of these virtues, with other tried and excellent ingredients.

ARNICA HAIR GLOSS stimulates and invigorates the hair, prevents it from falling out—restores it when lost—promotes its growth and strength—renders it proof against all diseases.

ARNICA HAIR GLOSS permanently cures all irritations and eruptions of the scalp, and makes it healthy and fertile. For the removal of dandruff it has no equal. Its operations in this particular are magical and permanent.

ARNICA HAIR GLOSS is unequalled as a hair-dressing compound. It not only cleanses the scalp and invigorates the hair, but it renders the latter charmingly soft and lustrous. Its odor is particularly delicate and fragrant—the proprietor having taken especial pains to secure this result.

ARNICA HAIR GLOSS is the very best preparation for the hair ever discovered.

ARNICA HAIR GLOSS, notwithstanding its surpassing merits—is retailed at only Twenty-five cents a bottle, by all Druggists.

VOL. 21. PORTSMOUTH, N. H. FRIDAY, NOV. 7, 1862. NO. 83.

The Chronicle.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"The Union as it was—the Constitution as it is."

"Bound to no party—to no sect confined;
The world our home: our brethren, all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though everyism fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

Fall in!—The Last Chance!

$150 City Bounty for Nine Months!!

To Arms! Strike for Liberty now and forever!

The undersigned, by permission of the City authorities, have opened a Recruiting Office at

J. B. ADAMS' STORE,
No. 2 Congress Block,

For the enlistment of men for the period of nine months. It is intended to make this a first class company, and we call upon young and old to rally for their country, and help put down this Rebellion that is desolating our glorious Country.

Fill up the ranks early! Let us off to the wars!

RECRUITING OFFICERS,
FRANK D. WEBSTER,

ISAAC F. JENNESS,

Portsmouth, Sept. 1, 1862.

We are Coming!

Three Hundred Thousand More!

$150 CITY BOUNTY!—NO DRAFT!!

VOLUNTEER FOR 9 MONTHS!

Come, Brothers, come. Up to the mark cheerily!
With strong arms and honest hearts,

MEN OF PORTSMOUTH, ENLIST!

ENLISTING OFFICERS, J. H. THACHER,
GEO. T. WILDES,
WM. A. HAYES.

Office at THACHER'S Apothecary Store, corner of State and Pleasant Streets.

Portsmouth, Sept. 1st, 1862.

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, Nos 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Bubones, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr. D devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, Confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

April 7—1y 3taw.

CAUTION

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

April7, 1862—1y3taw

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

April 7, 1862—1y3taw.

American and Foreign Patents.

R. H. EDDY,
SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)

75 State Street, opposite Kilby Street,

BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries, Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of models, specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy,* and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is now *pending.* Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *forty* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor,* by the Commissioner of Patents. R. H. EDDY.

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, NOVEMBER 7, 1862.

THE ELECTIONS.—The N. Y. Atlas and Argus gives 16 Democratic Congressmen to 14 Republicans, and the Assembly 57 Dem. to 56 Rep.—15 in doubt. Its figures up to 10 o'clock Wednesday night give Seymour 11,915 majority in the State.—Its estimates are lower than those of the State Committee, which show about 17,000 majority. There seems to be no reason to believe that any candidate on the Democratic State Ticket is defeated.

In Delaware, Cannon, the Union candidate for Governor, is elected. The Legislature is in doubt. For Member of Congress, Fisher (Union) has 9 majority in the State. Cannon runs ahead of his ticket, and will have nearly 100 majority.

In Illinois, Harris, (Democrat) is elected to Congress in the 4th District. The Republicans concede the election of James C. Allen, the Democratic candidate at large.

In Wisconsin, the Democrats have elected two members of Congress—Messrs. Brown and Eldridge—and the Republicans three—Messrs. Swan, Cobb and Hanchett. One district is yet in doubt. The Democrats have gained largely in some parts of the State.

Scattering returns from Kansas indicate the election of the entire Republican State ticket. Wilder (Rep.) for Congress is probably elected over Parrott (Union) and Matthias (Dem.)

The Republican State ticket in Missouri is probably elected. In St. Louis county the radical emancipation ticket is undoubtedly elected. In the 1st Congressional District Blair's friends claim his election, but the Republicans say the vote in the army will elect Knox. In the 2d District, Mr. Blow, Republican, is elected.

SOUTHERN NEWS.—The Richmond Dispatch of the 1st inst., says the movements of the rebel forces indicate the evacuation of Northern Virginia. The Dispatch foresees that Mobile, Charleston, and probably Savannah, will soon be attacked, and it hopes that every Southern city will permit itself to be converted into ashes before surrendering to the invaders.

Letters of marque and reprisal had been issued to the officers of a "splendid" vessel to sail soon from a Confederate port. The Second Officer is Col. Charles Carroll Hicks.

The rebel Secretary of War has ordered the conscription to extend to all men not exempt, between 18 and 40. The Richmond Whig says it cannot be disguised that the law under which this is done is unpopular, if not odious, among a large class of people. The Whig also says the Captain of the British man-of-war Rinaldo recently demanded of Gen. Butler, the release of an English subject named James Lyme, a druggist confined in Fort Pickens, and indemnity to him in $100,000. Gen. Butler requested ten days to consult with the Washington authorities, which was assented to. The Whig says the sympathies of the Captain of the Rinaldo are warmly with the South.

SOUTHERN NEWS.—The Richmond Whig continues to declare that there are no possible circumstances which could favor a return to the old Union. The Examiner says the rebel navy department is utterly inefficient, and its navy a myth. Its great reliance is on the engagement of a privateering fleet. The same paper confesses the popular belief relative to the numerical strength of the rebel army has been greatly astray, and that a great addition to the force in the field is essential to meet that of the Federals. Somebody in London has been gulling the rebels into the idea that Confederate bonds are worth 93 per cent. in London, and that there is a demand for investment in them that meets no supply. The same authority represents Lord Lyons to be striving diligently to convince the English Government that a reconstruction of the Union is certain.

☞ Permission having been obtained from the Secretary of War to raise a cavalry regiment in New England, for Gen. Banks' expedition, some of the most influential and active citizens in Massachusetts have associated to aid in carrying out the plan. The officers are to be selected from those in the field, and the men are to be only those who are temperate and hardy, and of good moral character.

☞ A letter from the blockading fleet, off Charleston, dated Oct. 27, says the English steamer Minho, in running in on the 19th, during a fog, was wrecked about three miles from Fort Moultrie.

☞ The roll of a new cavalry company organizing in San Francisco is full, and $20,000 is appropriated from the city treasury towards paying their passage.

☞ Thirteen thousand dollars have been contributed by the people of Oregon to the National Sanitary Fund.

NEW HAMPSHIRE ITEMS.

—— On the 28th ult., as the wife of Marshal D. Cobleigh, Esq. of Littleton, was riding, her horse ran away and the forward wheels becoming detached from the main body of the wagon, she was thrown to the ground with great violence and severely injured.

—— Mr. Geo O. Tebbetts, of Manchester, has received an appointment in the Navy as Surgeon's Steward, and has been ordered to the Colorado, at the Portsmouth Navy Yard.

—— Carleton, one of the Boston Journal's war correspondents, says:—

New Hampshire has done her part in the field. The Massachusetts First and New Hampshire 2d have stood side by side under Gen. Hooker on many a hard fought field. They have never flinched. They have been Hooker's pride and glory. I remember the encomiums of the General a year ago. It was in November, at Budd's Ferry. "I can do anything with them," he said. They have never failed him. How gloriously those gallant sons have yielded up their lives for their country! Who shall fittingly write their eulogy? And here, marching along toward the enemy to-day, are men as brave and gallant. In the hour of trial they will not forget the honor of the Commonwealths which have sent them forth. The muscles which have contended with nature in all its storones among the granite hills, will not relax in the presence of traitors.

—— Mr. W. L. Chaffin, of Concord, a recent graduate of Meadville Theological School, was ordained over the Second Unitarian Society, in Philadelphia, on Friday evening, Oct. 17th. The sermon was preached by Rev. Dr. Bellows, of New York.

—— Arrangements are perfecting for the organization of a full military band for the 17th regiment.

NAVAL.—The iron-clad battery Weehawken was launched at New York on Wednesday morning.

Orders have been received at the Brooklyn Navy Yard to dispatch to sea at once three men-of-war,—the Vanderbilt, the U. S. steamer Dacotah, and the ship Ino, a craft pretty heavily armed. Other vessels, chiefly steam corvettes and gunboats, are preparing speedily elsewhere. A troop of marines was sent to the Portsmouth Navy Yard, on Saturday, for the steam frigate Colorado. The destination of these vessels is supposed to be the ocean haunts of the Alabama. In a few days other ships will be reported ready. It is also believed that five or six fast and well armed gunboats have been, or are to be detached from the South Atlantic and West India squadrons, to look after the privateer.

The U. S. storeship Release, Upton, was at Algeciras 11th ult.

The iron-clad Monitor Passaic, at New York, made a trial trip down the harbor, on Monday. The contract provided that 72 turns of the screw should be made per minute, but only 60 were attained. It is said, however, that as soon as the machinery is in trim, the desired speed will be had. On the trip the monster 15-inch gun was tested. It weighs 24,020 pounds, and throws a ball of cast iron, 450 pounds in weight. The gun worked well, and the principle of firing it in the turret was approved as a good one. The turret also worked well. An 11-inch gun on board was also tried and gave satisfaction. It throws a ball of 168 pounds.

☞ The Daily Morning Chronicle is the name of a new paper started Nov. 3d, in Washington. It is published at $8 a year. Originally the design was to sell it for two cents a copy, but the rise in the value of paper has compelled the proprietors to fix the price at three cents. The Chronicle supports the administration.

COVENTRY PATMORE'S NEW POEM.—T. O. H. P. Burnham, Boston, has published in one handsome volume "The Victories of Love," by Coventry Patmore, author of "The Angel in the House." The reputation of the author as a poet of the affections will attract the attention of a wide class of readers to his new volume.

☞ Boston's quota is now announced to be filled by enlistments, and what the local papers have termed "the draft," has been stopped. The Draft Commissioners said those drawn in Boston under the second call would not be notified, and could not be applied to the additional call that is made to fill the deficiency in the quota of the State.

☞ The Fifth of November is the anniversary of the Gunpowder Plot, which (the plot, not the powder, as the latter did not go off,) shook all England more than two centuries and a half ago, that is in 1605.—The conspiracy immortalized Guy Fawkes, putting him into history, and song, and popular tradition, but it did not overturn the government or blow up the kingdom.

☞ A foreigner has filed his application at Washington, with specimens, for a patent for various uses made of Maize shucks.—The varieties include yarn, maize cloth, paper of beautiful qualities, white and colored, from silk to parchment texture, maize flour, &c.

THE REBELLION.

The rebels are reported to have retreated from Manassas. Harper's Ferry dispatches state that on Monday, this side of Snicker's Gap, Gen. Porter's ammunition and signal train was twice attacked by rebel cavalry, nine of whom were taken prisoners.

Jackson and Lee are reported to be at Culpepper with strong forces. Extensive works are being erected on the Rappahannock to prevent a crossing by our troops.

A dispatch from Gainesville states that the town of Haymarket was burned on Tuesday,—probably because some of its citizens fired on our soldiers.

Gen. Pleasanton came up with Gen. Stuart with 3000 men and one battery, near the mouth of Chester Gap on Thursday.—The rebel cavalry were completely routed, leaving ten of their dead on the field. Our loss was one killed and five wounded. It was a brilliant success.

Gen. Grant with several divisions of the army from Corinth and Bolivar, Tenn., marched into Lagrange, Miss., on Thursday. There are about 50,000 rebels at Holly Springs, under Van Dorn. Our troops are closing in upon them, and a battle is expected immediately.

The rebels at Little Rock, Ark., have information which they credit, that Galveston, Sabine, Troy and Houston have been captured by the Federals.

A New York paper says Gen Hunter will return to the Department of the South.

An expedition is reported to have left Newbern previous to the 2d,—destination unknown.

☞ The N. Y. Times' dispatch says dispatches of the greatest importance, and which may effect a change in the whole aspect of the war, were submitted by the French Legation to the Secretary of State. A Cabinet meeting was held, Gen. Halleck being present on special invitation of the President. It is believed that decisions of more ultimate importance than any yet made in the course of the war have been arrived at, and will be announced before the end of the week.

☞ The Methodist Quarterly for October shows a marked decline in the members which attend "Class Meetings," in the denomination. It is estimated that not more than one-fourth of the members of the church are regular attendants on class meetings. It is feared that the evil cannot now be cured.

☞ Two soldiers belonging to the 48th regiment, fell into dispute in Newburyport on Tuesday, when Patrick Hennessy stabbed John Keefe in the back of the neck with a knife. The wound may prove dangerous. Hennessy was taken to the lock up. He is subject to temporary fits of insanity.

☞ James Douglas, of Stony Creek, Conn., was born in Rhode Island, Aug. 1, 1755, and is now in his one hundred and tenth year. He persists in working, like most old people, and in summer time walks about two miles every day to labor on a farm.

☞ It is stated that orders have been given to furlough immediately, all the wounded soldiers able to be moved from the hospitals in the vicinity of Washington and Baltimore, on account of expected exigencies.

☞ The Secretary of the Navy invites proposals for building one or more iron-clads of 7300 tons measurement, to have iron spars, wire rigging and iron boats. These vessels will be larger than any craft now afloat except the Great Eastern.

THE ALLEGHANIANS.—This troupe of vocalists and bell ringers have been engaged by B. F. Lowell, Esq., Superintendent of Barnum's Aquarial Gardens, Washington street, Boston, and are appearing afternoon and evening to large audiences.

☞ A registered package was mailed at the New York Post Office a few days since, the postage on which, prepaid by stamps, amounted to $148.48. It was addressed to London, and the contents were stated by the senders to be of the value of $700,000.

☞ At a ball, in Paris, one recent Sunday evening, while the dancing was going on, a man blew his brains out with a pistol and fell dead. Two sergeants de ville produced a stretcher, took the corpse away, and the dancing proceeded.

☞ Miss Julia Stone, a young woman of excellent character, drowned herself in the canal at Lowell from dread of suffering from want of work this winter.

☞ The National Intelligencer urges a retraction of the President's emancipation proclamation.

☞ A bogus Post Office, at Cairo, Ill., has been broken up. The chief manager called himself a Captain in the U. S. army.

☞ Thus far, Thanksgiving in all the loyal States where the appointment has been made, is assigned for the 27th of this month.

The man who should try to stab a ghost would stick at nothing.

THE SCOTT LETTER.—At a Democratic meeting in New York on Monday evening, John Van Buren stated that the letter of Gen. Scott, which was read by him at a meeting some weeks previous, was the original draft, and was given to Van Buren by Gen. Scott himself. As proof of this fact, the letter was shown to the meeting. The reason why this statement was made publicly was that, owing to Mr. Van Buren's having said that "there was a lady in the secret," rumors had been current in connection with the circumstance, to the prejudice of Mrs. Lincoln, which the explanation would alone remove.

☞ J. C. Fredericks, who advertised here a few months ago, but who did not appear, having run away owing several bills including one for printing at this office, seems to have played his game in other cities. At St. Johns N. B., the "Sun" publishes him a thief, he having *left* that city in the night to avoid paying the printer and others.—At Halifax he conducted better, the accusations having followed him. There he got the patronage of Col. Langley and other officers of H. M. 16th regiment, borrowing a suit of clothes from a gentleman, to appear in a change of character, which he forgot to return. Thence at Pictou, *took* in the "Eastern Standard" man, and the editor calls him a *dirty scoundrel*. At Prince Edwards Island he got "*pounded*" by a friend of a newspaper man, and at last accounts he sailed for England.

☞ Seven murder cases were tried in the N. Y. City Courts in one week, viz:—Mary Real, the husband shooter; a young seaman, who murdered a fellow sailor; a man who kicked his wife to death; another who killed his mistress with alcohol; a negress who cut her husband's throat for abandoning her, and another case not specified.

☞ The Secesh in Havana are openly exulting at contemplated raids on Northern ports by rebel privateers.

WANTED—Two steady young MEN to go as Hospital Nurses on the U. S. Frigate Colorado. Apply to THOMAS H. WHITNEY, Asst. Surgeon, U. S. N. Rockingham House.

Important to Females.
DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice. They are mild in their operation, and certain in correcting the menses, removing all obstructions, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all cases they are invaluable, *inducing, with certainty, periodical regularity.* They are known to thousands, who have used them at different periods, through out the country, having the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor Sold by Druggists generally.

Drake's Plantation Bitters.

They purify, strengthen and invigorate;
They create a healthy appetite;
They are an antidote to change of water and diet;
They overcome effects of dissipation and late hours;
They strengthen the system and enliven the mind;
They prevent miasmatic and intermittent fevers;
They purify the breath and acidity of the stomach;
They cure Dyspepsia and Constipation;
They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;
They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons. P. H. DRAKE & CO., 202 Broadway, New York.

Sold by THACHER, opp. Custom House and 12 Market Square. sp:not0mosdaw*

Local.

IN BOARD OF ALDERMEN, on Thursday evening, permission was granted John T. Dame to obstruct Anthony street for building purposes.

A resolution of thanks to Dr. Samuel Baker, for placing a portrait of Washington in the Aldermen's Room, was passed.

The resignation of Assistant Marshal Underhill was accepted.

The subject of the proposed repairs of Sagamore bridge was refered to the Committee on streets, roads and bridges, with power to act

☞ A special train from Boston brought on Thursday afternoon, the crew of the U. S. steamer Ossipee, at the Portsmouth Navy Yard, and the vessel went into commission.

☞ About twenty contrabands who came in the U. S. steam frigate Minnesota, now at the Portsmouth Navy Yard, are passing the ten days' furlough which has been allowed the crew while the vessel is being repaired, in this city,—Ex-Gov. Goodwin, having, at their request, recommended suitable boarding houses to them. We learn that some of the young ladies of this city are exerting themselves in their behalf, and are teaching several of them to read.—They are represented to be, generally, intelligent and anxious to learn.

MECHANIC ASSOCIATION.—At the annual meeting of the New Hampshire Mechanic Association, held at the Court House, Tuesday evening Nov. 4, the following officers were elected :—

Marcellus Bufford—President;
John Knowlton 2 1—Vice President;
Alfred T. Joy—Treasurer;
Isaiah Wilson, Isaac Dow—Trustees;
Benj. M. Parker—Secretary;
Edmund M. Brown—Dep. Secretary;
William C. Hatch—Marshal;
Cyrus Plumer—Dep. Marshal;
Elisha Tripp—Standard Bearer;
Charles W. Brewster, Samuel W. Moses, Edmund M. Brown—Auditors.

☞ The stockholders of the Piscataqua Exchange Bank, Portsmouth, have voted to refund one-half of the capital of the Bank to the stockholders, and the Bank is paying out the returned capital in cash, or stock of the United States at its market value when delivered, at the option of the stockholder.

☞ Mr. H. M. Carter, of this city, having become involved about $200 by losses in his late Fair, tells us he has enlisted in Capt Thacher's company of nine months' Volunteers, and paid every bill with his bounty! We wonder if a certain "truly rural" editor we wot of, would be as patriotic and honorable, under similar circumstances. Mr. Carter is generally regarded, about here, as a pretty "fair" sort of a man—and that is more than can be said of some other folks.

☞ The Ladies' Soldiers' Aid Society, of the Unitarian Church in this city, which has, during the war, prepared and forwarded a large amount of hospital stores and clothing for the sick and wounded soldiers, is now devoting its energies to the preparation of dried apples for the members of our New Hampshire regiments. They held one session last week, and have had two this week, and the number of barrels of apples which have been prepared by them, is almost startling to think of.

THE RELIEF COMMITTEE.—One of the most ardous positions connected with the city government is filled by this committee. In addition to the daily calls made upon the members of this board, a session is held every Friday evening, when applicants for State aid appear and their claims are heard, the evidence of service of the persons in whose right they claim aid is received, and the necessity of affording it is ascertained. On these nights will be seen from forty to fifty mothers or wives of soldiers and seamen in the U. S. service, waiting to appear and be heard. The board consists of his honor Mayor Simes, and Aldermen Knowlton, Junkins and Rider, and the vast number of applicants for aid causes a vast amount of labor.

☞ We really have got too much business on hand to stop to throw mud with the Ballot man. If it does the "poor d——l" any good to villify us, let him have that comfort—we are entirely willing.

☞ The Supreme Judicial Court was occupied on Wednesday and Thursday with the land title case of Ham and Locke, known on the docket as Grenville vs. Rogers.

GEN. BENHAM has gone to Portsmouth, N. H., to superintend the erection of Fort Constitution.—*Providence Journal.*

The venerable bricks of Fort Constitution will be surprised at this announcement. They have long been doing their duty to the country; furnishing for many years an agreeable inclosure for pleasant parties and hospitable entertainments. Probably the Fort is now to be repaired and put on a "war footing."—*Boston Transcript.*

☞ The N. Y. Tribune's list of the deaths of soldiers in the Washington Hospitals, gives the name of J. H. Morrison, Co. G, 10th N. H. regiment.

☞ Our thanks to Miss Nancy N. Drew, of Newington, for a liberal basket of the very largest and handsomest baldwin apples we ever saw—immense, even in this year of great apples—and we dare say, of the best quality—no doubt as much better, as they are larger than common—which we shall test by and by. There is as much difference in the quality of baldwins, as in almost other fruit we know of.

☞ The editor of the Ballot says "his forte is not to fill that paper with advertising." We don't believe it is—it would take a smarter man than he, to do that. By the way, we wonder what "his forte" is? We guess it is to abuse his betters.

☞ The contract for supplies for the Portsmouth Navy Yard, (Bureau of Construction) for class 31 (metals) has been awarded to John E. Elvans.

☞ Mr. James F. Otis, of Kittery, has been appointed Acting Ensign in the U. S. Navy.

☞ See yon fair maiden in another column, picking Sambuci Grapes for Speer's Wine. It is an admirable article, used in hospitals, and by the first class families in Paris, London and New York, in preference to old Port wine. It is worth a trial, as it gives great satisfaction. 1y.

☞ MATHEWS' ARNICA HAIR GLOSS is unequalled for the removal of dandruff. Its operations in this particular are magical, and their results are thorough and complete. Oct24 1md

THE NEW HAMPSHIRE GAZETTE and Rockingham Weekly Chronicle, containing a summary of the news of the week, printed Thursday, and for sale at the Chronicle Counting Room. Price 3 cents. Only $1 per year, in advance.

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.

ANOTHER NEW STOVE!

THE MODEL COOK
FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Batts, Mrs. Ann Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Cauney, Benj. M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very simple—dust need scarcely fall into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove. Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. JOB WORK attended to with dispatch.

Ayer's SARSAPARILLA,

THE WORLD'S GREAT REMEDY FOR

Scrofula and Scrofulous Diseases.

From Emery Atlee, a well-known merchant of Oxford, Maine.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Mr. Webster, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an affection of the skin for years, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs. Jane E. Rice, a well-known and much-esteemed lady of Dansville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which seems completely cured her."

From Charles P. Gage, Esq., of the firm of Gage, Moore & Co., manufacturers of enamelled papers in Boston, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your *Sarsaparilla*. It immediately made my face worse, as you told me it might do for a time, but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without a symptom of any of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood.

From Dr. Hall, Scientific Houston St., New York.

"DEAR SIR, I seldom fail to remove *Erysipelas* and *Scrofulous Sores* by the persevering use of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. We believe it possess equals the SARSAPARILLA you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Tuscaloosa, Ala.

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The sheets were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA, and used two bottles, and some of your PILLS. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general *debility*, and for *purifying the blood*, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Slether, Esq., the able editor of the Tuskhannock Democrat, Pennsylvania.

"On only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open his festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and we well when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease

From Dr. Hiram Sloat, of St. Louis, Missouri.

"I find your SARSAPARILLA a more effectual remedy for the secondary symptoms of *Syphilis* and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lowtucke, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER. : My dear Sir: I have found your SARSAPARILLA an excellent remedy for *Syphilis*, both of the *primary* and *secondary* type, and effected in some cases that were so obstinate as to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or *mercurial disease*, which grew more and more aggravated. For years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him

Leucorrhœa, Whites, Female Weakness,

are generally produced by internal *Scrofulous Ulceration*, and are very often caused by the venereal effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skilful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and I consider it the best remedy, when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia,

when caused by Scrofula in the system, are rapidly cured by this EXT. SARSAPARILLA.

AYER'S CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

Prepared by J. C. AYER, M. D., & Co., Lowell, Mass., and sold by

FRANK W. MILLER, Proprietor.
Portsmouth, Feb. 1, 1862.

ATTENTION, THE WHOLE!

EXE. N.H., Feb. 28, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—sometimes so bad as to prevent her from her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. Swett's Panacea and Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicine can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENKINS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe piercing pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the abundant evidence I had of the good effect of Mr. Swett's Panacea in many such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prepared, and taking twelve bottles of Panacea, my Cancer was fully cured in about two months, and I have had no trouble from it since CAROLINE B. SWETT.

This statement of my wife is correct.
SIMEON SWETT.

Portsmouth, N. H., April 13, 1843.

I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, causing many sores on my side. And seven bottles of Dr. Swett's Panacea I believe have effected a radical cure, as I have had no sign of the complaint since. I believe this medicine to be the most sure remedy in the world for Humors.
HANNAH ROWE.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with dizziness in my stomach, loss of appetite, and often vomited up all of my food soon after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

Exeter, Feb. 24, 1858. Dr. Swett:—"Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and would add, that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints.
WM. P. LEAVITT.

From ELDER I. CHESLEY, *Lee, May 31, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and was so much so when visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may26

ALFRED STAYERS.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad iron hoster combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. L. Trendwell, Oren Bragdon, J. B. Upham, J. Woodman Moses, John K. Holbrook, Geo. B. French, Frank Jones, John Stokell, James H. Pindar, James Shaw, Charles A. Hodgdon; Charles Stimpson, Kittery; Thomas J. Tarlton, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes —of the—

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR WARMING

FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason therefor is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of air through the fire-pot, and ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the room can be made to consume the gases of the coal, as they pass off with a large quantity of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert E. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

SPEER'S SAMBUCUI WINE,

PURE AND FOUR YEARS OLD,

OF CHOICE PORTO PRUNE FRUIT,

For Physicians' Use.

FEMALES, WEAKLY PERSONS, INVALIDS

SAMBUCUS TREE, OF PORTUGAL,

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints — *Excellent Wine for Females.*

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, thus relieving in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefiting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

a few well known gentlemen and physicians, who have tried the Wine.

MATHEWS' arnica HAIR GLOSS

This is a new and invaluable preparation for preserving and beautifying the hair.

The wonderful virtues of Arnica in allaying and removing inflammation are universally known.

ARNICA HAIR GLOSS is a combination of these virtues, with other tried and excellent ingredients.

ARNICA HAIR GLOSS stimulates and invigorates the hair, prevents it from falling out—restores it when lost—promotes its growth and strength—renders it proof against all diseases.

ARNICA HAIR GLOSS permanently cures all irritations and eruptions of the scalp, and makes it healthy and fertile. For the removal of dandruff it has no equal. Its operations in this particular are magical and permanent.

ARNICA HAIR GLOSS is unequalled as a hair-dressing compound. It not only cleanses the scalp and invigorates the hair, but it renders the latter charmingly soft and lustrous. Its odor is particularly delicate and fragrant—the proprietor having taken especial pains to secure this result.

ARNICA HAIR GLOSS is the very best preparation for the hair ever discovered.

ARNICA HAIR GLOSS, notwithstanding its surpassing merits—is retailed at only Twenty-five cents a bottle, by all Druggists.

VOL. 21. PORTSMOUTH, N. H. SATURDAY, NOV. 8, 1862. NO. 84.

The Chronicle.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"The Union as it was — the Constitution as it is."

"Bound to no party—to no sect connmed;
The world our home; our brethren, all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every item fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

☞ The Albany Gas Company have refused to sell their coke, and determined to give it to the poor of the city. This handsome and beneficent conduct seems to disprove the old adage that "Corporations have no souls."

A clergyman being much pressed by a lady of his acquaintance to preach a sermon the first Sunday after her marriage, complied and chose the following passage in the Psalms, as his text: "And there shall be abundance of peace—while the moon endureth."

☞ The Prince of Wales will attain his majority on Saturday, Nov. 8th, and that day will be celebrated by loyal British subjects in different parts of the world.

"The man put up his hand deprecatingly, but a deep groan heaved up from his iron chest," is one of the thrilling passages in a modern novellette.

☞ At the Surry Theatre, London, a novelty has been introduced in the form of a looking-glass curtain, measuring 1000 square feet.

Seers, heartless fellow, says the only parting that ever troubled him is the parting of his back hair.

The entire assets of a recent bankrupt were nine children. The creditors acted magnanimously, and let him keep them.

Probate Advertisements.
The language of the law relating to the publication of Probate Notices is:
"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."
Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.
Our terms are as low as those of any other paper.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1857.)
75 State Street, opposite Kilby Street.
BOSTON,
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also, Patents in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, on reasonable terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions, and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but many of inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THIS PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at the other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to secure a late a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H Eddy has made for me THIRTEEN applications, on six of which patents have been granted, and that is *one pending*, such unmistakeable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!
The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.
"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.
"The Angelica" and "Mascatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.
The Port has a fine flavor and body; and
The Port is excellent because it is pure.

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, NOVEMBER 8, 1862.

THE REBELLION.

Col. Windham, of Bayard's Cavalry, had a spirited engagement on Thursday, at New Baltimore, with 1500 cavalry and 4 pieces of artillery of the rebel force at Warrenton. After a stout resistance he drove the enemy off in the direction of the main army at Warrenton.

As the particulars of Gen. Pleasanton's defeat of the rebel cavalry, on Wednesday, become known, the more brilliant the victory is found to have been. The battle was fought by cavalry alone, and between the best disciplined troops either army can produce. The rebels were under the command of Gen. Stuart. The rebels left 36 dead on the field and their wounded must have been numerous. Our loss was 5 killed and 10 wounded. Gen. Pleasanton reports that Stonewall Jackson occupies Chester Gap with his command. The town of Warrenton was occupied by our troops on Thursday afternoon.

Perley telegraphs that it is the general impression in Washington that the rebels will now concentrate their forces around Richmond, and army correspondents who have been expecting to describe battles in Northern Virginia, have returned.

A Charleston, Va., letter states that Gen. Cox has pushed a strong column of troops on to Gauley Bridge. By last advices, they had nearly reached their destination, and had encountered no opposition. The Kanawha salt mines, with all the machinery for making salt, are now in our possession.

☞ The Montreal correspondent of the Times states that the steamers from Quebec are daily bringing to Montreal, in a quiet manner, Armstrong guns, and large quantities of shot and shell; and that there is a sort of undefined apprehension that some idea of war with the United States influences these proceedings. Two troops of artillery and a supply of stores have been landed from the Ariadne, and 10,000 men are coming from Halifax and elsewhere, to be garrisoned at Quebec. Com. Wilkes' movements at Bermuda are assigned as the cause of this preparation.

☞ A private letter from Washington, published in the N. Y. Post, gives a report "from persons who are likely to be well informed, that Mr. Buchanan asserts positively that he consulted Mr. Seward continually during the last four months of his administration; and that he did not undertake anything in regard to the rebellious movement during those four months,—that is to say from the time of Mr. Lincoln's election till his installation—without previous full consultation with Mr. Seward, and only with the full approval of that gentleman.—One of the most respectable citizens of Washington, one who had good opportunities for knowing the fact, assures his friends that he *knows*, and from both parties—Mr. Buchanan and Mr. Seward—that it is true."

☞ A dispatch states that Gen. Sigel's butler, cook (a negro) and two others, have been arrested. Goods of all kinds and descriptions were sent from New York, consigned to the cook, who sent them thro' our lines to the rebels. Four trunks were seized, which were filled with shoulder-straps for rebel officers, gold lace, &c. Seventy-four swords were found on the premises.—The negro confessed the whole transaction, and gave the names of the sellers of contraband goods in New York, who will be arrested. The guilty parties had 12 stolen horses in their possession.

☞ Gen. Charles D. Jameson died at his residence in Oldtown, Me., on Thursday afternoon. He was taken down with camp fever immediately after his great exertions at the battle of Fair Oaks; and after partially recovering at New York, he was brought home, but has been gradually failing ever since. He was a gallant and brave officer, and was highly respected and beloved by all the men under his command.

THE ELECTIONS.—The Democrats have carried Illinois by 15,000 or 20,000, and elected 9 members of Congress; the Republicans 5. The Democrats elect two-thirds of the members of the Legislature, and have a majority of one or two in the Senate.

The official vote of Delaware shows that Mr. Cameron, Union, is elected Governor by 111. Mr. Temple, Democrat, is elected to Congress by 23 majority. Two-thirds of the Legislature is democratic.

In Massachusetts, Andrew's plurality in 318 towns, is 25,587.

☞ Commodore Montgomery received orders by telegraph on Thursday, to prepare the U. S. gunboat Huron, at the Charlestown Navy Yard, for sea with all dispatch, to convoy to Beaufort, N. C., the U. S. transports Mississippi and Merrimac, with the 43d, 45th, and 46th Mass. regiments on board. Men were at work all night putting stores and other necessary things on board.

NEW HAMPSHIRE ITEMS.

—— Col. Tappan has some trout ponds on his farm at Bradford. Last winter, after the ponds were frozen over, a boy was sent to feed the trout with chopped meat.—Having cut a hole through the ice and put in the meat, the boy lay down with his face near the water to watch the fish, when a trout grabbed him by the nose, and the boy by a sudden jerk of the head, threw the trout upon the ice. He thus obtained a trout of three-fourths of a pound weight, but at the expense of a sore nose for 3 weeks.

☞ A singular hysterical panic among factory girls is reported in a Manchester (*Eng.*) paper. Upwards of three hundred girls were employed in sewing in the large school room under Dr. Monro's chapel, and one or two of them were subject to fits.—One afternoon recently, everything was proceeding in the usual manner, when suddenly one of the girls was prostrated by a fit. There was considerable alarm created in the school by this circumstace, and almost instantly another girl was attacked by what the superintendent believes was hysteria, and then another and another, until quite a panic prevailed; altogether, nineteen girls became affected in less than an hour.

—— Capt. William P. Austin, of the Sharpshooters, who went from Claremont, is considered to be in a critical state. It is reported that he must at any rate lose his arm, erysipelas having set in, and that he is in a sinking condition.

—— About six o'clock on Wednesday evening, Rev. Wm. House of Londonderry drove up to a store in Manchester, and, hitching his horse, stepped into the shop; on his return, some five minutes after, his team was missing.

—— On Wednesday the 5th inst., a horse owned by Mr. John Morrison of Sanbornton Bridge, stepped upon the covering of a well, of wood and somewhat rotten. He broke through and down he went to the bottom, a distance of fourteen feet, into rather a cold bath. Sheers were erected, ropes and pulleys obtained, and in about thirty minutes he was drawn out and escaped without serious injury, though the well was walled up and only two feet and seven inches in diameter.

—— Capt. Carr is the only one of the ten original Captains of the 2d Regiment, who remains in that position. The rest have either died, resigned or been promoted. Lieut. Col. Fiske has recently been discharged. Capt. Carr is first in the line of promotion, and it is expected he will be made Major, and Maj. Bailey raised to the Lieut. Colonelcy. The regiment has now about 600 men, and has advanced to Centreville. It is now in the Division of Gen. Sickles.

—— While a detachment of the Rhode Island Cavalry was engaged on scouting duty between Leesburg and Aldie last week, they were surprised by a superior rebel force, and suffered considerable loss. Capt. Gove of this State, (probably Lorenzo D. Gove, of Hanover,) was shot through the spine and died in a few hours. Two lieutenants, two sergeants, two or three corporals, and some thirty privates are killed, wounded or missing. An unsuccessful attempt was made to obtain Capt. Gove's body.

—— It is said New Hampshire is to be supplied with postage currency this week.

☞ Messrs. L. Prang & Co., Boston, have issued a second edition of their admirable War-Telegram Marking Map of Eastern Virginia,—having enlarged the same to include a portion of Pennsylvania, and remodelled it. Price 25 cents.

The Model War Map of the Middle and Southern States, just published by them, is arranged on the same plain and comprehensive plan. Besides all the valuable information as a map, it also gives the population of the States, number of slaves, routes, distances, etc. It is lithographed in oil colors. Price 25 cents per copy.

They have also issued a beautiful little sheet, containing the Arms of all the States of the Union,—lithographed in all the colors intended by the originators of the emblems, and worth four times its price as a mere picture. Price 20 cents.

☞ On Saturday afternoon a fatal accident occurred on board the Constitution, at Newport, R. I. Daniel Donovan, one of the sailors on board, went up to the head royal mast to clear the pennant which had got foul. In order to do this he went out on the royal stays, and after clearing the pennant he came back to the main royal mast, but failed in his effort to gain a hold upon the mast, and fell to the deck, a distance of one hundred and eighty feet. He gave two or three frightful screams and struck once or twice before reaching the deck—once upon the cross-trees. When he landed, he struck upon the ridge of the third gun on the starboard quarter deck and was smashed almost to pieces. He was dead in an instant. Deceased was a young man and unmarried.

☞ Judge Taney has postponed the trial of 63 Marylanders, who have been indicted for treason, until April next.

NOTES OF FORMER DAYS.

Collected and Collated — By UNCLE TOBY.

Moodey — Cranfield — Jaffrey.—Joshua Moodey was a Massachusetts man, by education, sympathy and association. He had drank deeply in the spirit of her politics, her religion, and her learning. He had found, as before stated, in the colony at Piscataqua, a chaotic mass of opinion, prejudice and action; which, with consummate patience and prudence, as well as skill, he had moulded into his own chosen forms. A strong proof of this may be seen in what was accomplished in Portsmouth in aid of Harvard College, then the nursery of New England ministers. In 1669, a general collection was proposed throughout the colony of Massachusetts, for the erection of a new College building; on which occasion, we are told, Mr. Moodey, by his *exertions* at Portsmouth, and by his *influence*, aided by other friends of learning, obtained the subscription for this object, of sixty pounds per annum for seven years, which subscription was afterwards assumed and completed by a vote of the town. Mr. Moodey's letter to the General Court at Boston, accompanying this subscription, sets forth his attachment to Massachusetts, and his influence in Portsmouth, in the clearest possible light.

Governor Cranfield found therefore, in his little province of New Hampshire, a State and a Church, as closely connected as those of England—but the connexion was not the same—and the church here was as unlike that in England, as the monarchy of Charles was unlike the commonwealth of Massachusetts.

In England, King Charles, considering himself to be the State, dispensed with a Parliament, and used the judiciary and the church as his tools—making the judges, and as far as he could, the ministers, the instruments of his will and pleasure.

From holding a good fat office under such a government as this, Mr. Cranfield came to govern a little company of republicans, jealous of their rights, suspicious of royal encroachment, and attached strongly to their leading men, most of whom uniformly consulted their minister or pastor on every subject of importance. Thus, at a previous period, Wheelwright at Exeter, and Burdett, Larkham and Knollys at Dover, had a direct influence in the government, and made a part of it. And Mr. Moodey at Portsmouth, though he held no civil office, and so far as we know, never meddled improperly with governmental affairs, was yet, by reason of his moral and social influence, a power behind the throne, greater than the throne itself.

Defeated in all his purposes by some unseen power, Gov. Cranfield fancied, not very unreasonably, that Moodey's clerical influence was the adverse power which thwarted all his avaricious plans. To break down this influence, destroy this power, and punish this man, was one of Cranfield's last efforts at managing the province of New Hampshire. In this contest, Cranfield for the time was the apparent victor; but it was a most bootless victory, producing no glory, and yielding no spoils.

The struggle between Cranfield and Moodey, which resulted in Moodey's banishment to Boston, was brought on by a case of conscience in the Custom House at Portsmouth. Randolph, the collector, had seized a vessel for some alleged breach of the revenue laws: but she was taken out of the harbor by night, and in a clandestine manner. On the trial which followed, the owner, Mr. Jaffrey, swore that he knew nothing of the transaction; but so much positive and circumstantial evidence came in against him as to make this oath appear like perjury, or as Mr. Moodey says, that all concluded he had sworn falsely. He made his peace, however, with Gov. Cranfield and Collector Randolph, probably by the payment of a sum of money.

Mr. Moodey, however, being zealous for the purity and honor of his church, of which the offender was a member, desired to call him to account. As Mr. Moodey himself expresses it:—"The pastor, judging it to be scandalous, and seeing a necessity of doing something to vindicate the honor of Christ, and to heal the offender, desired of the Governor liberty to take out a copy of the evidence in the case, that we might deal with the offender in the church. But the Governor refused to comply; said he had forgiven him, and what had the pastor or the church to do with him? He said we should not meddle with him, and spake to me of great danger if I should."

This threat of the Governor's, did not produce the desired effect on Mr. Moodey, for his account of the matter goes on to say:—"We consulted and considered what was to be done: and a sermon was preached, (Jan. 11, 1683,) wherein the nature of swearing, and the evil of false swearing were set forth—and expressed particularly that it was intended as a testimony against the sin that had lately been among us, if no more could (though more ought to be or should) be done."

"What did your brother die of?" said the Marquis Spinola to Sir Horace Vere. "He died, sir, of having nothing to do." We apprehend that some of our Generals may die, not of having nothing to do, but of doing it.

THE FIVE JUST MEN.—The Richmond Examiner tells who they are, thus:—

"It would be unwise for the South to indulge too sanguine expectations from the advent to control of the democratic politicians of the North. She recollects that the infamous Butler, the silly and rabid Dickinson, and a long list of apostates like Cass, Cushing, Buchanan and Richardson were once so extremely conservative on sectional questions, as to be denounced as doughfaces by their opponents in that section of the Union; and yet while here and there are to be *found one Pierce, one Vallandigham, one Wood and two Seymours*, like the five just men in Sodom, yet the great body of her former friends are as fierce in their apostacy to former principles as Butler himself."

☞ The Merrimac House, Newburyport, is just closing its one hundredth year as a public house.

☞ Gen. Sumner left Washington on Tuesday to take command of his old division. Gen. Hooker is still too lame to take be field.

☞ It snowed fast in Washington, on Friday. Also at Baltimore, New York and Boston.

☞ The suicide of Major Russell at Washington was the result of continued grief at the recent death of his wife.

BRIGHTON CATTLE MARKET.

Important to Females.
DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstruations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are invaluable, *inducing, with certainty, periodical regularity.* They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor. Sold by Druggists generally.

They purify the breath and acidity of the stomach;
They cure Dyspepsia and Constipation;
They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;
They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons. P. H. DRAKE & CO., 202 Broadway, New York.

For sale in Portsmouth by THACHER and PRESTON.

Local.

S. J. COURT — PORTSMOUTH.

On Thursday, Mr. Joseph F. Wiggin, of Exeter, was admitted to practice as an Attorney in all the courts of this State.

FRIDAY.—The Court was still occupied with the trial of the case of Greenville vs. Rogers. The jurors not engaged on this trial, were released until Monday.

The Portsmouth Chronicle says the boys did celebrate Pope's Night the Guy Fawkes gunpowder plot,—and thus got up a false alarm of fire.—*Portland Argus.*

Of course they did. The boys never forget to celebrate any occasion when noise, bon-fires, and torches can be indulged in.—For a week or more the tin horn had been sounded in all parts of the city. On Wednesday night the tumult reached its climax, and we were, in some portions of the city, favored with a miniature edition, so to speak, of Pandemonium. On that evening, as the mail was being distributed a little girl was observed sitting upon the steps of the Post Office, grasping in both hands a huge horn, nearly large enough to cover her, and "tooting" away as if for dear life. O, no,—the rising generation does not forget to celebrate, when noise is permitted.

☞ The leading book publishers of New York have advanced the trade price of their books from ten to twenty-five per cent., on account of the increased cost of printing paper.

☞ We understand the "Contrabands" are to hold a meeting at the Temple on Sunday evening.

☞ Capt. Jenness's company of Volunteers left this city on Friday afternoon, for the camp at Concord.

☞ First snow here for the season,—Friday, Nov. 7.

☞ The N. Y. World says of Mr. Buchanan's late elaborate defence that "it leaves unimpeached the broad fact that Gen. Scott, as early as October, 1860, urged on the President the necessity of putting strong garrisons in the Southern forts, and that his patriotic solicitations were unavailing."

☞ The Augusta (Me.) Journal says that dry hard wood is selling there at $5 a cord, baldwin apples of excellent quality at $1 per barrel, jackson potatoes from 30 to 40 cents per bushel, and the best of butter at 19 cents per pound.

WINTER ARRANGEMENT.—The Winter arrangement in running the cars between Portland and Boston commences on Monday next. There is no change in the morning train. The afternoon train leaves Portland, Portsmouth and Boston half an hour earlier than at present.

☞ Winter sent his *avant courier* on Friday, in the shape of a cold, blustering north-east snow storm, mingled with hail and sleet. It commenced about eleven o'clock in the forenoon, and continued thro' the day. The snow rested where it fell, very little of it melting, and our streets presented quite a wintry aspect.

☞ On Saturday last, as Miss Cornelia Sedgeley of Bowdoinham, Me., was stepping over the shaft in a mill, her dress caught, and though assistance was promptly rendered, both legs were most horribly cut and mangled, and broken. Her recovery is doubtful. She is about 19 years of age.

☞ There are on the docket of the Court of Cumberland county, Me., thirty-nine cases for divorce, sixteen of which were entered at the present term. Fifteen of these libels were filed by husbands for divorce from their wives, and twenty-four by wives for divorce from their husbands.

☞ Rev. Dr. Leacock, Rev. Mr. Fulton and Rev. Mr. Goodrich, three rebel clergymen arrested in New Orleans by order of Gen. Butler, for refusing to pray for the President of the United States, according to the Rubric of the Episcopal Church, have been committed to Fort Lafayette.

☞ The New South states that Gen. Mitchell died calm, resigned, and even happy, as only the Christian soldier can die.—His body was interred in the graveyard of the Episcopal Church, at Beaufort, with appropriate military ceremonies.

☞ It is stated that Admiral Milne, commanding the British squadron in the American waters, has ordered three British men-of-war in pursuit of the Alabama, with orders to overhaul the pirate and convoy her to some British port, where her violations of international law may be judicially inquired into.

☞ In a school in Augusta, Me., recently, a youngster attempted to declaim an extract from a speech of doubtful patriotism, when the whole school, boys and girls, rose with cheers for the Union and the flag, drowning the voice of the young orator, and compelling him to stop.

☞ It is stated that two smart shocks of earthquake were felt at Memphis on the 27th ult.

☞ Persons familiar with the politics of Europe regard the resignation of Louis Napoleon's ministers, including Thouvenel, Fould and Persigny, as indicative of a victory of the Empress Eugenie, the great leader of the party which supports the Pope in his undisturbed possession of Rome. M. Druyn de l'Huys, successor to M. Thouvenel, is more strongly inclined toward a close alliance with Russia and to a policy decidedly more favorable toward this country.

HIGHER WAGES.—Most of the craftsmen in Boston are organizing for the purpose of obtaining higher wages, which are claimed on the ground of an increased cost of the necessaries of life.

☞ A new vein of copper, averaging 45 per cent., has been struck near the celebrated Copperopolis region, in Calaveras county, Cal. It was opened 120 feet below the surface and is 12 feet wide, and is believed to be richer than any former discovery.

☞ A dispatch dated 2:15 P. M., was received at New York on Tuesday afternoon, between 6 and 7 o'clock, direct from San Francisco, a distance of 3500 by the telegraph line.

☞ The Portland Argus learns that a shipment of heavy guns is on the way, and they will be placed in the lower embrasure for guns in Fort Gorges, in that harbor.

☞ See you fair maiden in another column, picking Sambuci Grapes for Speer's Wine. It is an admirable article, used in hospitals, and by the first class families in Paris, London and New York, in preference to old Port wine. It is worth a trial, as it gives great satisfaction. 1y.

☞ MATHEWS' ARNICA HAIR GLOSS is unequalled for the removal of dandruff. Its operations in this particular are magical, and their results are thorough and complete. Oct24 1md

THE NEW-HAMPSHIRE GAZETTE and Rockingham Weekly Chronicle, containing a summary of the news of the week, printed Thursday, and for sale at the Chronicle Counting Room. Price 3 cents. Only $1 per year, in advance.

JOB AND CARD PRINTING of all sorts is promptly done at the Chronicle Office.

Marriage, Visiting or Business Cards Printed or ENGRAVED in the best manner.

NO. 46 MARKET STREET.

ANOTHER NEW STOVE!

THE MODEL COOK
FOR WOOD OR COAL.

The novel—the peculiar features of the MODEL COOK, that which distinguishes it from all others, is the addition of a Roasting Oven. Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a single plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding-houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Bart, John T. French, Rev. M. Davies, Wm Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hathley, W. Melvin Hunters, Joe. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard Randall, Geo. Rice, Benj. F. Rainey, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lobbert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John K. Roberts—of Portsmouth; Samuel C. Dixon, Daniel L. Pryor, Cashman Pryor, of Trefethen's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dunn, Eliot; Wm. S. Locke, Benj. Fernald, Mrs. Wm Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, HQ.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for damping the ashes very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal hods—Patent Coal sifters.

COAL LINERS.

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

Morning Chronicle.

☞ Pompeian Window Glass, of which panes have been discovered as large as 20 by 28 inches, has proved, on examination, to have been cast, in a manner similar to that now followed in making plate glass, except that it was not rolled flat, as now, by metal cylinders, but pressed out with a wooden pallet, so that its thickness is not uniform. The chemical composition of pompeian and of modern window glass is nearly identical.

ABOUNDING IN ORDERS.—Mr. John E. Gowen, who raised the Russian ships sunk at Sebastopol, has been decorated by the Emperor of Russia with the Cross of the Order of St. Vladimir. Victor Emanuel, King of Italy, has decorated him with the Cross of the Order of Saints Maurice and Lazzaro, and the Sultan of Turkey has conferred upon him the Imperial Decoration of the Medijah.

GRACE'S CELEBRATED SALVE!

A Sure Relief for the Suffering!!

This Salve is a vegetable preparation, invented in the 12th century by Dr. WM. GRACE, surgeon in King James' army. Through its agency he cured thousands of most malignant sores and wounds that baffled the skill of the most eminent physicians of his day, and was regarded by all who knew him as a public benefactor. The Salve is used for the following diseases—Burns, Bruises, Felons, Scald Head, Salt Rheum, Boils, Scurvy, Sore Lips, Sore Eyes, Swelled Neck, Ulcers, Lame Joints, Chilblains, Chapped Hands, Ringworms, Sprains, Flesh Wounds, Erysipelas, Scalds, Stings of Venomous Insects, Piles, Burns, Frozen Limbs, Nettle Rash, Sore Breast, Weak Eruptions, Fevers, Shingles, Cancers, Whitlows, Itch, Stiff, Lame Wrist, and Sores and Wounds of the most serious nature, without leaving a scar. It will also cure pimples on the face, and beautify the skin.

There are thousands who are suffering for months and even years in consequence of Sores and wounds that might be cured in a short time by the use of the great external balm. It has never failed to effect a speedy cure when properly applied. This Salve is free from all the irritating heating properties of other remedies, but cools, cleanses and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand, for it will save them trouble, suffering and money; and in every case it has saved life itself. The annexed testimonials publicly from some of our most distinguished citizens, expressing benefits derived from its use. This Salve is warranted to give perfect satisfaction in every disease that it proposes to cure. If not, the money will be refunded.

Price 25 cts per box. Manufactured by WM. GRACE, Amesbury, Essex Co., Mass. S. M. S. HUNT & Co., 26 Tremont street, Boston, wholesale agents. All orders addressed to this firm or the manufacturer, will receive prompt attention.

One Box sent postpaid by mail to any part of the United States, on the receipt of 25 cents—or three Boxes for one dollar.

For sale in Portsmouth by WM. H. PRESCOTT and J. H. THACKER; and by respectable Druggists and country stores everywhere. m16

ATTENTION, THE WHOLE!

RYE, N. H., Feb. 25, 1860. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended by the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some sex or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no doubt but these have effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I also told it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it." JOHN JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe piercing pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most malignant character. And from the abundant evidence I had of the good effect of Mr. Swett's Panacea in many such cases, I was encouraged to procure six or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no doubt but these have effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I also told it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it." SOLAN JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe piercing pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most malignant character. And from the abundant evidence I had of the good effect of Mr. Swett's Panacea in many such cases, I was encouraged to procure six or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no doubt but these have effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I also told it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it." CAROLINE B. SWETT.

This statement of my wife is correct. SIMEON SWETT.

Portsmouth, N. H., April 18, 1861.

I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, causing much pain on my face. And seven bottles of Dr. Swett's Panacea I believe have effected a radical cure, as I have had no sign of the complaint since. I believe this medicine to be the most sure remedy in the world for Humors. HANNAH ROWE.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating. I tried many medicines, failed to give any relief until about a year ago, when I took one bottle of DR. SWETT'S PANACEA, which fully cured me. Of that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

Exeter, Feb. 21, 1862. Dr Swett—Sir, for the benefit of those who are afflicted as I have been, with a humor, which has resisted the most skilful and day, I would say, that your PANACEA has effected a radical cure on me; and would add—that by the use of it, my health is has been greatly improved, therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints.

WM. K. LEAVITT.

Brown ELDER I. CHESLEY, *Lee, May 31, 1861.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I believe your medicine one of the best that can be found for the disease above named. ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines will have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may26

Dr. Swett's Medicines are also for sale by Druggists and Dealers in Medicine everywhere.

FRANKLIN HOUSE

Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits the continuance of the patronage of the travelling public that has so long been extended to the house.

A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, or ladies unattended, will find quiet and retired apartments connected with the street and dining hall by an independent staircase.

The house will be kept in a first class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting this section of the State.

A good STABLE is connected with the house, where persons visiting Portsmouth with teams, will be promptly and carefully waited upon.

GEO. W. F. CONVERS Manager.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall Stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for pastry baking.

There is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be confined day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove; as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. A. Treadwell, Oren Pragdon, J. B. Upham, J. Woodman Moses, John R. Holbrook, Geo. B. French, Frank Jones, John Stokes, James H. Tindar, James Shaw, Charles A. Hodgdon; Charles Stimpson, Kittery; Thomas J. Tarlton, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes of the

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT VENTILATING & AIR WARMING FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used, it requires the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some proceeding but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass through the coal, thus saving at least 20 per cent. of the properties of heat in the fuel.

No heating apparatus with the smoke-pipe or flue on top of it, can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sized, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq., Aaron H. Hill, Charles H. Meadum, Henry F. Wendell, John Sise, and others.

SPEER'S SAMBUCI WINE,

PURE AND FOUR YEARS OLD,

OF CHOICE OPORTO FRUIT,

For Physicians' Use.

FEMALES, WEAKLY PERSONS, INVALIDS

SAMBUCUS FREE OF PORTUGAL,

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in Europe, and in American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Islands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the Juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and as a cordial article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

a few well known gentlemen and physicians, who have tried the Wine.

Gen. W. Scott, U.S.A. Dr. Ward, Newark, Gov. Morgan, N. Y. State Dr. Wilson, 11th St., N. Y. Dr. Parker, N. Y. City Dr. Dougherty, Newark Dr. J. R. Coxe, Jr., Penna. Phila.

MATHEWS' Arnica HAIR GLOSS

This is a new and invaluable preparation for preserving and beautifying the hair.

The wonderful virtues of Arnica in allaying and removing inflammation are universally known.

ARNICA HAIR GLOSS is a combination of these virtues, with other tried and excellent ingredients.

ARNICA HAIR GLOSS stimulates and invigorates the hair, prevents it from falling out—restores it when lost—promotes its growth and strength—renders it proof against all diseases.

ARNICA HAIR GLOSS is the very best preparation for the hair ever discovered.

ARNICA HAIR GLOSS, notwithstanding its surpassing merits—is retailed at only Twenty-five cents a bottle, by all Druggists.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"The Union as it was — the Constitution as it is."

"Bound to no party—to no sect confined:
The world our home; our brethren, all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every item fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and it truly their great enemy.!—Washington's Farewell Address.

PEREGRINATIONS OF A SOLDIER'S LETTER.—In March last, a letter containing a draft of $50, was mailed at Northampton to a soldier in Washington. On the day of its arrival, the soldier went down the Potomac to Fortress Monroe, and the letter was forwarded to that place. Before it arrived there he was ordered to Yorktown—the letter followed, but before the long-looked for document overtook its owner, he marched up the peninsula towards Richmond. Nothing daunted, the letter made another "forward movement," but as before the soldier had gone—to Alexandria. On went the letter and on went the soldier, and before it arrived at Alexandria he was fighting the rebels in Maryland. The great battle of Antietam being over, the soldier "brought up" at Bolivar Heights, near Harper's Ferry, where the letter, which had now become something of a traveller, finally reached him unmolested on the 15th of October, just seven months from Northampton.

A PURSE COURTSHIP.—The London correspondent of a leading Parisian journal has a rare story about a young lady who served comestibles behind M. Veillard's counter at the exhibition. A baronet one day called for a bottle of champagne, drank it, and left his purse behind. It contained a good deal of money and a season ticket. "Mess" returned it to him; but he retained only the ticket, and made her a present of the purse and its contents. The next day the baronet came for another bottle of champagne and again left his purse; and he continued the same strange procedure for several months. At length came a day when he did not leave his purse; the young lady asked him why, and he thereupon made a proposal of marriage. She is now Lady ——.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
75 State Street, opposite Kilby Street,
BOSTON,
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Canada, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but it is believed it affords more advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed, by, if not immeasurably superior to any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense success of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all inventors* to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on twelve rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!
The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine-growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence."
Let every man, woman and child who uses Wine, see to it that they buy none other than these.
"The Rock" is a most delicious Wine, and rivals in delicacy its German predecessor.
The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.
The Port has a fine flavor and body; and The Port is excellent because it is pure.

MONDAY, NOVEMBER 10, 1862.

THE REBELLION.

The expedition from Newbern, N. C., Oct. 28, consisted of 12,000 men, and proceeded up Albemarle Sound, under command of Maj. Gen. Foster. Part of the troops went by land and part on schooners, the latter being convoyed by gunboats. The destination of the expedition was supposed to be somewhere in Albemarle Sound; some thought it would go to Weldon. On Saturday last, heavy firing was heard north of Roanoke Island. It is reported that the 3d, 5th and 44th Massachusetts Regiments are among the troops.

The expedition against Vicksburg is to be ready in two weeks. It will be supported by a considerable land force.

Gen. McClellan has requested that the drafted men be reserved for the protection of Maryland and Pennsylvania, and also for the occupation of the forts in the vicinity of Washington, while the men in the occupancy of such forts be moved forward for active operations with the army.

A Fortress Monroe letter to the Philadelphia Inquirer states that the gunboat Delaware, from Newbern, arrived on the 5th. Gen. Foster's expedition had surrounded 3000 rebels at Plymouth, N. C., one-half of whom were cavalry. All surrendered unconditionally.

☞ The Washington Agent of the Associated Press inquired at the State Department on Friday about the current statement that Mr. Seward had been consulted by Mr. Buchanan in the closing period of his Administration; also about the rumor of startling hostile announcements having been made by M. Mercier to the Secretary of State, and about the protracted meetings of the Cabinet, involving serious military and cabinet changes. The Secretary simply replied to the inquiry, that the alleged consultations between himself and Mr. Buchanan were imaginary, the reported propositions of M. Mercier were apocryphal, and the alleged Cabinet meetings fabulous.

MISSOURI ELECTION.—A dispatch from St. Louis, Friday, says Blair's majority in the 1st Congressional District, leaving out the soldiers' vote, is 457. Returns from the army will probably increase it to 1000. In the 5th District, the vote between General Thomas L. Price and McClung is close, with the chances in favor of the latter. Gen. Lane (Union Emancipationist) is undoubtedly elected in the 7th District. Wm. A. Hall is elected in the 8th District by 400 majority. J. S. Rollins is elected from the 9th District by a small majority. The returns from the State are yet meagre, but it is safe to assume that a majority of the members elect of the Legislature are for emancipation.

☞ The Circassians have published an address to the Queen of England, in which they disown all allegiance to Russia, express their determination to resist Russia to the last, and implore the Queen to use her good offices in their behalf with their powerful antagonist.

☞ Gen. Jeff. C. Davis went to Louisville and delivered himself up to the civil authorities, to be tried on an indictment for manslaughter, in killing Gen. Wm. Nelson. He was admitted to bail, and returned to his command with the army of the Cumberland.

☞ The Newbern, N. C., Progress says the story that the rebels at Wilmington are organizing negro regiments, is untrue; it has direct intelligence from that place that the distrust of the negro is so great that the rebels dare not trust him with arms.

☞ The Rev. Mr. Manning, in the course of a recent speech at Boston Tremont Temple, said:—

"When the curtain rises in Heaven to reveal the purest saints, we shall see John C. Fremont, General Hunter, Henry Ward Beecher, Wendell Phillips and Lloyd Garrison, as the purest saints in Heaven."

☞ Counterfeit fifties and hundreds, Treasury Notes, made their appearance in New York on Saturday. They are blurred and defective.

☞ Some of the largest fashionable hatters of New York have combined to have a small counting-house almanac printed immediately above their cards in the hats which they turn out for the year 1863.

☞ Hon. Marshall P. Wilder, of Boston, whose pear orchard is unequaled in America, has not less than 800 varieties of pear trees, mostly of mature growth.

We observe that an inventor has lately taken out a patent for an improvement in "operating swells in musical instruments." Should the thing take we may soon expect to see some of our young men of fashion grinding barrel organs in the street.

☞ A Washington dispatch states that a few young men, who have experienced three years' sea service, either as officers or before the mast, are wanted in the Navy as Masters' Mates.

NEW HAMPSHIRE ITEMS.

—— The 16th regiment has received orders to proceed to New York on Friday next, to join Gen. Banks.

—— The Ninth Annual Meeting of the N. Hampshire State Teachers' Association will be held in Nashua, on the 19th, 20th and 21st inst.

—— On Thursday forenoon, a freight train on the Northern Railroad was thrown from the track near Franklin, by the fracture of a wheel. Several cars were badly broken up, and the track injured for a considerable distance. The ground was strewn with firkins of butter, machinery, lumber, and other freight. The track was soon put in condition to permit the passage of trains.

—— Sixty-six applications for license to sell rum have been received by the U. S. Assessor from that portion of Manchester lying south of the City Hall.

—— William Varney, of Farmington, has a gate post made of chesnut, which was set in the ground in 1825, and to all appearance will last many years to come. He has also many rods of rail fence, made of the same material, in the position in which it was laid nearly three-fourths of a century since, having been subjected to very slight repairs.

—— It is stated that because of some informality in recent appointment of chaplains to regiments already in service, a strong probability exists that several of these officers must be mustered out of service. The case of Rev. Mr. Downs, recently appointed to the Second Regiment, is one of this character.

—— The Adjutant General says that this State wants 1200 men to fill her quota of nine months' volunteers and to fill the ranks of the regiments now in the field. Yet the question of a draft is undeterained as well as the character of the enrollment.

—— The Langdon Mills in Manchester, for a long time idle, are to start up forthwith. They run on fine cotton goods. The Monadnock cotton mills at Claremont are putting their works in order for an early starting of the wheels.

—— The dwelling house of Capt. Warren M. Kelley at Martin's Ferry, was destroyed by fire on Wednesday night last. Mrs. Kelley, whose husband is in the 10th regiment, lost everything, including $50 in money.

—— The Republican State Committee have appointed Thursday, Jan. 1, for the State Convention for the nomination of Governor, and Wednesday, Dec. 17, for holding the Conventions for the Congressional nominations.

—— The Sanbornton Bridge Seminary was burned to the ground Friday evening. The inmates all escaped without injury. It is thought to be the work of an incendiary.

—— A cottage house, sheds and shop, owned and occupied by Jesse B. Hidden, Nashua, were destroyed by fire on Friday night. The wind blew furiously, and nothing was saved. It is supposed the fire took place from a defect in the chimney. No insurance.

☞ In New York, the other day, "a fashionably attired" fellow played upon the examining surgeon a trick. He made oath that he was subject to attacks of complete blindness, lasting from a few minutes to as many hours, and that he was liable to these attacks after a full meal, though they often took place when he had eaten nothing for some time. His name was therefore placed on the exempt list. At the tea table that evening, he astonished his wife by telling her that he had procured exemption on the ground of periodical blindness. Her astonishment was removed by the explanation that he was always *blind* when he was *asleep*. The pair were in high glee over the matter, but the servant girl, who overheard the conversation, took another view of the transaction, and her report of it has brought the too wide awake somnolent genius to grief.

☞ A company of pearl divers with their machinery, will go from Panama to Manzanillo, in November, to dive for the gold of the Golden Gate. Others, from San Francisco, will go there for the same purpose; and still another party, from New York, passed through Panama to get the wrecked gold, week before last. Work, on account of the surf, cannot be begun until December.

☞ The latest official intelligence shows an improved condition of affairs among the Indian tribes. An effort is being made to secure a permanent peace among the recently conquered Sioux of Minnesota without resorting to wholesale hanging, as letters from that State anticipate and the action of Gen. Pope implies.

☞ Owing to the tax and greatly increased price in paper and other things in the publication of newspapers, the price of Wilkes' Spirit of the Times, weekly, has been raised to 10 cents per copy, and $5 a year.

☞ The Boston Post suggests that Commander Preble be reinstated and be put on the track of the Alabama.

NEW HAMPSHIRE THANKSGIVING.

GOV. BERRY'S PROCLAMATION.

The revolution of the seasons has brought again the period when it is the usage to set apart a day for public thanksgiving to Almighty God. In accordance with a time-honored custom inaugurated by our forefathers, and so much in harmony with the convictions of all christian people, I do, by the advice of the Council, appoint THURSDAY, the 27th day of November inst, to be observed as a day of Thanksgiving and Praise. And I hereby invite the people of this State to assemble in their usual places of public worship, to join in ascriptions of praise and other devotional exercises so suitable for dependent beings, and of which the many mercies of our Heavenly Father, at this time, are so eminently suggestive.—Let us all meet to give Him thanks for the bountiful harvests with which he has gladdened the hearts of men: For the peaceful homes and social, educational, and religious privileges vouchsafed to us: For the progress of civil liberty: For the general prevalence of health throughout our borders, during the year approaching its close, and in which, notwithstanding the existence of great National calamities, there has been much to remind us of his never-failing mercy and goodness. Let us adore and bless his holy name for that Christian civilization which is our inheritance, and for the many and illustrious examples which come to us with that heavenly boon; and of the patience, unfailing confidence, and heroic endurance of a pious ancestry in seasons of affliction and peril. Let us humbly and gratefully thank and praise the Disposer of Events that such examples of reliance upon his providential care have not been lost to succeeding generations, but are now abundantly developed among a great people, in a year, the painful record of which will soon be closed; a year, when the patriotism, courage, and christian faith of our fathers has been fully realized in their children, who, disregarding the ties of affection and the comforts of happy firesides, are bravely enduring the perils of camp and the storm of battle, that their country may live and the cause of good government and free institutions be transmitted to succeeding generations. And above all, let us praise Him for that revelation which brings "life and immortality to light"; for the injunctions and promises of that BOOK which for our fathers was the source of reliance and consolation in seasons of disquietude and danger, and which may, with equal certainty and efficacy, be appropriated by ourselves in this season of doubt and peril. And while we thank God for his mercies, let not a day so suggestive of good works be permitted to pass without the exercise of those offices of kindness for the needy, which was an injunction of our Divine Redeemer, who published "peace on earth and good will to men."

FOREIGN.—The steamship Sciota, from Liverpool 25th, and Queenstown 26th, arrived at New York, on Saturday. Lord Lyons is among the passengers. The steamer Gladiator, at Liverpool, from Bermuda, brought sundry reports as to the hostile intentions of Commodore Wilkes. One statement is that he blockaded the ports and refused to withdraw his ships on the request of the Governor. He sent boats to the Gladiator and ordered the captain to go on board his vessel. The captain refused going at the time, as he was under the protection of the British man-of-war, which ran out her guns and got ready for action. The Gladiator was then allowed to proceed. The matter attracted much attention in England. It is said that orders were issued for the immediate reinforcement of the West India squadron.

A Manchester letter in the London Times, Oct. 23d, states that 7,845 additional paupers were added to the poor law statistics during the week. Business was at a stand-still. Gladstone's speech created a panic, many manufacturers stopping their mills altogether.

There was a revolution in Western Greece. The revolted towns had organized a provisional government. Troops were sent to the scene of the insurrection. Eastern Greece was tranquil. The latest accounts say King Otho of Greece, had abdicated the throne in favor of his brothers. A provisional government had been established, of which Mavrocordato is the President. The deposition of the Bavarian line has been proclaimed.

Hon. Simon Cameron was a passenger in the Scotia.

AFRAID OF "JUMBOOT."— A physician living in India says, that for a Hindoo man to say "my wife," would be thought very improper; and even when they become Christians, it is very hard for them to get rid of this idea. A really pious native meet to come for medicine, and with great bashfulness would say, "Sir, she in my house is sick." Other native Christians would try to say, "my wife," but it is whispered very softly. They usually say "John's mother," using the name of one of their children.

With the native women it is still worse. They fear if they mention their husband's name he would soon die. "Jumdoot," the god of death, might hear the name, and being reminded of the person, cut him right off. They will say, "my lord," "my master," "my son's father," but the name of their husband they dare not speak, lest "Jumdoot" be near.

☞ Commodore Pendergast, Commandant of the Philadelphia Navy Yard, died on Friday morning, of a paralytic attack. He was 62 years of age, and has been in the naval service of the country for over half a century.

☞ Secretary Seward has signified to the N. Y. Chamber of Commerce that the subject of the Alabama will be presented by our Minister to the English Government.

A student, says the Cologne Gazette, travelling on the railway to Cologne, to light a cigar took a phophoric match from a box. The matches being tightly packed, the young man introduced his finger nail between them to extract one, when a small portion of phophorus passed under the nail and ignited. Although the flame was immediately extinguished, the hand had swelled so much on arriving at Dusseldorf that a surgeon advised its amputation.—The student would not consent, and the swelling has so much extended as to render the amputation of both hand and arm necessary.

☞ On Wednesday evening, at Bangor, Patrick Cloonan, just after he entered a dancing hall, fell upon the floor dead, having burst a blood vessel.

Blankets!

JONES & MENDUM have an extensive and complete stock of BLANKETS in store, to which they would call the attention of purchasers. Also

Important to Females.

DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstruations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, with hysterics and palpitations, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interrupting of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are invaluable, *inducing, with certainty, periodical regularity.* They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills sent by mail, promptly, by remitting to the Proprietor Sold by Druggists generally.

Drake's Plantation Bitters.

They purify, strengthen and invigorate;
They create a healthy appetite;
They are an antidote to change of water and diet;
They overcome effects of dissipation and late hours;
They strengthen the system and enliven the mind;
They prevent miasmatic and intermittent fevers;
They purify the breath and acidity of the stomach;
They cure Dyspepsia and Constipation;
They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;
They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons P. H. DEARE & CO., 202 Broadway, New York.

For sale in Portsmouth by THACHER and PRESTON.

Local.

☞ Nearly all of the members of Capt. Thacher's Company of Volunteers came down from Concord on Saturday evening, and will remain until this (Monday) afternoon. They received their uniforms, with the exception of their overcoats, on Saturday morning.

☞ A letter from a member of Capt. M. T. Betton's company of the 13th regiment, states that on the first day of November they moved to Fairfax Seminary; also the 2d regiment. On the same day there were large numbers of troops on the move. The writer says: "Since I left home I have had no occasion for complaint. We are all in health and good spirits."

NORTHERNERS NO LONGER OF THE AMERICAN RACE.—The following incident occurred on board the pirate Alabama, after the capture of the ship Brilliant:—

"When Capt. Hagar was transferred to the Alabama, and ordered to be put in irons, he remonstrated with Mr. Armstrong, the officer seeing the order enforced, in the following language:—"It is a very singular thing that you should confine these men in irons, and hold me as a close prisoner, when we were born and brought up under the same flag and government. If I were to meet you on the high seas, or anywhere else, I would not treat you in this manner, but would, if you required it, share the last crust of bread with you, if I found you to be in want."

To these kind remarks Armstrong replied: "We are nothing to each other as countrymen. The North and the South are distinct races with no feeling or interests in common. The people of the South are the only true representatives of the American race. You of the North have intermarried so much with the low classes of Europeans that you have in a great measure, if not altogether, lost your nationality, and are not worthy to be considered of the same people as ourselves."

☞ The bark Mary Baker, of and from Yarmouth, N. S., Oct. 30, arrived at New York on Friday evening, and reports—In lat. 41, lon. 69 30, saw two ships, one of which, (believed to be the Alabama,) was in pursuit of the other, (believed to be an American,) gaining rapidly. They were heading northeast by east, distant 18 or 20 miles. [The spot where these vessels were seen is about northeast of Nantucket, and at no great distance from that island. Nantucket South Tower is lat. 41 16 54, lon. 70 05 39.]

☞ There are now living in Boston, two children, who are cousins, and whose parents are also living. Each of these children has now living, four grand-parents, two great-grandmothers and one great-great-grandmother. One of those children has three great-great-aunts, and one great-great-uncle, eleven great-aunts and four great uncles, not counting relations by marriage, but blood relations only. Its great-grandfather died only a few months ago.

CALIFORNIA PATRIOTISM.—The Rev. Dr. Bellows prefaced his address before the recent Unitarian Convention, in Brooklyn, N. Y., with a reference to the fact, that an additional $100,000 had been raised in California for the Sanitary Comission. When called out at the "Collation" he pleasantly referred again to the noble liberality of the Golden State. "He read two letters from California, describing the measures which had been early taken to secure and to 'fire' the loyalty of California. He attributed much—indeed most of this influence primarily to Rev. Starr King, and quoted a remark by General Scott at a dinner party six months ago in New York that the fact that California was loyal to the Union was due to Mr. King. He saved the State. Mr. King, with his usual modesty, had forbidden any mention in the Inquirer, or any other papers, of his services in raising the fund for the Sanitary Commission, $200,000 of which had been sent or was about to be sent, and even more was being raised. Dr. Bellows would therefore carefully commit the secret to the privacy of the few friends present, as instructed." Private letters report that Mr. King is still actively engaged in the good work he has so zealously and successfully prosecuted. At the last accounts he had engagements to make addresses, during October, in more than twenty places, in the interior portions of the State. The collection in coin varied from $1000 to $5000 a day.—*Boston Transcript.*

SHARKS.—We hear that no sooner do the tidings come of the death of a soldier, than his relatives receive letters from a number of men, each offering to collect for them the pay due the soldier when he died, and perhaps also to obtain a pension. Not a few regular "land sharks" are engaged in this business, designing to prey upon innocent victims. The families cannot be too careful on this point. In no case should a stranger, who begs for the work, be employed. He is pretty likely to be an impostor.—*Manchester American.*

AUTUMN.

O, with what glory comes and goes the year!
The buds of Spring—those beautiful harbingers
Of sunny skies and cloudless times—enjoy
Life's newness, and earth's furniture spread out;
And when the silver habit of the clouds
Come down upon the autumn sun, and, with
A sober gladness, the old year takes up
His bright inheritance of golden fruits,
A pomp and pageant fill the splendid scene.

O, what a glory doth this world put on
For him, that, with a fervent heart, goes forth
Under the bright and glorious sky, and looks
On duties well performed, and days well spent!
For him the wind, ay, the yellow leaves, (ings.
Shall have a voice, and give him eloquent teach-
He shall so hear the solemn hymn, that Death
Has lifted up for all, that he shall go
To his long-resting-place without a fear.
—*Longfellow.*

☞ See yon fair maiden in another column, picking Sambucci Grapes for Speer's Wine. It is an admirable article, used in hospitals, and by the first class families in Paris, London and New York, in preference to old Port wine. It is worth a trial, as it gives great satisfaction. 1y.

☞ MATHEWS' ARNICA HAIR GLOSS is unequalled for the removal of dandruff. Its operations in this particular are magical, and their results are thorough and complete. Oct24 1md

E. A. STEVENS,
NO. 46 MARKET STREET.
ANOTHER NEW STOVE!
THE MODEL COOK
FOR WOOD OR COAL.
The novel—the peculiar feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Water-Heating Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster, or (by the removal of a simple plate) in connection with the large oven, for baking; giving an oven nearly 3 feet long! or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.
THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.
We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.
We refer to the following individuals who have purchased the Model Cook:—
David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tallock, Joseph Wendell, Capt. Jacob Thompson, Geo. J. G. Hadley, G. Melvin Hunstress, Jos. Ackerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard Hundall, Geo. Hundall, Geo. P. Chaney, Benj. M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harrod, Thos. Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Rand, Wm. Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cashman Pryor, of Trefethen's Island; Geo. E. Dixon, Samuel P. Paul, Silas Hemick, Timothy Dennett, Pilot; Wm. S. Locke, Benj. Furnald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.
We offer this beautiful coal burner to the public, with full confidence in its merits.
It was brought into market two years since, and has come rapidly into use.
The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.
The quantity of fuel used is very small indeed. There is in the stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.
Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.
We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.
We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.
A great variety of cheaper Stoves for coal and wood—Cool hods—Patent Cool-sifters.
COAL LININGS
and Repairing pieces for most of the stoves in use.
Job Work attended to with dispatch.

CITY COUNCIL.

In the Board of Aldermen, on Thursday evening, no business of public importance was transacted.

In the Common Council, the following communication was read:

To the President and Members of the Common Council of the City of Portsmouth:

Gentlemen:—Herewith we beg to offer you our resignations as members of your honorable Board, and beg that the same be accepted by you.

Permit us at this time to assure each member that we entertain for him sentiments of the highest esteem and friendly regard, and should it be our fortune to return in safety to our pleasant city, we hope to meet each one enjoying the blessings of life as heartily as he now does.

Very truly yours,
JOSEPH H. THACHER,
JAMES A. WENTWORTH.

Portsmouth, Oct. 30, 1862.

On motion, the following resolutions were unanimously adopted:

Resolved—That the sentiments of esteem and friendly regard expressed by Messrs. Thacher and Wentworth, for each member of the Common Council are fully reciprocated by each member of the Council, and that they are absent in the service of our country, we shall have a constant solicitude for their welfare and safety, and hope if we may not resume our pleasant intercourse at this board, that we shall have the pleasure of meeting them on their return to their homes to interchange our sincere expressions of attachment and friendly greeting under the blessing of a free and united country.

Resolved—That the clerk of the Common Council be requested to transmit to Messrs. Thacher and Wentworth a copy of the above resolutions, and publish the same in the city papers.

Council Chamber, Nov. 6, 1862.

PRESENTATION OF SWORDS.—Our fellow citizens, Captains H. Thacher, and Lieuts. George H. Wilkes and Wm. A. Haven, of the 10th N. H. Regiment, received at Concord, Thursday night, testimonials of regard from their friends in the form of a regulation sword, sash, and belt for each. The presentations were made in a note addressed to them, and accompanied by the names of ninety-two donors.

WARD ONE.

THE STATE OF NEW-HAMPSHIRE.

To the Inhabitants of Ward No. ONE, in the City of Portsmouth, qualified to vote for Senators in said State.

[L. S.]

YOU are hereby notified to meet at the Ward Room in Rim street, in said Ward, on the Fourth TUESDAY of Nov. inst. at ten o'clock in the forenoon, for the following purposes:

To bring in your votes for Mayor.

To choose by ballot three Aldermen, nine Members of the Common Council, three Assessors of Taxes and one Overseer of the Poor.

To choose by ballot a Moderator, three Selectmen, and a Clerk of said Ward for the ensuing year; and any other officer required to be chosen.

Given under our hands and seals this 7th day of Nov. A. D. 1862.

☞ ATTENTION, THE WHOLE! ☜

EPS. N. H., Feb. 28, 1846. "Hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, and even when it affected her hands very much. A large sum had been expended by the most celebrated physicians, for Sarsaparilla, Syrup, &c., but she obtained no relief until I procured some six or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicine can equal Dr. Swett's in removing the rankest humors of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it, and I have acted as agent for the sale of it. JOSIAH JENNESS."

About seventeen years ago I discovered a bunch growing in my breast, attended with severe piercing pain, and which about as large as a hen's egg in broke out, and proved to be a Cancer, the most dangerous character. And from the abundant evidence I had of the good effect of Mr. Swett's Panacea in many such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prepared, and taking twelve bottles of Panacea, my cancer was fully cured in about two months, and I have had no trouble from it since MARGARET H. SWETT.

This statement of my wife is correct. SIMON SWETT.

Portsmouth, N. H., April 18, 1851.

I have been greatly afflicted with a Humor called by the doctors Erysipelas, for about 20 years, causing many sores on my face. And seven bottles of Dr. Swett's Panacea I believe have effected a radical cure, as I have had no sore nor painful since. I believe this medicine to be the most sure remedy in the world for Humors.

HANNAH ROWE.

PORTSMOUTH, April 21st, 1852.

I have for several years been afflicted with dizziness at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give me relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, and I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

Exeter, Feb. 24, 1853. Dr Swett:—Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and would add—that by the use of it, my health has been greatly improved: therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints.

W. P. LAVITT.

Prior Elder I. Cherry, Lee, May 31, 1841.

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter, was afflicted with scrofulous tumor, and that previous to your visiting our house, in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health, so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named. ISRAEL CHERRY.

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may20

Houses and Lands.

For Sale.

The new and commodious DWELLING-HOUSE, with the large Lot of LAND adjoining the same, at the Corner of Islington and Dover streets, recently occupied by Mr. BRADLEY PORTER. Possession given immediately. Apply to

ALBERT R. HATCH.

Portsmouth, Nov. 4, 1862.

SPEER'S SAMBUCI WINE,

PURE AND FOUR YEARS OLD,

OF CHOICE OPORTO FRUIT.

For Physicians' Use.

FEMALES, WEAKLY PERSONS, INVALIDS

SAMBUCUS TREE, OF PORTUGAL,

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Original Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wine in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

a few well known gentlemen and physicians, who have tried the Wine.

Gen. Wool, U. S. A. Dr. Ward, Newark.
Gov. Morgan, N. Y. State Dr. Wilson, 11th St., N. Y.
Dr. Parker, N. Y. City Dr. Dougherty, Newark.
Dr. J. H. Griffin, " Dr. Parish, Phila.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavy, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new and very superior broiler and iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. L. Treadwell, Oren Bragdon, J. H. Ephan, J. Woodman Moses, John E. Holbrook, Geo. B. French, Frank Jones, C. C. Jackson, James H. Pindar, James Shaw, Charles A. Hoodless, Epes Simpson, Sidney Thomas, and J. Taylton, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes of the

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR WARMING

FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable favention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, most desirable, and at the same time the air which comes in contact with the fire-pots is used for respiration, the tendency to produce headache so much complained of in other furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the great est amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the combustible gases, specific gravity, condensed, and are buried up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 30 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world.—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry E. Wendell, John Sise, and others.

This is a new and invaluable preparation for preserving and beautifying the hair.

The wonderful virtues of Arnica in allaying and removing inflammation are universally known.

ARNICA HAIR GLOSS is unequalled as a hair-dressing compound. It not only cleanses the scalp and invigorates the hair, but it renders the latter charmingly soft and lustrous. Its odor is peculiarly delicate and fragrant—the proprietor having taken especial pains to secure this result.

ARNICA HAIR GLOSS is the very best preparation for the hair ever discovered.

ARNICA HAIR GLOSS, notwithstanding its surpassing merits—is retailed at only Twenty-five cents a bottle, by all Druggists.

American and Foreign Patents.

R. H. EDDY,
SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington, (*under the Act of 1837,*)

75 State Street, opposite Kilby Street,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished, by remitting One Dollar. Assignments recorded at Washington.

The agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of Inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, we would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending.* Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."

JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on record, rejected applications SIXTEEN APPEALS; EVERY ONE of which was decided *in his favor*, by the Commissioner of Patents.

R. H. EDDY.
Boston, Dec. 2, 1861 ow

HILL & CARR,
4 Market Street.

BUY CALIFORNIA WINES.

They are the Purest!
The Best!
The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.

"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and The Port is excellent because it is pure.

TUESDAY, NOVEMBER 11, 1862.

THE REBELLION.

An order relieving Maj. Gen. McClellan from the command of the Army of the Potomac was received at headquarters on Friday night. On its receipt the command was immediately turned over to Gen. Burnside. Gen. McClellan and his staff on Saturday left for Trenton, N. J., where he is ordered to report, and where his family now is. His last official act was the issuing of an address to his soldiers, informing them in a few words that the command had devolved on Gen. Burnside, and taking an affectionate leave of them.

Gen. Pleasanton, on Saturday, in a skirmish with Stuart, near Little Washington, captured 3 pieces of artillery, also a captain, lieutenant, and 5 privates.

Gen. Fitz John Porter has been ordered to Washington to answer the charge brought against him by Gen. Pope. Maj. Gen. Hunter will in a few days return to the District of the South. The friends of Gen. Hooker say he is sufficiently recovered from his wounds to resume his duties in the field.

Gen. Grant has made his headquarters at Lagrange, Miss.

On Wednesday last an expedition left Helena for Cotton Plant, where it was understood a rebel force of 2500 had gathered. They took 5 days' rations.

In the Memphis Bulletin of the 7th it is said a large Federal army passed South from Grand Junction on Tuesday last.

Gen. Bragg has been put under arrest and superseded by Gen. Joseph E. Johnston. His failure in the Kentucky campaign, it is said, was the cause of his arrest.

Nothing had been heard at Murfreesborough, which was in constant telegraphic communication with Mobile, of the capture of the latter city. There are 15,000 rebel troops at Mobile.

Three divisions of Federal troops have arrived at Nashville. The place is now considered safe against any attack by the rebel army.

It is reported that the rebels have evacuated Murfreesboro' and McMinnville, and gone to Chattanooga, where Breckinridge's command is.

The Herald's Washington dispatch states that the rebels on the Rappahannock have been reinforced by 20,000 men.

Advices from Gen Sigel's headquarters state that the forces of the rebel Gen. Hill are at Front Royal, moving down the valley. Our forces are pushing on with the greatest rapidity.

The Harper's Ferry Commission report that Cols. Ford and Miles were incapable, and censure Gen. Wool for placing the latter in command. They also state that the General-in-Chief testified that Gen. McClellan, when ordered to repel the rebels invading Maryland, marched only six miles a day, on an average, in pursuit of them.—He also testified that in his opinion Gen. McClellan could and should have relieved Harper's Ferry, and in this opinion the Commission concur.

GEN. MCCLELLAN'S REMOVAL. A communication from Gen. Halleck to Sec. Stanton, in answer to inquiries, dated Oct. 28, is published, in which he says:—

On several occasions Gen McClellan has telegraphed to me that his army was deficient in certain supplies. All these telegrams were immediately referred to the heads of bureaus, with orders to report.—There has not been, so far as I could ascertain, any neglect or delay in any Department or bureau in issuing all supplies asked for by Gen. McClellan, or by officers of his Staff. Delays have occasionally occurred in forwarding supplies by rail, on account of the crowded condition of the depots, or of a want of cars; but whenever notified of this, agents have been sent out to remove the difficulty. On the first of October, finding that Gen. McClellan proposed to operate from Harper's Ferry, I urged him to cross the river at once and give battle to the enemy, pointing to him the disadvantages of delaying until the autumn rains had swollen the Potomac and impaired the roads. On the 6th of October he was peremptorily ordered to cross the Potomac and give battle to the enemy, or drive him south. It will be observed that three weeks have elapsed since the order was given.

In my opinion, there has been no such want of supplies in the army under Gen. McClellan as to prevent the compliance with the orders to advance against the enemy. Had he moved to the south side of the Potomac, he could have received his supplies almost as readily as if remaining inactive on the north.

☞ The Bath Times learns that Colonel McClusky, who entered the service as an honored and able man, at the head of the 15th Maine regiment, has become a ruined man by the use of intoxicating liquor.—Since leaving his regiment at New Orleans his dissipation had become so conspicuous as to attract the attention of Gen. Butler, who issued a special order, requiring the Colonel to doff his military suit, and leave the city by the first conveyance. He left the city of New Orleans the 20th for Havana, *en route* for South America.

☞ Maj. Gen. Banks arrived in Washington on Saturday night.

N. H. THIRTEENTH REGIMENT.

FAIRFAX SEMINARY, VA., Nov. 6,
Co. K, 13th Regt., N. H. V.

Messrs. Editors:—A short time since, while preparing at Upton's Hill for brigade review, we were ordered to pack up, strike tents and march—none could say where. But after a while we found our destination was Fairfax Seminary, where we remain at present, which brings us 7 miles near to rebeldom. We have not been in contact with any of the enemy yet; it is true we have seen plenty of them, but they were under the watchful eyes of Uncle Sam's soldiers as prisoners of war.

Who that has not seen can paint the picture of war's desolation in its true colors? Every where we have marched we have seen a portion of that picture. Hundreds of acres of beautiful land laid waste by the march of our armies; splendid mansions burnt and others torn down, and all laid waste and desolate. But such are the fortunes of war.

As for ourselves, we have plenty of provisions and clothes. But as for beds,—what a luxury is straw when placed between our aching bones and mother earth! That luxury never since we left Concord has made its appearance.

As for picket duty and digging trenches, the 13th regiment are not without getting their share of it. When we came here, we relieved the 2d N. H. regiment, and took their camp ground, Gen. Hooker's division, of which they form a part, being ordered to march and meet the enemy. And it would do the folks in New Hampshire good to see how cheerfully they hastened to obey the summons to go into the battlefield once more. Indeed they are no strangers to it as their small numbers can testify, their whole regiment not being much larger than two of our full companies. But they are grit to the backbone. I have been in conversation with the greater portion of them, and they all say they should like a furlough, but still they are perfectly willing to stay and help settle this rebellion, if it can be done soon. From what I have seen, I think New Hampshire is not behind the times in turning out good soldiers, and the citizens everywhere we have been have given her the credit of it.

The men out here, of all regiments, are full of fight, and if this war is ever to be settled by fighting it ought to be settled soon. For the men who have come out here lately are of a very different stamp from the general run of soldiers. They did not choose a soldier's life as a mode of living, or because they liked it. But they came to see if this rebellion could not be crushed out by their leaving their homes, and farms, and trades. And we trust in God that we shall not be disappointed. If the officers do their part, and those who have the management of affairs do their duty honestly to their country, there is no fear but that the poor soldiers will do theirs.—That is what they came here for—to settle this and go home again. Yours, G. M.

☞ A New York dispatch states that Hon. Simon Cameron describes the feelings in England, as strongly savoring of intervention. In England it is thought that no active intervention will take place until Parliament meets. The success or failure of the present campaign will probably decide the matter. It is generally understood in England that a rebel navy will attack our Northern cities. They have an especial desire to make a dash at New York, and even if the enterprise were but partially successful, the presence of rebel war-vessels in New York harbor, if only for an hour, would have a great effect abroad.—There is a Secession Club in Liverpool numbering 300 members, who provide funds to furnish vessels to run our blockade. Mr. Cameron thinks that the fortifications of New York should be at once attended to, and is surprised that the danger of an attack on that city is not more fully appreciated there.

☞ At one of the fashionable hotels in New York, a youthful couple, apparently man and wife, who had attracted some attention by their appearance, affection, &c., were discovered to be two larking married women on a frolic. One had assumed the dress of a gentleman, and, as far as possible the attributes of one, including cigars, champagne, &c. When discovered and forced to return to her hoop skirts, she was quite unabashed, and suffered imprisonment in her room, to which the indignant landlord subjected her, with amusing resignation.

Passengers from Newbern do not confirm the report of the capture of 3000 rebels at Plymouth, N. C.

It is ascertained that the assignment of Gen. Burnside to the command of the Army of the Potomac is without limitation.—Hence reports that any other General will take the position, are not well founded.—This, at least, is the present state of affairs.

☞ The Newburyport Herald says that the census statistics show that more than four-sevenths of the marriages in Massachusetts are among the foreign born population. The foreign born population can afford it.

NEW HAMPSHIRE ITEMS.

—— "Pete," a venerable cat, a great favorite with Commodore Nutt, died at Manchester on Saturday morning, aged 22 yrs. and 4 months.

—— The New Hampshire Conference Seminary, at Sanbornton Bridge, which was destroyed by fire on Friday evening, was insured for $20,000. It was a magnificent brick structure, consisting of a main, or central part, two stories in height, and two wings of three stories each. The building, which was one of the best arranged in the State, was erected about five years ago. The school was in a flourishing condition, and the loss will be a very severe one to the citizens of the place and to the Methodist Conference of the State, to which it belonged.

—— Although there now are about 600 men attached to the 2d Regiment, in some capacity, there are not more than 300 men of the rank and file who are fit for duty.

WALLED LAKE.—The Western papers give an account of a walled lake which has just been discovered, situated in Wright county, Iowa. Its shape is oval, and it is about two miles wide. The wall inclosing the lake is over six miles long, and is composed of all sizes of stones, from those weighing two tons down to the smallest pebbles. The water is as clear as crystal, and there is no bubbling or agitation to indicate any large springs or feeders. Wild fowl of all kind are plenty upon its bosom. At the north end are two small groves of about 10 acres each, no timber being near. It has the appearance of having been walled up by human hands, and looks like a huge fortress, yet there are no rocks in the vicinity for miles around. There are no visible signs of the lake being the result of volcanic action, the bed being perfectly smooth, and the border of regular form.

GODEY, FOR DECEMBER, is, truly a beautiful number. "Found in the Snow" is a fine engraving, and "Christmas" a tableau plate, contains seven distinct pictures. There is also a Bride Fashion plate, containg seven figures, colored, and many other illustrations. The number contains several Christmas stories and other interesting stories, articles, etc. Now is the time to commence making up clubs.—Terms are $3 per year in advance.—Eleven copies one year, and an extra copy to the person sending the club, $20.

A CURIOUS TELEGRAPHIC BLUNDER.—On the day after the late election in Massachusetts, Senator Sumner sent a dispatch to a friend in New York city, which originally read as follows:—

"Massachusetts firm and solid for Freedom and its most uncompromising men."

As transmitted by the operator, the message reached here and was published in an evening paper thus:—

"Massachusetts firm and solid for Freedom and for its work. We can promise more."

Those who are acquainted with Mr. Sumner's handwriting can easily account for such a mistake in translating an autograph which truly comes within the line of what printers and lithographers call "kussed kalography." The Republican Senator from Massachusetts shares Rufus Choate's reputation as the worst penman in the list of New England's public men.—*Tribune.*

☞ A Gibraltar letter of the 18th ult., states that Hester murdered the pirate Andrews on board the Sumter on the 15th. Hester and the crew were afterwards tak en on board a British man-of-war and confined. A jury of inquest rendered a verdict of murder, and the Sumter is now in charge of the British, although still flying the rebel flag.

☞ The Roman Catholic Orphan Asylum for boys in Brooklyn, N. Y., took fire from a heater on Sunday morning, and was totally destroyed. There were 248 children in the building. Only two are yet known to be dead, though it is feared some are in the ruins.

A conductor on the Norwich railroad, while taking tickets the other day, rejected a half bill which was presented by an Irishman. "If ye won't take it," said the indignant Hibernian, "bedad ye may change *that*," and handed out a five dollar gold piece. The conductor swalled the indignation until he reached the city, where he sold the coin for six dollars and a quarter.

☞ People that intend to be married, or those that want or ought to be, should hurry up if they would escape the taxes. The new law requires that a ten cent stamp be affixed to all marriage certificates.

☞ Over 300 Indians have been convicted by the Military Commission at Lower Sioux Agency, as participants in the late terrible massacres, and are condemned to be hung. Whether they live or die rests with the authorities at Washington.

☞ In the Michigan 5th Congressional District, Baldwin, Dem., was elected. The 6th District is still in doubt. The Senate will stand 17 Republicans to 16 Democrats, and the House 58 Republicans to 42 Democrats.

☞ The Republican State and Congressional ticket in Kansas is elected by 23,000 majority. The Legislature is also Republican.

NAVAL.—Commodore Cornelius K. Stribling has been ordered to the command of the Pennsylvania Yard in place of Commodore Pendergast, deceased.

Frigate Sabine, Com. Ringgold, which sailed from New London a week since, was spoken 5th inst., lat. 40 lon. 71, in search of the pirate Alabama.

The mortar schooners now at the Washington Navy Yard, are having their mortars removed to be replaced by 100-lb. Parrott gun, and ships 34-pounder rifled guns upon the sides, and a long range pivot-gun on the forecastle.

Iron-clad steamer Monitor, 2, left the Washington Navy Yard Saturday evening, passing down the Potomac river.

☞ A Cleveland paper says the people of that town are using mouse-traps, old jack-knives and shirt buttons for small change.

☞ All the New York papers have concluded to advance their rates of subscription, advertising, &c.

☞ Longfellow is preparing a poem for the Atlantic Monthly, on the loss of the Cumberland.

THE NEW ELECTRA.

Dr. PORTER, a member of the New York Electrical Institute, late Nos. 561 and 563 Broadway, but now No. 150 Waverly Place, having taken a tour into the country for a few weeks' recreation, and taken rooms at the Misses LARKIN'S, No. 16 Middle street, for a few days only, where he will prescribe for and treat *all Diseases*, female complaints especially, by the new system of Medical Electricity. Particular attention paid to Paralysis, Scrofula, Hernia or Rupture. Diseases of the Spine, Eye and Ear treated successfully.—What seems most incredible is, that many diseases, heretofore pronounced incurable, are often cured in a single day, and others in a few treatments. No Shocks given in any case whatever.—The method of treatment is peculiar,—is unknown to others; by it the equilibrium is restored. The sensations experienced are perhaps the most delightful, soothing and invigorating known on earth. Even infants treated with the greatest success. No charge for consultation. No infectious diseases treated. Terms very moderate,—even less than at the Institute. (Office hours, for gentlemen, from 9 A. M. to 12 M. for ladies, from half past 1 to 5 P. M. Patients visited at their own homes after 5 P. M., *fees of charge*, (if requested by note or otherwise.)

Call soon if you would avail yourselves of this opportunity, as the Doctor will remain but a few days only. All the medicines used are electrical.

For particulars and testimonials see circular headed *The New Electra.*

P. S. Patients are treated on the Sabbath at the same hours. novl1 1m&wlmo*

Dated at Portsmouth, Nov. 5th, 1862.

nov10 BENJAMIN RUSSELL.

GRACE'S CELEBRATED SALVE!

A Sure Relief for the Sufferer!

This Salve is a vegetable preparation, invented in the 17th century by Dr. WM. GRACE, surgeon in King James' army. Through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day; and was regarded by all who knew him as a public benefactor. The Salve is used for the following diseases:—Burns, Bruises, Felons, Scald Head, Salt Rheum, Boils Scurvy, Sore Lips, Sore Ears, Swelled Nose, Ulcers, Lame Joints, Chilblains, Chapped Hands, Ringworms, Sprains, Flesh Wounds, Erysipelas, Scalds, Stings of Venomous Insects, Piles, Bunions, Frozen Limbs, Settle Rash, Sore Breast, Wens, Eruptions, Festers, Shingles, Cancers, Whitlows, Itch, Stiles, Lame Wrist, and Sores and Wounds of the most serious nature, without leaving a scar. It will also cure pimples on the face, and beautify the Skin.

There are thousands who are suffering for months and even years in consequence of Sores and wounds that might be cured in a short time by the use of this great external salve. It has never failed to effect a speedy cure when properly applied. This Salve has none of the irritating heating properties of other remedies, but cools, cleanses and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand, for it will save them trouble, suffering and money; and in many cases it has saved life itself. The manufacturer receives testimonials daily, from some of our most distinguished citizens, expressing benefits derived from its use. This Salve is warranted to give perfect satisfaction in every disease that it professes to cure; if not, the money will be refunded.

Price 25 cts. per box. Manufactured by WM. GRACE, Amesbury, Essex Co., Mass.

M. S. Burr & Co., 28 Tremont street, Boston, wholesale agents. All orders addressed to this firm or the manufacturer, will receive prompt attention.

One Box sent postpaid by mail to any part of the United States, on the receipt of 33 cents—or three Boxes for one dollar.

For sale in Portsmouth by WM. R. PRESTON and J. H. THACHER; and by respectable Druggists and country stores everywhere. m|o4

Important to Females.

DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstruations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are invaluable, *inducing, with certainty, periodical regularity.* They are known to thousands, who have used them at different periods, through out the country, having the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each BOX.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor. Sold by Druggists generally.

For sale in Portsmouth by THACHER and PRESTON.

Local.

☞ Notwithstanding the unfavorable state of the weather, the Contrabands drew a large audience to the Temple on Sunday evening, and, as a whole, the exercises of the occasion were interesting, whatever prejudices may have been entertained.—There were about twenty-five contrabands on the stage, quiet, orderly,—some of them, perhaps, as the hour grew late, a little sleepy. While we were present, one of them related some of his experience in slavery; two or three others gave unreservedly their opinion of slavery, and of "secesh" in general; and one other, after giving an account of the sufferings and "prosecution" (probably meaning persecution) he had endured, expressed his wishes quite freely in regard to the future of those who had wronged and ill-treated him.

Those whom we heard seemed to possess a fair amount of intelligence: their words were generally well chosen, and although they spoke in a low tone, they manifested none of that reluctance or dread of speaking before a large audience, which might, perhaps, have been expected. Some of them possess a rough wit, which, at times, turned aside a questioner in a manner that was at once most comical and conclusive. One was asked if he felt under no obligations to his master while serving him, and, with an coolness that was refreshing, replied—"No, I thought he was under obligations to me"

They referred, feelingly and touchingly, to their fathers, wives, and uncles, and other "relatives and relations" left in slavery, and expressed their willingness to do what ever they, in their feeble way could effect towards the speedy capture of Richmond, even if, as one expressed it, he "knew he should die the next minute."

The singing of some of their sacred songs, led by Mr. James Wilson, a resident of this city, was one of the most pleasing exercises of the evening, which were somewhat protracted.

"MAKING MONEY" at the Chronicle Office. We are continually printing "shinplasters," or small checks or notes, to circulate instead of change. There are upwards of thirty different kinds and denominations, now in general circulation here, bearing the signatures of our own merchants, besides no small number of similar issues from other places, far and near.—All those sent out here are "as good as the bank"—in fact, most of them are payable at the banks, and are received and paid out by them. Denounce them who may—they have worked no harm to anybody thus far, and it will puzzle your hard currency chaps to tell what we should all have done without them. And there is not enough of this currency yet. Few people were aware how much "change" our community employ—but it is a great many thousands of dollars.

NEW GUNS MOUNTED.—Three 32-pound guns have been mounted on the wharf at the Portsmouth Navy Yard, during the past week, and are kept loaded and shotted night and day. They point in the direction of the Narrows, so that if the Alabama should decide to make us a visit she will receive a warm reception.

☞ At a meeting of the Booksellers in this city, held on Monday, it was decided to advance the price on stationary, paper-hangings, &c., to correspond with the rise of prices in Boston, New York and Philadelphia.

☞ We learn with pleasure that Gottschalk will probably give one of his inimitable performances at the Temple on Friday evening next, when he will be assisted by Miss Carlotta Patti.

☞ The Post-Office in this city opens in the morning at half-past 7 o'clock, and closes at half-past 7 in the evening. The afternoon mails are now open by half past 5.

☞ The afternoon train on the Concord & Portsmouth railroad will hereafter leave this city, at ten minutes past four. The change was made on Monday.

☞ Our readers are referred to the advertisement of Dr. Porter, which will be found in another column.

☞ Mr. John B. Haselton, of this city, has been appointed Acting Assistant Paymaster, U. S. N.

☞ Since the Alabama disregarded the protection of the British consulate certificate, the N. Y. Albion (an English paper) calls Capt. Semmes or his steamer, an insolent rover, who sets neutral rights at defiance. How much depends upon whose ox is gored.

☞ The St. Paul (Minn.) Press says Donnelly, Republican, is elected to Congress in the 1st District. In the 2d District Windon, Republican, is also elected. The Republicans have a majority in the State of 2000.

☞ The Grenada Appeal reports a great fire in Augusta, Ga., on the 4th inst. with a loss of $500,000. Several Federal expeditions in pursuit of guerrillas are noticed.

☞ The Belfast Journal learns that the paper mill of the Messrs. White in Belfast, Me., is to be stopped, because of the impossibility of procuring stock.

☞ See yon fair maiden in another column, picking Sambucl Grapes for Speer's Wine. It is an admirable article, used in hospitals, and by the first class families in Paris, London and New York, in preference to old Port wine. It is worth a trial, as it gives great satisfaction. 1y.

☞ MATHEWS' ARNICA HAIR GLOSS is unequalled for the removal of dandruff. Its operations in this particular are magical, and their results are thorough and complete. Oct24 1md

THE NEW-HAMPSHIRE GAZETTE and Rockingham Weekly Chronicle, containing a summary of the news of the week, printed Thursday, and for sale at the Chronicle Counting Room. Price 3 cents. Only $1 per year, in advance.

ANOTHER NEW STOVE!
THE MODEL COOK
FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, Capt. W. Jarvis, Francis W. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Geo. J. G. Hadley, G. Melvin Huntress, Jos. D. Akerman, James F. Jenkins, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Rundall, Geo. Rice, Benj. F. Canney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel F. Pryor, Cashman Pryor, of Treefoil ark Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Fernald, Mrs. Wm Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a sitting room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as one of the best of recommendation.

A great variety of cheaper Stoves for coal and wood—Coal hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with despatch.

Ayer's SARSAPARILLA,

THE WORLD'S GREAT REMEDY FOR
Scrofula and Scrofulous Diseases.

From Emery Eden, a well-known merchant of Oxford, Massachusetts.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.

"I owe it to my duty to God and the public, when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an affecting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs. Jane E. Rice, a well-known and much-esteemed lady of Dunnsville, Caye May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which we could not cure. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

From Thomas P. Gaps, Esq., of the widely-known Capt. Murray & Co., manufacturers of enamelled papers in Nashua, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might do for a time, but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Savin, Houston St., New York.

"DR. AYER. I seldom fail to remove *Erysipelas* and *Scrofulous Sores* by the persevering use of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the SARSAPARILLA you have supplied the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles, and some of your PILLS. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general *debility*, and for *purifying the blood*, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tuckahoe Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and nearly blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing we knew of, and had any hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was healed when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other child. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease

From Dr. Hiram Stout, of St. Louis, Missouri.

"I find your SARSAPARILLA a more efficacious remedy for the secondary symptoms of *Syphilis* and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER. My dear Sir: I have found your SARSAPARILLA an excellent remedy for *Syphilis*, both of the primary and secondary symptoms. Calomel in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or so-called "mercurial disease." Nothing seemed more aggravated for years, in spite of every remedy or treatment that could be applied, until the unremitting use of Ayer's SARSAPARILLA finally cured him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

Leucorrhœa, Whites, Female Weakness, are generally produced by internal *Scrofulous Corruption*, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skilful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia,

when caused by *Scrofula* in the system, are rapidly cured by this EXT. SARSAPARILLA.

AYER'S CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

Prepared by J. C. AYER, M. D., & Co., Lowell, Mass., and sold by

THE CHRONICLE

☞ ATTENTION, THE WHOLE! ☜

RYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her from labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWETT'S PANACEA, and several bottles of his BLOOD WASH, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can claim Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it, since I have acted as agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe piercing pain, and then about as large as a hen's egg and growing rapidly. I applied to Dr. Swett, who gave me a bottle of his PANACEA, and proved to be a Cancer of the most dangerous character. And from the abundant evidence I had of the good effect of Mr. Swett's Panacea in many such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prescribed, and taking twelve bottles of Panacea, my Cancer was fully cured in about two months, and I have had no trouble from it since. CAROLINE B. SWETT.

This statement of my wife is correct.
SIMEON SWETT.
Portsmouth, N. H., April 18, 1861.

I have been greatly afflicted with a Humor called by the Scientific Men, Erysipelas, which was coming many sores on my side. And seven bottles of Dr. Swett's Panacea I believe have effected a radical cure, as I have had no return of the complaint since. I believe this medicine to be the most sure remedy in the world for Humors.
HANNAH ROWE.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

Exeter, Feb. 24, 1858. Dr. Swett:—"Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and would add—that for the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints."
WM. P. LEAVITT.

FROM ELDER I CHESLEY, *Lee, May 31, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with a scrofulous humor, and that previous to your visiting me in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY.

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicine shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may26o

Houses and Lands.

For Sale.

FRANKLIN HOUSE

Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the travelling public that has so long been extended to the house.

A new parlor and extensive suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments connected with the street and dining rooms, and independent entrance.

The house will be kept as a first class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting this section of the State.

A good STABLE is connected with the house, where persons driving teams will find them well cared for, will be promptly and carefully waited upon.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders them equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We could refer to Messrs. Geo. I. Trendwell, Oren Brag don, J. B. Upham, J. Woodman Moses, John R. Holbrook, Geo. R. Trevey, Frank Jones, C. C. Jackson, James H. Pindar, James Shaw, Charles A. Hodgdon; Charles Stimpson, Kittery; Thomas J. Burton, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes
—of the—
MAGEE PARLOR STOVE,
with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT" VENTILATING & AIR-WARMING FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air from the outside, which, in giving them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the room can be made to consume the gases of the coal; as they pass off with a large amount of the heat, unutilized, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

SPEER'S SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physicians' Use,
FEMALES, WEAKLY PERSONS, INVALIDS.

SAMBUCUS TREE, OF PORTUGAL,

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints

Excellent Wine for Females

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities in gentle stimulant, tonic, diuretic and sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to anyother Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefiting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

a few well known gentlemen and physicians, who have tried the Wine.

MATHEWS
ARNICA
HAIR GLOSS

This is a new and invaluable preparation for preserving and beautifying the hair.

The wonderful virtues of Arnica in allaying and removing inflammation are universally known.

ARNICA HAIR GLOSS is a combination of these virtues, with other tried and excellent ingredients.

ARNICA HAIR GLOSS stimulates and invigorates the hair, prevents it from falling out—restores it when lost—promotes its growth and strength—renders it proof against all diseases.

ARNICA HAIR GLOSS permanently cures all irritations and eruptions of the scalp, and makes it healthy and fertile. For the removal of dandruff it has no equal. Its operations in this particular are magical and permanent.

ARNICA HAIR GLOSS is unequalled as a hair-dressing compound. It not only cleanses the scalp and invigorates the hair, but it renders the latter charmingly soft and lustrous. Its odor is particularly delicate and fragrant—the proprietor having taken especial pains to secure this result.

ARNICA HAIR GLOSS is the very best preparation for the hair ever discovered.

ARNICA HAIR GLOSS, notwithstanding its surpassing merits—is retailed at only Twenty-five cents a bottle, by all Druggists.

Love truth, do good, be just and fair with all;
Exalt the right, though every man fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of party generally. It is a spirit not to be encouraged. Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

Superior Ground Rock Salt.
A superior article of Ground Rock Salt is now manufactured at the CITY MILLS, ELM STREET, which may be relied on as being the very best quality for dairy and table use.
This Salt is put up in bags containing 20—10—5 lbs. each, and is for sale at the lowest Boston Cash rates.
All orders sent by mail or left at the Mills, will receive prompt attention.
WENDELL & MOSES.

Bulbs for Fall Planting
J. F. SHORES, JR., No. 1 CONGRESS BLOCK,
Has just received a fine lot of Bulbs just imported from Holland, viz:
Blue, Red and White HYACINTHS;
Parrott Tulips: Double Tulips; Single Tulips;
Pol anthus Narcissus; Double Jonquils;
Orange Narcissus; White Narcissus;
Yellow, Blue, White and Violet Crocus.
These bulbs can be planted during the month of October in the open ground, and they will flower in the Spring; or they may be planted in pots for house culture and they will flower in March.

Notice
To all Persons having business with the Relief Committee of the City of Portsmouth.
Persons having business with the above Committee are hereby notified that they will meet on FRIDAY EVENING of each week, at 7½ o'clock, at the Mayor's Office; and that they will attend to the business connected with said Committee *only* on the above evening. septl 3t

Probate Advertisements.
The language of the law relating to the publication of Probate Notices is:
"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."
Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.
Our terms are as low as those of any other paper.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)
75 State Street, opposite Kilby Street,
BOSTON,
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through its connections have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical books, with one and two bottoms, with and without tassels, for Ladies and Gentlemen Misses and Children.
Also, a lot of
Plain and Damask Linen Goods,
DIRECTLY IMPORTED, for sale at reasonable prices at J. S. PFEIFFER'S,
may13 59 CONGRESS STREET, up stairs.

HILL & CARR,
4 Market Street.

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!
The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.
"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.
The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.
The Port has a fine flavor and body; and The Port is excellent because it is pure.

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, NOVEMBER 12, 1862.

THE REBELLION.

The Richmond papers declare the Union expedition in North Carolina was a failure. They state that their loss was 2 killed and 31 wounded; and that our loss was very heavy, including one entire cavalry company cut up and destroyed.

Beauregard has ordered non-combatants to leave Charleston.

A Mobile dispatch, 6th, says that our troops had advanced in force to Lagrange, Tenn., and were advancing on Mobile.

The Savannah Republican says our forces were bombarding Tampa Bay, Fla., on the 3d.

By an order issued on the 10th, all officers in the Army of the Potomac, then absent, are directed to rejoin their commands within 24 hours, on pain of a dismissal from the service.

Gen. McClellan did not leave the army on Saturday, as it was impossible for him to make the arrangements for transferring his command. At 9 o'clock on Sunday evening, all the officers belonging at headquarters assembled at the General's tent to bid him farewell. The only toast given was by Gen. McClellan, "The Army of the Potomac." Gen. McClellan and Staff, accompanied by Gen. Burnside, on Monday bade farewell to his army, visiting in succession the several army corps, and being received with continuous rounds of cheers. A Washington dispatch says that all statements alleging disaffection in the army in consequence of the change in the command, are pronounced by those who have the best means of knowing, to be without foundation.

Gen. Burnside, on assuming command, issued an order, in which he says:

Patriotism, and the exercise of my every energy in the direction of this army, aided by the full and hearty co-operation of its officers and men, will, I hope, under the blessing of God, insure its success. Having been a sharer of the privations and a witness of the bravery of the old Army of the Potomac in the Maryland campaign, and fully identified with them in their feelings of respect and esteem for Gen. McClellan, entertained through a long and most friendly association with him, I feel that it is not as a stranger I assume command. With diffidence for myself, but with a proud confidence in the unswerving loyalty and determination of the gallant army now entrusted to my care, I accept its control with the steadfast assurance that the just cause must prevail.

It is now asserted that Gen. Hooker has been assigned to the command lately held by Gen. Fitz John Porter, who is about to be tried by court martial.

Heavy firing was heard Sunday at Gen. Sigel's headquarters in the direction of the Rappahannock, which leads to the belief that Gen. Pleasanton and Stuart were at it again. At night there was a rumor that Gen. Pleasanton had driven the enemy off.

Late Richmond papers report the discovery of a secret organization at Gainsville, Texas, the object of which was to murder all secessionists and take movable property to Missouri, burning what they could not carry. 500 militia collected and caught 29, and hung 2 of them. They are said to exist all along the frontier. They have secret signs and pass words.

Gen. Sigel's corps are attending to the possible movements of Jackson, who is believed to be still in the Shenandoah valley.

Lee is reported to be at Richmond, acting as rebel commander-in-chief and military adviser of the War Department. Johnston has command of the rebel army in Virginia, while the Merrimac No. 2 is said to be lying below Fort Darling, and ready for mischief.

Two U. S. vessels remain at Galveston, the others having gone onward toward the Rio Grande.

Gen. Schenck, it is said, will succeed Gen. Wool.

☞ It seems to be understood that the port of New York should have some additional forts and guns, to guard against possible invasion by rebel or foreign armed vessels,—and that all our harbors need similar defences.

Now that Gen. McClellan is relieved from field duty for the present, the country should have the benefit of his fine engineering talent,—and his superior knowledge and skill in that line. Our Government should give him a regiment or brigade of the best engineers and artisans which can be found in our army of volunteers, and as many contrabands and spades as he thinks can be employed in the work.

Furnish him also with guns as fast as he gets ready to mount them,—and let the new levies near him be reviewed and drilled under his direction, successively;—and New York will be in no danger from foes without.

☞ The funeral of Gen. Jameson took place at Upper Stillwater, Me., his place of residence, last Sunday, and was largely attended, although the day was very stormy. Bishop Burgess conducted the services.

THE NEXT CONGRESS.—Col. Forney in the Philadelphia Press, says the administration will have a fair working majority in the House of Representatives; but he counts upon seven emancipationists from Maryland, Virginia, Kentucky and Tennessee. On the other hand, the New York Commercial Advertiser thinks the Opposition will control the next House and elect the Speaker. The Boston Advertiser thinks the Opposition majority will be 10; and the Boston Post makes it 13. The Senate will be Republican by 10, standing 29 Republicans to 19 Opposition, if the 13 vacancies on the 4th of March should be filled by six Republicans and seven Opposition, as it is expected they will be.

NAVAL.—Side-wheel steamer Miami left Fortress Monroe on Sunday afternoon for the coast of North Carolina.

The U. S. sloop-of-war Constellation, Commodore H. K. Thatcher, was at Messina Oct. 18th, where she arrived on the 12th, from a two months' cruise in the Levant, on the coast of Syria and other places. Commodore Thatcher had an interview with the authorities of Syria in regard to the missionary who had been recently murdered. The result of which was, the assassin had been arrested, tried, and sentenced to be executed, thus restoring confidence to the other missionaries, fifty or more in that section of the country.

The steamer Vanderbilt sailed from New York Monday night in pursuit of the pirate Alabama.

☞ The draft in Wisconsin commenced on Monday. In some localities it passed off quietly. In Ozakie county the lists were seized by a mob and destroyed. The Commissioners were severely handled, and fled to Milwaukee, and in that city there were indications of trouble, complaints being made that injustice had been done to some of the wards. A crowd of men assembled, and marched through the city, to the number of 300 or 400, in procession. The result of the matter was that the draft was postponed.

☞ By a corrected count of the votes in the Massachusetts third district, Hon. Alexander H. Rice is actually elected. It appears that twenty-eight Democratic votes were thrown in South Boston having the name of Mr. Rice in place of Mr. Sleeper. The substitution was not noticed by the inspectors, and they were counted for Mr. Sleeper. The change will elect Mr. Rice by some twenty-two majority.

The returns from the State of New York are not yet complete, but it is evident that Seymour's majority for Governor will be about 10,000. The Assembly is a tie—64 to 64.

☞ A letter from on board the Hartford, dated Pensacola, Oct. 29th, says the U. S. steamer Montgomery, came in that morning with a fine side-wheel steamer, a prize, laden with arms and munitions of war, which she caught about 50 miles off Mobile, after a chase of seven hours. She was originally called the Arizona, but had changed her name to Carolina. She was commanded by Capt. Forbes of New Orleans, formerly of Amboy, N. J. She hails from Havana. When she was overhauled her crew commenced throwing overboard arms, &c., but did not succeed in making away with much of her cargo.

☞ A singular case of somnambulism occurred recently in France. A laboring man, while on a visit to a friend, got up from his bed, and opening the window, fell into the street from a height of fifteen feet, without awaking. He then walked through the town, and did not awake till he had arrived at the barrier, where he was surprised to find himself alone in his night dress.

☞ One Baskirk some time since got enraged against a man named Swift, seized him by the seat of his pantaloons and nape of his neck, and threw him off a wharf in New York. As an exhibition of strength it was pretty, but as an amusement expensive, for a jury recently awarded the injured Swift $5000 damage.

☞ The Sharp's Rifle Company, of Hartford, have declared another dividend of 12 per cent., being the second 12 per ct. dividend declared by this company within the last 60 days. Paying institution.

☞ Many capitalists are, it is said, purchasing diamonds and jewelry as the best and safest manner in which they can invest their money. Married ladies strongly advise such investments on the part of their husbands.

☞ Dr. Orestes A. Brownson, the variable philosopher, author and theologian, has been defeated for Congress in the Middlesex, N. J., District, by about five thousand majority.

☞ The Toronto Globe says there are but few Northern men in that city; but the South is strongly represented by secesh patriots.

☞ Seventeen thousand hogs were killed in Cincinnati between Monday and Thursday last.

NEW HAMPSHIRE ITEMS.

—— Geo. W. Bellows of Walpole, who has seen service, is appointed Major of the 17th Regiment, in place of Hon. Joseph B. Adams of this city, who declines the appointment.

—— Capt. Prentiss of the Cavalry was reported missing after the attack upon the Rhode Island Cavalry, last week. The Captain is at home on recruiting duty.

—— Rev. Paul S. Adams of Newport is Captain of a company of nine months' men.

—— The Nashua Manufacturing Company, a few months ago, contracted with the government, to furnish 400,000 pairs of cotton flannel drawers, for the use of the army, with the privilege of increasing the number to 500,000. They are now running their mills on full time and at their highest capacity, to supply the material.—The stock is taken from the mills, cut out according to the required patterns and prepared for the seamstress. It is stipulated in the contract that the sewing shall be done entirely by hand. No stitching machine work will be received under any circumstances. The work is parcelled out to women residing in Nashua and in many of the neighboring towns.

—— Dr. Joseph E. Janvrin of Exeter, connected with the 2d regiment, has been appointed Assistant Surgeon in the 15th regiment.

☞ A dispatch from Jackson, Miss., states that on that day a large amount of powder stored in a building used as a cartridge manufactory, exploded with a fearful concussion. Of the occupants of the building, boys, girls and young ladies, not one escaped. There were not less than 20, and may far overreach that number. The cause of the explosion is unknown.

☞ Mr. Stephen Bottsford, of New York, aged 29, on Friday evening cut his throat with a razor, in the presence of his father. He had retired at an early hour, but returned to the parlor, opened a drawer in the bureau, took therefrom a razor, and drew it across his throat. He was laboring under temporary insanity.

☞ A private letter from New Orleans says Gen. Butler recently took possession of large plantations near the city, and transferred a large number of loyal blacks to them for active service. The number of fugitive blacks in the Department of the Gulf is increasing at a rapid rate.

☞ During the last thirty-eight years, the last House of Representatives during each administration has been controlled by the opponents of the President.

☞ Paran Stevens has sold out the Revere and Tremont, and now runs only the Fifth Avenue, N. Y., and Continental, Philadelphia, so it is said.

☞ A fire at Augusta, Ga., on the night of Nov. 5th, destroyed a warehouse and stables and contents, composed of 6000 bales of cotton, some produce, &c. Loss will exceed $300,000.

☞ Mr. Norman Ward, who superintended the fitting out of Gen. Burnside's expedition, is to perform the same office for Gen. Banks' expedition.

☞ $500,000 worth of bonds, etc., stolen from the Bank of America, New York, on the 5th, were recovered by the police on Monday last.

☞ Water is now introduced into San Francisco through an aqueduct extending to Lake Honda, a distance of some thirty-two miles.

☞ MATHEWS' AERICA HAIR GLOSS is unequalled for the removal of dandruff. Its operations in this particular are magical, and their results are thorough and complete. Oct24 1md

Boy Wanted.

An active, intelligent BOY is wanted in a Store. Address immediately, in own hand writing, Box 1127, Post Office. 1wnov6

AT THE TEMPLE,

GOTTSCHALK.

ONE OCCASION ONLY.

The public are respectfully informed that

L. M. GOTTSCHALK,

(The Wonderful Pianist and Composer,)

Will have the honor of giving *ONLY ONE*

GRAND CONCERT in Portsmouth,

On FRIDAY EVENING, Nov. 14th!

When he will perform some of his latest compositions, which have caused so great a sensation in New York, Boston, Philadelphia, Baltimore and Washington.

Arrangements have been made with the celebrated Prima Donna

MISS CARLOTTA PATTI,

The principal Star of the Italian Opera, from the Academies of Music, New York and Boston, to appear jointly with

L. M. GOTTSCHALK.

Director and Conductor—MR. BEHRENS.

Admission 50 cts. Reserved Seats 25 cts. extra. Seats can be secured at W. R. PRESTON'S Drug Store, Congress street, and at S. F. COBB'S Music Store, Pleasant street, on Thursday morning at 9 o clock.

Doors open at 7½. Concert to commence at 8.

THE NEW ELECTRA.

Dr. PORTER, a member of the New York Electrical Institute, late Nos. 561 and 563 Broadway, but now No. 150 Waverly Place, having taken a tour into the country for a few weeks' recreation, and taken rooms at the Misses LARKIN'S, No. 16 Middle street, for a few days only, where he will prescribe for and treat *all Diseases*, female complaints especially, by the new system of Medical Electricity. Particular attention paid to Paralysis, Scrofula, Hernia or Rupture. Diseases of the Spine, Eye and Ear treated successfully.—What seems most incredible is, that many diseases, heretofore pronounced incurable, are often cured in a single day, and others in a few treatments. No shocks given in any case whatever.—The method of treatment is peculiar,—is unknown to others: by it the equilibrium is restored. The sensations experienced are perhaps the most delightful, soothing and invigorating known on earth. Even infants treated with the greatest success. No charge for consultation. No infectious diseases treated. Terms very moderate,—even less than at the institute. Office hours, for gentlemen, from 9 A. M. to 12 M. For] dies, from half past 1 to 5 P. M. Patients visited at their own homes after 5 P. M., *free of charge*, (if requested by note or otherwise.)

Call soon if you would avail yourselves of this opportunity, as the Doctor will remain but a few days only. All the medicines used are electrical.

For particulars and testimonials see circular headed *The New Electra.*

P. S. Patients are treated on the Sabbath at the same hours. novl1 isp&wlmo*

"Carbon Fluid"

Burns in any Fluid Lamp, gives more light, lasts as long, and is just as safe as the old style Fluid. For sale by L. LAIGHTON, 44 Market St.

Important to Females.

DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—they are mild in their operation, and certain in correcting all irregularities, Painful Menstrations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are invaluable, *inducing, with certainty, periodical regularity.* They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 60 to 69 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor Sold by Druggists generally.

For sale in Portsmouth by THACHER and PRESTON.

Local.

PRESENTATION.—Some of the personal friends of Captain Thacher and Lieuts. Wildes and Haven of Co. K 16th Regt., to the number of about 90, recently united in a subscription to procure a sword, sash and belt for each of them.

Messrs. Charles T. Emery, Henry S. Bodge, and A. L. Bennett, each furnished a set, and the selection of the articles reflected much credit upon the good taste of those gentlemen.

The presentation took place on the 6th inst., by letter. The correspondence we give below :—

Capt. Joseph H. Thacher, Lieuts. George T. Wildes and William A. Haven,

Gentlemen :—The undersigned, a committee representing many of your personal friends in this city, desire to present herewith to each of you a sword, sash and belt.

We have adopted this informal method of presentation, because it is inconvenient, as we learn, for you all to be in Portsmouth again at the same time, before your regiment leaves the State.

Do us the favor to accept these tokens of the friendship of your fellow citizens,—a friendship of no sudden growth, but the product of social and business intercourse extending through many years. You go forth as our personal friends; but at the same time as lovers of your country, and as representatives of the manliness and patriotism of Portsmouth. We may also add that we know that in volunteering to serve your country and state in the field, you are actuated by no sordid motives whatever; but that wherever stern duty is to be performed, or humanity exercised, towards the enemies of the Government, you will be no less brave and energetic soldiers than Christian gentlemen.

We can ask no more of you than that you shall, as we doubt not you will, maintain untarnished the fame which the sons of New Hampshire have ever enjoyed for soldierly virtue and bravery.

Yours, most respectfully and sincerely,
ALBERT H. HOYT,
WINGATE N. ILSLEY,
JOHN SISE,
Portsmouth, Nov. 6. *Committee.*

THE REPLY.

To Messrs. Albert H. Hoyt, Wingate N. Ilsley and John Sise, Committee, &c.

Gentlemen :—Your kind note of the 6th inst., accompanying the gift—from our friends and townsmen whom you represent—of a sword, sash and belt to each of us, has come safely to hand. Please to accept for yourselves, and signify to the kind friends whose committee you are, our heartiest thanks for the trusty weapons you have placed in our hands.

It shall be our endeavor to preserve, so far as in us lies, the honor of our charming city and of our beloved State.

In leaving our homes for the camp and the vicissitudes of a campaign, far from all that we hold dear, we do that which we deem the privilege, no less than the duty of all citizens who would preserve intact that freedom which, by the help of Almighty God, our fathers handed down to us.

Should we, retaining the blessing of health, return from the field, we hope to meet you all again and in person offer those thanks we can so feebly express with the pen.

Should we never return, think of us as men who did that which God gave us to do, placing our "trust in Him who doeth all things well." Believe us, gentlemen, with the greatest respect and sincerity,

Your much obliged friends,
JOSEPH H. THACHER,
Capt. Co. K 16th Regt.
GEORGE T. WILDES, 1st Lieut.
WILLIAM A. HAVEN, 2d "
Camp Banks, Concord, Nov. 8.

POLICE COURT, Saturday.—Maria Lunt, for larceny of money and clothing, was committed for trial at the April term of the S. J. Court. She is about twenty years of age. A few weeks ago she made application at the watch-house for lodging, on one Saturday night. This was provided her, and the next morning, as she stated that she had no friends and no money, she was sent by the City Marshal to the Alms House, the Superintendent of which, subsequently obtained employment for her at the house of Mr. Henry Peyser, near the City Farm. There she remained until Thursday evening,—nothing objectionable being noticed in her conduct or manner. On that evening, between five and six o'clock, Mrs. Peyser went up stairs for a few minutes, leaving her alone below; on returning she found the girl had disappeared. She soon found also that some articles of clothing were missing. Information was given to City Marshal Bragdon, on the same evening, it having been ascertained that some money also had been taken, and he at once commenced the search for her. It was fruitless on that night, but she was arrested in Boston on the next day, after something of a wild goose chase,—the Marshal having visited Newburyport, North Berwick and Dover.

It seems that, taking a shawl, some clothing and about $75 in money from Mr. Peyser's house, she came down to the city, and spent over fifty dollars of the money, for clothing, jewelry, etc., in about one hour. She then engaged a man to take her to Dover in a team the same evening, leaving the city about 7 o'clock.

Marshal Bragdon having learned of this fact, went to Dover with Mr. Peyser, on Friday morning. There, having obtained the assistance of Marshal Legg, they soon learned she had left for Boston in the 11 o'clock train. Before leaving she had had her daguerreotype taken, and by means of this a description of her was telegraphed to Boston, previous to the arrival of the train, and she was arrested just as she was stepping from the cars.

Five dollars of the money, and some of the articles which she had purchased with the remainder, were recovered. She is an old offender, and admits that she has been in jail at Alfred, Me.

This a long story, but it has a moral.

GOTTSCHALK'S CONCERT.—The concert at the Temple on Friday evening will be a musical entertainment the equal of which our citizens have seldom had an opportunity to attend. Prof. Gottschalk, the eminent pianist and composer, will perform some of his latest compositions, and the celebrated prima donna Miss Carlotta Patti, who has the reputation of being the most delightful concert singer in America, will give some of her finest performances. See advertisement.

S. J. COURT,—PORTSMOUTH.

TUESDAY.—The jury in the case Grenville vs. Rogers returned a verdict for defendant, thus pronouncing Jos. L. Locke's deed valid.

No. 114—Chas. Hodgdon vs. John Shannon, jr., was put on trial, Tuesday. This is a writ of entry for a lot of land on the Gravelly Ridge road, formerly belonging to John N. Sherburne. Goodall for Plaintiff Hacket for Dft.

☞ The Post-Office in this city opens in the morning at half-past 7 o'clock, and closes at half-past 7 in the evening. The afternoon mails are now open by half-past 5.

☞ The afternoon train on the Concord & Portsmouth railroad will hereafter leave this city, at ten minutes past four. The change was made on Monday.

☞ See you fair maides in another column, pricing Sambucci Grapes for Speer's Wine. It is an admirable article, used in hospitals, and by the first class families in Paris, London and New York, in preference to old Port wine. It is worth a trial, as it gives great satisfaction. ly.

GRACE'S CELEBRATED SALVE!
A Sure Relief for the Sufferer!

This Salve is a vegetable preparation, invented in the 18th century by Dr. WM. GRACE, surgeon in King James' army. Through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day; and was regarded by all who knew him as a public benefactor. The salve is used for the following diseases:—Burns, Bruises, Felons, Scald Head, Salt Rheum, Boils Scurvy, Sore Lips, Sore Ears, Swelled Nose, Ulcers, Lame Joints, Chilblains, Chapped Hands, Ringworms, Sprains, Fresh Wounds, Erysipelas, Scalds, Stings of Venomous Insects, Piles, Bunions, Frozen Limbs, Nettle Rash, Sore Breast, Wens, Eruptions, Festers, Shingles, Cancers, Whitlows, Itch, Stiles, Lame Wrist, and Sores and Wounds of the most virulent nature, without leaving a scar. It will also cure pimples on the face, and beautify the skin.

There are thousands who are suffering for months and even years in consequence of Sores and wounds that might be cured in a short time by the use of this great external salve. It has never failed to effect a speedy cure when properly applied. This Salve has none of the irritating heating properties of other remedies, but cools, cleanses and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand, for it will save them trouble, suffering and money; and in many cases it has saved life itself. The manufacturer receives testimonials daily, from some of our most distinguished citizens, expressing benefits derived from its use. This Salve is warranted to give perfect satisfaction in every disease that it professes to cure; if not, the money will be refunded

Price 25 cts. per box. Manufactured by WM. GRACE, Amesbury, Essex Co., Mass.

M. S. Burr & Co., 26 Tremont street, Boston, wholesale agents. All orders addressed to this firm or the manufacturer, will receive prompt attention.

One Box sent postpaid by mail to any part of the United States, on the receipt of 38 cents—or three Boxes for one dollar.

For sale in Portsmouth by WM. R. PRESTON and J. H. THACHER; and by respectable Druggists and country stores every where. m10

ANOTHER NEW STOVE!
THE MODEL COOK
FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann C. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Geo. F. G. Hadley, G. Melvin Hunttress, Jos. H. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trandy, Richard L. Randall, Geo. Rice, Jos. Penney, Capt. Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Rundell, Isaiah Wilson, Capt. E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cashman Pryor, of Trefethen's Island; Geo. B. Dixon, Samuel F. Pani, Elias Remick, Timothy Kane, Eliot; Wm. S. Locke, Benj. Renaud, Mrs. Wm. Locke, Kittery; E. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheapest Stoves for coal and wood—Coal hods—Patent Coal-sifters.
COAL LINNINGS,
and Repairing pieces for most of the stoves in use.
Job Work attended to with dispatch.

Also, **FRUIT** always for sale, in its season.

THE peculiar taint or infection which we call SCROFULA lurks in the constitutions of millions of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "*from* parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purity the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses**, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S

CHERRY PECTORAL,

The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

☞ ATTENTION, THE WHOLE! ☜

EYE, N. H., Feb. 26, 1858. "I hereby certify that my daughter has had rheumatism for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to no purpose, she was afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe pleuritic pains, which soon grew as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the abundant evidence I had of the good effect of Mr. Swett's Panacea in many such cases, I was encouraged to depend upon it for a cure in this case, and by taking my moderate pints by injection, which he prepared, and taking twelve bottles of Panacea, my Cancer was fully cured in about two months, and I have had no trouble from it since CAROLINE H. SWETT.

This statement of my wife is correct.

SYLVOR SWETT.

Portsmouth, N. H., April 18, 1861.

I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, causing many sores on my skin. And seven bottles of Dr. Swett's Panacea I believe have effected a radical cure, as I have had no sign of the complaint since. I believe this medicine to be the most sure remedy in the world for a humor.

HANNAH ROWE.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

Boston, Feb. 26, 1858. Dr. Swett:—"Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and would add—that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints."

WM. P. LEAVITT.

From ELDER I. CHESLEY, *Lee, May 21, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound, to the many daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may20o

Houses and Lands.

FRANKLIN HOUSE

Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the travelling public that has so long been extended to the house.

A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments connected with the street and dining hall by an independent staircase.

The house will be kept as a first-class hotel in every respect, and the proprietor will spare no pains to merit the patronage of those visiting this section of the State.

A good STABLE is connected with the house, where persons visiting Portsmouth with teams, will be promptly and carefully waited upon.

THE MAGEE

COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with brick, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and rod iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. L. Treadwell, Oren Brag-don, J. B. Upham, J. Woodman Moses, John R. Holbrook, Geo. H. Freeth, Frank Jones, C. C. Jackson, James H. Hinman, James Shaw, Charles A. Hodgdon, Charles Stimpson, Kittery; Thomas J. Tarlton, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also, on hand an assortment of the different sizes —of the—

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR WARMING

FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable furnace, would advise those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the great est amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this may complicated and expensive heating arrangements have been contrived, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection so common in other furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass from the coal, thus saving at least 20 per cent. of the properties of the best in the fuel.

No heating apparatus with the smoke pipe or flue on the top of the oven can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used.

We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, " Charles H. Mendum,
Henry F. Wendell, " John Sise, " and others.

SPEER'S SAMBUCI WINE,

PURE AND FOUR YEARS OLD,

OF CHOICE PORTO RICO FRUIT,

For Physicians' Use.

FEMALES, WEAKLY PERSONS, INVALIDS.

SAMBUCUS TREE, OF PORTUGAL,

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints

Excellent Wine for Females.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

a few well known gentlemen and physicians, who have tried the wine:

Gen. W. Scott, U. S. A. Dr. Ward, Newark,

DR. GOODALL,

DENTIST,

60 Congress St., PORTSMOUTH

This is a new and invaluable preparation for preserving and beautifying the hair

The wonderful virtues of Arnica in allaying and removing inflammation are universally known.

ARNICA HAIR GLOSS is a combination of these virtues, with other tried and excellent ingredients.

ARNICA HAIR GLOSS stimulates and invigorates the hair, prevents it from falling out—restores it when lost—promotes its growth and strength—renders it proof against all diseases.

ARNICA HAIR GLOSS permanently cures all irritations and eruptions of the scalp, and makes it healthy and fertile. For the removal of dandruff it has no equal. Its operations in this particular are magical and permanent.

ARNICA HAIR GLOSS is unequalled as a hair-dressing compound. It not only cleanses the scalp and invigorates the hair, but it renders the latter charmingly soft and lustrous. Its odor is particularly delicate and fragrant—the proprietor having taken especial pains to secure this result.

ARNICA HAIR GLOSS is the very best preparation for the hair ever discovered.

ARNICA HAIR GLOSS, notwithstanding its surpassing merits—is retailed at only Twenty-five cents a bottle, by all Druggists.

VOL. 21. PORTSMOUTH, N. H. THURSDAY, NOV. 13 1862. NO. 88.

The Chronicle.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"The Union as it was—the Constitution as it is."

"Bound to no party—to no sect confined:
The world our home; our brethren, all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every item fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. It serves in governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

Superior Ground Rock Salt.

A superior article of Ground Rock Salt is now manufactured at the CITY MILLS, Elm Street, which may be relied on as being the very best quality for dairy and table use.

This salt is put up in bags containing 20—10—5 lbs. each, and is for sale at the lowest Boston Cash rates.

All orders sent by mail or left at the Mills, will receive prompt attention.

WENDELL & MOSES.

Bulbs for Fall Planting.

J. F. SHORES, JR., No. 1 CONGRESS BLOCK,

Has just received a fine lot of Bulbs just imported from Holland, viz:

Blue, Red and White HYACINTHS;
Parrott Tulips; Double Tulips; Single Tulips;
Pol anthus Narcissus; Double Jonquils;
Orange Narcissus; White Narcissus;
Yellow, Blue, White and Violet Crocus.

These bulbs can be planted during the month of October in the open ground, and they will flower in the Spring; or they may be planted in pots for house culture and they will flower in March.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

American and Foreign Patents.

R. H. EDDY,

SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)

73 State Street, opposite Kilby Street,

BOSTON,

After an extensive practice of upwards of twenty years, continued in some instances in the United States; also in great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patents validity of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is more SUCCESSFUL in THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add, that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most *capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in securing inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their application into a form to secure for them as early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending.* Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

R. H. EDDY.

Boston, Dec. 2, 1861. sw

HILL & CARR,

4 Market Street.

BUY CALIFORNIA WINES.

They are the Purest!

The Best!

The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.

"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and The Port is excellent because it is pure.

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, NOVEMBER 13, 1862

☞ The only suggestions that we have seen, of any obstacles in the way of Volunteers voting, appeared in the Manchester Mirror, where it was stated that the expense of $5000, which an extra session of our General Court would cost, might be an objection to calling it: and in the same article it was alleged that such a call, by the present Governor and Council, might be taken, and probably would be taken, as a confession of weakness in the republican party.

To the first, the answer is, that it is better to expend $5000 than to disfranchise 10,000 voters who are as intelligent as any other 10,000 in the State, and who are peralling health and life in defence of our constitution, laws, and liberties.

And to the second, let us say that if the republican party, or any other, be really weak, the confession of it will hurt nobody; and if the parties should drop to pieces and new ones be formed, the world might not be quite ruined,—because principle and truth are indestructible and immortal.

But the volunteers really *ought* to vote, as a *right* and as a duty. No *party* will dare to raise a voice against it, because each party has claimed to have sent a majority of its adherents to the war! It is true that one or the other must be greatly mistaken, or else lie dreadfully;—and when the soldiers come to vote, we shall see where the error lies.

The objections, if any, must come in the shape of very narrow economy, or of fine-spun theories about some lack of power to do any new thing. But there is no valid objection, no restriction in our constitution or elsewhere, to prevent their voting, if authorized by our legislature. It ought to be done in season.

THE MISSOURI ELECTION is one of the singular events to be noticed in politics.—While the free States are voting against emancipation, the State of Missouri is going for it in its most ultra form, as advocated by the Gratz Brown school. Already four emancipation members are reported elected to Congress—Knox, Blow, Boyd and Loan, and the State ticket is said to be the same. The fact that Blair, the first Republican elected from a slave State, was thrown over in St. Louis, as too conservative, to make place for Knox, an immediate emancipationist, shows that Missouri, indeed the State has gone that way, will take her place by the side of Vermont and Massachusetts. It is not easy now to see what has produced this change, but probably most of the slaveholders were secessionists, and many of them have left the State, while the frequent rebel raids must have enraged every loyal man. We shall look for the details of this election with much interest.—*Newburyport Herald.*

☞ A man named George White, 50 years of age, who resides in Brooklyn, but does business in New York under the assumed name of T. H. Bentley & Co., was arrested on Tuesday in the latter city, for counterfeiting. Finished counterfeit plates, and vignettes, of a number of banks, including several in New England, were captured. White was formerly in the employ of the American Bank Note Company.

☞ The Washington correspondent of the Boston Herald writes that the freeing of the slaves in the District of Columbia, "has made little or no change in their domestic condition. Most of them still remain with their former masters and mistresses, while not a single one can be induced to leave the District."

EDITORIAL DELIGHTS.—If an editor omit anything he is lazy. If he speaks of things as they are, people get angry. If he glosses over, or smooths down, he is bribed. If he calls things by their proper names, he is a mullet. If he does, he is a rattlehead, lacking stability. If he condemns the wrong, he is a good fellow, but lacks discretion. If he lets wrong and injuries go unmentioned, he is a coward. If he exposes a public man, he does it to gratify spite—is the tool of a clique, or belongs to the "outs." If he indulges in personalities, he is a blackguard; if he does not, his paper is dull and insipid. —*Home Journal.*

☞ The steam frigate Minnesota was taken into the Dry Dock at the Portsmouth Navy Yard for repairs, on Wednesday.

The revenue cutter Caleb Cushing arrived at the Navy Yard on Wednesday.

☞ Mr. Aaron Sherman, employed in a grist mill at Newcastle, Me., slipped while oiling a shaft and fell between two cog wheels, where he was instantly crushed to death, causing the mill to stop.

The new pill just introduced is an infallible remedy for melancholy. It is made of fun and fresh air, in equal proportions, and is to be taken with cold water three times a day.

The Louisville Journal supposes that "the fortunes of war we hear so much about are the fortunes made by the army contractors."

The man who was "overflowing with the milk of human kindness" kept the cream for his own use.

THE REBELLION.

Gen. Ricketts, who commanded a division in the corps of Gen. Hooker, has been assigned to the command of the post of Harper's Ferry.

A considerable body of troops, including the Corcoran legion, is gathering at Fortress Monroe. It is understood to be intended to form a part of the expedition under command of Gen. Banks.

Gen. Rosecrans and staff reached Nashville on Monday night, and occupied the old headquarters of Gen. Buell. The report of the destitute condition of the inhabitants was false. The recent attack by the enemy was a feint to enable Morgan's guerrillas to destroy the railroad bridges, and the rebels are now retreating.

The Navy Department has received despatches from Rear Admiral Farragut, announcing the capture of Galveston, Corpus Christi, Sabine City, and the adjacent waters.

Col. Ford, of the 32d Ohio regiment, and Maj. Baird, of the 126th New York regiment, have been dismissed from the service, for the disgraceful surrender of Harper's Ferry.

The rebels, with a large force of cavalry, artillery and infantry, made an attack on Monday upon Gen. Pleasanton, at Amosville. Reinforcements from Gen. Wilcox's command were at once sent forward to support Gen. Pleasanton, who had no infantry, and was compelled to fall back. These having joined him, they drove the rebels back. Gen. Fenno at the same time advanced upon the town of Jefferson and occupied it.

The rebel army is reported to be massed at Culpepper.

The feeling in general throughout the Army of the Potomac is represented to be very warm and cordial, towards General Burnside.

Gen. Grant reports that 800 rebels at Garrettsburg, Ky., had been routed with 16 killed, 40 wounded and 25 prisoners. Many horses, mules, arms and equipments were captured. The rebels were driven out of the State. Our loss was 3 killed and 7 wounded.

The Richmond Dispatch of the 11th, says the Yankees (Gen. Foster's expedition) were concentrating their forces near Wilmington, N. C., to attack some point on the Wilmington and Weldon railroad.

Preparations for combined attacks on Charleston and Savannh it is said, are being gradually matured at Port Royal.

☞ Gen. McClellan, with his staff left Warrenton on Tuesday morning. The soldiers crowded around him at the depot, and in response to calls for a parting word, he said:—

"I wish you to stand by Gen. Burnside as you have stood by me, and all will be well. Good bye."

At dress parade on Monday, the following farewell address was read to the troops:

An order of the President devolves upon Maj. Gen. Burnside the command of this army. In parting with you, I cannot express the love and gratitude I bear to you. As an army you have grown up under my care. In you I have never found doubt or coldness. The battles you have fought under my command will proudly live in our nation's history. The glory you have achieved—our mutual perils and fatigues—the graves of our comrades fallen in battle and by disease—the broken forms of those whom wounds and sickness have disabled—the strongest associations which can exist among men—unite us still by an indissoluble tie. We shall ever be comrades in supporting the Constitution of our country and the nationality of its people.

☞ The Philadelphia Press says the new policy inaugurated with the removal of Gen. McClellan, contemplates hard fighting—earnest war—rapid marches—the utter ruin of every source of this rebellion's strength—short, quick, decisive campaigns, and speedy peace. The army is prepared to carry this policy into effect, and the country will gladly welcome every evidence of the sincerity and efficiency with which it is sustained.

☞ The San Francisco merchants have pledged themselves not to receive or pay out legal tender notes, except at the prevailing discount, but to adhere to gold and currency at the standard rates. It is the intention to have a pledge signed throughout the State, and to refuse credit to all who decline.

☞ Most of the riggers' gang at Portsmouth Navy Yard struck for higher wages a few weeks since—but we are glad to learn that most or all of them have returned to work, satisfactory arrangements having been made between the parties.

☞ The Boston Post says that two steamers, at a cost of three thousand dollars a day, were kept there five weeks, waiting for troops.

☞ The "detectives" in New York recovered the Bank of Commerce's trunk containing $500,000, by means of a $2000 bribe to a noted receiver.

☞ Rev. Morgan Dix, son of Gen. Dix, has been chosen Rector of Trinity Church, in place of Rev. Dr. Berrian, deceased.

NEW HAMPSHIRE ITEMS.

—— The N. H. Battery accompanied Pleasanton's Cavalry in the pursuit of the enemy. They crossed the Potomac on a pontoon bridge at Berlin, and drove the rebels through Wheatland, Purcellville and other towns, to Ashby's Gap. All the way down they were constantly engaged in skirmishes with the retreating foe. At last accounts they remained at the Gap, waiting for reinforcements to come up.

—— Measures have been taken for building a carriage road from the Crawford House to the top of Mount Washington.—The road which has already been located, will be surveyed in the spring and built as fast as possible, thus forming a direct carriage route from the White Mountain railroad at Littleton, to the summit of Mt. Washington.

—— It is stated that the 15th Regiment of N. H. Volunteers, Col. Kingman, will leave camp at Concord to-day, (Thursday.) It is expected they will proceed to New York to join the force collecting there for Gen. Banks' expedition.

—— In Ossipee, last week, some of the foremost of a drove of cattle, 200 in number, became suddenly frightened, and rushing back, turned the whole herd upon their drivers, who were compelled to flee to their carriages to prevent being trodden under foot. Some of the cattle in their fright leaped entirely over the carriages.

—— The cultivation of flax is urged upon the people of New Hampshire by various authorities worthy of attention.

—— The men of the 3d regiment who were captured on Pinckney's Island, South Carolina, last August, have been paroled and are at Annapolis, Maryland.

—— Twenty-seven of the contrabands, who came her in the U. S. steam frigate Minnesota, will visit Dover on Sunday evening next, and relate some of their experience.

—— Gen. Hooker, in his official report of his campaign in Virginia, thus speaks of Capt. Godfrey, of Hampton Falls, who went out as a Quartermaster of the 2d regiment:—

I desire to make honorable mention of Capt. John S. Godfrey, the Assistant Quartermaster of the Division, for his zealous, faithful and meritorious services in the performance of all of his duties from the commencement of the campaign.

For the Chronicle.

Mr. Editor:—I find in your paper of Wednesday morning the statement that the jury by their verdict in the suit of Grenville vs. Rogers, pronounced the deed of Ham to Locke valid, which I conceive to be an error. The Court instructed the jury, should they find a verdict for defendant, to return upon what issue they so found: they accordingly returned an informal verdict, that there was no sufficient notice of the defect in Locke's title, fixed upon the defendant at the time of his purchase.

Inasmuch as the question of the validity of Locke's deed was to be first considered by them, and if they found it valid, they were to return a verdict for defendant, without proceeding to the consideration of the last issue of notice,—it is to be presumed that they did find the deed to Locke was invalid; but notwithstanding the defect in Locke's title, the defendant was not proved to have notice of it when he made his purchase.

☞ Lieut. Johnson, of the 17th Ky. Regt., (Union) resigned on account of the Proclamation. Gen. Cook ordered him to be arrested and sent to the military prison in irons. After ten or fifteen days' confinement, no charge having been preferred against him, Gen. Boyle released him, ordering him to join his regiment without delay. He again tendered his resignation on the same ground, when he was placed under arrest and dismissed from the service in disgrace and his insignia of office stripped from him in the presence of the whole regiment. Gen. Rosecrans' orders on the subject were read at the head of the regiment.

☞ The charges against Gen. Fitz John Porter cannot be investigated until the arrival of Gen. Pope.

A dispatch from Gen. Pope gives the names of three hundred Indians condemned to be hung, and requests the approval of the court-martial sentence. The President replied that only the ringleaders shall be executed.

☞ Three hundred sailors from the receiving ship Ohio, to form the crew of the Colorado, at the Portsmouth Navy Yard, arrived on Monday afternoon and the ship at once went into commission. The Colorado is to be the flag ship of Rear Admiral Lardner, whose headquarters are at Key West.

☞ The Secretary of the Treasury borrowed money of the New York banks on Tuesday, to pay the Army of the Potomac.

☞ The Agent of the Associated Press is officially authorized to say that all reports of Cabinet divisions are groundless.

WEDNESDAY.—The case of Hodgdon vs. Shannon was given to the jury on Wednesday afternoon, having occupied the Court during the day.

☞ Gen. Buell is under arrest and will be tried in Cincinnati for misconduct in the Kentucky campaign.

L. M. GOTTSCHALK.—As already announced this celebrated Pianist, will give a concert at the Temple on Friday evening. Of him it is unnecessary to speak at length. The rapidity of his fingering, his clear, crisp touch and perfect time, place him almost beyond competition in this or in any other country. Of Miss Carlotta Patti's sweet voice and her manner of using it, an exchange says:—

"Patti's appearance was the signal for great applause, a tender, we may suppose it may have been regarded, of affection for the whole Patti family. She sang, and the first greeting was surpassed by a still heartier expression, this time to be taken as a special and genuine token of admiration for her alone. Her voice has all the clearness of her sister Adelina's and discloses equal facility and compass. Nothing can surpass the purity and dazzling charm of her execution. She disports her voice as a toy is bandied in the hands of a child—up and down, fast and slow, hither and thither—now softly controlling it, and giving forth the smoothest and most dulcet tones—then trilling and cooing softly as a dove might woo her mate—again suddenly breaking away from restraint, and running a brilliant scale to the very limit of perfection, as it seems, of vocal expression—all seemingly without effort, and with a grace that made the charm irresistable. No wonder the audience applauded so spontaneously and heartily."

OSSIAN AGAIN.—Ossian E. Dodge, the quaint, droll, side splitting Ossian, whose delightful melodies and refined humor have so often put our citizens in good humor with themselves and all the rest of mankind, is once more "dodging" about, and will give one of his genial and button persuading entertainments at the Temple, on Wednesday evening, November 19, when he will be assisted by Mr. William Hayward, the celebrated balladist, whose masterly rendition of "Come this way, my Father" and "The Dying Boy," was received with such unbounded applause when he sang here with Mr. Dodge last winter.

Thursday evening, Nov. 20th, Messrs. Dodge and Hayward will sing in Armory Hall, Kittery.

"He made a few desultory remarks," said the schoolmaster. Mrs. Partington stopped suddenly in the bustle she was making around the table for tea, and gazed over her specs thoughtfully at him. Leaning on a plate edgewise, as if to enforce her views by the support it gave her, "I suppose it was because he was weak," said she, "but AYER'S PILLS will cure him. I never knew 'em to fail. They are very solitary in such cases." "Really, madam," replied he, "I cannot guess your meaning." "You said dysentery," said she, laying down the plate and putting a spoon in the preserves. "I said desultory," said he, smiling, "quite a different thing." "No matter," said she, looking up in time to box his ears, who was putting paper down the chimney of the kerosene lamp, "the Pills are good for both, I dare say, for they cure almost all the diseases in the cornucopia." 63

☞ We learn that Lieut. Dow, who was wounded in the hand at the battle of Cedar Mountain, acknowledged that he was cured by the use of Grace's Salve, after other remedies had failed.—Amesbury Villager.

GRACE'S SALVE.—Attention is invited to this popular medical agent for the cure of wounds. Those who have tried it, either for wounds or humors, recommend it in the highest terms. The testimony of prominent physicians speaks loudly in its praise.—Boston Traveller.

Attention!

THE HOME GUARDS are hereby notified to meet at JEFFERSON HALL, THIS EVENING. Roll called at 7½ o'clock.

Nov. 13. Per order.

☞ A rejoinder by Gen. Scott to Mr Buchanan is published. He explains why his first statement was prepared, and the apparent discrepancies which Mr. Buchanan points out. His object was to save to the Union, all the forts, etc., until Congress could authorise a call for volunteers,—"a call which the President might have made without any special legislation, with the full approbation of every loyal man in the Union." Small garrisons at that time could have held forts Jackson and St. Philip.—Although Mr. Buchanan declares that he alone was responsible for all the acts of his Administration, Gen. Scott "would be very sorry to believe that the ex-President specially consented to the removal by Secretary Floyd of 115,000 extra muskets and rifles to southern arsenals;" or to Floyd's order for the transfer of 140 pieces of artillery from Pittsburg to Galveston and Ship Island for forts not yet erected—which latter robbery Gen. Scott prevented

Portsmouth, Nov. 8, 1862.

THE NEW ELECTRA.

Dr. PORTER, a member of the New York Electrical Institute, late Nos. 561 and 563 Broadway, but now No. 150 Waverly Place, having taken a tour into the country for a few weeks' recreation, and taken rooms at the Misses LARKIN'S, No. 16 Middle street, for a few days only, where he will prescribe for and treat *all Diseases*, female complaints especially, by the new system of Medical Electricity. Particular attention paid to Paralysis, Scrofula, Hernia or Rupture. Diseases of the Spine, Eye and Ear treated successfully.—What seems most incredible is, that many diseases, heretofore pronounced incurable, are often cured in a single day and oftener in a few treatments. No Shocks given in any case whatever.—The method of treatment is peculiar,—is unknown to others; by it the equilibrium is restored. The sensations experienced are perhaps the most delightful, soothing and invigorating known on earth. Even infants treated with the greatest success. No charge for consultation. No infectious diseases treated. Terms very moderate,—even less than at the Institute. Office hours, for gentlemen, from 9 A. M. to 12 M. For ladies, from half past 1 to 5 P. M. Patients visited at their own homes after 5 P. M. *Fee of charge*, (if requested by note or otherwise.)

Call soon if you would avail yourselves of this opportunity, as the Doctor will remain but a few days only. All the medicine used are electrical.

For particulars and testimonials see circular headed *The New Electra.*

P. S. Patients are treated on the Sabbath at the same hours. nov11 1sp & w1mo*

Important to Females.

DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstruations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and wherever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are invaluable, *inducing, with certainty, periodical regularity.* They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor Sold by Druggists generally.

BUY CALIFORNIA WINES.

They are the Purest!
The Best!
The Cheapest!

☞ The "sunny slopes" of "Los Angeles" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.

"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and The Port is excellent because it is pure.

GRACE'S CELEBRATED SALVE!

A Sure Relief for the Sufferer!

This Salve is a vegetable preparation, invented in the 17th century by Dr. WM. GRACE, surgeon in King James' army. Through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day; and was regarded by all who knew him as a public benefactor. The Salve is used for the following diseases:—Burns, Bruises, Felons, Scald Head, Salt Rheum, Boils' Scurvy, Sore Lips, Sore Ears, Swelled Nose, Ulcers, Lame Joints, Chilblains, Chapped Hands, Ringworms, Sprains, Fresh Wounds, Erysipelas, Scalds, Stings of Venomous Insects, Piles, Bunions, Frozen Limbs, Nettle Rash, Sore Breast, Wens, Eruptions, Festers, Shingles, Cancers, Whitlows, Itch, Sties, Lame Wrist, and Sores and Wounds of the most serious nature, without leaving a scar. It will also cure pimples on the face, and beautify the Skin.

There are thousands who are suffering for months and even years in consequence of Sores and wounds that might be cured in a short time by the use of this great external Salve. It has never failed to effect a speedy cure when properly applied. This Salve has none of the irritating heating properties of other remedies, but cools, cleanses and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand, for it will save them trouble, suffering and money; and in many cases it has saved life itself. The manufacturer receives testimonials daily, from some of our most distinguished citizens, expressing benefits derived from its use. This Salve is warranted to give perfect satisfaction in every disease that it professes to cure; if not, the money will be refunded.

Price 25 cts. per box. Manufactured by WM. GRACE, Amesbury, Mass.

M. S. Burr & Co., 26 Tremont street, Boston, wholesale agents. All orders addressed to this firm or the manufacturer, will receive prompt attention.

One Box sent postpaid by mail to any part of the United States, on the receipt of 28 cents—or three Boxes for one dollar.

For sale in Portsmouth by WM. E. PRESTON and J. H. THACHER; and by respectable Druggists and country stores everywhere. mly

ANOTHER NEW STOVE!

THE MODEL COOK
FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately as a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long, or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Pullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Jos. D. Ackerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Canney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Bennett, Henry F. Gerrish, John Harratt, Thos. Murphy, Capt. Wm. Lambert, Joseph Stiles, John Sentor, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Jonathan Randall, Jonath'n Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cashman Pryor, of Trefethen's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Furnald, Mrs. Wm. Locke, Rittery; R. F. Gerrish, Kittery Point; Hon. Clement Marble, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautifol coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all buried, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Cool-hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Gleet, Stricture, and distress in the region of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending the care of chemes, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr. D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and Limbs, Dimness of the head, Dizziness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, symptoms of Consumption, &c. The fearful effects on the mind are beyond to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, are some of the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your case. Dr. Dow has also for sale the French Capsules, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

April 7—1y 8taw.

CAUTION

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the womb, Fluor Albus, suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedily and guaranteed in a few days. So invariably certain is the new method of treatment, that most obstinate complaints yield under it, and the afflicted persons soon rejoices in perfect health.

Dr. Dow has no doubt late the greatest experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges himself superior to any other Physician.

N. B.—All letters must contain four red stamps, or they will not be answered.

Offices from 9 A. M. to 9 P. M.

April7, 1862—1y8taw

CERTAIN CURE

In all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

Dr. Dow's Female Pills for sale a new article, called the FRENCH MODEL. Order by mail. Two for $1 and a red stamp.

FRANK W. MILLER, Proprietor.

Portsmouth, Feb. 1. 1862.

ATTENTION, THE WHOLE!

RYE, N. H., Feb. 28, 1845. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no doubt but the cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have used it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe pleuritic pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the worst character. And from the strongest evidence I had of the good effect of Mr. Swett's Panacea in many such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prepared, and taking twelve bottles of Panacea, I was fully cured in about three months, and I have had no trouble from it since

CAROLINE B. SWETT.

This statement of my wife is correct.

SIMEON SWETT.

Portsmouth, N. H., April 18, 1861.

I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, causing very great pain, loss of sleep, and even bottles of Dr. Swett's Panacea I believe have effected a radical cure, as I have had no sign of the complaint since. I believe it will prove to be the most sure remedy in the world for Humors.

HANNAH ROWE.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

Exeter, Feb. 24, 1858. Dr. Swett:—"Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and would add—that by the use of it, my health has been greatly improved. I therefore believe that your medicine is superior to any other medicine I ever used for humors and consumptive complaints."

WM. P. LEAVITT.

From ELDER I. CHESLEY, *Lee, May 31, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my little son, of months, without any scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named. ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may25d

Houses and Lands.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, so dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be confined day and night for weeks together, thus saving the expense of re kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. L. Treadwell, Oren Bragdon, J. H. Upham, J. Woodman Moses, John H. Holbrook, Geo. B. French, Frank Jones, C. C. Jackson, James H. Phillips, James Shaw, Charles A. Hodgdon, Charles Stimpson, Kittery; Thomas J. Burton, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes of the

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR WARMING
FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management, it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating furnaces have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases have a slighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke pipe or flue on the top of the coal can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of the air, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 20 to 60 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best furnace in the world—and would refer them to the following named gentlemen, who have them now in use:

WE REFER TO

Samuel Cleaves, Esq., Albert R. Hatch, Esq., Aaron M. Hill, Charles H. Meadum, Henry F. Wendell, John Sise, and others.

Portland and New York Steamers.

The splendid and fast Steamship "CHESAPEAKE," Captain Sidney Crowell, will until further notice run as follows:

Leave Brown's Wharf, in Portland, every WEDNESDAY, at 4 o'clock P. M., and leave Pier 9, North River, New York, every SATURDAY, at 4 o'clock P. M.

The vessels are fitted up with fine accommodations for passengers, making this the most speedy, safe and comfortable route for travelers between New York and Maine. Passage $5 00, including Fare and State Rooms.

Goods forwarded by this line to and from Montreal, Quebec, Bangor, Bath, Augusta and St. John. Shippers are requested to send their Freight to the steamer as early as 3 P. M., on the day that she leaves Portland. For Freight and Passage apply to

EMERY & FOX, Brown's Wharf, Portland.

SPEER'S SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physicians' Use,
FEMALES, WEAKLY PERSONS, INVALIDS
AND
SAMBUCUS TREE, OF PORTUGAL,

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians and others in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, generous flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

a few well known gentlemen and physicians, who have tried the Wine:

Gen. W. Scott, U.S.A. Dr. Ward, Newark.
Gov. Morgan, N.Y. State Dr. Wilson, 11th St., N.Y.
Dr. Parker, N.Y. City Dr. Dougherty, Newark
Dr. R. Chilton, " Dr. Parish, Phila.
Dr. Dorland, Mitchell, Newark, N. J.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J." is over the cork and both bottle.

Make One Trial of this Wine.

MATHEWS' VENETIAN LIQUID HAIR DYE.

☞ MATHEWS' VENETIAN HAIR DYE.—This celebrated Dye was first prepared in 1845; since that time it has been USED BY THOUSANDS and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade crock, nor wash out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL softness of the HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest, safest, most convenient, most successful, and most *permanent* Dye ever used.

SOLD BY ALL DRUGGISTS.

The Chronicle.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"The Union as it was—the Constitution as it is."

"Bound to no party—to no sect confined;
The world our home; our brothers, all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every ism fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

Superior Ground Rock Salt.

A superior article of Ground Rock Salt is now manufactured at the CITY MILLS, ELM STREET, which may be relied on as being the very best quality for dairy and table use.

This Salt is put up in bags containing 20—10—5 lbs. each, and is for sale at the lowest Boston Cash rates.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

American and Foreign Patents.

R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)
75 State Street, opposite Kilby Street,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Research into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that more SUCCESSFUL BUSINESS IN THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy,* and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents,

Mr. R. H Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending.* Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor,* by the Commissioner of Patents.

R. H. EDDY.

HILL & CARR,
4 Market Street.

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!
☞ The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.
"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.
The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.
The Port has a fine flavor and body; and
The Port is excellent because it is pure.

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, NOVEMBER 14, 1862.

ANOTHER OBJECTION.—The Concord Patriot contains an objection to the soldiers' voting, which we had not seen when we penned the article on the subject in Thursday's paper. The Patriot says:

"We said last week, and repeat it now, that we should like well to have a free, full and fair vote of all the soldiers. * * We did not object to the proposition on party grounds; but, as we said distinctly, *because* we knew that the Republican leaders do not want and would not have a full and fair vote of the soldiers."

The Patriot then alludes to frauds in the Iowa soldiers' voting, and adds:

"It is because we have too much reason to fear like frauds in our own regiments, that we *object* to the proposal to take the votes of our soldiers. But if such measures can be taken as will insure a fair vote—as will enable every soldier to vote as his feelings and judgment may dictate, and ensure also a correct return of their votes, then we will join cordially in the effort to have the vote taken."

The objection thus turns out to be only a fear of fraud—and can easily be obviated by a proper law on the subject, for which purpose there should be a special meeting of the General Court.

☞ Mr. Seymour, elected Governor of New York, has made a speech, mild, conciliatory, and loyal. He does not claim his election as a partizan triumph, but says it was won by conservative men, heretofore belonging to different organizations. Of the President he says: "He will receive from us that which he has not had from those who claim to be his peculiar supporters—a cheerful, unconditional obedience to his rightful demands, whether they meet our views of policy or not." He declares his position on the war as follows: "We hold up to the people of the South, not only the penalties of disobedience, but all the blessings and all the advantages of submission to the Constitution. Unyielding and exacting on the one hand in our demands for obedience, we are scrupulous and just in giving every right to those who shall yield to the government made by our common fathers."

☞ The trial of Capt. Ericsson's new invention, which is to decide whether a 15-inch gun can be fired without protruding through the port-hole or a turret, has not yet taken place. Iron-clad steamer Passaic, was sent down New York harbor merely for the purpose of ascertaining the force of the concussion produced by firing so tremendous a cannon within so small a place. In a few days the new plan will be tested. If successful, a new era in naval warfare begins.

A trial was made of the 15-inch Dahlgren gun at the Washington Navy Yard on Saturday evening. An iron target, 9 inches in thickness, was placed at a distance of 500 yards, and a nearly solid shot fired. The ball made an indentation, but did not penetrate. It was, however, shattered, and the fragments rebounded and fell among the persons in the Yard. If the shot had been perfectly solid, there is little doubt it would have penetrated the target with ease.

☞ Mr. Truman Head, known as California Joe, is in Philadelphia, on his way home to California, his right eye having become impaired by frequently scrutinizing the countenances of rebels through a telescope, with rifle attached. Recently his rifle was struck by a ball, which glanced and scraped his nose and cheek, leaving a deep scar, but doing him no further injury. By the advice of a physician he has, for the present, retired from active duty, having received a brief furlough.

☞ Mr. Talack Brouback, a rigger, was instantly killed in Newburyport on Wednesday noon. He was hoisting a pump from a well on Market street, which canted and struck him on the back, felling him to the ground, crushing him almost instantly to death.

☞ No less than eight prizes were lying in the harbor of Key West, on the 3d inst., awaiting adjudication by the Admiralty Court. Yellow fever had entirely disappeared from the town, but two cases had occurred at Fort Jefferson, on Tortugas Island. They were of a mild type, however.

☞ The Mobile Tribune says, Bishop Elliot of Georgia announces that the union of the Dioceses of Texas, Mississippi, Alabama, Georgia, the Carolinas and Virginia is completed under the name of the Protestant Episcopal Church of the Confederate States of America. The first General Council will meet at Augusta, Ga., Nov. 12.

☞ The Ozaka (Wis.) county mob, not content with destroying the draft-box and rolls, attacked the private residences of several prominent persons, stealing and demolishing everything they could lay their hands on, and maltreating all who refused to side with them. The Provost Marshal with 500 infantry, arrested 50 of the rioters.

THE REBELLION.

The Richmond Whig of the 10th says:—"Gen. Van Dorn takes upon himself the responsibility for the failure in his last battle at Corinth. He says it arose from neither the fault of his officers or men, but was his own misfortune."

Gov. Brown, of Georgia, in a special message to the Legislature, takes ground against the conscript law.

The rebels say that our troops at Corinth are largely reinforced and are fortifying, entrenching, and making every preparation to hold that place.

A letter from Holly Springs to the Mobile Tribune says there are not 1000 blankets in Price's entire army, their blankets and knapsacks having been nearly all thrown away in the retreat from Iuka and Corinth.

It is reported that our army, which is now massed in the vicinity of Warrenton, has been at a stand still since the receipt of the order transferring the command to Gen. Burnside. It is not believed that Gen. Joe Johnston, now in command of the rebels at Culpepper, will venture to accept a serious battle this side of the Rapidan.

The N. Y. Herald has a letter from Gen. Foster's expedition, dated Nov. 4th. They had just taken Hamilton, N. C., by a grand cavalry charge and combined gunboat movement. The enemy were in strong force, and precipitately fled to Tarboro, whither our forces would immediately follow them. The gunboats had a few moments' engagement with the enemy, as they came up Roanoke river. Gen. Foster's command had a severe engagement Sunday night with 3000 rebel infantry, at a breastwork supported by six pieces of artillery. We killed and wounded 60 of the enemy. Our loss was ten.

The latest news from Memphis says that the rebels are still at Holly Springs, but all their war material, stores and provisions have been removed across the Tallahatchie river.

The Vicksburg Whig says an extensive Abolition society has been discovered in Northern Texas. Their object is to resist the conscription and co-operate with the Federal army.

FOREIGN.—Mr. Cobden has addressed his constituents at Rochdale. He referred t American war, and said it would be a waste of time for foreigners to attempt to influence the combatants. To interfere or recognize the South would do more harm than good, and fail to bring forward cotton. Interference by force would do more than anything to strengthen the Federal Government, and the cost to England in six months would be more than sufficient to feed the distressed cotton operatives for ten years. He spoke of the extravagance of the Palmerston Government, and advocated retrenchment.

The Times' city article says Lord Lyons took out the full assurance that while England will be eager, in concert with other nations, to promote the permanent return of peace, she will meanwhile individually refuse to depart one hair's breadth from the course of non-interference.

The Daily News remonstrates with President Lincoln upon Wilkes' appointment, and recommends his removal.

The screw frigates Galatia and Emerald have sailed to reinforce the West India squadron.

IRON-CLADS IN THE U. S. NAVY.—Our navy now numbers nearly 400 vessels, of which 52 are iron-clad, and 14 of them already in service. We have 11 rams, 5 steam frigates, 24 screw sloops, 84 screw steamers, and 95 side-wheel steamers; not to mention a multitude of small steamers, ferry-boats, ships-of-the line, and old sailing frigates.

☞ U. S. Treat, Esq., who owns "Treat Island," near Campobello, and is largely engaged in the herring fishery, has found it more profitable to press the fish for their oil than to smoke or salt them for market. The practice has been largely adopted by the eastern fishermen. The remains of the fish are prepared by drying and grinding, for manure, which sells at twenty dollars per ton.

☞ Since the commencement of the rebellion nearly 450,000 troops have reported themselves for duty at Washington. These figures do not include the three months' men.

☞ The bark Restless, a sailing craft of our navy, has made no less than seventeen captures of prizes (English and rebel) since the 14th of February last. She is commanded by Lieut. Edward Conroy.

☞ An iron-clad rebel steamer run the blockade at Charleston, Oct. 18th. The blockading fleet fired twenty-two shots at her, but they rattled off her sides like hailstones.

A COSTLY VOTE.—Mr. Martin Ryan, of Webster, Mass., has been fined $100 and costs for casting an illegal vote at the late election.

☞ No officers in the Army of the Potomac have resigned since the change of commanders.

LETTER FROM NEW YORK.

From our Regular Correspondent.

"CLINTON PLACE," N. Y., Nov. 5.

Dear Chronicle:—New York being the most important city of the Union, and at the same time populated by the very cream of the most intellectual, and sagacious portion of the inhabitants of this ex-combinations of States, an election among them is necessarily one of those epochs, which like figures on the clock dial, mark the divisions of record Time.

After listening nightly for several weeks to the harangues of some of the brightest lights (gas lights) of our political oratory, we passed through an election on Tuesday which very happily resulted in favor of the party polling the most votes. The result has astonished even the most sanguine of the winning partizans. Seymour's majority in the city is over 31,000; all of the six representatives elected are of the same party, including both Fernando and Ben. Wood, and also 13 out of 17 members of Assembly.

Last year the city was carried by the Republicans, and the revolution is almost unparalleled. This too in a city where the oft heard argument that "all the Republicans have gone to the war" is of no avail, it being conceded that the political complexion of the city volunteers—the cornboys, six ward-its and the like—is two to one, nearly, in favor of the Democrats.

Fernando Wood, is sent "marching on" with 5000 majority, and the largest vote ever polled in the district, and dispite his dishonesty and rascality, many of our most respectable citizens congratulate themselves, on the election of one so capable and sagacious, such a fearless and indomitable expounder of their principles. Verily the star of the "unwashed and unterrified" is in the ascendant!

The incidents of the day were numerous and amusing, and the canvass was the best contested, and the most exciting one since the Clay election. Amid the enthusiasm at one of the headquarters, a friend of mine seconded a cheer by twirling his hat into the air; another came down in its place, which he unwittingly appropriated, but discovered in the morning that it wasn't a fair exchange. During the night fires illuminated the corners, and ash-barrels, goods-boxes, and everything else combustible was consigned to the flames. While at breakfast this morning, our friend's servant reported the ash barrel missing from the pool. A profane expression trembled on his lips, as this was no new depredation, but glancing at the election returns, he answered—"Never mind the ash-barrel, Biddy, 'twasn't the only thing *wood* that went in a staving way yesterday!"

Portsmouth has been well represented in the Metropolis during the few weeks past, and I've had the pleasure of meeting and seeing on our avenues, the honored candidate for Representative from your district, an ex-Mayor, several of Portsmouth's ship-Captains, a journeying Divinity, and a gentleman of the book trade; and in a casual glance through the store door one day, I caught sight of another party of three rolling up Broadway in a carriage.

Since my last, as you will see by the heading, I've changed my position slightly, my migratory tendencies, and the tendency of the thermometer, having prompted me to follow its example and come downward, and city ward. Unfortunately we are located within a quarter of a block of Avenue five, but I suppose this nor any other trivial occurrence will exclude a column of New York gossip occasionally.

And here the close of my letter reminds me to ask your readers the most probable reason why Joseph's brothers put him in a pit?

NEWINGTON.

JUNIOR OFFICERS IN THE NAVY.—There is at the present time a great demand for junior officers in the Navy, in consequence of the large number of vessels now fitting out for expeditions and cruises along the Southern coast. The position of master's mate may be obtained by any capable young man who has seen three or more years of service in merchantmen or other vessels. Application for an examination must be obtained from the Secretary of the Navy, and is usually granted where certificates of character are satisfactory.

☞ Gen. Wool, in a letter to the Baltimore Sun, expresses indignation at the finding of the Harper's Ferry Commission, which censured him for placing an incapable officer in command of that important post. He states that Col. Miles was placed there by Gen. McClellan before he assumed control of the Department; and had been ordered by the Secretary of War to report directly to that Department.

☞ Preparations are being made to elect Representatives to the present Congress from districts in Tennessee, on the occupancy of the Federal troops. Gov. Johnson will probably soon issue a proclamation to that effect.

☞ Patti has been engaged by the Director of the Karl Theatre, Vienna, for thirty performances, and is to receive $10,000 for her services.

BURIED TO-DAY.

Buried to-day
When the soft green buds are bursting out,
And up on the south wind come a shout
Of village boys and girls at play,
In the mild spring evening gray.

Taken away
Sturdy of heart, and stout of limb,
From eyes that drew half their light from him,
And put low, low, underneath the clay,
In his spring—on this spring day.

Passes away
All the pride of boy-life begun,
All the hope of life yet to run;
Who dares to question when One saith "May,"
Murmur not—only pray.

Enters to-day
Another body in churchyard sod,
Another soul on the life of God.
His Christ was buried—and lives alway;
Trust Him, and go your way. —*Miss Muloch.*

☞ The remains of a female, apparently about twenty years of age, were found on the beach at Quincy, Mass., on Saturday last, enclosed in a box two and a half feet long, one and a half feet wide, one and one-third feet high. A portion of the body was entirely consumed, and not a particle of clothing was found with the remains.—A jury of inquest rendered a verdict, that the person came to her death by violence, inflicted by some person to the jury unknown.

SNARLEYOW IS HIT—hear him yip, "yi, yi." But it don't pay for us to advertise Ishmael out of his tooral-oral obscurity.—And isn't it a little rich, the idea of *anybody ever* beginning a quarrel with him? Why, he's always grumbling at *himself*.

☞ A Richmond letter in the Charleston Mercury says that John Mitchell is soon to join the rebel army.

☞ Hon. Edward Everett is prostrated by illness.

☞ Gen. Fremont is in Washington, having gone thither on leave asked and granted a month ago.

☞ The draft has been again postponed in New York.

☞ Owen Lovejoy is re-elected by 200 majority.

Winter Fashions.

MDE DEMOREST'S QUARTERLY MIRROR OF FASHIONS: containing a double page illustration of 19 NEW CLOAKS; three FULL SIZED PATTERNS; a COLORED STEEL PLATE showing ten full length figures; a Plate of JUVENILE COSTUMES, and over *ninty* other illustrations of Bonnets, Sleeves, Infants' Dresses, Jewelry and Embroidery. THE NEW ELECTRA.

Dr. PORTER, a member of the New York Electrical Institute, late Nos. 561 and 563 Broadway, but now No. 150 Waverly Place, having taken a tour into the country for a few weeks' recreation, and taken rooms at the Misses LARKIN'S, No. 16 Middle street, for a few days only, where he will prescribe for and treat *all Diseases*, female complaints especially, by the new system of Medical Electricity. Particular attention paid to Paralysis, Scrofula, Hernia or Rupture. Diseases of the Spine, Eye and Ear treated successfully.—What seems most incredible is, that many diseases, heretofore pronounced incurable, are often cured in a single day, and others in a few treatments. No shocks given in any case whatever.—The method of treatment is peculiar,—is unknown to others; by it the equilibrium is restored. The sensations experienced are perhaps the most delightful, invigorating and invigorating known on earth. Even infants treated with the greatest success. No charge for consultation. No infectious diseases treated. Terms very moderate,—even less than at the Institute. Office hours, for gentlemen, from 9 A. M. to 12 M. For ladies, from half past 1 to 5 P. M. Patients visited at their own homes after 5 P. M., *free of charge*, (if requested by note or otherwise.)

Call soon if you would avail yourselves of this opportunity, as the Doctor will remain but a few days only. All the medicines used are electrical.

For particulars and testimonials see circular headed *The New Electra.*

P. S. Patients are treated on the Sabbath at the same hours. nov11 1sd&1wlmo*

GRACE'S CELEBRATED SALVE!

A Sure Relief for the Sufferer!

This Salve is a vegetable preparation, invented in the 17th century by Dr. WM. GRACE, surgeon in King James' army. Through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day; and was regarded by all who knew him as a public benefactor. The Salve is used for the following diseases:—Burns, Bruises, Felons, Scald Head, Salt Rheum, Boils, Scurvy, Sore Lips, Sore Eyes, Swelled Nose, Ulcers, Lame Joints, Chilblains, Chapped Hands, Ringworms, Sprains, Fresh Wounds, Erysipelas, Scalds, Stings of Venomous Insects, Piles, Bunions, Frozen Limbs, Nettle Rash, Sore Breast, Wens, Eruptions, Festers, Shingles, Cancers, Whitlows, Itch, Stiles, Lame Wrist, and Sores and Wounds of the most serious nature, without leaving a scar. It will also cure pimples on the face, and beautify the Skin.

There are thousands who are suffering for months and even years in consequence of Sores and wounds that might be cured in a short time by the use of this great external Salve. It has never failed to effect a speedy cure when properly applied. This Salve has none of the irritating heating properties of other remedies, but cools, cleanses and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand, for it will save them trouble, suffering and money; and in many cases it has saved life itself. The manufacturer receives testimonials daily, from some of our most distinguished citizens, expressing benefits derived from its use. This Salve is warranted to give perfect satisfaction in every disease that it professes to cure; if not, the money will be refunded.

Price 25 cts. per box. Manufactured by WM. GRACE, Amesbury, Essex Co., Mass.

M. S. Burr & Co., 26 Tremont street, Boston, wholesale agents. All orders addressed to this firm or the manufacturer, will receive prompt attention.

One Box sent postpaid by mail to any part of the United States, on the receipt of 30 cents—or three Boxes for one dollar.

For sale in Portsmouth by WM. R. PRESTON and J. H. THACHER; and by respectable Druggists and country stores everywhere. m10

Special Notices.

Consumption, Gravel, Gout, Chronic Rheumatism, Dropsy, Dyspepsia, Fever and Ague, and Bladder Complaints.

WOLFE'S CELEBRATED
Schiedam Aromatic Schnapps.

The above medicinal beverage is manufactured by the proprietor, in Holland, expressly for medicinal use. It has been submitted to the first chemists and physicians in this country and in Europe, who have certified to its valuable medicinal qualities, and prescribe it in their practice.—The proprietor has in his possession more than ten thousand letters from patients who have used it in the above-named complaints. He has the privilege of referring to the following physicians, who stand at the head of their profession in this city. Put up in pint and quart bottles, and for sale by all druggists and grocers.

UDOLPHO WOLFE,
No. 22 Beaver Street, New York.

Important to Females.
DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice. They are mild in their operation, and certain in correcting all irregularities, Painful Menstruations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all diseases they are invaluable, *inducing, with certainty, perfect regularity.* They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor. Sold by Druggists generally.

For sale in Portsmouth by THACHER and PRESTON.

Local.

S. J. COURT—PORTSMOUTH.

THURSDAY.—In the case of Hodgdon vs. Shannon, the jury returned a verdict for defendant.

The case of Catharine S. Robinson, Admin'x, vs. Eastern Railroad, was then placed on trial.

☞ It was the revenue cutter Morris, Fengar, which arrived at the Portsmouth Navy Yard on Wednesday, from a cruise, —not the Caleb Cushing.

☞ Gottschalk's concert is to be given at the Temple this evening. Of course, all real lovers of music will be present. He is almost too well known to require any extended notice of his wonderful power, but the following from the Washington Intelligencer may interest his admirers:

Gottschalk's *specialité*, as is well known, is in the charm of his *singing* on the piano—that is, giving to its abrupt and ungrateful tones the expression, sentiment and sustained utterance of that most perfect of all instruments, the human voice, and its rival, the violin. In this graceful quality, rare even with the best pianists, he is said to be unsurpassed, and we certainly have never heard a piano *cantabile* to approach it. He also possesses brilliancy and exquisite bird-like distinctness of note, his runs, octaves, all the *fioriturí* characteristic of the modern school, being perfect, while his double trill shows what marvellous muscular precision may be attained by the cunning of the left as well as the right hand. * * While Gottschalk excels equally in the bravura style of Thalberg, his own peculiarities and graces, although widely imitated, are unapproachable by other artists: his genius is individual."

SIR WILLIAM PEPPERELL.—The Boston Transcript says a fine copy of a beautiful portrait of the "Hero of Louisburgh," the only man in America who was ever created a Baronet, has just been made by H. C. Pratt, from the original by Symbert, an eminent Scotch artist, who flourished between 1725 and 1751. He painted many of the leading magistrates of New England. Sir William is taken in blue dress coat, and scarlet vest, richly embroidered, with powdered wig, ruffles, &c., after the fashion of those days. This portrait is intended for the rotunda of the the capitol at Augusta, Maine, and is the gift of a wealthy Californian to his native State. Sir William Pepperell was born at Kittery, June 27, 1696, and died July 6, 1751. His portrat is well worth the examination of every son of Maine.

NEW HAMPSHIRE ITEMS.

—— Maj. Henry W. Fuller, of the 16th N. H. Regiment, has been promoted to the Lieut. Colonelcy of the same regiment. He arrived on Monday evening last from Port Royal.

—— William L. Avery, Esq., of Laconia, has received the appointment of Arbitrator on the part of the United States, to be stationed at Cape Town, Cape of Good Hope, Africa, to assist the Judges in deciding upon questions arising from the African Slave Trade.

—— Mr. Eliphalet Brown, of Chester, is the father of 18 children, 12 sons and 6 daughters, 14 of whom are still living. Seven of his sons are now serving their country in the army.

—— Hon. William Bixby died at Francestown, Oct. 30th, at the age of about 83 years. He was twice elected a member of the Electoral College from New Hampshire. He represented his native town seven years in the Legislature, and was two years a member of the Senate. He leaves a fortune of over sixty thousand dollars.—He bequeathes $4000 in trust to the Francestown Academy, and $1000 to the Colonization Society.

—— It is stated 106 of the privates in the Massachusetts 6th regiment are natives of this State.

—— Seventy of the good people of Exeter have been swindled by a man who pretended to be an agent for Harper's Weekly.

CHRONOMETER TIME!

The subscriber, recently from the store of Mr. N. C. GREENOUGH, Newburyport, Mass., where he has had a large experience in the repairing of **Ship and Pocket Chronometers**, and **Fine Watches**, has located himself at the store of

A. L. BENNETT, No. 7 Congress St.,
PORTSMOUTH, N. H.

And is prepared to attend to the repairing of WATCHES in all its branches.

Particular attention paid to adjusting POCKET CHRONOMETERS and FINE LEVERS for extremes of temperature and changes of position.

MARINE CHRONOMETERS.

AUGUSTINE JEWETT,
No. 7 Congress Street.
Portsmouth, Nov, 1, 1862. 3mos*

Wanted,

500 Bbls. CIDER, by Portsmouth Vinegar Manufacturing Co. Office 21 MARKET STREET.

NOW AND AFTERWARDS.

"Two hands upon the breast,
And labor's done;
Two pale feet crossed in rest—
The race is won;
Two eyes with coin-weights shut,
And all tears cease;
Two lips where grief is mute,
Anger at peace."

So pray we oftentimes, mourning our lot:
God in his kindness answereth not.

"Two hands to work addrest,
Aye for His praise;
Two feet that never rest
Walking his ways;
Two eyes that look above
Through all their tears;
Two lips still breathing love
Not wrath, nor fears."

So pray we afterwards, low on our knees;
Pardon those erring prayers! Father hear these!
—*Miss Muloch.*

☞ See yon fair maiden in another column, picking Sambuci Grapes for Speer's Wine. It is an admirable article, used in hospitals, and by the first class families in Paris, London and New York, in preference to old Port wine. It is worth a trial, as it gives great satisfaction. 1y.

THE NEW-HAMPSHIRE GAZETTE and Rockingham Weekly Chronicle, containing a summary of the news of the week, printed Thursday, and for sale at the Chronicle Counting Room. Price 3 cents. Only $1 per year, in advance.

ANOTHER NEW STOVE!

THE MODEL COOK
FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long! or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Batt, Mrs. Capt. T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Jos. D Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Randall, Geo. Rice, Benj. S. Cannon, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lamprey, Joseph Stiles, John Sentter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Robarts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cashman Pryor, of Trefethen's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Fernald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for damping the ashes is very fine—the dust need not go into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

For the sale and hire of

MARINE CHRONOMETERS.

AUGUSTINE JEWETT,
No. 7 Congress Street.

Portsmouth, Nov. 1, 1862. 3mos*

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, Nos. 2 and 4 BENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never yet been introduced them, failed to cure the most alarming cases of

GONORRŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of generation, inflammation of the bladder and kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr. D devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Consumption of the digestive functions, symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms and charge for board moderate.

Medicines sent to all parts of the country, with full directions for their use, providing description of your cases. Dr. Dow has also for sale the French Capotte, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

April 7—1y Bow.

CAUTION

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No 2 & 4 Bendicott Street, Boston, continues to be consulted for all diseases incident to the female system, Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression and other menstrual disarrangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the effect of his treatment, that many despairing complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow leaves no doubt his greater experience in the cure of diseases of females and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay longer than a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to SEXUAL DISEASES, and the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters for advice must have four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

April, 1862.—1y Bow

CERTAIN CURE

In all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Adding the physician to Dr. Dow's name stands higher in the profession than the celebrated DR. DOW, No. 2 Bendicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P S—Dr. Dow imports and has for sale a new article, called the FRENCH CORDELI. Order by mail. Two for $1 and a red stamp.

Portsmouth, Feb. 1, 1862.

☞ ATTENTION, THE WHOLE! ☜

RYE, N. H., Feb. 26, 1845. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintance, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe pertinacious pains, and as large and hard as a hen's egg. It broke out, and proved to be a Cancer, of the most dangerous character. And from the abundant trial of the good effect of my Father's Swett's Panacea in many such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure, by cathartics, which he prepared, and taking twelve bottles of Panacea, my Cancer was fully cured in about two months, and I have had no trouble from it since.

CAROLINE B. SWETT.

This statement of my wife is correct.

SIMEON SWETT.

Portsmouth, N. H., April 18, 1861.

I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, causing many sores on my side. And seven bottles of Dr. Swett's Panacea I believe have effected a radical cure, as I have had no sign of the complaint since. I believe this medicine to be the most sure remedy in the world for Humors.

HANNAH ROWE.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LORD.

Exeter, Feb. 24, 1858. Dr. Swett:—"Sir, for the benefit of those, who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and would add—that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine, I ever used for humors and consumptive complaints."

WM. P. LEAVITT.

From ELDER I. CHESLEY, *Lee, May 31, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, what my daughter has suffered with scrofulous humor, and what previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may26o

Houses and Lands.

FRANKLIN HOUSE

Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the travelling public that has so long been extended to the house.

A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments connected with the street and dining hall by an independent staircase.

The house will be kept as a first class hotel in every respect, and the proprietor will spare no pains to merit the patronage of those visiting this section of the State.

A STABLE is connected with the house, where persons visiting Portsmouth with teams, will be promptly and carefully waited upon.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who have been using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. L. Treadwell, Oren Brag-don, J. B. Upham, J. Woodman Moses, John H. Holbrook, Geo. B. French, Frank Jones, C. C. Jackson, James H. Pinder, James Shaw, Charles A. Hodgdon, Charles Simpson, Kittery; Thomas J. Tarlton, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes of the—

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR WARMING
FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and healthy—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headaches so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former types, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, are condensed, and are burned up by the admission of cold air through the fire-pot, which passes them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq., Aaron H. Hill, Charles H. Mendum, Henry F. Wendell, John Sise, and others.

SPEER'S SAMBUCI WINE,

PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physicians' Use.
FEMALES, WEAKLY PERSONS, INVALIDS

SAMBUCUS TREE OF PORTUGAL,

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints

Excellent Wine for Females.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial effects; unlike as a cordial Stimulant, Tonic, Diuretic and Sudorific, its high esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no admixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

a few well known gentlemen and physicians, who have tried the Wine.

MATHEWS'
VENETIAN LIQUID
HAIR DYE.

☞ MATHEWS' VENETIAN HAIR DYE.—This celebrated Dye was first prepared in 1845; since that time it has been USED BY THOUSANDS and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade, crock, nor wash out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL SOFTNESS OF THE HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest safest, most convenient, most successful, and most *permanent* Dye ever used.

SOLD BY ALL DRUGGISTS.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"The Union as it was — the Constitution as it is."

"Bound to no party—to no sect confined;
The world our home; our brethren, all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every ism fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—It is common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

Probate Advertisements.
The language of the law relating to the publication of Probate Notices is:
"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."
Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.
Our terms are as low as those of any other paper.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)
75 State Street, opposite Kilby Street,
BOSTON,
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other Foreign Countries. Caveats, Specifications, Deeds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Research among the American or Foreign Patents, to determine the validity or utility of patents or inventions—and legal or other advice rendered in regard to the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.

HILL & CARR,
4 Market Street.

BUY CALIFORNIA WINES.
They are the Purest! The Best! The Cheapest!
The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every manywoman and child who uses Wine, see to it that they buy none other than these.
"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.
The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.
The Port has a fine flavor and body; and
The Port is excellent because it is pure.

Portsmouth, N. H.

SATURDAY, NOVEMBER 15, 1862.

THE REBELLION.

Late Port Royal advices report that 300 Rhode Islanders had torn up the rails of the Charleston and Savannah Railroad. A large number of rebel troops arrived from Charleston and our forces retreated to their boats. A rebel deserter reported that Beauregard was to attack Fort Pulaski about the 17th inst. Engines are being removed from the Nashville to be placed in one of the rebel rams.

Gen. Foster's expedition on the 10th were in possession of Williamton and Hamilton. Much damage had been done to both places by shells. Cars had been ordered to Tarboro to remove the rebel government stores.

A rebel camp, in Hardy Co., Western Virginia, was surprised and taken on Saturday. 50 prisoners, a number of horses, wagons, etc., were captured. The rebel infantry fled to the mountains. Our troops burned the camp.

Gen. Hooker took command of his corps on Thursday, and was enthusiastically received. Gen. Porter took leave of his officers and command and left for Washington in the afternoon.

Gen. Halleck visited the army of the Potomac Thurday, and was heartily received by the officers.

The Tribune's dispatch says our front on Thursday was beyond the Rappahannock, and that the rebels under Jackson were reported to be near our advance. It is said that the rebels were being reinforced.

The Lynchburg Republican states that the number of rebel desertions is startling, and that the rebel government is enforcing the death penalty in all cases.

Gen. Grant's advance occupied Holly Springs on Thursday, the rebels retiring.

The rebels are reported to be concentrating at Murfreesboro.

☞ Lt. Cols. Calbune and Duane, of Gen. McClellan's staff, were sent to Washington, on Friday, under arrest. It is said that the order was received by an officer of the army in Trenton, and the persons named repaired at once to Washington to place themselves at the disposal of the authorities. The charges are unknown.

☞ The Times' Washington dispatch says the French Government has demanded full and immediate indemnity for all injuries inflicted on French citizens by General Butler. Our State Department says there will be no difficulties, and merely informs the French Minister that the Government is ready to back down to any extent from Gen. Butler's acts. The Herald's dispatch intimates that Gen. Butler's removal is probable.

The Times' dispatch also says the Spanish Minister demands an apology for burning the steamer Blanche, by one of Farragut's vessels, in Spanish waters.

☞ Gen. McClellan's toast in parting with his officers was, "The Army of the Potomac, and bless the day when I shall return to it." Some one observed, "General, we shall see you back in a fortnight." Said he, "If I never return to the army of the Potomac, may I live to write its history. It is a task to which I shall devote myself."—Again to another: "I feel as if the army of the Potomac belonged to me. It is mine. I feel that its officers are my children—my brothers. This separation is like a forcible divorce of man and wife. It is unnatural."

☞ A Washington dispatch says the story about an iron-clad, which ran the blockade off Charleston, S.C., is traceable to an event that occurred more than a month ago, and which was soon after published. Much of what is said about the rebels being reinforced with iron-clad vessels from Europe finds no confirmation at the Navy Department, which is not indifferent to obtaining facts on that subject.

☞ The New York Express reports on the authority of a letter dated Cardenas, Oct. 9, that an iron-clad war steamer bearing the rebel flag, and supposed to be the Ovieto, has been cruising off Cardenas for two or three weeks past, and is known to have made several prizes. Two others of their cruisers have also been seen hovering about the Bahamas.

☞ Stocks fell in New York on Thursday afternoon, in consequence of rumors that Gen. Burnside was defeated, that Harper's Ferry had been retaken by the rebels and that Jackson was marching on Washington.

☞ The Richmond Whig of Nov. 8th, in speaking of the Northern elections, says: "They show plainly that the tide sets all one way, and that against Abraham Lincoln and his rampant war party."

☞ A steamer, supposed to be the Alabama, was seen, Nov. 6th, lat 71 40, lon 34 40.

NEW HAMPSHIRE ITEMS.

—— The 15th regiment, the first of the nine months' regiments, left Concord on Thursday morning, for New York, where they are to join Gen. Banks' expedition.

—— The 17th, the last of the 9 months' regiments, on Wednesday had about 500 men enlisted.

—— The son of Mr. Daniel Sargent, of Milford, who was bitten last March by a dog supposed to be mad at the time, died last week. He was taken with symptoms of hydrophobia two weeks previous to his death, and suffered all the terrible developments of that terrible disease. The father was severely bitten by the same dog

—— The Railroad Bridge at Lake Village was destroyed by fire on Friday of last week. It took fire from coals which dropped from an engine.

FRAUDS ON THE GOVERNMENT.—It is stated that nearly a million of dollars have been fraudulently obtained from the U. S subsistence department of New York within eighteen months. Two of the parties, named Solomon Kolinstrow and G. B Tracy, brokers, have been arrested and sent to Fort Lafayette. They have been in the habit of purchasing bills in the Subsistence Department for half and sometimes a fourth of their apparent value. Parties were employed to hunt up contractors, who had subsisted men, and some of the latter were led to sign bills for subsisting 1000 men, when they had really provided for only 100. As many as fifty persons are implicated, and quite a number are already in custody.

☞ M. Drouyn de L'Huys, the new French Minister for Foreign Affairs, passes for a man of high personal character. He is no penniless adventurer and stock-jobber, like many of those in high positions in Paris. He was Louis Napoleon's Minister when France was first invaded in 1848, and as the "France" with a dire chuckle now very justly observes, the man who advised war to restore the Pope to Rome, is now not very likely to expel him from the Holy City.

☞ A secesh planter, living not far from New Orleans, wrote last spring that four of his slaves, who had run away to the Yankees, had returned. "They have had enough of liberty, and were glad to come back." But in his next letter to the North he told a different tale. The four had run away again and taken with them two hundred more. So goes the story.

HONEYMOON.—At marriage festivals among the Teuton's a favorite drink made of mead and honey called "Metheglin," was used, and these festivals were kept up among the nobility for one lunar month.—"Honah moon" signifies the moon or *month* of the marriage festival. Alaric, according to Southey, died on his wedding night, from too free indulgence in this drink.

☞ A certain contractor is said to have visited a gambling house in Washington last Sunday night, where he played at faro, and lost two hundred and seventy thousand bushels of oats, valued at seventy-five cents per bushel, amounting to $206,250. The oats were stored away, to be delivered to the Government. Mr. Contractor left for Baltimore, in a state of mind bordering on insanity.

☞ The Montreal Gazette says: There is to be yet another Bank established in Canada by English capitalists, called the 'Bank of Canada, Nova Scotia and New Brunswick,' with a capital of £1,000,000 sterling. The late Governor General, Sir Edmund Head, and Viscount Bury are among the Directors.

☞ It is represented that Mr. Lincoln said last week to a friend that, "in future, success should be the test of merit in our generals, and that failure should be at once followed by removal."

☞ An English physician who visited Garibaldi, by request of his friends, and was absent a fortnight, charged £3,400.

☞ The City Government of Cambridge, Mass., have reduced the salary of Mayor for the next year from $1500 to $1000, on account of the times.

☞ The Daily Register, of Patterson, N. J., nominates Gen. McClellan for the U. S. Senatorship, made vacant by the death of John R. Thompson.

☞ A fire at Mitchel, C. W., on Thursday, destroyed a whole block of buildings in the business portion of the town. Loss about $26,000.

☞ There are now nine Union Major Generals not in active service.

☞ The American Consul at Guadaloupe died there on the 20th of October.

☞ A soldier in one of the hospitals, who had lost one of his arms, said, "My grandfather lost a leg in the Revolutionary war, and our family have been bragging over it ever since. That story is an old one, and now I am going to be the hero of the family."

NOTES OF FORMER DAYS.

Collected and Collated — By UNCLE TOBY.

Moodey—Church Meetings—Successful Discipline.—A church meeting was warned, and we met, (Jan. 14, 1633,)—endeavored the offenders conviction of the evil, as also of breach of promise to Captain Stileman in letting the vessel go, though he had told Captain Stileman she should not go; (who else would have secured her;) whereby Captain Stileman was put out of his place, and became a great sufferer. Mr. Jaffrey had sundry extenuations of the offences, though he owned them great, and that he had been and was troubled for them. The church were not satisfied, yet because Capt. Stileman, (who was principally concerned as a person injured and offended,) was not there, we appointed another meeting on the 22d inst., and so broke up.

Two other church meetings were held, without much apparent effect on the offender, but at the close of the second, Mr. Moodey says, he came to the pastor, and said the Lord had so far convinced him of that sin, that he was willing to make a public confession, which I spoke to the people of on the Lord's day following, April 8; and he did then openly before the whole congregation give glory unto God, and confess what he had done, and the sense of the evil of it which God had helped him to, desiring that he might be a warning to all, and that religion (of which he learned no such evil,) might not suffer by his means. Unto which the pastor added a short speech, reserving what the church should say to him, unto another time and place.

April 26. At a church meeting, before the sacrament, the matter was discussed, and the question propounded to the church, who by a unanimous vote took off the suspension, which was declared to him by the pastor, with a speech both to him and the church. Also some publick offence between him and one of the brethren [probably Capt. Stileman, as before mentioned,] was then healed. *La s Deo.*

We have thus copied from Mr. Moodey's own handwriting, in the records of the first church in Portsmouth, a more particular account of this case than has ever been published. We have done this, partly to show the writer's style, but chiefly to exhibit a fair specimen of the discipline then in use in the best regulated New England churches. That such discipline must have had a powerful influence in the church and in the community, is quite clear; and it is believed that in this case, it was entirely successful. Thus, when Mr. Moodey returned from Boston, 11 years after, and resumed his pastoral discipline, Mr. Jaffrey was one of a committee of three, chosen by the church, to manage an important case. He outlived his minister; and when Rev. Mr. Rogers, in 1699, gives the names of his church members, he heads the list with George Jaffrey, who was then probably the most eminent man in it.

The whole case of discipline however, though highly satisfactory to the church and its pastor, and in its result honorable and advantageous to its subject, was not quite so agreeable to Governor Cranfield, who, indignant that Moodey should dare disobey him, was desirous to punish and disgrace a person whom he both feared and hated. Moodey had broken no law: but Cranfield as governor, set himself to work and issued orders which he expected and wished Moodey to disobey, that he might then punish him for the old offence under cover of the new.

THE EARLIEST NEWSPAPER.—The oldest news sheet appearing to be periodical, is one which was offered for sale with the Libri Collection on the 25th of July last, and of which there is a duplicate in the British Museum. Its title is, "Newe Zeitung aus Hispaniem and Italian" (New Tidings from Spain and Italy,) "black letter, 4 leaves 4to. Mense Februaria, 1534."

A candidate for auditor of public accounts was suddenly called upon for a speech. On rising, he commenced:—"Gentlemen, you have called on me for a few remarks. I have none to make.—I have no prepared speech. Indeed, I am no speaker; I do not desire to be a *speaker;* I only want to be an *auditor.*"

A rebel iron privateer, probably the Alabama, was recently seen off Sable Island.

☞ The gunboat Tuscarora arrived at Lisbon, Oct. 25th, from the Azores.

Bulbs for Fall Planting.

J. F. SHORES, JR., No. 1 CONGRESS BLOCK,

Has just received a fine lot of Bulbs just imported from Holland, viz:

Blue, Red and White HYACINTHS; Parrott Tulips; Double Tulips; Single Tulips; Polyanthus Narcissus; Double Jonquils; Orange Narcissus; White Narcissus; Yellow, Blue, White and Violet Crocus.

These bulbs can be planted during the month of October in the open ground, and they will flower in the Spring; or they may be planted in pots for house culture and they will flower in March.

Superior Ground Rock Salt.

A superior article of Ground Rock Salt is now manufactured at the CITY MILLS, ELM STREET, which may be relied on as being the very best quality for dairy and table use.

This Salt is put up in bags containing 20—10—5 lbs. each, and is for sale at the lowest Boston Cash rates.

All orders sent by mail or left at the Mills, will receive prompt attention.

WENDELL & MOSES.

Portsmouth, July 7, 1862. 1y

SUNDAY MORNING BELLS.

From the near city comes the clang of bells;
Their hundred jarring diverse tones combine
In one faint, misty harmony, as fine
As the soft note you winter robin swells.—
What if to Thee in Thine Infinity
These multiform and many colored creeds
Seem but the robe man wraps as masquer's weeds
Round the one living truth Thou givest him -Thee!
What if these varied forms that worship prove,
Being heart-worship, reach thy perfect ear
But as a monotone, complete and clear,
Of which the music is, thro' Christ's name, Love?
Forever rising in sublime increase
To "Glory in the Highest—on earth peace!"

Have you used the Strela Matches?

J. F. SHORES, JR., No. 1 Congress Block, has just received from the manufactory a large lot of

STRELA MATCHES.

These matches are without sulphur and without smell in burning, which adapts them for the Sick Room, the Parlor, or for general use, being nearly as cheap as any other kind of Matches. They are put up in boxes of 150 matches, and are sold at the low price of THREE cents per box, or 12 boxes containing 1800 matches for 25 cents—being 72 for a cent!

Dealers supplied at the manufacturer's price.

Leavitt's & Thomas' Almanacs.

J. F. SHORES, JR., No. 1 Congress Block, has for sale by the hundred, dozen or singly, THOMAS' & LEAVITT'S ALMANACS for 1863. Also New Hampshire Register for 1863.

American Agriculturist for 1863.

Club Price only 80 cents per year, which includes the paper for 12 months and 4 papers of Flog Seeds.

J. F. SHORES, JR., No. 1 Congress Block, will receive subscriptions on the above terms from persons in this city or any of the neighboring towns. nov15

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only one made fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

ALFRED STAVERS,
Dealer in Crockery, Fancy Goods, &c.

Winter Fashions.

MDE. DEMOREST'S QUARTERLY MIRROR OF FASHIONS: containing a double page illustration of 19 NEW CLOAKS; three FULL SIZED PATTERNS; a COLORED STEEL PLATE showing ten full length figures; a Plate of JUVENILE COSTUMES, and over *sixty* other illustrations of Bonnets, Sleeves, Infants' Dresses, Jewelry and Embroidery. Just published, and for sale by

JOSEPH H. FOSTER.

THE NEW ELECTRA.

Dr. PORTER, a member of the New York Electrical Institute, late Nos. 561 and 563 Broadway, but now No. 150 Waverly Place, having taken a tour into the country for a few weeks' recreation, and taken rooms at the Misses LARKIN'S, No. 16 Middle street, for a few days only, where he will prescribe for and treat *all Diseases*, female complaints especially, by the new system of Medical Electricity. Particular attention paid to Paralysis, Scrofula, Hernia or Rupture. Diseases of the Spine, Eye and Ear treated successfully.—What seems most incredible is, that many diseases, heretofore pronounced incurable, are often cured in a single day, and others in a few treatments. No Shocks given in any case whatever.—The method of treatment is peculiar,—is unknown to others; by it the equilibrium is restored. The sensations experienced are perhaps the most delightful, soothing and invigorating known on earth. Even infants treated with the greatest success. No charge for consultation. No infections diseases treated. Terms very moderate,—even less than at the Institute. Office hours, for gentlemen, from 9 A. M. to 12 M. For ladies, from half past 1 to 5 P. M. Patients visited at their own homes after 5 P. M., *free of charge*, (if requested by note or otherwise.)

Call soon if you would avail yourselves of this opportunity, as the Doctor will remain but a few days only. All the medicines used are electrical.

For particulars and testimonials see circular headed *The New Electra.*

P. S. Patients are treated on the Sabbath at the same hours. nov11 1td&1wlmo*

GRACE'S CELEBRATED SALVE!

A Sure Relief for the Sufferer!

This Salve is a vegetable preparation, invented in the 17th century by Dr. WM. GRACE, surgeon in King James' army. Through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day, and was regarded by all who knew him as a public benefactor. The Salve is used for the following diseases:—Burns, Bruises, Felons, Cold Head, Salt Rheum, Boils, Scurvy, Sore Lips, Sore Ears, Swelled Nose, Ulcers, Lame Joints, Chilblains, Chapped Hands, Ringworms, Sprains, Fresh Wounds, Erysipelas, Scalds, Stings of Venomous Insects, Piles, Bunions, Frozen Limbs, Nettle Rash, Sore Breast, Worms, Eruptive Diseases, Shingles, Cancers, Whitlows, Itch, Sties, Lame Wrist, and Sores and Wounds of the most serious nature, without leaving a scar. It will also cure pimples on the face, and beautify the Skin.

There are thousands who are suffering for months and even years in consequence of Sores and wounds that might be cured in a short time by the use of this great external Salve. It has never failed to effect a speedy cure when properly applied. This Salve has none of the irritating heating properties of other remedies, but cools, cleanses and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand, for it will save them trouble, suffering and money; and in many cases it has saved life itself. The manufacturer receives testimonials daily, from some of our most distinguished citizens, expressing benefits derived from its use. This Salve is warranted to give perfect satisfaction in every disease that it professes to cure; if not, the money will be refunded.

Price 25 cts. per box. Manufactured by WM. GRACE, Amesbury, Essex Co., Mass.

M. S. Burr & Co., 26 Tremont street, Boston, wholesale agents. All orders addressed to this firm or the manufacturer, will receive prompt attention.

One Box sent postpaid by mail to any part of the United States, on the receipt of 88 cents—or three Boxes for one dollar.

For sale in Portsmouth by WM. R. PRESTON and J. H. THACHER; and by respectable Druggists and country stores everywhere. m10t

Special Notices.

Consumption, Gravel, Gout, Chronic Rheumatism, Dropsy, Dyspepsia, Fever and Ague, and Bladder Complaints.

WOLFE'S CELEBRATED
Schiedam Aromatic Schnapps.

The above medicinal beverage is manufactured by the proprietor, in Holland, expressly for medicinal use. It has been submitted to the first chemists and physicians in this country and in Europe, who have described its valuable medicinal qualities, and prescribe it in their practice. The proprietor has in his possession more than ten thousand letters from patients who have used it in the above-named complaints. He has the privilege of referring to the following physicians, who stand at the head of their profession in this city. Put up in pint and quart bottles, and for sale by all druggists and grocers.

Important to Females.
DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstruations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS
was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS
are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are invaluable, *inducing, with certainty, perfect regularity.* They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor. Sold by Druggists generally.

For sale in Portsmouth by THACHER and PRESTON.

Local.

THE OLD SHIPS OF OUR NAVY.—The Historical Magazine for November contains the following history of some of the patriarchs of the U. S. Navy:—

The Washington, 74 guns, 2250 tons, was built at Portsmouth, N. H., in 1814, at an expense of $235,801. She was the second 74 launched under the new organization of the navy, in the war of 1812. She made several cruises in the Mediterranean in 1816, '17, and '18, as the flag-ship of Com. Chauncey. She was broken up at New York in 1843.

The Franklin, 74 guns, 2257 tons, was built at Philadelphia, in 1815, at a cost of $438,149. She took out Mr. Rush, our minister to England, in 1817, and during her subsequent cruise in the Mediterranean, she acquired a fair reputation for the beauty of her model. She has been lying at the Portsmouth Navy Yard for several years, and I believe she is now being altered into a steam or iron-clad frigate.

The Congress, of 50 guns, destroyed by the Merrimac last March, was built at Portsmouth, N. H. in 1839. She was a fine frigate of 1867 tons, 179 feet long, and cost $399,088. She made several cruises in the Pacific Ocean from 1846 to 1853. (Her predecessor, the *old* frigate Congress, was smaller, of 36 guns, and 1268 tons. She was built at Portsmouth also, in 1799, and was broken up at Norfolk in 1836.)

Like a great many historical items, the above on the Franklin will be improved by a little correction. The F. is not *now* being altered; but she was so thoroughly repaired and altered, in the time of President Pierce's administration, that no part of the old ship is in the new, except a piece of timber near the keel, and a few deck beams. She is, or was, five or six years ago, a fine large, new ship, intended for a first class propeller; she has not been launched however, but remains in the great ship-house.

There is a curious difference in the *prices* or *costs* of the three ships above named. The Congress cost $164,000 more than the Washington, though nearly 200 tons smaller—but every one knows that wages were much higher, and timber dearer in 1839, than in 1814.

But it is very difficult to see why the Franklin, in 1815, should have cost $200,000 more than the Washington in 1814. The ships were nearly of the same size, armed and fitted out much alike—and the copper sheathing of the Washington was hauled here from Philadelphia in wagons, yet the Franklin cost nearly twice as much as the Washington.

☞ Among other good things in the N. H. Gazette and Weekly Chronicle for this week, is the concluding half of Rev. Mr. Patterson's Lecture on Sunday Services,—which we have recently been allowed to publish in the Daily Chronicle.—Persons wishing copies of this discourse in compact form, can procure the Gazettes of Nov. 8th and 15th, which contain it entire. It strikes us as a most reasonable, timely and well-directed effort for the public good of all, especially of all true christians and christian ministers. Mr. Patterson presents an array of facts and arguments entirely unanswerable, in favor of but one sermon a day; and it is pretty evident that the welfare of other religious Societies and their pastors, in this city and elsewhere, would be as much benefitted as the Universalist Society has been, by adopting the plan which has worked so well for them during the past year.

NEWSPAPERS.—You cant' take up a paper, but you see great lamentations at the increased and increasing price of printing paper, and many fear that the supply will presently absolutely fail at any rate. What has been 10 cts. per lb., is now 15; and going higher—nobody knows where, but till it come down again, perhaps in a crash. Well, let it go—that is the way we do. We had the good luck (or foresight) to order a couple of hundred reams for our Daily, at the Manchester Amoskeag Mill at about 12 cents, and the next day it was worth almost 15; but though Mr. Martin, the proprietor, writes us he shall, as in duty bound, fulfil the contract, yet if the Boston papers increase their price, (as they almost inevitably must,) and we get any benefit from it, we will divide the profits with our paper manufacturer who has always used us so well.

We had also on hand, before the rise, a large stock of book and fancy papers, cards, &c., which we can furnish at less than present wholesale prices. Good, so.

☞ It affords us great pleasure to be able to state that a liberal gentleman has offered to present to the children of this city a load of choice apples, and will send them to Market Square to-day (Saturday) at half past 12 o'clock, where they will be gratuitously distributed. The kindness of heart which prompts the generous deed, we know, will be appreciated by the little ones to whom a general invitation is most cordially extended.

☞ Mr. James F. Shores, Jr., advertises the Strela Matches, which being made without the use of sulphur, are without smell and therefore are very convenient and desirable.

S. J. COURT—PORTSMOUTH.

FRIDAY.—The trial of the case, Catherine S. Robinson, Executrix, vs. Eastern Railroad was completed. This action was brought to recover of deft. $2000, and interest from date of demand on said deft.—Said $2000 was paid by plft.'s testator in 1855 in part payment for the teaming establishment purchased by him of defts., for a stipulated sum. Verdict for plf., for $2330. Towle & Bell for plf.; Hackett for deft.

The action of Olivia E. S. Frink, Adm'x, vs. Sioes and Darius Frink is now on trial by the court. This action was brought to recover rents for a farm in Newington.

☞ In Board of Aldermen, on Thursday evening, the use of Jefferson Hall was granted to Kittredge Sheldon, Esq., for the purpose of holding a public meeting on the evening of the 24th inst.,—the day before the city election.

☞ "The last Prayer Meeting that shall ever be held in Time."—Rev. R. W. Humphriss, on this subject, Sabbath afternoon, at the usual hour, at the M. E. Church.

☞ Commander Stone, in behalf of the class of officers in gunnery on board the U. S. ship Macedonian, at Charlestown Navy Yard, on Thursday morning, presented Acting Master's Mate T. D. Wendell, U. S. N., of this city, a beautiful sword, as a token of their respect and esteem.

☞ The new side-wheel steamer, orders to build which were recently received at the Portsmouth Navy Yard, is to be called the "Patuxet."

MARRIAGES.

ANOTHER NEW STOVE!
THE MODEL COOK
FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire, so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive and since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. P. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Woodell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, Alan Trundy, Richard L. Randall, Geo. Rice, Benj. F. Canney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harrett, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cushman Pryor, of Trefethen's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Fernald, Mrs. Wm Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.
We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

Portsmouth, Nov. 1, 1862. 3mos*

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, No 7 and 9 EMBOUCHE STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible, impotent attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr. D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the back and limbs, Dizziness of the head, Dyspepsia, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effect on the mind is much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charged for board moderate.

Medicines sent to all parts of the country, with full directions for use, by addressing a description of your case. Dr. Dow has also for sale the French Capotiles, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

April 7—1y Saw.

CAUTION

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No 7 & 9 Embouchure Street, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the Menstruation, even under the most obstinate complaints yield under it, and the afflicted persons soon restored to perfect health.

Dr. Dow has no doubt had greater success in the cure of Cholera of Women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

April, 1862—1y Saw

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Embouchure Street, Boston. Those who need the services of a skillful physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

April 7, 1862—1y Saw.

FRANK W. MILLER, Proprietor.

Portsmouth, Feb. 1, 1862.

ATTENTION, THE WHOLE!

ATK., N.H., Feb. 26, 1862. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. Swett's Panacea, and several bottles of his Humor Balm, which have effected a cure. There can be no doubt, as the cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing on my breast, attended with severe pleasing pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the abundant evidence I had of the good effect of Mr. Swett's Panacea, by many such cases, I was so encouraged to procure half a dozen bottles to this case, and by keeping my stomach pure by emetics, which he prepared, and taking twelve bottles of his medicine, I was fully cured in about two months, and I have had no trouble from it since. CAROLINE B. SWETT.

This statement of my wife is correct.
SIMEON SWETT.

Portsmouth, N. H., April 18, 1861.

I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, causing many sores on my skin. And even bottles of Dr. Swett's Panacea I believe have effected a radical cure, as I have had no sign of the complaint since. I believe this medicine has effected a radical cure on me; and would add—that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I have used for humors and consumptive complaints."

WM. F. LEAVITT.

From ELDER I. CHASLEY, *Lee, May 21, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our town in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named. ISRAEL CHASLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may20

HOUSE AND LOT FOR SALE.

The subscriber offers for sale his House and Lot of Land on HILL STREET. The House is new and in good repair, and the lot is large. Will be sold at bargain. Apply to
S. W. WEBBER.
apr12

FOR SALE,

The HOUSE No. 10 High street, occupied by Mr. Todd. Apply to
mch7 EDWARD RUNDLETT.

Desirable Residence

ON MIDDLE ROAD FOR SALE.

The Subscriber will sell the COTTAGE HOUSE in which he now resides, on Middle Road—one of the most carefully constructed, and for its apparent size, most capacious Dwellings in Portsmouth; containing nine good sized rooms, with an ample attic—seven of the rooms measuring 16 by 15 feet each.

The house was built by the day, ten years since, by the late Wm. P. Currier, under the particular inspection of the subscriber, and for his own use. The Lot measures 65 feet on Middle Road, and is over 300 feet deep, well filled with almost every variety of forest and fruit trees, with vines, shrubs and flowers, all in full bearing and in the greatest abundance. The premises will be disposed of at private sale only, and not at any time at auction.

Aug. 9. SAML P. LONG

REAL ESTATE IN GREENLAND

FOR SALE OR TO LET.

The desirable residence owned by ALONZO F. BROWN, and now occupied by CHARLES H. MENDUM, Esq. The house is two-story, and was built about six years since; very convenient; heated by a furnace; has a barn and carriage-house attached; sufficient quantity of excellent water; there is fifteen acres of land attached, divided into tillage and pasturing, with a young and thrifty orchard. The premises are within five minutes' walk of the churches, school house, and the railroad depot to Concord, Boston and Portland. The above is one of the pleasantest residences in Greenland. Possession given about the 1st of October. For further particulars apply to

ROCKINGHAM HOUSE,

STATE STREET, PORTSMOUTH, N. H.,
By WM. E. HADLEY & Co.

HOT AND COLD BATHS, for use of guests and the public, day and evening—the best facilities. ma22-2m

FRANKLIN HOUSE

Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the travelling public that has so long been extended to the house.

A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments connected with the street and dining hall by an independent staircase.

The house will be kept as a first class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting this section of the State.

A good STABLE is connected with the house, where persons visiting Portsmouth with teams, will be promptly and carefully waited upon.

☞ The Daily Chronicle may also be had of the newsboy at the Navy Yard. Also the N. H. Gazette, on Thursday Friday and Saturday.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which makes it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be confined day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. L. Treadwell, Oren Bragdon, J. B. Upham, J. Woodman Moses, John R. Holbrook, Geo. H. French, Frank Jones, C. C. Jackson, James H. Fludar, James Shaw, Charles A. Hodgdon; Charles Stimpson, Kittery; Thomas J. Tarlton, Newcastle, and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes of the

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR WARMING
FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable furnace, would ask attention to remodelling or erecting buildings to examine this truly valuable article.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The efforts aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

SPEER'S SAMBUCI WINE,

PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
☞ 20 "Physicians' Use,
FEMALES, WEAKLY PERSONS, INVALIDS

SAMBUCUS TREE OF PORTUGAL.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefiting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

a few well known gentlemen and physicians, who have tried the Wine:

Gen. W. Scott, U. S. A. Dr. Ward, Newark,
Gov. Morgan, N. Y. State Dr. Wilson, 11th St., N. Y
Dr. Parker, N. Y. City Dr. Dougherty, Newark
Dr. J. Chilton, " Dr. Parish, Phila.

MATHEWS' VENETIAN LIQUID HAIR DYE.

☞ MATHEWS' VENETIAN HAIR DYE.—This celebrated Dye was first prepared in 1845; since that time it has been used by THOUSANDS and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade or crock, nor wash out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL SOFTNESS OF THE HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest safest, most convenient, most successful, and most *permanent* Dye ever used.

SOLD BY ALL DRUGGISTS.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if possible, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

American and Foreign Patents.

R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)
73 State Street, opposite Kilby Street,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, Models, Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but the subscriber has advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, those which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to employ the late a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person more *competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.

During eight months, the subscriber, in counties of his large practice, made on *their* respective applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.

HILL & CARR,
4 Market Street.

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!
The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.
"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.
The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.
The Port has a fine flavor and body; and The Port is excellent because it is pure.

MONDAY, NOVEMBER 17, 1862.

THE REBELLION.

Howell Cobb, with his brigade, has been ordered to report at Charleston.

There are indications that the rebels are about evacuating Culpepper. Jackson is said to be near Chester Gap, with not over 40,000 men under his command. We have a force on his front which prevents his coming down on this side.

The Washington Star's correspondent states that the latest information from Warrenton satisfied him that the time, since Gen. Burnside assumed command, has been most profitably spent in perfecting army arrangements. It is stated that the army will soon be in motion again.

Gen. Foster's expedition is on its return to Newbern, having failed in its main object, which was to capture two rebel regiments that had been sent to attack Plymouth. It is said that the inefficiency of an acting Brigadier caused their escape.

Gen. McClernand is at Columbus, Ky., organizing his expeditionary force.

The demonstration upon Nashville was made on the 5th, by the rebel Gens. Morgan and Forrest. They were repulsed in the suburbs. The advance of Gen. McCook's corps, marching to the relief of Nashville, was within hearing of the sound of the cannon, although 29 miles distant, and marched 22 miles that day, after marching all the night before. Gen. McCook says there is not a rebel soldier left in Kentucky.

It is reported that an immense amount of rebel arms and supplies are collected opposite Chattanooga, without facilities of transportation across the river.

☞ A defalcation in the New York Custom House has been detected. Sixteen clerks in the liquidating department have been suspended. The details of the affair are yet shrouded in mystery, but enough is known to show that the defalcation is large. The delinquency was brought to light by the act of a clerk in the liquidating department, in destroying valuable books of record. An investigation followed, showing numerous false entries. According to the Post, the fraud was in the nature of a conspiracy between the clerks and certain merchants, by which the latter were enabled to obtain their goods without the payment of full duties. These dishonest merchants will be called upon to make good the deficiency.

☞ Prof. Cairnes has been lecturing at Dublin on the American revolution. He holds that the success of the North means, if not immediate emancipation, at least the immediate arrest and ultimate extinction of slavery, while the success of the South means the establishment of slavery on a broader and firmer basis. The Lord Lieutenant of Ireland, Earl Carlisle, was present, and in moving a vote of thanks to the lecturer, said he deeply deplored the conflict in America, and endorsed the neutrality of the English government.

☞ A correspondent of the N. Y. Times, with the advance of Gen. Burnside's army in Virginia, says; "An order was promulgated from headquarters Thursday morning, ordering that all officers guilty of permitting their men to pillage and rob the people, shall be punished with death. Notwithstanding the stringency of the measure, however, the men continue to indulge freely in their stealing propensities."

☞ A fire at West Amesbury, Mass., on Thursday evening, resulted in the destruction of a dwelling house, a carriage manufactory, and the vestry of the Congregational church and the sheds around it. The meeting house was on fire several times, but was extinguished without much damage.—The fire was supposed to be accidental.

☞ The New York Assembly is pretty certainly Republican. Instead of Luther S. Dutcher, democrat, in the 1st district of Dutchess county, John B. Datcher, Republican, is elected. This makes the figures 65 Republicans to 63 Democrats—and at least one of the latter will probably vote with the Republicans on organization. So says the New York Tribune of the 13th.

☞ An old man named John Fuller was murdered at Mechanicsville, Vt., on Sunday last, by an idiotic laborer named Loyal Moses. Fuller lay down to sleep, when Moses struck him three blows upon the head with an iron bar, smashing his skull and scattering his brains. The murderer makes full confession of the deed, and says the old man told him that he "wished some one would knock him in the head."

☞ The N. Y. Herald prints a memorial, which is being signed by the merchants, financiers and others, recommending the return by government to specie payments for all U. S. bills from $20 down, and the issue of legal tender coupon bonds of $20, $50, $100, $500, $1000 and $5000 each, having twenty years to run, bearing interest at 4 1-2 per cent.

NEW HAMPSHIRE ITEMS.

—— Col. James Pike, of the 16th regiment, has been presented with a sword and sash by friends at Sanboraton Bridge; and Prof. R. M. Manly, Chaplain of the same regiment, with a purse of $92 by the ladies, as a partial compensation for loss sustained by the recent burning of the Seminary building.

—— The Washington correspondent of the Concord Statesman says:—

I am happy in being able to say to the numerous friends of Rev. Elisha F. Legro, who has for some weeks been exceedingly ill in the Patent Office, that he is recovering, although still very low. When the rebellion opened, Mr. Legro, a Methodist clergyman, was the pastor of a large and flourishing society in Tamworth. He called his congregation together, urged upon the young men their duty to take the field, and showed his sincerity by embarking as a private soldier with them—taking with him nearly all the able-bodied young men of his congregation. He was soon detailed to hospital duty, and continued laboring day and night, till struck down with a terrible fever, refusing to leave his post when offered a commission by the Governor. The family of this noble man, a wife and daughter, are in Rochester, N. H., and I am sure they will not be forgotten by those who appreciate what is noblest in the Christian patriot and hero.

—— The Second Regiment, on the 7th inst., were encamped at Centreville, on ground occupied last winter by the rebels. They are building substantial tents with the material of the rebel encampment.

—— Rev. Geo. E. Fisher has been dismissed, at his request, from the pastorship of the Congregational Church in Mason Village.

—— Mr. Lucien H. Adams, of Derry, was ordained pastor of the Congregational Church in Petersham, Mass., Oct. 28.

—— Mr. A. W. Stevens was ordained on the 5th inst., as pastor of the Unitarian Society in Manchester.

—— Quartermaster P. C. Cheney, of the 13th regiment, has been promoted to Brigade Commissary in Casey's Division.

☞ A writer in the Edinburg Review estimates the property of Great Britain and Ireland in 1858 at twenty-nine thousand millions of dollars, which is about $1000 to each inhabitant.

—— Dr. Daniel Patterson, of Rumney, who was captured by a guerilla band last spring while on a visit to Bull Run battlefield, has just been heard from. He was taken to Richmond and afterwards to Salisbury, N. C. He has since escaped, and is now reported to be within the lines of our army. He was in a destitute condition, but was aided by some of the officers of our army.

☞ The Secretary of War has promoted private Alfred Townsend to a lieutenantcy in the regular army, for gallant conduct in the battles on the Peninsula and in the recent battle of Bull Run, where he was severely wounded, and lay on the field nine days without food or water, or attendance of any kind.

☞ The Rossin House at Toronto, the largest hotel in Canada, was burned last Friday morning, with all the stores in the building. Several lives were lost. The guests were all saved. Loss very heavy. The hotel was insured for $80,000.

☞ Newport, R. I., on Wednesday, by a vote of 379 to 164, decided in favor of giving Coaster's Island to the National Government as a site for a naval school, provided by so doing an institution can be secured in the locality.

☞ The Boston Traveller says that a portion at least of Gen. Banks' expedition will sail from Boston. The orders to several Massachusetts regiments to proceed to New York, preparatory to their final departure, have been countermanded.

☞ A sign of the times, and not a bad sign, is the fact that Major Gen. Butler, an original Breckinridge Democrat, is one of the first, if not the first, to put into the field a colored regiment, fully equipped and ably officered.

☞ Iron-clad steamer Monitor will probably relieve iron-clad steamer Galena, now stationed near the mouth of the James river, and the latter vessel will be taken to the Washington Navy Yard to undergo a thorough overhauling, and to repair the damages she received in the attack on Fort Darling.

☞ The Orleans interest is said to be uncommonly vigilant in France just now and sanguine of speedy success. Louis Napoleon must keep his eyes open tight or they will unseat him.

☞ Rev. Frederic D. Huntington, D. D., of Emanuel Church, Boston, has under consideration an invitation to become the Rector of the Calvary Church, in New York, recently in the charge of Rev. Dr. Hawkes, who has accepted a call from Baltimore.

☞ It is estimated that the receipts for customs during the current year will amount to more than $60,000,000, possibly to $65,000,000, which will be a larger revenue than has in any preceding year been derived from that source.

BEARD WEARING.—In his "Fire Lay Sermons" Dr. Brown thus talks of the masculine perogative:—

"I am for beards out and out, because I think the Maker of the beard was and is. This is reason enough; but there are many others. The misery of shaving, its expense, its consumption of time—a very corporation existing for no other purpose but to shave mankind.

"Campbell, the poet, who had always a bad razor, I suppose, and was late of rising, said he believed the man of civilization who lived to be sixty had suffered more pain in littles every day in shaving, than a woman with a large family had from her children. This would be hard to prove: but it is a process that never gets pleasanter by practice; and then the waste of time and temper—the ugliness of being ill or unshaven. Now we can easily see advantages in it: the masculine gender is intended to be more out of doors, and more in all weathers than the smooth-chinned ones, and this protects him and his Adam's apple from harm. It acts as the best of all respirators to the mason and the east wind.

"Besides, it is a glory: and it must be delightful to have and stroke a natural beard, not like bean stalks or bottle-brush, but such a beard as Abraham's or Abd el-Kader's. It is the beginning ever to cut that makes all the difference. I hazard a theory that no hair of the head or beard should ever be cut, or needs it any more than the eyebrows or eyelashes. The finest head of hair I know is one that was never cut. It is not too long, and is soft and thick.—The secret where to stop growing is in the end of the native untouched hair. If you cut it off, the poor hair does not know when to stop; and if our eyebrows were so cut they might be made to hang over our eyes, and be wrought in a vail.

"Besides, think of the waste of substance of the body in hewing away so much hair every morning, and encouraging an endless rotation of crops. Well, then, I go in for the beards of the next generation, the unshorn beings whose beards will be wagging when we are away; but of course they must be clean. But how are we to sup our porridge and our kaik? Try it when young, when there is just a shadowy down on the upper lip, and no fears but they will do all this 'ellegantly' even. Nature is slow and gentle in her teaching even the accomplishment of the spoon."

A NOBLE INCIDENT.—The New York Post narrates the following:—

A youth wounded in the rebel ranks at Antietam, died at Hoffman's farm, near the battlefield on the 17th. His name was Bailie Peyton Chandon, from Texas. He was 19 years the day his thigh was amputated, an operation rendered necessary by five wounds he had received. A sixth, on the neck, was less severe. He had lain two days on the battlefield before he was discovered. When taken care of by hospitable Union soldiers, he said he was at school when the war broke out, and that he wished to remain there, but that the conscription began in his town, and he was forced to join the army. And yet all this time his hopes and prayers were for the stars and stripes.

After the amputation the surgeon sent for a cushion to place under the stump of a thigh. The messengers returned with word that there were none left. A young Massachusetts soldier, who, two days before, had had his thigh amputated, hearing this, put his hand down, and, taking his own pillow, handed it to the surgeon, saying, "Here, Doctor, give him this, he needs it more than I do."

Was there ever greater heroism? And yet in our army's hospitals such self-abnegation is paralleled every day.

AN IRON EGG.—In Dresden there is an iron egg the history of which is something like this:—

A young prince sent this iron egg to a lady to whom he was betrothed. She received it in her hand and looked at it with disdain. In her indignation that he should send her such a gift she cast it to the earth. When it touched the ground a spring cunningly hidden in the egg opened, and a silver yolk rolled out. She touched a secret spring in the yolk, and a golden chicken was revealed; she touched a spring in the chicken, and a ruby crown was found within; she touched a spring in the crown, and within it was a diamond marriage ring.—There is a moral to the story.

TO DESTROY THE DESIRE FOR INTOXICATING DRINKS,—a medical practitioner sends us the following recipe:

Put a ten grain tartar-emetic powder into a pint of the patient's favorite intoxicating drink, and take a small wine-glass full of it every hour until it causes vomiting once, then suspend its use until all sickness at the stomach is gone; then go through the process again and again until the pint is all drank. This course will usually cure the patient for a time at least, and in many instances permanently. The powder does not change the taste of the liquor at all.

The patient should keep on hand a bottle of this mixture, so that when he has a desire to drink intoxicating liquor, he will drink from this mixture and no other.

Every wife who has a drunken husband, should have a bottle of this mixture in the house for her husband's free access.

THE EMANCIPATION PROCLAMATION.—The eventual result of the proclamation will, we think, be good, but it should never have been necessary. Out of Washington, none but fanatical Abolitionists asked for a war for emancipation; and none but sympathizers with Jefferson Davis asked for tenderness to the property of rebels, when it opposed the sweep of the war.—*Boston Transcript.*

Those turkies that were furnished and cooked at the expense of one of the nominees of the People's Party, to celebrate his election, were not required, and a correspondent is anxious to know when they are to be ready for consumption.—*Haverhill Gazette.*

☞ The Count de Riascourt, one of the loudest "swells" in Paris, blew out his brains a few weeks ago—his friends say for love.

☞ The Pottsville Miner's Journal says that the total amount of coal sent to market this year is 6,927,997 tons, against 6,022,975 tons sent last year, or a gain of 905,022 tons.

☞ The Government Bakery, at the corner of Greenwich and Morris streets, New York, was destroyed by fire on Friday morning. Loss $75,000.

☞ The London Globe says the British Cabinet will shortly give an expression of their views concerning the proceedings of the steamer Alabama.

☞ Gen. Halleck, it is reported, purposes an active campaign in November and December, and Burnside is zealous to help him along with it.

☞ The Grand Trunk Railway Company have leased the right of advertising in all their passenger cars and stations.

A man is circumscribed in all his ways by God's providence, just as he is in a ship; for though a man may walk freely upon the decks, he must go whither the ship bears him.

☞ The New York Post asserts that Gen. Cass fully approves of the removal of Gen. McClellan.

Have you used the Strela Matches?

J. F. SHORES, JR., No. 1 Congress Block, has just received from the manufactory a large lot of

STRELA MATCHES.

These matches are without sulphur and without smell in burning, which adapts them for th. Sick Room, the Parlor, or for general use, being nearly as cheap as any other kind of Matches. They are put up in boxes of 150 matches, and are sold at the low price of THREE cents per box, or 12 boxes containing 1800 matches for 25 cents—being 72 for a cent!

Dealers supplied at the manufacturer's price.

Leavitt's & Thomas' Almanacs.

J. F. SHORES, JR., No. 1 Congress Block, has for sale by the hundred, dozen or singly, THOMAS' & LEAVITT'S ALMANACS for 1863. Also New Hampshire Register for 1863.

Club Price only 80 cents per year, which includes the paper for 12 months and 4 papers of nice Seeds

J. F. SHORES, JR., No. 1 Congress Block, will receive subscriptions on the above terms from persons in this city or any of the neighboring towns. nov15

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

ALFRED STAVERS,
Dealer in Crockery, Fancy Goods, &c.

THE NEW ELECTRA.

Dr. PORTER, a member of the New York Electrical Institute, late Nos. 561 and 563 Broadway, but now No. 150 Waverly Place, having taken a tour into the country for a few weeks' recreation, and taken rooms at the Misses LARKIN'S, No. 16 Middle street, for a few days only, where he will prescribe for and treat *all Diseases*, female complaints especially, by the new system of Medical Electricity. Particular attention paid to Paralysis, Scrofula, Hernia or Rupture. Diseases of the Spine, Eye and Ear treated successfully.—What seems most incredible is, that many diseases, heretofore pronounced incurable, are often cured in a single day, and others in a few treatments. No Shocks given in any case whatever.—The method of treatment is peculiar,—is unknown to others; by it the equilibrium is restored. The sensations experienced are perhaps the most delightful, soothing and invigorating known on earth. Even infants treated with the greatest success. No charge for consultation. No infectious diseases treated. Terms very moderate,—even less than at the Institute. Office hours, for gentlemen, from 9 A. M. to 12 M. For ladies, from half past 1 to 5 P. M. Patients visited at their own homes after 5 P. M., *free of charge*, (if requested by note or otherwise.)

Call soon if you would avail yourselves of this opportunity, as the Doctor will remain but a few days only. All the medicines used are electrical.

For particulars and testimonials see circular headed *The New Electra.*

P. S. Patients are treated on the Sabbath at the same hours. nov11 1sd&wlmo*

GRACE'S CELEBRATED SALVE!

A Sure Relief for the Sufferer!

This Salve is a vegetable preparation, invented in the 17th century by Dr. WM. GRACE, surgeon in King James' army. Through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day; and was regarded by all who knew him as a public benefactor. The Salve is used for following diseases:—Burns, Bruises, Felons, Scald Head, Salt Rheum, Boils Scurvy, Sore Lips, Sore Ears, Swelled Nose, Ulcers, Lame Joints, Chilblains, Chapped Hands, Ringworms, Sprains, Flesh Wounds, Erysipelas, Scalds, Stings of Venomous Insects, Piles, Bunions, Frozen Limbs, Nettle Rash, Sore Breast, Wens, Eruptions, Festers, Shingles, Cancers, Whitlows, Itch, Sties, Lame Wrist, and Sores and Wounds of the most serious nature, without leaving a scar. It will also cure pimples on the face, and beautify the Skin.

There are thousands who are suffering for months and even years in consequence of Sores and wounds that might be cured in a short time by the use of this great external Salve. It has never failed to effect a speedy cure when properly applied. This Salve has none of the irritating heating properties of other remedies, but cools, cleanses and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand, for it will save them trouble, suffering and money; and in many cases it has saved life itself. The manufacturer receives testimonials daily, from some of our most distinguished citizens, expressing benefits derived from its use. This Salve is warranted to give perfect satisfaction in every disease that it professes to cure; if not, the money will be refunded.

Price 25 cts. per box. Manufactured by WM. GRACE, Amesbury, Essex Co., Mass.

M. S. Barr & Co., 24 Tremont street, Boston, wholesale agents. All orders addressed to this firm or the manufacturer, will receive prompt attention.

One Box sent postpaid by mail to any part of the United States, on the receipt of 33 cents—or three Boxes for one dollar.

For sale in Portsmouth by WM. S. PRESTON and J. H. TRACHER; and by respectable Druggists and country stores everywhere. m10

Important to Females.
DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstrations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are invaluable, *inducing, with certainty, perfect regularity.* They are known to thousands, who have used them at different periods, through out the country, having the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor Sold by Druggists generally.

For sale in Portsmouth by THACHER and PRESTON.

Local.

☞ The remains of Mr. John H. Morrison, of Company G, 10th N. H. regiment, having been brought to this city, he was buried under arms on Sunday afternoon.—The Home Guard did escort duty, and the funeral procession was very lengthy, comprising the members of the City Government, the Fire Department, the Hibernian and other Societies, many citizens, and a long line of carriages containing the more immediate friends of the deceased. The Portsmouth Cornet Band furnished appropriate music. The funeral services were held at the Catholic Church, according to the ritual of that church, and the boy was interred in their cemetery, near the Plains. Many of the flags in the city were displayed at half-mast during the day.

Thus do one after another of those who have grown up around us, fall on the battle field or die of disease contracted in the camp, and the solemnities of their burial remind us more forcibly of the horrors of civil war; yet each one dies a patriot's death, and in their death they call to those who yet remain to wrest from traitors' desecrating hands the country's flag, and bear it on till all the States shall rest beneath its ample folds. When that is attained the labor of the soldier will have been performed—his duty done.

☞ City Marshal Bragdon on Sunday noon arrested John C. Frost, near North Hampton depot, for the robbery of the store of Mr. John N. Butler, in Springvale, Me., about 5 miles from Alfred, on Saturday noon. It appears that he secreted himself in the store during the forenoon, and while the proprietor was absent at dinner, broke open a trunk, and took about $400 therefrom. There were nearly $700 in the trunk, and about $150 in the drawer. He then took the the stage to North Berwick, and from thence came by cars to this city. The money was not missed until 7 o'clock, when the proprietor having some reason to suspect Frost, tracked him to this city, reaching here at half-past 5 o'clock on Sunday morning. Here he laid the case before Marshal Bragdon. The latter, after some search, ascertained that he had passed Saturday night at the Franklin House, but had paid his bill and gone. Finding no trace of him in the city, the Marshal took a team and, with Mr. Butler, drove towards Greenland. At the Plains and at Greenland a man was observed on the track at a distance, acting somewhat suspiciously, and feeling convinced it was the man they were seeking, they drove on rapidly and got ahead of him. The Marshal walked back leisurely on the track, met him and much to his disgust arrested him. He was brought to this city, and on the same day taken back to Maine. Frost is a young man,—about 18 years of age. He says he did not take all the money, that it might not be missed so soon. He passed out of the store by the back door. At the Franklin House he registered his name as John Campbell. He had spent about $20 of the money; the remainder was recovered.

☞ The boys, on Saturday noon, were quite jubilant over the gift of apples, and soon carried away the load which was so generously presented to them. Indeed, they manifested but little reserve in coming forward to avail themselves of the opportunity,—unless it be that very few were at all loth to reserve to themselves as many as possible. Huge baskets and long bags we saw, and all who came early enough were most bountifully supplied.

S. J. COURT—PORTSMOUTH.

SATURDAY.—The case Towle vs. Frink, after a hearing before Judge Bell, is held over by the court, for consideration and decision,—and the court adjourned without day.

☞ On Friday afternoon, Mr. J. C. Lang, of the South Boston police, was accidentally killed at Milton, Mass. With Sergeant Richard Lang he was hunting squirrels, and sat down, placing the butt of his gun on a stone, the barrel resting on his knee. Accidentally hitting the gun with his hand, it slipped from the stone, and at the same time was discharged; the full charge of shot passing into his abdomen. After lingering several hours in great agony, he died. Mr. Lang was 46 years old, and leaves a wife and 4 children, his oldest boy being in the army. He was born at Rye, where his remains will be interred.

☞ Mr. Joseph B. Upham, Jr., of this city, having successfully passed an examination in New York city during the past week, has received an appointment as Assistant Engineer in the U. S. Navy. The examination is thorough and severe, and many of the applicants for the position are rejected.

☞ The arrest of two of Gen. McClellan's staff, it is said, was based on a technical fault. They did not belong so entirely to his staff as to require them to follow him to Trenton.

☞ Capt. T. W. Higginson, of the Mass. 55th, has been ordered to Hilton Head to take command of the South Carolina negro regiment.

ON THE DRAFT.
BY HUGO.

'Twould please you, my boy, and add to your joy
To observe the cunning and craft
That is used by my wife (once artless in life)
To help me escape from a "draft."
I've always conceived, nay, always believed,
That I was sound, healthy, and strong;
But the yarns she has told to young and to old,
Have led me to think I was wrong.

She says I am deaf, that my stature is brief,
And my legs are unequal in length;
And I've corns on my toes, and boils on my nose,
And my arms are deficient in strength.
I tell you, dear Ed', she has furthermore said,
I am blind in one of my eyes;
But the yarns she has told to young and to old,
My eyes not of uniform size.

She has given me pills, and syrup o' squills,
And swears that my lungs are affected;
That I suffer with piles in walking two miles,
And my kidney with spine is connected.
When assessors came round, I was not to be found,
(Now just for a moment consider)
She said I had died in my youth and my pride,
And left her—a poor, lonely "widder!"

I acknowledge dear Ed', I'd rather be dead
Than subject to so much disease;
'Twixt "drafting" and wife, I despair o' my life
Whenever I'm tempted to sneeze.
I want your advice, no matter the price,
For my brains are all of an addle:
I must decide my fate (so laughing is fun)
Or else I must quickly "skedaddle."

Poor devils like me are unable to see
Which evil is really the least:
To be worried by wife near out o' my life,
Or be killed by Davis, the beast.
'Tis our country that calls, 'tis the woman that bawls;
Dear Ed', which way shall I go?
Shall I stick to my wife, or go to the strife?
Great Union! I'm anxious to know!

—Phil Sunday Dispatch

☞ The N. Y. Tribune has a detailed account of the rebel vessels under way in England. Three iron-clad rams are building, two by Mr. Laird at Liverpool; the third is a screw steamer, at Glasgow, 3500 tons and 800 horse power, and is under contract by Messrs. Thompson, to be completed in 20 months from last July. Six iron vessels, not iron-clad, are preparing in Thompson's yard for carrying arms, &c., to rebel ports. The names are Giraffe, Thistle, Columbia, Pearl, Eagle and Ruby. All, except the Giraffe, are owned in the name of George Wigg, a Liverpool merchant, who is active in the rebel cause. Bigby & Co. have also three iron steamers building in the Clyde for blockade runners.

It appears that the day after the Alabama left Liverpool, the English government issued an order restraining her from going to sea.

☞ The Cape Ann Advertiser says: Take it all in all, the fishing season now so near its close, has been quite successful.—The majority of the vessels have brought in good fares, and the recent advance in prices will add much to the net proceeds of the season's work.

☞ At Cape Elizabeth, Me., Nov. 4, a boy of about 13 years of age deliberately killed a lad a little over three years of age by pushing him into the water. He assigns no cause for the act.

☞ The wild geese on Sunday were hastening to a warmer clime.

ANOTHER NEW STOVE!

THE MODEL COOK
FOR WOOD OR COAL.

The novel—the peculiar feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long! or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James W. Davis, Frank Jarvis, Thos. Jarvis, Thos. L. Tallock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Jos. D. Akerman, James F. Shower, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Toombs, Richard L. Randall, Geo. Rice, Benj. F. Canney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pickering, Cushman Pryor, of Tredwellers Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Fernald, Mrs. Wm. Locke, Kittery; E. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made. The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed, a feature not possessed by any other parlor stove. Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We hold a large number of Victor Stoves in our city last season, and they received the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

—

A great variety of cheaper Stoves for coal and wood—Coal hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

Bulbs for Fall Planting

J. F. SHORES, JR., No. 1 CONGRESS BLOCK,

Has just received a fine lot of Bulbs just imported from Holland, viz:

Blue, Red and White HYACINTHS;
Parrott Tulips; Double Tulips; Single Tulips;
Polianthus Narcissus; Double Jonquils;
Orange Narcissus; White Narcissus;
Yellow, Blue, White and Violet Crocus.

These bulbs can be planted during the month of October in the open ground, and they will flower in the Spring; or, they may be planted in pots for house culture and they will flower in March.

Wanted,

500 lbs. CIDER by Portsmouth Vinegar Manufacturing Co. Office 21 MARKET STREET.

THE peculiar taint or infection, which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth, and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. These cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten and to render greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S
CHERRY PECTORAL,
The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.

Portsmouth, Feb. 1, 1862.

☞ ATTENTION, THE WHOLE! ☜

RYE, N.H., Feb. 20, 1846. "I hereby certify that my daughter has had the use of your Panacea for a number of years, from time to time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large vial had been expended in the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. Swett's Panacea, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more by immediate use of the above medicines than equal Dr. Swett's in removing the various kinds of humors. I have sold his a number of my acquaintance, who were afflicted, and witnessed many full cures effected by it. Since I have acted as agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe pain. It then about as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the time it first broke out, I grew worse and worse. Dr. Swett's Panacea in many such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prescribed, and taking twelve bottles of Panacea, my Cancer was fully cured in about two months, and I have had no trouble from it since. CAROLINE H. SWETT.

This statement of my wife is correct.
CHARLES SWETT.

Portsmouth, N. H., April 18, 1851.

I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, causing many sores on my side. And seven bottles of Dr. Swett's Panacea have done me more good, a radical cure, as I have had no sign of the complaint since. I believe this medicine to be the most powerful purifier of the blood. HANNAH BOWIE.

PORTSMOUTH, April 21st, 1852.

I have for several years been afflicted with dizziness at my stomach, loss of appetite, and often the times severe pain. No other medicine gave me relief, and all medicine failed to give any relief until about a year ago, when I took one bottle of Dr. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

Rye, Feb. 28, 1853. Dr Swett:—Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and was added that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine, for use, and for humors and consumptive complaints.
WM. F. SEAVITT.

From ELDER I. CHESLEY, Lee, May 31, 1841.

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined to her chamber 07 months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow worse till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best things I have found for the disease above named. ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. 1m aug 30

Houses and Lands.

Desirable Residence

ON MIDDLE ROAD FOR SALE

The Subscriber will sell the COTTAGE HOUSE in which he now resides, on Middle Road—one of the most carefully constructed, and finest apparted houses in the Dwellings in Portsmouth; containing nine good sized rooms, with an ample attic—seven of the rooms measuring 16 by 16 feet each.

The house was built by the day, ten years since by the late Wm. F. Currier, under the particular inspection of the subscriber, and for his own use. The Lot measures 65 feet on Middle Road, and over 200 feet deep, well filled with almost every variety of forest and fruit trees, with vines, shrubs and flowers, all in full bearing and in the greatest abundance. The premises will be disposed of at private sale only, and not at any time at auction.

Aug. 9. SAM'L T. LONG

REAL ESTATE IN GREENLAND

FOR SALE OR TO LET.

The desirable residence owned by ALONZO F. BROWN, and now occupied by CHARLES H. BENNETT, Esq. The house is two-story, and was built about six years since; very convenient, heated by a furnace; has a barn and carriage house attached; quality of land excellent; there is fifteen acres of land attached, divided into tillage and pasturing, with a young and thriving orchard. The premises are within five minutes walk of the churches, school house, and the railroad depot to Concord, Boston and Portland. The above is one of the pleasant residences in Greenland. Possession given about first of October. For further particulars apply to

FRANKLIN HOUSE

Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements, is now prepared to offer the patronage of the travelling public that has so long been extended to the house.

A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added, and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, will be unmolested, will now find quiet and retired apartments connected with the street and dining hall by an independent staircase. The house will be kept as a first class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting this section of the State.

A good STABLE is connected with the house, where persons visiting Portsmouth with teams, will be promptly and carefully waited upon.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. L. Treadwell, Geo. Brigdon, J. B. Upham, J. Woodman Moses, John R. Hubbock, Geo. B. French, Frank Jones, C. C. Jackson, James H. Pinder, James Shaw, Charles A. Hodgdon, Charles Simpson, Kittery; Thomas J. Tarlton, Newcastle, and the best of others in our sales book.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE

Also on hand an assortment of the different sizes of the

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR WARMING
FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable—and as none of the air which comes in contact with the fire-pots is used twice, ventilation, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating apparatus have been invented and erected, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases are lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass through the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus will be found more simple or more economical than this, as it consumes the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world, and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert H. Hatch, Esq.,
Aaron Hall, Esq., Charles H. Mendum,
Henry F. Wendell, John Shea, and others.

SPEER'S SAMBUCI WINE,

PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT.
For Physicians' Use.
FEMALES, WEAKLY PERSONS, INVALIDS

SAMBUCUS TREE, OF PORTUGAL.

The Best Remedy for Kidney Affections, Rheumatism, Chronic Complaints.

Excellent Wine for Females.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle stimulant, tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the glands and kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefiting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its high, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

a few well known gentlemen and physicians, who have used the Wine.

MATHEWS'
VENETIAN LIQUID
HAIR DYE.

☞ MATHEWS' VENETIAN HAIR DYE.—This celebrated Dye was first prepared in 1846; since that time it has been USED BY THOUSANDS and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains NEARLY THE QUANTITY OF TWO, containing in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade, crock, nor wash out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL SOFTNESS OF THE HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest, most convenient, most successful, and most *permanent* Dye ever used.

SOLD BY ALL DRUGGISTS.

VOL. 21. PORTSMOUTH, N. H. TUESDAY, NOV. 18, 1862. NO. 92.

The Chronicle.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"The Union as it was—the Constitution as it is."

"Bound to no party—to no sect confined;
The world our home; our brethren, all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every ism fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

THE TALLOW TREE.—Among the trees which have of late been extensively distributed in the Northwestern provinces of India and Punjab, is the tallow tree of China, *stillingia sebifera.* In China it is largely cultivated, and it is said that by its produce alone the taxes are paid in the district of Hong Kong. It grows equally well on low alluvial plains, on the rich mould of canals, in sandy soils, and on the declivities of mountains. From its seeds tallow and oil are procured, which are extensively used in China. Its wood is hard and durable, and its leaves yield a black dye. It is now thriving well in India. The tallow and oil are easily procured from the seeds. The tree, therefore, is well worthy of attention.

☞ A letter from Palermo, Sicily, says: A valuable treasure has just been discovered in the palace of the Marquis de Vesto, who recently died here. In a secret hidden place formed in the wall of his study, there has been found, piled up in the greatest disorder, a vast quantity of ancient plate, candelabra, candlesticks, 60,000 ducats in gold coins of the old sovereigns of the Bourbon dynasty, and a considerable number of old colonnades, a coin bearing the effigy of Charles III. This treasure was collected by one of the ancestors of the Marquis, who filled the highest posts at the Court of Spain under the Emperor Charles the Fifth."

☞ A married woman of Michigan, whose husband is quite wealthy, is now under arrest in New York, for dressing in male apparel and getting married to a pretty girl whom she met on the cars, and whose affections she won. The pair have been living to all outward appearance as man and wife, and spending the money of the rich Michigander, as though it didn't cost anything.

BULL RUN.—The field of the last Bull Run battle presents a most sickening scene. The fields are strewn with dismantled gun carriages, caissons, clothing, shot, shell, and the dried, mummy like remains of slaughtered horses which appear on almost every hand. The limbs of the half buried dead are seen protruding from the earth; arms and legs are frequently found upon the surface, with the muskets and portions of the flesh still adhering to the bones, and in some instances bearing the marks of dogs and buzzards.

☞ The fashionable residents in the capital of Washington are said to be annoyed by rumors that the Diplomatic Corps propose to take up their abodes in New York, leaving an *attache* for each legation to transact the routine business.

☞ It is stated that in some portions of New York the snow is four feet deep.

☞ The rebel Gen. Vallipique died a few days ago of Pneumonia.

CHRONOMETER TIME!

The subscriber, recently from the store of Mr. N. C. GREENOUGH, Newburyport, Mass., where he has had a large experience in the repairing of **Ship and Pocket Chronometers, and Fine Watches,** has located himself at the store of

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

American and Foreign Patents.

R. H. EDDY,
SOLICITOR OF PATENTS;
Late Agent of U. S. Patent Office, Washington, (*under the Act of* 1837,)
75 State Street, opposite Kilby Street,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries; Reissues, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is more SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy,* and more capable of putting their applications in a form to secure for them early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending.* Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made out *forty* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor,* by the Commissioner of Patents.
R. H. EDDY.
Boston, Dec. 2, 1861 aw

HILL & CARR,
4 Market Street.

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!
The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.
"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.
"The Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.
The Port has a fine flavor and body; and
The Port is excellent because it is pure.

Morning Chronicle.

Portsmouth, N. H.

TUESDAY, NOVEMBER 18, 1862.

THE REBELLION.

Advices from New Orleans report that an expedition under Gen. Weitzel met the enemy at Gabodierville, and defeated them after a brisk fight. Upwards of 200 of the enemy were killed, wounded and taken prisoners, and one piece of artillery was captured. The rebels were pursued towards Berwick Bay, where Gov. Moore was supposed to be. Our forces engaged were the 8th New Hampshire, 12th and 13th Conn., 75th N. Y., and 1st La. regiments, with Thompson's (Maine) and Carroth's batteries. Our loss was 18 killed and 74 wounded. The rebel prisoners were paroled. The losses of the N. H. 8th were:—

Killed.—Capt. John Q. A. Warren, Capt. John Kilpher; Corpl. J. H. Miller, Corpl. John L. Patney, Corpl. J. F. Cady; Peter Doherty, Gilford Milbrain; Lieut. Bean; G. W. A. Morgan.

Wounded.—Sergt. D. B. Morse; H. W. Lord, H. C. Ashe; Corpl. John Towle, H. D. Kidder, W. D. Morey, R. G. Pinney, E. P. Rowe, M. Culver, C. Mareland, W. Jones, H. Thompson, C. Frost, F. J. Smith, since died, J. Oaks, E. Manser, J. Hoat, C. Harney, S. Bunker, S. F. Hutchins, P. Desmond, A. Reed, F. D. Woodbury, E. H. Minard, Frank Stimpson, Thomas Goarley, Patrick Conner and Henry Kane.

Nearly all the salt works on the Coast of Florida and Louisiana have been destroyed by our gunboats.

Our gunboats are still at anchor off Galveston to protect the Unionists there, but raids of rebel cavalry are frequently made at night and the Unionists forced into their ranks or shot. A regiment to occupy the place is much needed.

A Nashville letter states that the rebels attacked our pickets, but the iron railroad car, with its two guns, loaded with grape and canister, were brought to bear on them, repulsing them successfully. All was quiet on the afternoon of the 12th and Gen. Foster was coming up the river.

The reorganization of the Army of the Potomac into three grand divisions, commanded by Gens. Sumner, Franklin and Hooker, is announced. The reserve force is under the command of Gen. Sigel. A dispatch from Washington says that military men freely believe that Gen. Burnside will soon be attacked by the rebels in force.

☞ A special Washington dispatch states that reclamations have been made on England for damages suffered by our commerce from the rebel cruiser Alabama, which sailed under British papers from a British port. It is believed that this hint will not be lost on England, and that she will stop the iron-clad fleet, now supposed to be building for rebels, from sailing out of ports into which our armed vessels are not admitted, as she must see to do otherwise would be to commit a serious breach of the neutrality she so studiously professes. According to information received, no one of these rebel ironclads will be ready for three months to come.

☞ The U. S. steamer Kearsarge, from a cruise after the rebel pirate Alabama, and last from Madeira, arrived at Gibralter Oct. 25. She left the ship St. Louis cruising off the Western Islands. The Boston Journal states that the Kearsarge chased a paddle-wheel steamer sixteen hours, during which time the latter threw overboard boxes and bales of merchandise, but escaped capture by her superior speed.

☞ The last words of the will left by the late Gen. Mitchell, dictated a few hours before his departing, mingle the spirit of a devoted christian with the fondness of a parent, for he admonishes his children thus:—"Serve God sincerely and each other fondly are the last words of your dying father."

THE WOMEN THE CAUSE.—The opposition which the draft commissioner of Ozaukee county, Wis., had to encounter was from the women, not the men. The men looked on complacently. To all appearances they were willing to go; but the women had no notion of letting them; and to prevent the possibility of such a disaster, they made a dead set on the official with clubs, stones, &c., smashed the draft-box, and in divers other ways put the commission *hors du combat*. The victim telegraphed for protection against the Amazons.

☞ The steamer Eugenia, the Cairo and Memphis packet, was struck by a sunken wreck on Wednesday night, off Plum Point Bend, and sunk in 15 feet of water. There were over 100 persons on board, 14 of whom were drowned—principally among the crew. The passengers remained on the wreck all night, and were brought off next morning by the steamer Tigress. The boat was valued at $18,000, and will probably be a total loss. She was loaded with goods and stores, which were badly damaged.

☞ On a day last week, Mr. William Thurlow of Newbury, shot a large grey owl, 5 1-2 feet from wing tip to wing tip.

NEW HAMPSHIRE ITEMS.

—— Lt. Col. Charles Scott, of Peterboro', and Maj. Dort, of the 6th N. H. regment, Col. S. G. Griffin, having resigned, Capt. Pearson, of Exeter, has been promoted to Lt. Colonel, and Adjutant P. P. Bixby of Concord (captured at last Bull Run battle, paroled and exchanged) to Major.

—— The Exeter Cotton Manufacturing company will start up their mill about the 1st of December.

—— About twenty valuable sheep belonging to Joseph H. Melville, Esq., of Nelson, were killed by dogs on the 29th ult. The owner of the dogs, an Irishman, killed them, upon being informed of their misconduct.

—— Many valuable books belonging to the students and professors at Sanbornton Bridge were stolen during the fire which destroyed the Methodist Conference Seminary.

—— Edwin Steele, Esq., son of ex-Gov. Steele of Peterboro', was found dead in bed on the morning of the 10th inst. His age was 45.

—— 200 looms in No. 3 on the Amoskeag Corporation, Manchester, will be started up immediately for the manufacture of colored work, denims, &c.

—— About twenty boys in Manchester, on Friday, made a raid on a load of apples, while the proprietor was temporarily absent, and carried off all they could. Some of them were arrested.

—— The Manchester American says there have been several desertions from the 10th regiment.

U. S. SANITARY COMMISSION.

The undersigned acknowledges the receipt of the following contributions for the relief of our sick and wounded soldiers, as the first fruits of his agency in this State:—

From John Bellows, Exeter, $5; S. D. Downes, Francestown, $10; Ladies' Aid Society, Gilsum, $16; Great Falls, collected at a meeting, $3.53; Warren, by Silas Quimby, $3; Congregational Church, Acworth, by J. H. Dickey, $13.58; Rev. Mr. Gates, Pennsylvania, $1; Franklin M'Duffee, Rochester, $27.15; Rev. L. Draper, Derry, $4.50; Gilmanton, by L. H. Mudgett, $20.75.

Good reports are soon expected—and will be published as soon as received—from Portsmouth, Exeter, Dover, Manchester, and other large towns, in response to the recent visits and earnest appeals of the Agent, and the solicitations of the Commission through its printed documents.

The "Special Agency" will continue till December, giving *all* time to respond to its appeals before the agent leaves for another field.

Governor Berry closes his Thanksgiving Proclamation with the following pertinent remarks:

"And while we thank God for his mercies, let not a day so suggestive of good works be permitted to pass without the exercise of those offices of kindness for the needy, which was an injunction of our Divine Redeemer, who published 'peace on earth, and good will to men.'"

And what more appropriate expression of gratitude on this day of festivity, or what more acceptable offering to God for the bounties of his providence than a liberal contribution for the relief and comfort of our brave, patriot soldiers, who are "enduring the perils of camp life and the storm of battle," periling health, limb and life, to save their country, secure us in our comfortable and peaceful homes, and transmit to succeeding generations the blessings of good government and free institutions.

Will not every congregation throughout the State, assembled for "thanksgiving and praise" on the 27th inst.—who have not recently contributed to this object, and are not about to take other and more effectual measures for raising money—take up a collection on this occasion, and send the same to

W. H. HADLEY,
Special Agent U. S. San. Commission,
(Care of Postmaster,) Concord, N. H.

☞ "Burleigh," of the Boston Journal, relates that as George Francis Train and Cassius M. Clay were holding their discussion in New York city, on the question of slavery, Mr. Train, in the course of his speech, asserted that slavery was right in itself and should be sustained. "Indeed," said the speaker, "Slavery is a divine institution." "*So is hell!*" responded the stentorian voice of an old puritan in the back part of the Hall.

☞ The bids for the 7.30 Government loan were opened at Washington on Monday. The number of bidders is large, and the whole amount will undoubtedly be taken at from 3 to 3 1-2 per cent. premium. The amount bid for will probably be double the amount to be awarded.

☞ An equestrian statue of Gen. McClellan has been made in Philadelphia.—He shouldn't be mounted on a *fast* horse, should he?

☞ The Postmaster General has given orders for the redemption of postage stamps which have been used as currency.

☞ The Althouse iron works, corner of Houston and Green streets, New York, were burnt on Saturday night. Loss $120,000; insured $97,000. The Associated Presbyterian church was also destroyed, and a large number of dwelling houses on Green and Houston streets damaged. The building No. 144 Green street was crushed by the falling walls of the iron works. Jas. Maugum, an insurance patrolman, is believed to have lost his life. The total loss will reach $150,000.

☞ The Macon (Ga.) Telegraph of the 8th has a long article on peace. It says: "We are so anxious for peace that the earnest longing for it is never out of the mind of man, woman or child, and the war distresses us a thousand times more than the North." It, however, sees nothing but ruin except a peace is based on Southern independence.

☞ The President, as Commander in Chief of the Army and Navy, has issued an order in which he desires and enjoins the orderly observance of the Sabbath by the officers and men in the military and naval services.

☞ The clergymen of Branford, C. W., have signed and published a document calling the attention of their congregations to the impropriety of having funerals on Sunday, and agreeing not to attend them, except in a case of absolute necessity.

☞ It is reported that Lieut. Damon, of the 1st New Mexican Volunteers, while in charge of the express at Santa Fe, abstracted from certain letters drafts to the amount of $50,000, and left for parts unknown.

☞ Gov. Brown renews the call for negroes to complete the fortifications around Savannah. If they are not furnished promptly they will be impressed.

☞ A dispatch from Nashville on Saturday contains an account of five murders—two of saloon keepers who refused to sell rum to soldiers; two of soldiers, cause unknown, and one of a negro. The City Marshal was also assaulted and badly beaten.

☞ A Newbern correspondent of the N. Y. Herald states that the rebel Gov. Vance replies to Gov. Stanley's propositions, that North Carolina will fight to the last drop of her blood, and recommends Gov. Stanley to treat directly with the rebel government.

☞ The trial of the 15-inch gun on the gunboat Passaic at New York on Saturday with a full charge of powder and solid shot, was a complete success. No smoke entered the turret, nor was any bad effect experienced from the concussion.

☞ There are now seven Territories belonging to the United States, and four of them will probably press their claims for admission to the Union this winter.—Colorado, Nebraska, Utah and New Mexico. That would leave Dacotah, Nevada and Washington.

☞ A New York dispatch states that General Burnside has submitted his plan of the campaign to the authorities at Washington. As soon as a response is received from them the army will move.

☞ Every geographical square mile of Europe is burdened with an average of over fifty dollars of public debt, and every inhabitant with an average of more than thirty-five dollars.

☞ It is stated that the recent draft troubles in Wisconsin were principally confined to a class of Germans called Luxemburgers. Over one hundred have been arrested in Ozaukee county, and the draft is being enforced promptly.

☞ Governor Andrew, with the advice of the Council, has appointed Henry F. French of Cambridge, Assistant District Attorney, for the county of Suffolk, in place of Augustus O. Brewster, removed.

☞ Lord Brougham, in a letter, expresses a strong hope that the Federal government will refrain from creating a servile insurrection in the South.

☞ The Great Exhibition at London was closed without any ceremony. The attendance and total receipts both exceed that of 1851.

☞ The famous victor of Cowes, the yacht America, is about to be armed with a formidable rifle gun. She will be a useful adjunct to the U. S. navy.

☞ It is reported at the Navy Department, that six iron-clad Monitors will be finished by December 1.

Have you used the Strela Matches?

J. F. SHORES, JR., No. 1 Congress Block, has just received from the manufactory a large lot of

STRELA MATCHES.

These matches are without sulphur and without smell in burning, which adapts them for the Sick Room, the Parlor, or for general use, being nearly as cheap as any other kind of Matches. They are put up in boxes of 150 matches, and are sold at the low price of THREE cents per box; or 12 boxes containing 1800 matches for 25 cents—being 72 for a cent!

Dealers supplied at the manufacturer's price.

Leavitt's & Thomns' Almanacs.

J. F. SHORES, JR., No. 1 Congress Block, has for sale by the hundred, dozen or singly, THOMAS' & LEAVITT'S ALMANACS for 1863. Also New Hampshire Register for 1863.

American Agriculturist for 1863.

Club Price only 80 cents per year, which includes the paper for 12 months and 4 papers of nice Seeds.

J. F. SHORES, JR., No. 1 Congress Block, will receive subscriptions on the above terms from persons in this city or any of the neighboring towns. nov10

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; It saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it, according to directions. For sale at No. 12 Market Street by

ALFRED STAVERS,
Dealer in Crockery, Fancy Goods, &c.

THE NEW ELECTRA.

Dr. PORTER, a member of the New York Electrical Institute, late No. 561 and 563 Broadway, but now No. 150 Waverly Place, having taken a tour into the country for a few weeks' recreation, and taken rooms at the Misses LARKIN'S, No. 16 Middle street, for a few days only, where he will prescribe for and treat *all Diseases*, female complaints especially, by the new system of Medical Electricity. Particular attention paid to Paralysis, Scrofula, Hernia or Rupture. Diseases of the Spine, Eye and Ear treated successfully.—What seems most incredible is, that many diseases, heretofore pronounced incurable, are often cured in a single day, and others in a few treatments. No Shocks given in any case whatever.—The method of treatment is peculiar,—is unknown to others; by it the equilibrium is restored, and in most cases sensations experienced are perhaps the most delightful, soothing and invigorating known on earth. Even infants treated with the greatest success. No charge for consultation. No infectious diseases treated. Terms very moderate,—even less than at the Institute. Office hours, for gentlemen, from 9 A. M. to 12 M. For ladies, from half past 1 to 5 P. M. Patients visited at their own homes after 5 P. M., *free of charge*, if requested by note or otherwise.

Call soon if you would avail yourselves of this opportunity, as the Doctor will remain but a few days only. All the medicines used are elemental.

For particulars and testimonials see circular headed *The New Electra.*

P. S. Patients are treated on the Sabbath at the same hours. nov11 1m&3wmo*

GRACE'S CELEBRATED SALVE!

A Sure Relief for the Sufferer!

This Salve is a vegetable preparation, invented in the 17th century by Dr. WM. GRACE, surgeon in King James' army. JOHN WESLEY he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day; and was regarded by all who knew him as a public benefactor. The Salve is used for the following diseases:—Burns, Bruises, Cuts, Sores of all kinds, Tetter, Salt Rheum, Scald Scurvy, Sore Lips, Sore Ears, Swelled Nose, Ulcers, Lame Joints, Chilblains, Chapped Hands, Corns, Bunions, Sprains, Fresh Wounds, Erysipelas, Scalds, Stings of Venomous Insects, Piles, Bunions, Frozen Limbs, Nettle Rash, Sore Breast, Worms, Erupticns, Festers, Shingles, Cancers, Whitlows, Itch, Sore Lame Wrist, and Sores and Wounds of the most serious nature, without leaving a scar. It will also cure pimples on the face, and beautify the Skin.

There are thousands who are suffering for months and even years in consequence of Sores and wounds that might be cured in a short time by the use of this great external salve. It has never failed to effect a speedy cure when properly applied. This Salve has none of the irritating heating properties of other remedies, but cools, cleanses and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand, for it will save them trouble, suffering and money; and in many cases it has saved life itself. The manufacturer receives testimonials daily from some of our most distinguished citizens, expressing benefits derived from its use. This Salve is warranted to give perfect satisfaction in every disease that it professes to cure; if not, the money will be refunded.

Price 25 cents per box. Manufactured by WM. GRACE, Amesbury, Essex Co., Mass.

M. S. Burr & Co., 38 Tremont street, Boston, wholesale agents. All orders addressed to this firm or the manufacturer, will receive prompt attention.

One Box sent postpaid by mail to any part of the United States, on the receipt of 28 cents—or three Boxes for one dollar.

For sale in Portsmouth by Wm. R. Pierson and J. H. Thacher; and by respectable Druggists and country stores everywhere. m10

PHILLIPS, wholesale, Portland.

Important to Females.

DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstruations, removing all obstructions, whether from cold or otherwise, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and wherever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all such they are invaluable, *inducing, with certainty, periodical regularity*. They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the most *eminent Physicians in America*.

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor. Sold by Druggists generally.

Drake's Plantation Bitters.

They purify, strengthen and invigorate;
They create a healthy appetite;
They are an antidote to change of water and diet;
They overcome effects of dissipation and late hours;
They strengthen the system and enliven the mind;
They prevent miasmatic and intermittent fevers;
They purify the breath and acidity of the stomach;
They cure Dyspepsia and Constipation;
They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;
They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all grocers, Druggists, Hotels and Saloons. P. H. DRAKE & CO., 202 Broadway, New York.

For sale in Portsmouth by THACHER and PRESTON.

Local.

☞ The Concert by Gottschalk and Miss Patti, at the Temple, last week, we omitted before to mention, drew a very appreciative audience, and one highly respectable in numbers and composition. Gottschalk performed marvellously on his truly grand piano,—as he always does; but with all his splendid fingering, and especially his inimitable trilling, there is a sameness and lack of variety in his performances. In the tricks usual to most masters of the piano, he is an adept, as in his "banjo," his "singing" or continuation of sound, and playing a different tune with each hand at the same time, &c.; but even in this, we think Satter's military band (drum and fife) excelled him

Mdlle Carlotta Patti justified her high fame as a singer, and can do with her flexible and highly-cultivated voice, about as she has a mind to. Her warblings, especially the gushes of joyous mirth in her laughing song, were like Gottschalk's piano trills,—sweetly gliding and musical as summer rivulets. But her voice is not so pleasing to us as her sister Adelina's, now singing in Europe, who appeared here as beautiful "little Patti" several years ago, and whom we have since heard in opera in Boston.

The whole concert was a "delight" indeed, and one great attraction was the absence of the whistling "applauders," usually present among our concert audiences—for these execrable chaps don't care to "pay so dear for their whistle," which seems to be about the only part of any entertainment that they appreciate or enjoy.

THE CONTRABANDS.—A long row of our ebony brethren were among the most appreciative and attentive of the auditors of Mr. Gottschalk's concert, the other evening. While coming out of the hall, one of the white hearers remarked to another, "How well the Contrabands behave, don't they?" "That's because they're well brought up, at home—when they've been up here North awhile, they won't behave so well," was the reply.

As a quiet gentleman who has figured somewhat prominently in Democratic public life in this city and State, was dining at one of our hotels, last week, some of his Black Republican friends jocularly attempted to draw him out on the subject of the recent temporary influx of "cullud gemmen" here. It was no go, for a long time; but finally, a legal gent, after stating that the contrabands are the best behaved set of men we have had here for a long time," and asking the non-committal Dem. directly, 'don't you think so, Mr. ——?' received for answer, "Well, that speaks well for the institution, at any rate!" and dinner alone was "discussed" after that.

☞ We understand that Miss Dickinson, of Philadelphia, will lecture at the Temple on Sunday evening next, on "The Nation's Peril." Those who heard her a few months since, at the same place, will be anxious to listen to her again, although upon a different subject.

☞ Acting Assistant Paymaster John B. Hazelton, of the city, has been ordered to the U. S. barque J. C. Kuhn.

☞ A portion of the immense tract of wood land belonging to the estate of Betsy Farmer, late of Newton, which has several years been contested in the Courts of Rockingham Co., is now thrown into the market for sale. The estate has finally been divided up by the different heirs, and that portion set off to the "Kimball's" is now to be disposed of at public auction on the 4th of December next, if not previously disposed of at private sale. This comprises the "homestead," containing 86 acres, 60 acres of which are covered with a heavy growth of pine, hemlock, and oak wood and timber.

DEFENCES OF PORTLAND HARBOR.—These defences are of quite a formidable character, and Col. Green, at Fort Preble, has received such a supply of powder and ball as will enable him to protect our port from any ordinary war steamer, except an iron clad vessel. He is daily drilling his men at the guns, and if any of the rebel cruisers poke their noses into our harbor he will give them a warm reception. There are 25 guns mounted at Fort Scammel, and a number of heavy guns will be put in the casemates at Fort Gorges this Fall. Deeming, however, that something more should be done for the defence of this port, the City Council passed an order authorizing the Mayor to proceed to Washington, to urge on the authorities the perfection of the defences of our harbor, by the furnishing of suitable armament for that purpose.—*Portland Transcript.*

Are there not some other harbors on the coast which ought to be *speedily* protected?

☞ The anniversary of the battle of Port Royal, Nov. 7, was celebrated at Port Royal by the firing of salutes from ship and shore.

☞ The emancipationists of St. Louis who are opposed to Frank P. Blair, are denominated "Charcoals," and the supporters of that gentleman "Claybanks."

It is asserted that the whole Texan coast is now closely sealed by our blockaders.

A good guess at a tailor's name—Mr. Sou-and-So.

MARRIAGES.

In this city, Nov. 17th, by Rev. Mr. Gage, Mr. JOHN H. MUNROE, of San Francisco, Cal., to Miss OLIVE J. S. DAME, of Dover.

DEATHS.

In this city, Nov. 18th, Mr. JOSEPH GREEN, aged 69 years.

Funeral this (Tuesday) afternoon, at 2 o'clock, from No. 13 Auburn St.

In Exeter, on Monday morning, Nov. 19, very suddenly of apoplexy, Hon. JOHN SULLIVAN, aged about 63 years, State Attorney, and formerly Judge of Probate.

E. A. STEVENS,

NO. 46 MARKET STREET.

ANOTHER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a ventilated and dressing Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roasting oven (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long, of large enough to take six large plates on the bottom, every part of which bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Jos. D. Ackerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Canney, Benj M. Parker, Charles A. Wright, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harraff, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Seaver, Wm. Bell, Capt. Rufus Plumer, Freeman Hurd, James M. Lockey, Daniel L. Randall, Isaiah Wilson, John E. Robinson—(Portsmouth); Samuel C. Wilson, Daniel I. Pryor, Cushman Pryor, of Tuftsborough; Island, Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Furnald, Mrs. Wm Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Sinery, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very convenient and does not escape into the room—a continuous fire may be kept in it, and in the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

Morning Chronicle.

☞ Bancroft, the historian, has a chair of novel construction which he can fold up and carry in his coat pocket. He often surprises strangers at public gatherings by appearing late, when the seats are all occupied, and drawing forth his mysterious pocket companion.

☞ Why paper is so expensive perhaps admits of explanation; but what possible excuse there is for butter being fifty cents a pound elodes the comprehension of intelligent housekeepers.

☞ A musical critic characterizes the plot of Trovatore as the periphery of idiocy, and the Anvil Chorus as about equal to a scene of mending a sewer, set to music; or repairing a pair of cast-off leather breeches.

☞ Canadian papers say that in a few months there will be six large tobacco factories in operation in Montreal, giving employment to about 1200 persons, and turning out $2,000,000 of product a year.

Ayer's SARSAPARILLA,

THE WORLD'S GREAT REMEDY FOR

Scrofula and Scrofulous Diseases.

From Emery Eaks, a well-known merchant of Oxford, Maine.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.

"I truly do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an afflicting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs. Jane E. Rice, a well-known and much-esteemed lady of Dennisville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known Gage, Murray & Co., manufacturers of enamelled papers in Nashua, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Swain, Houston St., New York.

"DR. AYER. I seldom fail to remove *Erysipelas* and *Scrofulous Sores* by the persevering use of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the SARSAPARILLA you have supplied to "be profession as well as to the people."

From J. E. Johnston, Esq., Wahsman, Ohio.

"For twelve years, I had the pallow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began using your SARSAPARILLA. Took two bottles, and some of your PILLS. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Hon. Henry Moore, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general debility, and for purifying the blood, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Stickler, Esq., the editor of the Tunkhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skillful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion to the sore direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease

From Dr. Hiram Sloat, of St. Louis, Missouri.

"I find your SARSAPARILLA a more effectual remedy for the secondary symptoms of *Syphilis* and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From J. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER. My dear Sir: I have found your SARSAPARILLA an excellent remedy for *Syphilis*, both of the *primary* and *secondary* type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. S. Fox Fisher, formerly of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or *mercurial disease*, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him

Leucorrhœa, Whites, Female Weakness, are generally produced by internal *Scrofulous Ulceration*, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skilful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of Irregularity, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia,

when caused by *Scrofula* in the system, are rapidly cured by this EXT. SARSAPARILLA.

AYER'S CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need but do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

Prepared by J. C. AYER, M. D., & Co., Lowell, Mass., and sold by

THE CHRONICLE Book, Card, & Fancy PRINTING OFFICE.

All Sorts of PAPERS, CARDS, ENVELOPES, &c. furnished for Printing.

☞ ATTENTION, THE WHOLE! ☜

EYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as the cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JEFFERDS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe piercing pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the abundant evidence I had of the good effect of Mr. Swett's Panacea in many such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prepared, and taking twelve bottles of his panacea, I was fully cured in about two months, and I have had no trouble from it since CAROLINE H. SWETT.

This statement of my wife is correct.
SIMEON SWETT.
Portsmouth, N. H., April 18, 1861.

I have been greatly afflicted with a Humor called by the doctors Erysipelas, or *Erysipelas*, causing many sores on my side. And seven bottles of Dr. Swett's Panacea I believe have effected a radical cure, as I have had no sign of the complaint since. I believe this medicine to be the most sure remedy in the world for Humors.
HANNAH HOWE.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating. Dr. Swett's Panacea and Pills gave any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

Exeter, Feb. 24, 1858. Dr. Swett:—"Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and wo[illegible] add—that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints.
WM. F. LEAVITT.

From ELDER I CHESLEY, *Lee, May 31, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named. ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may20

Houses and Lands.

For Sale.

The new and commodious DWELLING-HOUSE, with the large Lot of LAND adjoining the same, at the Corner of Islington and Dover Streets, recently occupied by Mr. McKINLEY. Possession given immediately. Apply to
ALBERT R. HATCH.
Portsmouth, Nov. 4, 1862.

To Let,

HOUSE NO. 46 PLEASANT STREET, (recently occupied by JAMES F. SHORES, Esq.) Apply to
sep2 H. F. WENDELL, No. 70 State St.

Paint Shop to Let,

NO. 18½ CONGRESS STREET, lately occupied by E. D. COFFIN. Apply to
july22 W. FREEMAN, 16 Congress St.

To Let,

The two lower stories of STORE No. 22 BOW Street, on the Wharf, recently occupied by Capt. WM. DAY. The premises are handy for the storage of goods or coal, having good wharf privileges. For further particulars apply to
septl1 law J. D. PILLOW.

HOUSE AND LOT FOR SALE.

The subscriber offers for sale, his House and Lot of Land on HILL STREET. The House is new and in good repair, and the lot is large. Will be sold at a bargain. Apply to
apr12 S. W. WEBBER.

FOR SALE,

The HOUSE No. 19 High street, occupied by Mr. Todd. Apply to
mch7 EDWARD RUNDLETT.

Desirable Residence

ON MIDDLE ROAD FOR SALE.

The Subscriber will sell the COTTAGE HOUSE in which he now resides, on Middle Road—one of the most carefully constructed, and for its apparent size, most capacious Dwellings in Portsmouth; containing nine good sized rooms, with an ample attic—seven of the rooms measuring 16 by 15 feet each.

The house was built by the day, ten years since, by the late Wm. F. Currier, under the particular inspection of the subscriber, and for his own use. The Lot measures 65 feet on Middle Road, and is over 300 feet deep, well filled with almost every variety of fruit and fruit trees, with vines, shrubs and flowers, all in full bearing and in the greatest abundance. The premises will be disposed of at private sale only, and not at any time at auction.
Aug. 9. SAM'L P. LONG

REAL ESTATE IN GREENLAND

FOR SALE OR TO LET.

The desirable residence owned by ALONZO F. BROWN, and now occupied by CHARLES H. MENDUM, Esq. The house is two-story, and was built about six years since; very convenient; heated by a furnace; has good cellar and other outbuildings; sufficient quantity of excellent water; there is fifteen acres of land attached, divided into tillage and pasturing, with a young and thrifty orchard. The premises are within five minutes' walk of the churches, school house, and the railroad depot to Concord, Boston and Portland. The above is one of the pleasantest residences in Greenland. Possession given about the 1st of October. For further particulars apply to
HO F. WENDELL,

HOT AND COLD BATHS, for use of guests and the public, day and evening—the best facilities. mar22-3m

FRANKLIN HOUSE

Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the travelling public that has so long been extended to the house.

A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments connected with the street and dining hall by an independent staircase.

The house will be kept as a first class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting this section of the State.

A good STABLE is connected with the house, where persons visiting Portsmouth with teams, will be promptly and carefully waited upon.

THE MAGEE COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. L. Treadwell, Oren Brandon, J. B. Upham, J. Woodman Moses, John R. Holbrook, Geo. H. French, Frank Jones, C. C. Jackson, James H. Pickar, James Shaw, Charles A. Hodgdon; Charles Stimpson, Kittery; Thomas J. Tarlton, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes —of the— *MAGEE PARLOR STOVE,* with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT" VENTILATING & AIR WARMING FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would invite those about remodeling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the great est amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this may complicated and expensive heating arrangements have been constructed, some of which but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases are lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from fuel, thereby saving at least 25 per cent. of the properties of the heat in the fuel.

No heating apparatus will the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

SPEER'S SAMBUCI WINE,

PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physicians' Use.
FEMALES, WEAKLY PERSONS, INVALIDS

SAMBUCUS TREE OF PORTUGAL.

The Great Remedy for Kidney Affections, Intemperance, Chronic Complaints

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic. Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and blooming, soft and healthy skin and complexion

WE REFER TO

MATHEWS' VENETIAN LIQUID HAIR DYE.

☞ MATHEWS' VENETIAN HAIR DYE.—This celebrated Dye was first prepared in 1846; since that time it has been used BY THOUSANDS and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade, crock, nor wash out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL SOFTNESS OF THE HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest, safest, most convenient, most successful, and most *permanent* Dye ever used.

SOLD BY ALL DRUGGISTS.

Daily Morning Chronicle

VOL. 21. PORTSMOUTH, N. H. WEDNESDAY, NOV. 19, 1862. NO. 93.

The Chronicle.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"The Union as it was—the Constitution as it is."

"Bound to no party—to no sect confined;
The world our home: our brethren all mankind.
Love truth, do good; be just and fair with all;
Exalt the right, though every ism fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party, generally. It is a spirit not to be encouraged. In common and usual mischief it is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

☞ The charges against Fitz John Porter and Buell—like those against Gen. Stone—are indefinitely postponed a hearing.

☞ The illness of Mr. Everett, which has been alluded to in the papers, is not of a serious character.

☞ The N. Y. Brokers' Board have resolved to again sell gold at the Board, commencing Monday.

Why are a pin and a poker like a blind man? Because they have a head and no eyes.

The height of timidity—Refusing to be photographed because you're afraid of your own shadow.

A man with a scolding wife, when inquired of in relation to his occupation, said he kept a hot house.

BOOK, JOB, AND FANCY
PRINTING OFFICE,
31 DANIEL STREET.

SAMUEL GRAY continues to do all sorts of
Printing,
in the best manner, at the lowest prices, as heretofore—at chambers **No. 31 Daniel Street,** (formerly the GAZETTE OFFICE.)

Having recently made thorough repairs and great improvements in the premises, and being constantly adding whatever is new and desirable to the stock and materials, we feel confident of filling all orders promptly and satisfactorily.

CHARLES T. EMERY Agent for Portsmouth.

Notice

To all Persons having business with the Relief Committee of the City of Portsmouth.

Persons having business with the above Committee are hereby notified that they will meet on FRIDAY EVENING of each week, at 7½ o'clock, at the Mayor's Office; and that they will attend to the business connected with said Committee *only* on the above evenings. sept1 3t

WILLIAM SIMES,
JAMES JENKINS,
JOHN KNOWLTON, 2D,
JOHN E. RIDER,
Relief Committee.

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, Nos 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Bubones, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr. D devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual to business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

April 7—1y 3aw.

CAUTION

To Females in Delicate Health.

DR DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system, Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office hours from 8 A. M. to 9 P. M.
April, 1862—1y 3aw

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and unbounded success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

☞ 8.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

April 7, 1862—1y 3aw.

HILL & CARR,
4 Market Street.

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
Cheapest!
The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.
"The Rock" is a most delicious Wine, and rivals in delicacy its German predecessor.
The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.
The Port has a fine flavor and body; and The Port is excellent because it is pure.

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, NOVEMBER 19, 1862.

THE REBELLION.

A dispatch says the rebels evacuated Snicker's Gap on Friday afternoon, and now appear before Chester and Manassas Gaps.

A Warrenton letter of the 15th states that the army of the Potomac was again under marching orders. Gen. Sumner, now commanding two large corps, was on that morning en route for an important point, which it would take two or three days to reach. Another letter of the 16th, states that Gen. Burnside had broken up his headquarters preparatory to marching. The advance, consisting of Couch's and Reynold's corps, are already threatening the enemy on the line of the Rappahannock, towards Fairfax and Gordonsville. The flank and rear were well covered by Gen. Sigel. The Times' dispatch says, "The army of the Potomac is now, and has been for two days, on the march down the valley of the Rappahannock towards Fredericksburg, from which place it is proposed now to conduct that pilgrimage toward the Jerusalem of our crusade."

The World's dispatch says the rebels have fallen back from the Rappahannock to the Rapidan river, which they will adopt as a line of permanent defense. And although decided indications are that a retreat of the entire force to Richmond has taken place, it is an established fact that they have changed their position, and their destination is therefore a matter of speculation.

It is said that Acquia Creek has been held for some days past by the gunboats Yankee, Satellite and others, and that the place has been evacuated by the rebels.

A rumor having reached Yorktown that 2000 rebels were at Gloucester Court House, 12 miles above Gloucester Point, an expedition, consisting of cavalry, infantry and artillery, under Col. Davis, was sent over on Saturday from Yorktown to ascertain the strength of the rebel force.

It is stated that a number of prominent merchants are in Washington urging upon the Secretaries of War and Navy the importance of sealing up Charleston harbor at once, and also urging that the very first of our iron clads which are ready for sea may be sent on service to the fleet under command of Admiral Du Pont.

It is believed at Washington that an attack on Charleston, in which one or more iron-clads will participate, will not be long deferred.

☞ It is magnificent—this prompt, universal acquiescence of the great army of the Potomac in the removal of its chief.—Despite all evil bodings to the contrary, not a resignation—hardly a murmer. Cheers for the out-going, cheers for the in-coming—all blending in one undistinguishable swell of admiration for the men, and devotion to the cause.

☞ A Washington letter says that Gen. Burnside has officially informed the War Department that no resignations of officers in the old army of Gen. McClellan have been tendered, and that everything is going on as smoothly as could be expected.

☞ 8000 officers and men, including all the officers and men captured at Munfordville, Ky., Sept. 17, and all the New York officers and men captured at Harper's Ferry, were exchanged on Monday.

☞ The Indians have recommenced hostilities along the Upper Missouri, and it is very unsafe to venture down the river in an open boat, as the banks swarm with hostile savages. It is feared they are congregating there preparatory to an attack on the frontier settlements in Dacotah and Nebraska, in the Spring.

☞ When pedlers paid a cent and a half a pound, and that too in tin ware, for paper rags, there was little inducement for the housekeeper to save her scraps of cloth. But the times have changed, and rags are now worth at least five times as much in cash. Every prudent housekeeper should now save her rags, and even old newspapers which have heretofore been sold for kindling. The latter will readily sell for four cents and a half a pound.

☞ The Democrats have carried both branches of the Illinois Legislature. They have fifteen members in the Senate, (a majority of 5) and probably fifty one members of the House, (a majority of seventeen.)—They will, therefore, elect a United States Senator to serve the unexpired term of Senator Douglas—that is, until the 4th of March, 1865.

☞ According to M. Fould, the commerce of France with the countries beyond the Cape of Good Hope, amounts to five hundred million francs. It is only one hundred and thirty-four millions less than that with North America.

NEW HAMPSHIRE ITEMS.

—— Hon. John Sullivan, who died suddenly of apoplexy at his residence in Exeter on Monday morning, in the sixty-third year of his age, held the office of Attorney General of this State, and fulfilled its duties much to his own honor and the advantage of the state. By his straight-forward and frank dealing with others he won the respect and esteem of all with whom he was associated at the bar. He was an able advocate, and deeply versed in criminal law. He was a son of Hon. George Sullivan, who represented this state in Congress in 1811 and 1812, and was during twenty-two years Attorney General of the state.—He was a grandson of Gen. Sullivan, of revolutionary memory.

—— It is stated that the 17th regiment will be composed of the quotas of delinquent towns, and will therefore fill up slowly. A suitable time will be allowed these "indifferent" towns for completing their quotas by volunteers; if they then fail to do it, a draft will be ordered.

—— The Boston and White Mountain section of the American telegraph line was opened for business on Wednesday as far as Plymouth, including Manchester, Concord, and other intermediate stations.

—— A full band has been recruited for the 17th regiment.

—— Rev. Erasmus D. Eldredge, formerly a pastor in Hampton, has become the acting pastor of the orthodox congregational church in Kensington, and is about removing thither, to begin his labors on the next Sabbath.

☞ The blacksmiths at the Charlestown Navy Yard, on Monday, in view of the increased expense of living, appointed a Committee to wait on Com. Montgomery, and obtain, if possible, a corresponding increase of wages. The Commodore stated that he had no jurisdiction in the matter, as the wages were regulated by Congress; but their wishes had been anticipated, and the matter was in the hands of competent officers, who would, if prudent, recommend a general increase of pay. The blacksmiths, as a definite answer could not be obtained before Saturday, agreed to work until that time, when, if no arrangement was made, it was intimated they would strike. But their action being regarded as insubordination, as it violated instructions issued by Rear Admiral Smith, four men of the gang were summarily discharged, never to be employed in the yard, except by special order from the Navy Department.

☞ A sub-lieutenant on board of Her Majesty's ship Resistance, has been court martialed and reprimanded for disrespect to his captain in speaking to him with his left hand in his pocket!

☞ In consequence of the increased prevalence of leprosy in the British West India Colonies, the Duke of Newcastle has ordered an inquiry into the circumstances connected with the existence of the malady throughout the colonies.

☞ The Radicals before election sentenced Gov. Seymour to be hung. The people, however, commuted the sentence to two years confinement in the Executive Mansion at Albany.—*Boston Post.*

☞ $1,000,000 for the volunteers' families is now used up in New York, and the corporation is about commencing on the third appropriation of $500,000. The expenditure is $70,000 per month.

KOSSUTH is residing just now in the environs of Turin; he is in positive want of the necessaries of life; his wife is declining in consumption.

WILL REMAIN IN BOSTON.—The Rev. Dr. Huntington has announced to his congregation that he shall not accept the call to take charge of Calvary Church, New York.

☞ The Rutland, Vt., Courier has the name of George B. McClellan at the head of its editorial columns for President in 1864.

FAULTS ON BOTH SIDES.—Man and wife are like a pair of scissors, so long as they are together, but they become daggers as soon as they are disunited.

☞ It has been determined to replace the army wagons to a considerable extent with packed mules for the transportation for the army.

☞ The receipts of flour in Boston the present year will average nearly five thousand barrels of flour for every business day.

☞ In the U. S. Supreme Court at Washington, the black silk robes are abolished, the new members preferring simple broadcloth.

☞ J. Glancey Jones, late minister to Austria, is the probable Dem. candidate for Senator from Pennsylvania.

☞ It is stated that the iron-clad frigate Roanoke, now nearly finished, will be detailed for the defence of New York Harbor.

☞ Don't let your memory dodge Dodge's Concert to-night.

Dice that nobody wants to take a chance with.—The jaun-dice.

A handcuff.—A box on the ear.

Local.

☞ The Concord, Manchester and Portsmouth Railroad has now been in operation a little less than a year, and has been steadily increasing in business since it was opened. The Treasurer and Directors of the Concord road, by which this road is leased, and the President of the Portsmouth road, passed over the new route one day last week, to examine the road bed and to consult upon the changes being made at their wharf at the seaboard.

The Manchester Mirror, in speaking of this trip, says,—"The road is destined to become a very important one for the chief heavy articles used in this section and farther north in this State and portions of Vermont, and for travellers to and from New York and the West and intermediate stations, who naturally pass over the Portland and Saco and Cocheco railroads. From Portland to New York this will be much the nearest, most agreeable, quickest and cheapest way when the fall arrangements are made, the connections are sure and baggage is ticketed through. It takes time for people to learn new routes, and as long for railroads to get into good condition to accommodate them.

"The improvements being made on the Portsmouth road to meet its extended business, are quite large and very important. The old wharf was found totally inadequate, and so a new and large one, in addition and connecting with it, was determined up on and is now well along. It is so arranged in position and with turn tables that five vessels can discharge their cargoes at the same time upon the cars. A store house is to be built upon it, so that our Manchester goods can be safely kept there awaiting a propeller that is to run between Portsmouth, Boston and New York each week, for heavy freighting. This last will complete the connection between the Manchester mills and the cities where they buy most of the raw material, except coal, cotton and wool, and where most of their goods are sold.

"In front of the wharf, facing upon the street, the Road owns land sufficient for several blocks of buildings. Already many applications have been made for the lease of the land with the design of erecting stores for the sale of heavy goods. We shall expect to see the wharf the liveliest place of the rich, somewhat retired and grand old city of Portsmouth. It was pleasing to notice the philosophy with which such a shrewd and successful railroad manager as Josiah Stickney of Boston, looked upon the improvements, his theory being that whatever outlay builds up business for the road sufficient to pay a good per cent. on the investment, is a good one. Many will not expend a cent for improvements, but 'let well enough alone' till some enterprising hand sweeps away 'well enough' with all its profits.

"The Directors seemed well satisfied with what they saw, and a little after noon the train started for Greenland, Col. Clement March having invited the party to dine with him at his rich and royal farm and summer residence, a short distance from the station in Greenland. Mr. March gave the party a cordial reception. The drives about this town are the finest in the State, as many men of wealth make it the place for spending their summers as well as spending their surplus money, on the rich homesteads of rich ancestors. The result is rich farms, grand old shade trees all along the roads, and bank or split stone walls around fields that yield abundant harvests.

"Mr. March's farm contains some three hundred acres, and produces enormous crops. His barns are of the oldest kind, and remind us of what we heard Orestes A. Brownson once say, 'that the sermon of a clergyman of a hundred years ago contained theology enough to last a modern minister a lifetime!' The timber of those barns, all sound as a hound's tooth, would build a score of modern barns. In them we found countless bushels of apples to feed out to stock, not paying to sell by the barrel, or make up into cider.

"Near by his grand old mansion-house is the tomb of his ancestors, built in 1759, and one hundred years afterwards enlarged and rebuilt by him. It is composed of granite blocks from Raymond in this State, and so are many of the bank walls about the place. We have seen no handsomer granite, its dark mica veins giving it a rich appearance.—The tomb is a noble structure, and the carriage road leading to it from the road is beautifully paved with stones from the sea, polished by the waves.

"The dinner, being a private affair, it would not be in good taste to describe in detail. It was a sumptuous entertainment, such as might be expected from a gentleman having all the advantages of long residence in foreign lands, a satiety of travel in our own, and who has had abundant opportunities of feasting at the tables of the influential and wealthy. Two things it might not be out of place to mention, delicious grapes picked from his hot-house after our arrival, and old wines brought to this country by his grandfather. Mr. March moves back to Portsmouth in a week or two, where he spends his winters. He has the finest library, the most splendid editions of standard works, we have seen in the State. The party left in season to arrive home at dark, delighted with the lavish hospitalities extended to them, feeling more as if they had been to a wedding feast than on a business tour of inspecting railroad improvements."

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery or ornaments, or to smother, stiffe and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

ALFRED STAVERS,

THE NEW ELECTRA.

Dr. PORTER, a member of the New York Electrical Institute, late Nos. 561 and 565 Broadway, but now No. 150 Waverly Place, having taken a tour into the country for a few weeks' recreation, and taken rooms at the Misses LARKIN'S, No. 16 Middle street, for a few days only, where he will prescribe for and treat *all Diseases*, female complaints especially, by the new system of Medical Electricity. Particular attention paid to Paralysis, Scrofula, Hernia or Rupture. Diseases of the Spine, Eye and Ear treated successfully.—What cases most incredible is, that many diseases, heretofore pronounced incurable, are often cured in a single day, and others in a few treatments. No Shocks given in any case whatever.—The method of treatment is peculiar,—is unknown to others; by it the equilibrium is restored. The sensations produced are perhaps the most delightful, soothing and invigorating known on earth. Even infants treated with the greatest success. No charge for consultation. No infectious diseases treated. Terms very moderate,—even less than at the Institute. Office hours, for gentlemen, from 9 A. M. to 12 M. For ladies, from half past 1 to 5 P. M. Patients visited at their own homes after 5 P. M., *free of charge*, (if requested by note or otherwise.)

Call soon if you would avail yourselves of this opportunity, as the Doctor will remain but a few days only. All the medicines used are electrical.

For particulars and testimonials see circular headed *The New Electra.*

P. S. Patients are treated on the Sabbath at the same hours. nov11 1m&wlmo*

GRACE'S CELEBRATED SALVE!

A Sure Relief for the Sufferer!

This Salve is a vegetable preparation, invented in the 17th century by Dr. WM. GRACE, surgeon in King James' army. During its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day; and was regarded by all who knew him as a public benefactor. The Salve is used for the following diseases:—Burns, Bruises, Felons, Scald Head, Salt Rheum, Boils, Scurvy, Sore Lips, Sore Ears, Sweetbread Nose, Ulcers, Lame Joints, Chilblains, Chapped Hands, Ringworms, Sprains, Flesh Wounds, Erysipelas, Scalds, Stings of Venomous Insects, Piles, Bunions, Frozen Limbs, Nettle Rash, Sore Breast, Wens, Eruptions, Festers, Shingles, Cancers, Whitlows, Felons, Stiff Joints, Lame Wrist, and Sores and Wounds of the most serious nature, without leaving a scar. It will also cure pimples on the face, and beautify the Skin.

There are thousands who are suffering for months and even years in consequence of Sores and wounds that might be cured in a short time by the use of this great external Salve. It has never failed to effect a speedy cure when properly applied. This Salve has none of the irritating heating properties of other remedies, but cools, cleanses and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand, for it will save them trouble, suffering and money; and in many cases it has saved life itself. The manufacturer receives testimonials daily from some of our most distinguished citizens, expressing benefits derived from its use. This Salve is warranted to give perfect satisfaction in every disease that it professes to cure; if not, the money will be refunded.

Price 25 cts. per box. Manufactured by WM. GRACE, Amesbury, Essex Co., Mass.

M. S. Burr & Co., 36 Tremont street, Boston, wholesale agents. All orders addressed to this firm or the manufacturer, will receive prompt attention.

One Box sent postpaid by mail to any part of the United States, on the receipt of 33 cents—or three Boxes for one dollar.

For sale in Portsmouth by WM. R. PRESTON and J. H. TRACHER; and by respectable Druggists and country stores everywhere. m10

PHILLIPS, wholesale, Portland.

Important to Females.
DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstrations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

were the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are invaluable, *inducing, with certainty, perfect regularity.* They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor. Sold by Druggists generally.

S.T.-1860-X.
Drake's Plantation Bitters.

They purify, strengthen and invigorate;
They create a healthy appetite;
They are an antidote to change of water and diet;
They overcome effects of dissipation and late hours;
They strengthen the system and enliven the mind;
They prevent miasmatic and intermittent fevers;
They purify the breath and acidity of the stomach;
They cure Dyspepsia and Constipation;
They cure Diarrhœa, Cholera and Cholera Morbus;
They cure Liver Complaint and Nervous headache;
They are the best Bitters in the world;
They make a weak man strong, and are exhausted nature's great restorer;

They are made of pure St. Croix Rum, the celebrated Calisaya Bark, roots and herbs, and are taken with the pleasure of a beverage, without regard to age or time of day. Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons. P. H. DRAKE & CO., 202 Broadway, New York.

For sale in Portsmouth by THACHER and PRESTON.

Local.

JOHN SULLIVAN.

At a meeting of the members of the Bar, in Portsmouth, held at the office of Wm. H. Rollins, Esq., at 12 o'clock, Nov. 18, 1862, called to take suitable notice of the death of Hon. JOHN SULLIVAN, Attorney General of the State, which occured at Exeter on the morning of the 17th inst., the following resolutions were adopted:—

Resolved, That the members of the Bar in Portsmouth have heard with grief the intelligence of the death of their distinguished brother, the Hon. John Sullivan of Exeter.

Resolved, That while we mourn a friend and associate, we do not forget that our profession has lost one of its brightest ornaments, our State one of its most able and faithful officers, and the community one of its prominent and reliable citizens.

Resolved, That as a token of our respect for the deceased, we will attend his funeral.

W. H. Y. HACKETT, Chairman.

A true copy, attest,
ALBERT H. HOYT, Secretary.

The funeral of Gen'l Sullivan, we learn, took place on Tuesday, at 2 o'clock, P. M Information as to the time of the funeral reached here too late to allow any member of the Bar of this city to attend.

EPISCOPAL CHURCH BURYING GROUND: *Governor's Tomb.*—A tomb was opened last week, on Bow street, in the churchyard, for the interment of Mrs. Frances L. Bradley, sister of the late Eben. Wentworth, Esq., which had not been opened for that purpose for a long period. In this tomb were deposited previous to the Revolution, the Governors, with their families and descendants, of the then province of New Hampshire, of the name of Wentworth, viz: Lieut. Governor John Wentworth, and Governor Benning Wentworth, among others. This tomb was always called the "Governor's Tomb," and on repairing the burying ground wall a few years since, it was opened, and a stone slab inserted in the wall by the late Eben'r Wentworth, Esq., marked "Wentworth, 1770." We can picture to our imagination a splendid military and citizens' display around these tombs, of aristocratic pride and wealth, (not seen in later days) and the venerable form of the Rev. Arthur Browne, saying in the beautiful burial service of the Episcopal Church, "I am the Resurrection and the Life, saith the Lord, he that believeth in me, though he were dead, yet shall he live, and whosoever liveth and believeth in me shall never die." A late poet, on pride and ambition has written:—

"Shall we build to ambition and pride? Ah, no!
Affrighted it shrinketh away,
And nothing is left of the sleeper below,
But the tinsel that shines on the dark coffin lid."

F. J.

Portsmouth, Nov. 18th, 1862.

☞ Dodge's concert is to be given at the Temple this (Wednesday) evening. Dodge has the faculty of pleasing the popular taste, and his concerts are almost always largely attended. We doubt not that they will have a full house to-night. Of his peculiar merits, and of the attainments of Hayward, our readers are already aware.

☞ U. S. officers are making surveys of Fort McClary and the vicinity, preparatory to the erection of the new Fort, which is to contain three batteries, and will extend across the road leading to Kittery Point. The walls of the Fort are to be of granite.

☞ The U. S. steamer Minnesota was taken out of the dry dock at the Portsmouth Navy Yard on Tuesday morning.

☞ Mr. N. Sewall Paine, recently clerk at the Portsmouth Navy Yard, but now a merchant in Portland, while riding in his carriage on Friday evening, in the upper part of that city, was run into by some person driving at a rapid rate, his carriage overturned, and his leg fractured below the knee by a wheel passing over it.

☞ The house of Mr. Augustine Dunyon, in Portland, was entered by burglars on Sunday night last, and silver spoons, forks, napkin rings, &c., were stolen. The rogues entered, it is thought, by the use of nippers in turning the key of the lock in a basement door, it having been left in the lock inside.

THE SOLDIER'S GRAVE.

BY SAMUEL BARBER.

Breathe not a whisper here;
The place where thou dost stand is hallowed
In silence gather near this upheaved mound—
Around the soldier's bier.

Here liberty may weep,
And freedom pause in her unchecked career,
To pay the sacred tribute of a tear
O'er the pale warrior's sleep.

That arm now cold in death,
But late on glory's field triumphant bore
Our country's flag: that marble brow once wore
The victor's fadeless wreath.

Rest, soldier, sweetly rest;
Affection's gentle hand shall deck thy tomb
With flowers, and chaplets of unfading bloom
Be laid upon thy breast.

GOTTSCHALK.—*Editor Chronicle*:—Many of your readers may be gratified to know the *proper* pronunciation of the name of the great American Pianist, Gottschalk, as nothing can be more absurd than to pronounce it Gotts-chalk. His name is Gottshalk, the accent on the first syllable, and the *l* well expressed before the *k*. C. M.

MARRIAGES.

ANOTHER NEW STOVE!

THE MODEL COOK
FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to bake six large plates on the bottom, every part of which will bake evenly at the same time? A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann Tyler, Capt. James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, H. Melvin Huntress, Jos. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Spinney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nath'l Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Fryor, Cushman Pryor, of Trefethen's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Fernald, Mrs. Wm. Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben P. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust enters the sitting room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made. The amount of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal-hods—Patent Coal-sifters.

COAL LININGS,
and Repairing pieces for most of the stoves in use.
Job Work attended to with dispatch.

From the Journal
NEW HOUSES, &c.

Although the times in many places have in some degree caused a suspension of house building, yet there is something doing here in this line, which not only gives employment to mechanics, but also shows a spirit of enterprise in the proprietors. If a thing of beauty is a joy forever, as some one has said, then he who contributes a symmetrical building and gives it the outward adornings which ever meet the eye like a pleasant picture, does as much for general as individual happiness.

The ancient Moffatt, Whipple and Ladd mansion, on Market street, cannot be really called a new house, but the extensive repairs, improvements and general renovation which it has undergone the past season, since it became the property of Alexander H. Ladd, Esq. make it really a new house in which all the rich outlines of a superb mansion of over a century ago have been carefully preserved. The unique entrance hall of about twenty-four feet square remains as of old. The ancient paper on the walls of the chambers had passed too far to be retained. We noticed on one chamber that the paper had been put on in single sheets, and that a series of copperplate representations of hunting scenes blended in the figures of the paper, was extended around the wall. We never met with the like elsewhere. The extensive garden reaching to High street, makes this one of the most desirable seats in the centre of the city. Not least among its historical associations, is the fact that it was the mansion of one of the signers of the Declaration of Independence.

MULBERRY BLOCK.—A handsome and substantial brick block has just been finished on Mulberry street. In this three story building, which is 55 by 42 feet, are nine tenements. In the southern half each floor is a tenement. The stories are all of equal height, over 9 feet. Each of these tenements has a parlor and a dining room, one about 14 feet square—two bed rooms 13 by 8, and one 10 by 8, a pantry and closet, each 6 feet square. In the northern half of the block are six tenements—two on each floor. Each tenement has a dining room of 12 by 14, and two bed rooms 13 by 8. In the whole block are 33 rooms and 33 closets. The cellar is 7 feet, and conveniently divided into nine separate locked apartments.

WARD ONE.
THE STATE OF NEW-HAMPSHIRE.
To the Inhabitants of Ward No. ONE in the City of Portsmouth, qualified to vote for Senators in said State.
[L. S.]

YOU are hereby notified to meet at the Ward Room in Elm street, in said Ward, on the Fourth TUESDAY of Nov. inst. at ten o'clock in the forenoon, for the following purposes:

To bring in your votes for Mayor.

To choose by ballot three Aldermen, nine Members of the Common Council, three Assessors of Taxes and one Overseer of the Poor.

To choose by ballot a Moderator, three Selectmen, and a Clerk of said Ward for the ensuing year; and any other officer required to be chosen.

Given under our hands and seals this 7th day of Nov. A. D. 1862.
WILLIAM C. HATCH,
GEORGE ANNABLE,
Ward Selectmen of Ward No. One in the City of Portsmouth.
A true copy—Attest, WILLIAM C. HATCH,
GEORGE ANNABLE,
Ward Selectmen of Ward No. One in the City of Portsmouth.

CHECK LIST NOTICE.

THE Selectmen of Ward No. One, of the City of Portsmouth, give notice that they will meet at the Ward Room in Elm street, on Saturday afternoon, at three o'clock, preceding Tuesday, the 25th day of Nov. inst. (the day of Election,) and on the morning of the day of Election, at 8 o'clock, for the purpose of receiving evidence of the qualification of Voters, and of correcting the List of Voters by adding thereto such names as may have been omitted, and by erasing therefrom the names of those who have not a right to vote.

A copy of the List of Voters, as corrected, will be left with the Clerk of the Ward, and one at the City Clerk's office; and also one will be posted in the Eastern Railroad Depot for the inspection of the inhabitants until the day of election.
WILLIAM C. HATCH,

☞ ATTENTION, THE WHOLE! ☜

RYE, N.H., Feb. 26, 1848. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWEETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can compare with Dr. Sweett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe piercing pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the abundant evidence I had of the good effect of Mr. Sweett's Panacea in many such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prescribed, and taking twelve bottles of Panacea, my Cancer was fully cured in about two months, and I have had no trouble from it since. SAMANTHA W. SWETT.

This statement of my wife is correct.
SIMEON SWETT.
Portsmouth, N. H., April 19, 1841.

I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, causing many sores on my side. And seven bottles of Sweett's Panacea and Humor Wash effected a radical cure, as I have had no sign of the complaint since. I believe this medicine to be the most sure remedy in the world for Humors.
HANNAH ROWE.

PORTSMOUTH, April 21st, 1842.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWEETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

Exeter, Feb. 24, 1838. Dr. Sweett:—"Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and we consider that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints."
WM. F. LEAVITT.

From ELDER I. CHENEY, *Lee, May 31, 1841.*

DR. SWEETT: *Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow worse till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named.* ISRAEL CHENEY.

☞ Any one returning the remainder of a bottle or box of Dr. Sweett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWEETT, Portsmouth, N. H., promptly attended to. may26o

mch7 EDWARD RUNDLETT.

Desirable Residence
ON MIDDLE ROAD FOR SALE.
The Subscriber will sell the COTTAGE HOUSE in which he now resides, on Middle Road—one of the most carefully constructed, and for its apparent size, most capacious Dwellings in Portsmouth; containing nine good sized rooms, with an ample attic—seven of the rooms measuring 16 by 15 feet each.
The house was built by the day, ten years since, by the late Wm. F. Currier, under the particular inspection of the subscriber, and for his own use. The Lot measures 95 feet on Middle Road, and is over 300 feet deep, well filled with almost every variety of forest and fruit trees, with vines, shrubs and flowers, all in full bearing and in the greatest abundance. The premises will be disposed of at private sale only, and not at any time at auction.
Aug. 9. SAM'L P. LONG

REAL ESTATE IN GREENLAND
FOR SALE OR TO LET.
The desirable residence owned by ALONZO BROWN, and now occupied by CHARLES H. MENDUM, Esq. The house is two stories, and was built but six years since; very convenient; heated by a furnace; has a barn and carriage-house attached; sufficient quantity of excellent water; there are fifteen acres of land, attached, divided into tillage and pasturing, with a young and thrifty orchard. The premises are within five minutes' walk of the churches, school house, and the railroad depot to Concord, Boston and Portland. The above is one of the pleasantest residences in Greenland. Possession can be had on the 1st of October. For further particulars apply to
H. F. WENDELL,
No. 70 STATE STREET, Portsmouth.

HOT AND COLD BATHS, for use of guests and the public, day and evening—the best facilities. may22 3m

FRANKLIN HOUSE
Portsmouth, N. H.
The undersigned having assumed the management of this well-known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the travelling public that so long has been extended to the house.
A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments connected with the street and dining hall by an independent staircase.
The house will be kept as a first class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting this section of the State.
A good STABLE is connected with the house, where persons visiting Portsmouth with teams, will be promptly and carefully waited upon.

THE MAGEE
COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the
CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,
as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the coating being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.
The ornamental style and very superior broiler and sad iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.
The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.
For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. H. Trenwell, Oren Brogdon, J. B. Upham, J. Woodman Moses, John R. Holbrook, Geo. B. French, Frank Jones, C. C. Jackson, James H. Pinder, James Shaw, Charles A. Hodgdon, Charles Stimpson, Kittery; Thomas J. Tarlton, Newcastle; and the host of others who are using them.
We invite all those in want of the very best Stove in the market to examine the
MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes
—OF THE—
MAGEE PARLOR STOVE,
with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"
VENTILATING & AIR WARMING
FURNACES.
The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.
For economy, purity of air and ease of management it has no equal, producing a current of warm air, more healthy and agreeable—and as much of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headaches so much complained of in other furnaces, is entirely obviated.
The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.
To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over those which have been in use many years and a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the
MAGEE FURNACE.
The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.
No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.
This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.
These Furnaces consume all the coal, make no clinkers, the ashes of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.
For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.
They give entire satisfaction wherever used.
We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:
Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

SPEER'S SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physicians' Use,
FEMALES, WEAKLY PERSONS, INVALIDS
SAMBUCUS TREE, OF PORTUGAL,

The Great Remedy for Kidney Affections, Dissolution, Chronic Complaints.
Excellent Wine for Females.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.
AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.
SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.
AS A DIGESTIVE WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and entirely unfermented, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.
WE REFER TO
a few well known gentlemen and physicians, who have tried the Wine:
Gen. W. Scott, U. S. A. Dr. Ward, Newark,

MATHEWS'
VENETIAN LIQUID
HAIR DYE.
☞ MATHEWS' VENETIAN HAIR DYE.—This celebrated Dye was first prepared in 1845; since that time it has been used by THOUSANDS and in no instance has it failed to give PERFECT SATISFACTION.
THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.
THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.
THE VENETIAN DYE works with RAPIDITY and CERTAINTY. It causes no annoyance or trouble to those who use it.
THE VENETIAN DYE produces any shade that may be desired,—one that will not fade or look, nor wash out,—one that is as permanent as the hair itself.
THE VENETIAN DYE does not, in any manner, interfere with the NATURAL softness of the HAIR,—it neither scorches nor dries it.
THE VENETIAN DYE is the best, cheapest, safest, most convenient, most successful, and most permanent Dye ever used.
SOLD BY ALL DRUGGISTS.

Daily Morning Chronicle

VOL. 21. PORTSMOUTH, N. H. THURSDAY, NOV. 20, 1862. NO. 94.

The Chronicle.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"The Union as it was—the Constitution as it is."

"Bound to no party—to no sect confined;
The world our home; our brethren, all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every ism fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of party, generally. It is a spirit not to be encouraged. Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

Notice.

THE CO-PARTNERSHIP heretofore existing under the firm name of FERGUSON & GARRETT is this day dissolved by mutual consent.

All persons indebted to said firm, either by note or account, will please call and settle the same without delay, and all just demands will be paid when presented for settlement. Either party is allowed to settle the affairs of the late firm.

STEPHEN FERGUSON.
HENRY L. GARRETT.

Portsmouth, June 10th, 1862.

Having bought the interest which Mr Henry L. Garrett had in the late firm of FERGUSON & GARRETT, the undersigned will continue the

Grocery & Provision business,

at the same place, trusting by strict attention to his customers and the public to receive a share of their patronage. STEPHEN FERGUSON.

Portsmouth, June 10th, 1862.

American Union Store.

The Subscriber respectfully gives notice that he has taken the

STORE NO. 89 MARKET STREET,

lately occupied by J. B. UPHAM, Esq., for a

Retail Grocery and Provision Store!

And by strict attention to his customers, he hopes to merit a share of the public patronage.

H. L. GARRETT.

Portsmouth, Aug. 8, 1862.

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his office, Nos 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrotula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending this class of diseases are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr. D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of Sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capsules, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

April 7—1y 3taw.

CAUTION

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had a greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

April, 1862—1y3taw

CERTAIN CURE

in all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

☞ Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

April 7, 1862—1y3taw.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

American and Foreign Patents.

R. H. EDDY,
SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)

75 State Street, opposite Kilby Street,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered these elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twenty* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

Boston, Dec. 2, 1861 aw

HILL & CARR,
34 Market Street.

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!

The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.

"The Block" is a most delicious Wine, and rivals in delicacy its German predecessor.

The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.

The Port has a fine flavor and body; and The Port is excellent because it is pure.

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, NOVEMBER 20, 1862.

THE REBELLION.

Gen. Wool has not been displaced.

The expedition from Yorktown, on Saturday, report that they neither saw nor heard of any rebel forces in the vicinity of Gloucester Court House.

Washington is again afflicted with an irruption of shoulder straps, very much after the olden fashion just before or immediately after the occurrence of battle.

Charles A. Dana has been appointed Assistant Secretary of War, in place of Mr. Wilcott, resigned.

A Norfolk letter says the work of raising the sunken war vessels is rapidly and successfully progressing. A few days since the frigate United States was raised, pumped out, and towed to Gosport Navy Yard. A large force of divers and machinery are now employed on the work, and preparations are making to raise the sloop-of-war Cumberland and frigate Congress. The line-of-battle-ships Delaware and Columbus, are expected to be raised whole, and made again available for service. Thirteen vessels of war are to be raised, including the Merrimac, and two rebel steam gunboats sunk near Gosport Navy Yard.

Letters from the different corps of Gen. Burnside's army state that they are all on the move.

The steamer Kensington, at Key West, reports the capture of the rebel steamer Orizona, south of Mobile, laden with clothing, arms and ammunition. The steamers Caroline and Edward Hawkins, from Havana for rebeldom, with arms, ammunition, medicines, &c., have also been captured.

The State authorities of New York have decided not to enforce the draft until after the meeting of Congress, when they will endeavor to be relieved from it entirely.

Brazil.—The *Revue des deux Mondes*, a French publication, has recently contained some noteworthy papers, going to show that in Brazil, as well as in the United States, there is a struggle going on between free and slave labor, which must some day reach a crisis. The conflict in Brazil derives fresh interest from the fact that it is progressing under a monarchial government while here it goes on under a democratic government. In both countries the slave power has grown up into a political, social, and commercial monopoly. The same phenomena in this respect are presented under the monarchy as under the republic. Brazil contains about 8,000,000 people, of whom about 2,600,000 of various colors are slaves; 2,000,000 whites, a million of civilized Indians, and more than a million of mixed free people, mulattoes, mestizoes, and other mixtures. A civil war on the subject is not unlikely at some period not far in the future.

☞ Orders have been sent to finish the turrets of the Monitors at once. The success of the late experiment having demonstrated the feasibility of arming them with 15 inch guns, they will be completed for service exactly like the Passaic.

The latter vessel will have her new box ready in a few days. Mr. Ericsson, in a letter to a New York paper, says of the experiment of Saturday: "I have much satisfaction in assuring you that our success is complete; not a single difficulty remains to be overcome. We handle the four hundred and twenty pound guns with as little discomfort, and with more facility, than Hull and Perry handled their forty-pounders."

☞ The Burlington (Vt.) Free Press states that 5000 English muskets were seized at Rouse's Point, on Friday last, while an attempt was being made to carry them across the lines; and on Saturday three car loads, which were on they way to Canada on the sly, were stopped at Burlington by the U. S. authorities. Others were stopped at Troy, N. Y.

☞ Gen. Halleck has resolved to adopt the most stringent measures to compel officers to perform their duties. Provost Marshals and officers especially detailed are being sent to all the principal cities and towns to collect the names of absent officers. It is said that more than 1000 commissioned officers are now absent without leave, and that they will be dismissed with disgrace. Deserters will also be severely dealt with.

☞ Prairie fires are reported to have been very frequent and destructive of late in Northern Kansas and Southern Nebraska. Whole farms have been ruined, and their occupants beggared. In Lasalle Co., Illinois, a large tract of prairie country has been burned over, causing a great loss in houses, crops, etc.

☞ The Post invites the gentleman who was so absorbed in a game of billiards at one of the clubs the other evening that he chalked his pipe instead of his cue, to stand for his photograph to be placed in Mr. Phelan's gallery of celebrities.

NEW HAMPSHIRE ITEMS.

—— Last Saturday, a beautiful flag was presented by some of the citizens to the Manchester Cadets, a company of boys, who, the Mirror says, are getting to be rivals to the Veterans in military tactics. The remarks of Mr. Smith, who made the presentation, and the reply of Capt. Chas. Straw were appropriate.

—— Gen. Weitzel, in his attack on Labadieville, La., placed our 8th Regiment on the right. Since the battle, nearly every man in the army has a servant, and some of the officers two or three. The New Orleans Delta, in its account of the battle, says "the order was given to the New Hampshire boys to charge the battery. Three of the companies, A, E and F, under Capts. Barrett, Warren and Flanders respectively, had been out as skirmishers, and had ascertained that the battery had three pieces, with an infantry support. These companies, after having fearlessly scoured the woods, under a heavy fire, were called to take their place in the regiment, Co. E having lost its brave Captain Warren while skirmishing; all being ready, Col. Fearing, ably seconded by Lieut. Col. Loll, called on his regiment to "go in," and in they went, the balls and shells of the enemy flying around in every direction, dealing death and frightful wounds to the ranks. Little heed they paid to that. On they went through the underbrush, over fences and ditches, until they got near enough to deliver their fire, which was done with such effect as to cause an immediate stampede of the battery. This same stampede could have been prevented, but for the fact that the men were so fatigued with the charge that they could not follow up. The Twelfth Connecticut, which formed the left wing, came up in gallant style, and succeeded in flanking nearly the whole of the left wing of the enemy, who were in woods. This cut off their retreat, and secured them as prisoners. The manner of surrender is said to have been quite ludicrous. About thirty or forty of them threw themselves into a wide ditch, and falling on their backs or knees waved their tattered white handkerchiefs in token of submission."

—— The Democratic State Convention is to be held at Concord to-day, Thursday.

—— Our fifteenth regiment has already had a fight—not with the enemy, but with a Massachusetts regiment encamped with them on Long Island. The fight was about rations—which should be served first. Col. Kingman, in attempting to "stop the row," bent his sword, cut his hand, and lost his gold-bowed spectacles! That is the sum total of casualties, so far as reported.

—— Gen. Cowdin, in a general order announcing his staff, appoints 1st Lieut. C. H. Lawrence, 2d N. H., A. A. A. General.

—— Surgeon George H. Hubbard, of Manchester, originally surgeon of the 2d Regiment, has been appointed Medical Director of the Army of the Frontier. His headquarters are at Springfield, Mo.

—— The 2d, 5th, 6th, 9th, 10th and 11th N. H. regiments are in the advance divisions of the Army of the Potomac.

Money and Business.—The Boston Price Current, says, Since last week business has been comparatively quiet. With the exception of a rapid advance in the price of Petroleum Oil, which is now held as high as $1 per gallon, an advance from 35 cents within a short time, no important change has taken place in any kind of merchandise. Money is easy and abundant and the rates are nominally the same. American gold has been selling during the past three days from 31 1-2 and 32 1-4 per cent. prem. Silver sells at 127 and 128.—Old demand notes 125 1-2 and 125 3-4.—Foreign exchange is firm at 146 and 146-1-2 for banker's sterling.

The bids for the loan of $13,420,550 which were opened at Washington on the 17th, were very numerous, and occupied over three hours. Several times the amount advertised was offered. The Government will probably get 3 per cent. and a fraction above par.

☞ In a recent murder trial the counsel for the defence is reported to have given utterance to the following heart-rending appeal:—

"If under the rules of criminal law, which will be laid down for your guidance by the Court, you find the evidence which the government has produced sufficient to satisfy you of the guilt of the accused, then, by your verdict, break the column of the young man's life, lock his coffin and hand the key to the angel of resurrection, and do it solemnly and manfully, though the silver strings of the heart may vibrate with pity, and though tears may tremble in the eyes of mercy."

☞ The leading article in the Continental for December is from the pen of R. J. Walker, upon the Union. Hon. F. B. Stanton contributes an article upon "The Causes of the Rebellion." Besides these there are two or three good stories, many articles of interest, and the Editor's Table.

☞ Two months since the factory price of kerosene oil was 32 1-2 cents; on Tuesday last it was 80 and 85 cents per gallon.

☞ Rev. Mr. Fuller, a distinguished Baptist clergyman of Baltimore, and the owner of a plantation at Beaufort, S. C., has written a letter on the occupancy of his house as a hospital at Beaufort, and the scattering of his slaves. He says he inherited this property—could have sold them for thousands of dollars—would never sell flesh and blood at any price—would long ago have emancipated them, but they would not leave the home of their fathers—that it has long been a burden on his soul, what he could do with these people committed to him, and Providence having taken them out of his hands, he is only anxious that they shall be well cared for—for he fears that between the two contending factions, the poor negro, as between the upper and lower millstones, will be ground to powder.

Maine Baronets.—The beautiful portrait of Sir Wm. Pepperell, the "Hero of Louisburg," painted by H. C. Pratt from what the Boston Sat. Eve. Gazette calls the best original, taken at 55, by Smybert, (and now the property of the Portsmouth Athenæum,) copied for the rotunda of the capitol at Augusta, is the gift of a wealthy Californian to his native State. Sir Wm. Pepperell was born at Kittery, June 27, 1697, and died July 6, 1757. He was made a Barcoet in reward for his services in capturing Louisburg from the French, but he was not, as is often stated "the *only* man in America who was ever created a Baronet." His own grandson was created a Baronet in 1774, and Sir Wm. Phipps, who was born in Woolwich, Me., and was Governor of Massachusetts, was made a Baronet for his services in recovering the treasure from a Spanish vessel wrecked near the Bahamas. Sir Wm. Phipps was born in 1651, and died in London in 1695, thus preceding Sir Wm. Pepperell in the honor of the baronetcy. He came of a numerous family, being one of twenty-six children. His early education had been so much neglected that when after serving an apprenticeship with a ship carpenter, he went into business on his own account, he was unable to read or write. These defects, however, he soon repaired to some extent. His portrait would make a suitable companion picture for that of Sir William Pepperell. The State should cherish the memories of these old worthies.—*Portland Transcript.*

West India Islands—*Slave insurrections.*—Papers from Bermuda and from other West India Islands contain reports of extended slave insurrections, which have resulted in much plunder and destruction of property. Many negroes have been killed. The outbreak at St. Vincent lasted ten days, and was only quelled after a large military force, co-operating with English vessels, had taken the insurrection in hand. A great many of the insurgents are prisoners, and martial law has been proclaimed.—*Boston Journal.*

Certain it is there are no *slave* insurrections in the British West Indies, for the reason that no slaves live there. There was an insurrection or rebellion of free negroes at St. Vincent, or at any rate the papers said so, though they have never told us what caused it. When they do so, we may understand it better than we do now.

☞ A very stringent order has been issued by Gen. Rosecrans, touching soldiers who surrender themselves that they may be paroled and sent home. He has determined to send all such to Camp Chase, with night-caps on their heads, after exhibiting them at dress parade.

☞ There have been various rumors about attempted assassinations of the Emperor Louis Napoleon. It is a common belief that if the Emperor persists in preventing the unity of Italy, there are members of the Carbonari Society, to which he formerly belonged, who are sworn to kill him.

☞ The dyphtheria, which, in malignant form, is worse than the yellow fever or the small pox, is prevailing in Maryland.—For some years it has been confined to the extreme North, but now it has been carried, probably by the army, to the extreme South, many cases occurring among the soldiers at New Orleans.

☞ The number of students under instruction in the city grammear, primary, colored and corporate schools, at New York, during the year ending Sept. 30th, was 173,198. The estimates for the support of schools for the ensuing year reach $1,450,000.

☞ A letter from a private of the 35th Mass. regiment to Col. Howe, dated "Army Hospital at Fort Schuyler," states that the sick and wounded there have to dig cellars, wheel dirt, clean stoves, whitewash, etc.

☞ The statistics at the Adjutant General's office at Washington, show that one hundred and sixty-seven thousand of the troops under the last call for three hundred thousand are now in the field.

☞ A rebel paper published in Louisiana is printed on the inside of ordinary wall paper. Texan sheets have come down to small brown paper such as grocers use.

☞ One of the New York daily papers is losing $3000 a week by selling at two cents per copy.

☞ A draft has been ordered in Massachusetts to fill up the quota, arising from the revision of the enrollment lists, of nearly two thousand.

☞ Gutta percha is now used to make artificial boots for horses' feet.

Local.

☞ Co. A, 17th Regt., N. H. V., 9 mos., returned from camp at Concord, to this city, Wednesday morning, on furlough till Tuesday afternoon next. The men are receiving their bounty—and spending it, some of them.

☞ In our City Council, last week, it was proposed for the City of Portsmouth to issue an amount of small change currency scrip—say $10,000, more or less—instead of making a new loan; and for the public accommodation, which it would certainly promote.

☞ The Barker Family, an old and deservedly favorite quartet, announce a vocal and instrumental concert at the Temple, on Thanksgiving Eve, Wednesday, Nov. 26th. We regret to see "The Old Sexton" in their otherwise attractive programme. That has already been "gather—gather, gathered in"— to too many concerts, before. Anybody who puts the maniac, the ivy green, or the old sexton, on a bill, ought to allow five minutes for the dissenting majority of the audience to vacate their seats during their rendering.

And we are going to make one other complaint, while we are about it; boys should be charged double price, "when unaccompanied by their parents or guardians" (of the audience,) not half-price.

☞ A correspondent at the Creek complains that the water-fixtures there are so slight that mischievous boys can and frequently do get them out of order. Any brat who would do that, ought to be tied under the running stream all day; but the apparatus ought to be of the most substantial character. The public troughs at the Creek and in rear of the Market, are great blessings to the community, and ought to be always in order.

☞ The Eastern Railroad stock has again advanced in the market, and it is reported that it will resume dividend paying in January, with $3 per share.

☞ Dodge gave his Concert here last night, as only Dodge can—with Hayward's help; to a good audience for a stormy evening. He dodges over to Kittery to-night.

☞ It is stated that the revenue during the present year will not exceed one hundred and fifty millions or one hundred and seventy-five millions.

☞ A rendezvous for New England paroled soldiers is to be established in Massachusetts.

☞ Render, did you ever take a glass of Speer's Sambucl Wine? If you never have, let us recommend you to do so; for after having tried it both as a beverage and a medicine, we boldly pronounce it the most palatable and efficient wine we ever drank.—As a mere beverage even, we maintain it is the very choicest wine in use, being at once delicious in flavour, cheering in its effects, and cheap in price. As a medical agent, we have tried it effectually during the last ten days (after being prostrated by cholera morbus,) and have found it everything and more than what its proprietors claim for it.—Rahway Register.

☞ Mr. Grace has presented the Soldiers' Aid Society at Amesbury with several dozen boxes of his Celebrated Salve. This will prove a valuable aid to wounded soldiers of the army.

Salisbury, June 8th, 1862.

Mr. Grace,—Dear Sir:—Your celebrated Salve has been used in my family with great success for the removal of pimples from the complexion. After removing them it left the skin smooth and beautiful. For the utility of your Salve to me in this case I can recommend it to the public as a superior remedy.

Yours truly. Timothy Mahony.

For sale in Portsmouth by Preston, Thacher, Hutchings, and all respectable dealers everywhere.

THE NEW ELECTRA.

Dr. PORTER, a member of the New York Electrical Institute, late Nos. 561 and 563 Broadway, but now No. 150 Waverly Place, having taken a tour into the country for a few weeks' recreation, and taken rooms at the Misses LARKIN'S, No. 16 Middle street, for a few days only, where he will prescribe for and treat *all Diseases*, female complaints especially, by the new system of Medical Electricity. Particular attention paid to Paralysis, Scrofula, Hernia or Rupture. Diseases of the Spine, Eye and Ear treated successfully.—What seems most incredible is, that many diseases, heretofore pronounced incurable, are often cured in a single day, and others in a few treatments. No Shocks given in any case whatever.—The method of treatment is peculiar,—is unknown to others; by it the equilibrium is restored. The remedies are vegetable; are perhaps the most delightful, soothing and invigorating known on earth. Even infants treated with the greatest success. No charge for consultation. No infectious diseases treated. Terms very moderate,—even less than at the Institute. (office hours, for gentlemen, from 9 A. M. to 12 M. Kor l. dies, from half past 1 to 5 P. M. Patients visited at their own homes after 5 P. M., *free of charge*, (if requested by note or otherwise.)

Call soon if you would avail yourselves of this opportunity, as the Doctor will remain but a few days only. All the medicines used are electrical.

For particulars and testimonials see circular headed *The New Electra.*

P. S. Patients are treated on the Sabbath at the same hours. nov11 1m & w1mo*

Just published, and for sale by

JOSEPH R. FOSTER.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

ALFRED STAVERS,

Dealer in Crockery, Fancy Goods, &c.

Have you used the Strela Matches?

Important to Females.
DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstrations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS
was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a PREMATURE GRAVE. No female can enjoy good health unless she is regular, and when a long obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS
are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are invaluable, *inducing, with certainty, periodical cleansing.* They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the most eminent *Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills *sent by mail, postage free*, by remitting to the Proprietor Sold by Druggists generally.

GRACE'S CELEBRATED SALVE!

A Sure Relief for the Sufferer!

This Salve is a vegetable preparation, invented in the 17th century by Dr. W. Grace, Surgeon in King James' army. Through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day; and was regarded by all who knew him as a public benefactor. The Salve is used for the following diseases:—Burns, Bruises, Felons, Scald Head, Salt Rheum, Boils Scurvy, Sore Lips, Sore Ears, Swelled Nose, Ulcers, Leather or Corkle Sore Nipples, Hands, Ringworms, Sprains, Flesh Wounds, Erysipelas, Scalds, Stings of Venomous Insects, Piles, Bunions, Broken Limbs, Nettle Rash, Sore Breast, Wens, Eruptions, Festers, Shingles, Cancers, Whitlows, Itch, Sties, Lame Wrist, and Sores and Wounds of the most serious nature, without leaving a scar. It will also cure the pimples on the face, and beautify the Skin.

There are thousands who are suffering for months and even years in consequence of Sores and wounds that might be cured in a short time by the use of this great external salve. It has never failed to effect a speedy cure when properly applied. This Salve has none of the irritating heating properties of other remedies, but cools, cleanses and heals the most obstinate Sores and Wounds. Every family, and especially those containing children, should keep a box on hand, for it will save them much pain, suffering and anxiety; and in many cases it has saved life itself. The manufacturer receives testimonials daily, from some of our most distinguished citizens, expressing benefits derived from its use. This Salve is warranted to give perfect satisfaction in every disease that it professes to cure; if not, the money will be refunded.

Price 25 cts. per box. Manufactured by WM. GRACE, Amesbury, Essex Co., Mass.

M. S. Burr & Co., 26 Tremont street, Boston, wholesale agents. All orders addressed to this firm or the manufacturer, will receive prompt attention.

One Box sent postpaid by mail to any part of the United States, on the receipt of 38 cents—or three Boxes for one dollar.

For sale in Portsmouth by WM. R. PRESTON and J. H. THACHER; and by respectable Druggists and country stores everywhere. m10.

ANOTHER NEW STOVE!

THE MODEL COOK
FOR WOOD OR COAL.

The novel—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Rand, Mrs. Ann S. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Jos. D Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very simple; no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.

The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

NEW HOUSES, &c.

[Concluded.]

MULBERRY BLOCK.—

The design, by Miss Eliza A. Haven, the proprietor, is a model for such structures. It was built by Mr. James Moses, 3d. It is a substantial building, and its value in affording good residences at a comparatively low rate, will be appreciated by many.

On the corner of Pleasant and Court streets, where the old Fenhallow house formerly stood, Mr. Thomas E. Call has just erected a spacious house, of 36 by 41 feet, and 25 feet post. The windows are large, with four lights, the internal arrangements are well designed, and the whole structure an ornament to the prominent position in which it stands.

On Islington street, on the centre lot between Lime and Cabot streets, Mrs. E. W. Hills is erecting a handsome house of about the same dimensions as Mr. Call's. This, with the modern house in its immediate neighborhood, will add much to the beauty of that section.

Just we must pass over to Middle street to view the *chef d' œuvre* of the present year in building. John J. Pickering, Esq., has erected his house on the south side of Middle street, nearly opposite Summer street. It is of large size, two stories in hight, of wood, block finish on the outside, which being twice coated with sand gives it the appearance of light granite. The first story is eleven and the second twelve feet high. The large, four-light windows are of plate glass. The first story on the inside is without paint, excepting that used on the plastering. The doors and wood finish are of black walnut and chestnut, the work of which is done in a workman-like manner. The stairs are of black walnut. A system of "hollows and rounds" in the arrangement of the entries, and in some of the rooms, has a novel and pleasant effect. It is surmounted by a large cupola,—and in the rear of the house, facing the west, is a very extensive greenhouse, some fifty feet in length. The house is heated by a steam furnace. From a tank in the attic containing several hundred gallons, water is conveyed to any part of the house. In the wash room permanent soapstone tubs are fixed—and every improvement of the day seems to be introduced.

WARD ONE.

THE STATE OF NEW HAMPSHIRE.

To the Inhabitants of Ward No. ONE in the City of Portsmouth qualified to vote for Senators in said State.

[L. S.]

YOU are hereby notified to meet at the Ward Room in Elm street, in said Ward, on the Fourth TUESDAY of Nov. inst. at ten o'clock in the forenoon, for the following purposes:

To bring in your votes for Mayor.

To choose by ballot three Aldermen, nine Members of the Common Council, three Assessors of Taxes and one Overseer of the Poor.

To choose by ballot a Moderator, three Selectmen, and a Clerk of said Ward for the ensuing year; and any other officer required to be chosen.

FRANK W. MILLER, Proprietor.
Portsmouth, Feb. 1, 1862.

ATTENTION, THE WHOLE!

EYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or rather she has suffered her body very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe piercing pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the abundant evidence I had of the good effect of Mr. Swett's Panacea in many such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prescribed, and taking twelve bottles of Panacea, my Cancer was fully cured in about two months, and I have had no trouble from it since CAROLINE B. SWETT.

This statement of my wife is correct.
SIMEON SWETT.
Portsmouth, N. H., April 19, 1851.

I have been greatly afflicted with a Humor called by the doctors Salt Rheum and Erysipelas, causing many sores on my side. And seven bottles of Dr. Swett's Panacea I believe have effected a complete cure, as I have heard of the complaint since. I believe this medicine to be the most sure remedy in the world for Humors.
HANNAH HOWE.

PORTSMOUTH, April 21st, 1852.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD?

Exeter, Feb. 24, 1853. Dr Swett:—"Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and wo i add—that by the use of it, my health has been greatly improved; therefore, I cheerfully recommend it as superior to any other medicine I ever used for humors and consumptive complaints.
WM. P. LEAVITT.

From ELDER I. CHESLEY, *Lee, May 31, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the diseases above named.
ISAAC CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. may20

Houses and Lands.

THE MAGEE

COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The top plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling out of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. L. Trendwell, Oren Bragdon, J. B. Upham, J. Woodman Moses, John R. Holbrook, Geo. B. French, Frank Jones, C. C. Jackson, James H. Pindar, James Shaw, Charles A. Hodgdon; Charles Stimpson, Kittery; Thomas J. Tarlton, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK.

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes —of the—

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR WARMING

FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this invaluable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason of this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of fresh air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 20 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

SPEER'S SAMBUCI WINE,

PURE AND FOUR YEARS OLD,

OF CHOICE OPORTO FRUIT,

For Physicians' Use.

FEMALES, WEAKLY PERSONS, INVALIDS.

SAMBUCUS TREE OF PORTUGAL,

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints

Excellent Wine for Females.

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a Gentle Stimulant, Tonic, Diuretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medicinal properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

WE REFER TO

a few well known gentlemen and physicians, who have tried the Wine.

The Chronicle.

A star for every State: a State for every star.

NO PARTY—ONE COUNTRY.

"The Union as it was—the Constitution as it is."

"Bound to no party—to no sect confined;
The world our home; our brethren all mankind.
Love truth, do good, be just and fair with all;
Exalt the right, though every ism fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of party, generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

POLITICAL NEGOTIATIONS.—The New York Tribune is "credibly informed" that secret negotiations have been opened between certain Democratic leaders in that city and the head traitors in Richmond, looking to "reconstruction." The gist of the propositions said to have been submitted by the former to the latter was, that the rebel States should elect members to the present Congress before the first of January and claim that the rebellion is thus substantially ended. Congress then could repeal the acts of the last two years obnoxious to the rebels; and finally a convention of the States should follow, when the Democratic and Southern strength should be combined in favor of recasting the Constitution. It is said that these propositions, having been sent to Richmond, were rejected by the "Southern brethren," who insisted on disunion as the basis of any feasible agreement. Thereupon another message was transmitted to Richmond, the result of which is now waited for.

☞ A new and strange disease has made its appearance among the horses in the army.—a disease of the feet. The hoof suppurates, discharges freely white pus. It seems to be infectious. Thousands of horses are disabled for the time being. There has as yet been found no curative. If it continues, it will seriously interfere with the operations of the army. The disease lasts from one to twelve days. Some horses recover rapidly, others are permanently disabled. New horses and those in good flesh and excellent condition are quite as much subject to the disease as those which have had hard usage. Veterinarians have been unable to check its ravages. The mules are not attacked.

As an instance of the odd and peculiar coolness of the American character, the Prince de Joinville relates, in his recent exposition of the campaign of McClellan, that during the whole of one of the hottest battles of the Chickahominy, newspaper sellers went up and down the lines crying out the latest news from New York, and found purchasers for the journals they had to sell.

☞ In December, 1860, a lady purchased four dresses of a merchant in New York and was arrested on suspicion of having secreted some goods upon her person. She was undressed for examination, and the affair threw her into a fit of sickness. Afterwards she sued for damages for false imprisonment. The jury on Saturday found a verdict for plaintiff, awarding $4000 damages, and the Court added an extra allowance of $100.

☞ The rebels are extensively manufacturing supplies for their army at Knoxville.

Our terms are as low as those of any other paper.

American and Foreign Patents.

R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)
75 State Street, opposite Kilby Street,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Research made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to secure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, or more capable of putting their applications in a form to secure for them as early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on the part leads me to recommend *all inventors* to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

Boston, Dec. 2, 1861 aw

HILL & CARR,
4 Market Street.

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!
The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.
"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.
The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.
The Port has a fine flavor and body; and
The Port is excellent because it is pure.

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, NOVEMBER 21, 1862.

THE REBELLION.

An expedition from New Orleans, at last accounts, had reached Brazos city. The gunboats captured a small rebel steamer, and chased others. A mud fort and several batteries on the shore were engaged, but the expedition had not completed its work. We had lost 4 men killed and 10 wounded. The rebel force on shore was about 4000. They had destroyed 1000 hogsheads of sugar, a lot of molasses, and burned 9 cars and a few engines.

The Union forces are at Fredericksburg having had some slight skirmishing, in one of which C. K. Darling, of the 6th N. H. regiment, wagoner, had his leg fractured by a shell.—A contraband says the railroad is in good order all the way to Richmond—a three hours' ride. A dispatch to the N. Y. Times says the rebel force at Fredericksburg, consisting of six companies of cavalry, was completely taken by surprise at our rapid advances upon Falmouth, and barely succeeded in making their escape from our cavalry under Gen. Bayard.

Information from Harper's Ferry represents Stonewall Jackson as falling back. This means that he is hastening to join Lee's main army with his command.

The N. Y. Commercial Advertiser says that Gen. Burnside is not the only commander moving on Richmond. There is or will be, active co-operation, strong advancing columns converging toward the common centre.

The report that Mr. C. A. Dana has been appointed Assistant Secretary of War is erroneous. No such appointment has been made.

The property of Timothy Shugerne in Washington, valued at from $40,000 to $60,000, has just been confiscated by the Provost Marshal. Mr. Shugerne is now in Dixie.

A Louisville dispatch states the Union men of Kentucky are greatly dissatisfied because the Government does not authorize contribution to be levied upon the wealthy secessionists, to prevent the starvation of the loyal people of the Mountains and border counties, who have been stripped of everything by the raids of Morgan, Bragg, Smith, &c. The Unionists say that unless the government gives such authority they will soon be forced to supply rations for the above purpose.

NEWSPAPER CHANGE.—The Trumpet and Christian Freeman, which, since April last, has been conducted by Revs. James M. Usher and Geo. W. Quinby, at Boston, has been purchased by the New England Universalist Publishing House, a new corporation, and the issue of this week is published by the new concern. Rev. Sylvanus Cobb will continue editor of the paper.—The same company has purchased the Myrtle (Universalist Sunday School paper) and the property of the bookstore at 37 Cornhill, which will hereafter be carried on in its name. The corporation proposes to increase the capital stock to $20,000 by shares of $20; and the business will be conducted somewhat after the manner of the Freewill Book Concern at Dover, where the Morning Star, and other periodicals and papers are published.

☞ The Portland Advertiser proposes to make great improvements at New-Year, complains that "the Abolitionists" of Maine, especially those "of the Portland Daily Press, are making a raid upon the subscription list of the Advertiser," and calls on its friends to bring in two names for every one which the abolitionists carry off. The expenses of the Advertiser will be great, but the owner is rich, and means to crush the Press and the abolitionists together.

☞ It is stated that not less than thirty-nine of Uncle Sam's uniforms were lately found in a wood near one of the encampment in Massachusetts. The owners thereof, having received their bounty, concluded to desert, and probably deposited the uniforms where found, receiving suits of citizens's clothes from aiders and abettors from without.

☞ The draft in Milwaukee, Wis., and vicinity, took place on Wednesday.—Everything passed of peaceably. The summary manner in which the Government dealt with Ozaik county has put down all feeling of resistance.

☞ The Norway Iron and Wire Works, South Boston, were destroyed by fire early on Wednesday morning. The loss is estimated by the agents at from $22,000 to $30,000, and the total amount of insurance was $45,000.

☞ It is said the Postmaster General will lay before Congress a plan for abolishing the small offices in the immediate vicinity of large cities, making them branches of the city offices.

NEW HAMPSHIRE ITEMS.

—— The Democratic State Convention met in the City Hall at Concord, on Thursday morning in full numbers, and was called to order by A. P. Hughes, chairman of the State Committee. On motion of Stephen Dearborn, Esq. of Exeter, Gen. Stark, of Nashua, was chosen temporary Chairman. On taking the chair Gen. S. congratulated the convention "on the tocsin note of hope that has lately resounded from the Atlantic to the Mississippi. They were met to inaugurate measures to maintain the Constitution as it is; to struggle against abolitionism and secessionism, and to denounce officials and contractors who have heaped burdens upon the people." He declined to have his name used as a candidate for Governor, and closed with a tribute to Gen. McClellan and the army.

Wm. Rand of Rochester was chosen temporary Secretary. The various Committees were announced, and at twelve o'clock the Coevention adjourned till one.

In the afternoon the following officers of the day were chosen: Hon. Geo. Stark, of Nashua, President; Hon. Daniel Marcy of this city, and nineteen others, Vice Presidents; Hon. Wm. A. Burns and four others, Secretaries. The ballot for Governor resulted as follows: Whole number of votes, 538; Gen. Stark had 2; Hon. E. W. Harrington, of Manchester, 165; Hon. Ira A. Eastman, of Concord, 371. The nomination of Mr. Eastman was then made unanimous. James S. Cheney, of Manchester, was nominated for Railroad Commissioner. The attendance of the delegates was quite large, nearly every portion of the State being represented. Hon. John R. Reding, of this city, is chairman of the State Central Committee, and Gideon Ruodlett, Esq., of the Committee on resolutions.

—— The 16th regiment is to leave for New York to-day (Friday).

—— Miss Mary Frances Coburn, aged 20 years, daughter of Asa Coburn, of Littleton, died very suddenly on the 7th inst.—As circumstances indicated foul play, a coroner's inquest was held, and a verdict rendered that she came to her death from an operation performed on her person by Dr. C. M. Tuttle for the purpose of procuring abortion. Dr. Tuttle denies the charge.

—— A boy, 14 years old, on Tuesday morning, fell over the baluster on the second floor, in the Reform School Building at Manchester, striking his head upon the lower floor—a distance of 15 feet. His injury is very severe, but the prospects of his recovery are favorable.

—— On Wednesday, Nov. 12th, Mr. George E. Thorn, landlord of the Tip Top House last summer, and another gentleman made the ascent of Mount Washington in a double sleigh,—the first who have ever ascended the mountain by sleighing. The road was obstructed by several large trees which had fallen across it, but no snow drifts impeded their progress. They found the Summit House encased in ice, and the frost-king held undisputed sway.

—— In the report of deaths at New Orleans, the name of J. H. Miller, of the 8th New Hampshire, is given. That probably is not Mr. John H. Miller, of Portsmouth, as he was not connected with any such regiment at the last advices received from him.

DANIEL WEBSTER A SOUTHERN ORATOR.—So says a paragraph which one of our exchanges says is quoted by several English papers from the London Museum. The paragraph reads thus:—

"We have been told that the highest culture of the New World is to be found where alone that leisure essential to culture existed, among the planters of the South; but it is a remarkable fact that, while the literature of the North has been hitherto inferior to that of any European State, the South has produced no literature at all. It is true that Edgar Allan Poe was a Virginian, but all the other poets whom we shall have occasion to mention, by birth, and he himself by adoption, with all the great prose writers of America, belong to the Northern States. To the names of Longfellow, Lowell, Hawthorne, Irving and Emerson, the Carolinas can only oppose the genius of there one great orator, Daniel Webster!"

☞ Green Adams, of Kentucky, Third Auditor in the Treasury, is a warm supporter of the President's policy. He said the other day to Mr. Lincoln, "I was honestly opposed to your policy of emancipation—I did not like the proclamation—but I now think it has done more for Kentucky than a victory."

A fire at West Amesbury, Mass, last evening, destroyed the large carriage manufactory owned by Isaac B. Little, and occupied by S. K. Bancroft & Co., a dwelling house owned by Mr. Little and occupied by H. B. Batchelder, and the chapel of the Congregational Society in that place. Mr. Little's loss is partly covered by insurance. There was no insurance on the chapel.—*Boston Herald, 14th.*

☞ Wm. H. Allen, LL. D., for thirteen years President of Girard College, Philadelphia, has resigned, the resignation to take effect on the 1st of December.

☞ During the war with Napoleon, the highest premium on gold in England was 141 1-4, and it held at that price from December, 1812, to March, 1813.

MY PET THAT WAS.

BY WILLIAM WINTER.

Slow stealing through the twilight haze
A cloud of slumber droopeth o'er me;
I dream to-night of other days,
As many a fool has done before me.
And from the crowd of phantoms there,
One sweet pale face looks out above me—
Alas the flower I used to wear!
Alas the heart that used to love me!

Your eyes were grey when last we met—
I wonder if they're any greyer!
I used to pray to them, my pet,
But now I'm nothing of a prayer.
Your voice, I think, was very sweet—
I would sound to-night a great deal sweeter!
And ah! the hours I used to wear!
Cold gently off by Love's repeater.

Your heart was hardly true, my pet—
I cannot say that mine was truer;
For I who used to woo, forget
Sometimes that e'er I've been a wooer.
But you forgot your vow, my pet,
Even in the moment when you gave it!
So it were idle to regret
The sorry chance that did not save it.

I think I never saw you sad—
They tell me that you still are merry;
With eyes that sparkle gay and glad,
And lips that have the tint of cherry;
That all your pretty, winning ways,
So arch and wayward, wild and wilful,
Remain as in the golden days—
Except that you are grown more skilful.

Fade gentle vision from my sight!
I do not trust you—I do not doubt you;
But I am happier far to-night,
My darling little pet without you!
I warrant me you have no lack
Of lovers now to tease and worry;
So could I call the old days back,
I wouldn't do it in a hurry.

SOUTHERN SOCIETY.—Abolition writers frequently libel the large majority of those in the South who live on their own labor, by characterizing those who own no slaves as "white trash." There is no class known at the South as "white trash," except negroes and abolitionists. Negroes of large plantations are like the butlers in wealthy English families, considering all people as their inferiors who depend on labor for subsistence. The negroes are the only persons of the South who denominate the poor white people as "white trash," and I am sorry that they rightly include my friends the squatters; and I may add, I wish my friends had a few political abolitionists to deal with in their own way; for the virtuous poor of the South, and especially my friends the squatters, feel indignant at being termed "white trash" by the slaves, and more especially by their affiniting, spiritualistic, abolition friends of Old and New England.—*Genio C. Scott.*

☞ "The Museum, a quarterly Magazine of Education, Literature and Science," deems it "a remarkable fact that, while the literature of the North has been hitherto inferior to that of any European State, the South has produced no literature at all;" and asserts that "to the names of Longfellow, Lowell, Hawthorne, Irving and Emerson, the Carolinas can only oppose the genius of their one great orator, Daniel Webster." The Museum is an English publication, *of course.*

A CHILD'S IDEA.—A friend related to us recently a characteristic anecdote of a little child. Some months since, at the time that the Richmond papers made mention of the confirmation of Jefferson Davis in the Episcopal church, and when it was reported that his health was failing so that he was not probably long for this world, the little girl, having heard the matter spoken of in the family, asked her mother whether Jeff. Davis would go to heaven if he died. The mother replied that she did not know anything about it, declining to give a direct answer. "Well," said the little girl, "there is one thing that I know." Being asked what it was, said, "I know if Jeff Davis goes to heaven, Washington won't speak to him."—*N. Y. Obs.*

☞ Joseph Gibberd, of Eustis Plantation, Me., was arrested on Tuesday, on an order from the War Department, and placed in Fort Preble, at Portland. It is said that he has been in the practice of aiding deserters to escape, after they have received their bounties, and has been guilty of other disloyal practices.

☞ Newspaper correspondents say that the army officers generally disapprove of sending expeditions on distant errands until Richmond is taken. "Carleton" says:—"We want a concentrated thunderbolt of intensest lightning and power! One bolt hurled at Richmond as is in our power to hurl it, and this mighty rebellion will be paralyzed before Christmas."

☞ A gentleman just from Virginia says that the total number of rations issued daily to the army of Gen. Burnside is 240,000. This would go to show that he has an army of about 200,000 men.

☞ Among the good things sung by Dodge at his concert on Wednesday evening, were two of his own composition,—"Who'd a thought of seeing you?" and "I'm always making blunders." Published by Oliver Ditson & Co., Boston.

☞ Unless directed otherwise by the Government, the draft will be made in New York State as soon as blankets and uniforms can be procured for the use of the drafted men. There is a deficiency of 30,000 men in this State on the last quota.

☞ It is proposed in Virginia City, Nevada, to ship immediately to the East for the benefit of the Sanitary Fund the sum of $20,000, and in the novel currency of solid silver bricks, stamped with an appropriate inscription.

☞ The following sentiment was offered "off watch" on one of our national marine:

Active Service—May the shot and shell hereafter be distributed like the prize money—the largest share among the officers.

☞ The rebel steamer Kate, from Wilmington, arrived at Nassau on the 4th inst., with a cargo of cotton.

Removal.

Doors open at 7 o'clock. Commence at 7½ o'clock.

THE NEW ELECTRA.

Dr. PORTER, a member of the New York Electrical Institute, late Nos. 561 and 563 Broadway, but now No. 150 Waverly Place, having taken a tour into the country for a few weeks' recreation, and taken rooms at the Misses LARKIN'S, No. 16 Middle street, for a few days only, where he will prescribe for and treat *all Diseases*, female complaints especially, by the celebrated Electrical Electricity. Particular attention paid to Paralysis, Scrofula, Hernia or Rupture. Diseases of the Spine, Eye and Ear treated successfully.—What seems most incredible is, that many diseases, heretofore pronounced incurable, are often cured in a single day, and others in a few treatments. No shocks given in any case whatever.—The method of treatment is peculiar,—is unknown to others; by it the equilibrium is restored. The sensations experienced are perhaps the most delightful, soothing and invigorating known on earth. Even infants treated with the greatest success. No charge for consultation. No infectious diseases treated. Terms very moderate,—even less than at the Institute. Office hours, for gentlemen, from 9 A. M. to 12 M. For ladies, from half past 1 to 5 P. M. Patients visited at their own homes after 5 P. M., *free of charge*, (if requested by note or otherwise.)

Call soon if you would avail yourselves of this opportunity, as the Doctor will remain but a few days only. All the medicines used are electrical.

For particulars and testimonials see circular headed *The New Electra.*

P. S. Patients are treated on the Sabbath at the same hours. nov11 1sp&wlmo*

Winter Fashions.

MDE DEMOREST'S QUARTERLY MIRROR OF FASHIONS: containing a double page illustration of 19 NEW CLOAKS; three FULL SIZED PATTERNS; a COLORED STEEL PLATE showing ten full length figures; a Plate of JUVENILE COSTUMES, and over *sixty* other illustrations of Bonnets, Sleeves, Infants' Dress, Jewelry and Embroidery. Just published, and for sale by

JOSEPH R. FOSTER.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gathers up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

ALFRED STAVERS,

Dealer in Crockery, Fancy Goods, &c.

All orders sent by mail or left at the Mills, will receive prompt attention.

WENDELL & MOSES.

Portsmouth, July 7, 1862. ly

GRACE'S CELEBRATED SALVE!

A Sure Relief for the Sufferer!

This Salve is a vegetable preparation, invented in the 17th century by Dr. WM. GRACE, surgeon in King James' army. Through its agency he cured thousands of most serious sores and wounds that baffled the skill of the most eminent physicians of his day; and was regarded by all who knew him as a public benefactor. The Salve is used for the following diseases:—Burns, Bruises, Felons, Scald Head, Salt Rheum, Boils Scurvy, Sore Lips, Sore Ears, Swelled Nose, Ulcers, Lame Joints, Chilblains, Chapped Hands, Ringworm, Sprains, Fresh Wounds, Erysipelas, Scalds, Stings of Venomous Insects, Piles, Bunions, Frozen Limbs, Nettle Rash, Sore Breast, Worms, Eruptions, Festers, Shingles, Cancers, Whitlows, Itch, Stiles, Lame Wrist, and Sores and Wounds of the most serious nature, without leaving a scar. It will also cure pimples on the face, and beautify the Skin.

There are thousands who are suffering for months and even years in consequence of Sores and wounds that might be cured in a short time by the use of this great external Salve. It has never failed to effect a speedy cure when properly applied. This Salve has none of the irritating heating properties of other remedies, but cools, cleanses and heals the most serious Sores and Wounds. Every family, and especially those containing children, should keep a box on hand, for it will save them trouble, suffering and money; and in many cases it has saved life itself. The manufacturer receives testimonials daily, from some of our most distinguished citizens, expressing benefits derived from its use. This Salve is warranted to give perfect satisfaction in every disease that it professes to cure; if not, the money will be refunded.

Price 25 cts. per box. Manufactured by WM. GRACE, Amesbury, Essex Co., Mass.

M. S. Burr & Co., 22 Tremont street, Boston, wholesale agents. All orders addressed to this firm or the manufacturer, will receive prompt attention.

One Box sent postpaid by mail to any part of the United States, on the receipt of 38 cents—or three Boxes for one dollar.

For sale in Portsmouth by WM. R. PEARSON and J. H. TRACKMAN; and by respectable Druggists and country stores everywhere. m10

Have you used the Strela Matches?

J. F. SHORES, JR., No. 1 Congress Block, has just received from the manufactory a large lot of

STRELA MATCHES.

These matches are without sulphur and without smell in burning, which adapts them for the Sick Room, the Parlor, or for general use, being nearly as cheap as any other kind of Matches. They are put up in boxes of 150 matches, and are sold at the low price of THREE cents per box, or 12 boxes containing 1800 matches for 25 cents—being 72 for a cent!

Dealers supplied at the manufacturer's price.

Important to Females.

DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice.—They are mild in their operation, and certain in correcting all irregularities, Painful Menstruations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a premature GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all complaints peculiar to FEMALES. To all classes they are invaluable, *inducing, with certainty, perfect regularity.* They are known to thousands, who have used them at different periods, throughout the country, having the sanction of some of the most *eminent Physicians in America.*

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*; containing from 50 to 60 Pills.

Pills *sent by mail, promptly*, by remitting to the Proprietor Sold by Druggists generally.

Particularly recommended to delicate persons requiring a gentle stimulant. Sold by all Grocers, Druggists, Hotels and Saloons P. H. DRAKE & CO., 202 Broadway, New York.

For sale in Portsmouth by THACHER and PRESTON.

Local.

☞ We understand that the Right Rev. Carlton Chase, D.D., Bishop of New Hampton, makes his visitation of St. John's Church, in this city, on Sunday next, and administers the rite of Confirmation in the afternoon.

PERSONAL.—It was recently stated that the U. S. Consul at Guadaloupe was dead—and the N. Y. Tribune said that Consul was Mr. Charles W. Kimball of Portsmouth. Mr. K. had long occupied that position, but we learn from his family in this city, that he has been in New York and Washington probably, too recently, to have been at Guadaloupe at the time stated.

☞ We notice the sale at London of ship Sabine of this port, on private terms. The Sabine was 694 tons, built by S. Badger in 1851, and owned in this city by Messrs. J. M. Tredick, A. W. and G. W. Haven, and heirs of S. B. Haley.

☞ The Post says that what is probably the largest diamond in this country is now on exhibition at the store of Messrs. Crosby, Hammond & Morse, Boston, who have the only diamond-cutting establishment in America. It is reported to have been found several years since in the northern part of North Carolina. In the rough, it weighed 23 3-4 carats, but the owner does not expect to obtain from it a cut diamond of more than ten carats weight. Its true value it is difficult to estimate, but it probably may be found somewhere between $10,000 and $13,000; but for two almost inappreciable spots the stone would be worth more. In size it approaches a large plum stone in length, but is deeper and broader, almost a square on the face, with rounded corneas. In the rough it was about square. The cost of the diamond dust used for grinding it down was over a hundred dollars, and the total charge for the work will be about $1500.

☞ It appears by recent publications that wild pigeons have become an almost intolerable nuisance in Scotland. Scarcely anything in the way of food seems to come wrong to them. They begin in the Spring with the young clover. After the turnips are above ground they attack them. In October they are busy with the cereals, and after the fields are cleared, they return again to the turnips and young clover.—Their great increase of late is accounted for, by the Scottish Farmer, from the fact of the gamekeepers destroying all the ravens and magpies. Both these birds destroy the eggs of the wood-pigeon.

☞ The St Johnsbury, Vt., Caledonian says: In one neighborhood in this county, at least, potatoes are yet unharvested, owing to the mortality that has prevailed this season. As winter now appears to have set in, they will have to be in the ground until next spring, when, if a good depth of snow lies upon the ground, they will be "just as new." In this same neighborhood which is sparsely populated, fourteen persons have died of diptheria this season, all of whom were family connections.

☞ It is reported that the discussions in the French Cabinet, regarding the Roman question, are warmer than ever. It is also stated that the majority of the Ministers are quite disposed to resign, unless the Emperor resolves to give Rome to the Italians.

☞ The Charleston Mercury says "the Yankees love the nigger." To which the Louisville Journal rejoins, that "the complexion of a portion of the servile population of the South is a pretty strong indication that the Chivalry love the nigger."

☞ Hon. A. J. Hamilton has been appointed Military Governor of Texas, with the rank of Brigadier General, and authority to raise two brigades of loyal Texans.

☞ The result of the election in Illinois, with only four small counties to hear from, is a Democratic majority of 16,567. The Republican majority in 1860 was a little over 14,000.

☞ J. Lothrop Motley, the historian, now Minister to Austria, has forwarded the sum of $500 for the use of our sick and wounded soldiers.

☞ An old lady died in London recently from sheer destitution, who was the claimant under a will to an estate of not less than seventeen millions of dollars.

☞ Archbishop Hughes is recovering from his illness, which is only one of the ordinary results of a cold.

☞ Three straight Emancipationists, three Republicans and three Democrats have been elected to Congress in Missouri.

☞ The official vote for Governor of New York gives Seymour 307,063, Wadsworth 296,491; Seymour's plurality 10,572.

☞ The Courts of Inquiry in the cases of Gens. McDowell and Porter meet this week.

☞ Rear Admiral Lavalette died at Philadelphia on Tuesday night, aged 73.

☞ Thanksgiving in Vermont Dec. 4th.

MARRIAGES.

In this city, Nov 20th, by Rev. Mr. Patterson, Mr. JOHN H. BARTLETT, JR., to Miss ANGELINA K. MENDUM, both of this city.

In Lynn, at the City Hotel, Mr. CHARLES L. DREW of Lynn, to Miss HANNAH PICKERING of Portsmouth.

DEATHS.

In this city, on Friday, Nov. 14th, Mrs. SARAH T. CONVERS, aged about 47 years, wife of George W. F. Convers, Esq., of the Franklin House. An internal tumor occasioned her death. Her remains were carried to Manchester, where the funeral took place, on Tuesday last, at the Hanover street Church. The services were conducted by Rev. William L. Gage, of this city, and Rev. Mr. Wallace, of Manchester.

In this city, Nov. 19th, Mrs. ELLEN MOORE, aged 56 years, wife of Mr. Elisha Moore.

The funeral will be attended from St. John's Church, this (Friday) afternoon, at 3 o'clock.

In Gosport, Isles of Shoals, Mr. JOSEPH M. CASWELL, aged 62 years.

In Boston, Mr. JOSEPH F HOLMAN, aged 42 years. His remains were brought to this city for interment.

ANOTHER NEW STOVE!

THE MODEL COOK

FOR WOOD OR COAL.

The *novel*—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time! A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired.

THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.

We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.

We refer to the following individuals who have purchased the Model Cook:—

David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, James W. Jarvis, Francis C. Jarvis, Thos. L. Tullock, Jacob Wendall, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Joe. D. Akerman, James F. Shores, Wm. C. Newton, Horton D. Walker, Benj. Chesver, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Canney, Benj M. Parker, Charles A. Wiggin, George W. Plumer, Nathl. Dennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Stiles, John Senter, Wm. Bell, Cyrus Plumer, Freeman Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel I. Pryor, Cushman Pryor, of Freeborn's Island; Geo. N. Dixon, Samuel P. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Ransaid, Mrs. Wm Locke, Kittery; H. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mrs. Reuben F. Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.

We offer this beautiful coal burner to the public, with full confidence in its merits.

It was brought into market two years since, and has come rapidly into use.

The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a continuous fire may be kept throughout the winter—the coal all burned, and no clinkers made. The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.

Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.

We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.

We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.

A great variety of cheaper Stoves for coal and wood—Coal hods—Patent Coal-sifters.

COAL LININGS,

and Repairing pieces for most of the stoves in use. Job Work attended to with dispatch.

Morning Chronicle.

☞ On Friday morning 105 horses, which had been conveyed to Philadelphia from New York the day before, and kept without food, were placed in an enclosure. They had been there but a few minutes, when the whole drove commenced gnawing the fence, and before they could be stopped about one thousand feet of lumber were destroyed. It is not surprising, however, that the horses should, under the circumstances, attempt to board themselves.

A young farmer asked an old Scotchman for advice in his pursuits. He told him what had been the secret of his own success in farming, and concluded with the following warning: "Never, Sandie, never, above all things, never get in debt; but if you do, let it be for manure."

☞ A lot of powder in flour barrels, valued at five thousand dollars, stored at Baltimore, conveniently for shipment to the South, was discovered and seized on Monday night.

The peculiar taint or infection which we call SCROFULA lurks in the constitutions of multitudes of men. It either produces or is produced by an enfeebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: **King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses**, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S

CHERRY PECTORAL,

The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever had been, and that it may be relied on to do all it has ever done.

Prepared by DR. J. C. AYER & CO., *Practical and Analytical Chemists*, Lowell, Mass.

Sold by all druggists every where.

☞ ATTENTION, THE WHOLE! ☜

EYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—she has suffered the hardly much. A large sum had been expended to no the most celebrated physicians, for Sarsaparilla Syrup, &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWEET'S PANACEA, and several bottles of his HUMOR WALK, which have effected a cure. There can be no mistake, as this case was effected more than three years ago. No other medicines can equal Dr. Sweet's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent. See the sale of it." JOSIAH BENNETT.

About seventeen years ago I discovered a bunch growing in my breast, attended with severe piercing pain, and when about as large as a hen's egg it broke out, and proved to be a Cancer of the most dangerous character. And from the abundant evidence I had of the good effect of Mr. Sweet's Panacea in many such cases, I was encouraged to depend upon it for a cure in this case, and by keeping my stomach pure by emetics, which he prepared, and taking twelve bottles of Panacea, the Cancer was fully cured in about two months, and I have had no trouble from it since. CAROLINE B. SWETT.

This statement of my wife is correct. SIMEON SWETT.

Portsmouth, N. H., April 18, 1861.

I have been greatly afflicted with a Humor called by the name of Salt Rheum and Erysipelas, causing many sores on my side. And seven bottles of Dr. Sweet's Panacea I believe have effected a radical cure, as I have had no sign of the complaint since. I believe this medicine to be the most sure remedy in the world for Humors. HANNAH ROWE.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with dizziness at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWEET'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

Exeter, Feb. 24, 1838. Dr Swett:—"Sir, for the benefit of those who are afflicted as I have been, with a humor, which prevented quiet rest night and day, I would say, that your PANACEA has effected a radical cure on me; and would add—that by the use of it, my health has been greatly improved. Therefore, when I look on myself as superior to any other medicine I ever used for humors and consumptive complaints." W. T. J. KAVITT.

From ELDER I. CHESLEY, *Lee, May 21, 1841.*

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WALKS. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, Portsmouth, N. H., promptly attended to. May 25o

ROCKINGHAM HOUSE,

STATE STREET, PORTSMOUTH, N. H., By WM. E. HADLEY & Co.

HOT AND COLD BATHS, for use of guests and the public, day and evening—the best facilities. mar22*3m

FRANKLIN HOUSE

Portsmouth, N. H.

The undersigned having assumed the management of this well known public house, and having made extensive improvements therein, solicits a continuance of the patronage of the travelling public that has so long been extended to the house.

A new parlor and an extensive suite of commodious and well-ventilated sleeping apartments have been added; and a separate Ladies' Entrance from Congress Street, arranged. Gentlemen with their families, or ladies unattended, will now find quiet and retired apartments connected with the street and dining hall by an independent staircase.

The house will be kept as a first class hotel in every respect, and the proprietors will spare no pains to merit the patronage of those visiting this section of the State.

A good STABLE is connected with the house, where persons visiting Portsmouth with teams, will be promptly and carefully waited upon.

GEO. W. F. CONVERS Manager.
Portsmouth, May, 1862.

THE MAGEE

COOKING STOVE.

The subscribers, having received their Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and tea-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in the city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise. We would refer to Messrs. Geo. L. Treadwell, Oren Brag don, J. H. Upham, J. Woodman Moses, John R. Holbrook, Geo. B. French, Frank Jones, C. C. Jackson, James H. Tinder, James Shaw, Charles A. Hodgdon; Charles Stinson, Kittery; Thomas J. Tarlton, Newcastle; and the host of others who are using them.

We invite all those in want of the very best Stove in the market to examine the

MAGEE COOK,

THE MAGEE PARLOR STOVE.

Also on hand an assortment of the different sizes

—of the—

MAGEE PARLOR STOVE,

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR WARMING

FURNACES.

The subscribers, being the Sole Agents in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodeling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, most desirable in winter—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 30 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to get up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air, these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Wendell, John Sise, and others.

SPEER'S SAMBUCI WINE,

PURE AND FOUR YEARS OLD.

OF CHOICE OPORTO FRUIT.

For Physicians' Use.

FEMALES, WEAKLY PERSONS, INVALIDS

SAMBUCUS TREE, OF PORTUGAL.

The Great Remedy for Kidney Affections, Rheumatism, Chronic Complaints

Every Family should use the SAMBUCI WINE celebrated in Europe for its medicinal and beneficial qualities as a gentle Stimulant, Tonic, Diaretic and Sudorific, highly esteemed by eminent physicians, used in European and American Hospitals, and by some of the first families in Europe and America.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs, very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by Chemists and Physicians as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefiting ladies and children.

A LADIES' WINE, because it will not intoxicate or other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich, peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion

WE REFER TO

MATHEWS'

VENETIAN LIQUID

HAIR DYE.

☞ MATHEWS' VENETIAN HAIR DYE.—This celebrated Dye was first prepared in 1845; since that time it has been USED BY THOUSANDS and in no instance has it failed to give PERFECT SATISFACTION.

THE VENETIAN DYE is the cheapest in the world. Its price is ONLY FIFTY CENTS, and each bottle contains DOUBLE THE QUANTITY OF DYE, contained in those usually sold for ONE DOLLAR.

THE VENETIAN DYE is the safest composition of its class. It is WARRANTED NOT TO INJURE the hair, or the scalp, in the least.

THE VENETIAN DYE works with RAPIDITY AND CERTAINTY. It causes no annoyance or trouble to those who use it.

THE VENETIAN DYE produces any shade that may be desired,—one that will not fade, crock, nor wash out,—one that is as permanent as the hair itself.

THE VENETIAN DYE does not, in any manner, interfere with the NATURAL SOFTNESS OF THE HAIR,—it neither scorches nor dries it.

THE VENETIAN DYE is the best, cheapest, safest, most convenient, most successful, and most *permanent* Dye ever used.

SOLD BY ALL DRUGGISTS.

The Chronicle.

A star for every State: a State for every star,
NO PARTY—ONE COUNTRY.

"The Union as it was—the Constitution as it is."

"Bound to no party—to no sect confined:
The world our home; our brethren all mankind.
Love truth, do good, be just and fair with all,
Exalt the right, though every item fall."

"Let me warn you in the most solemn manner against the baneful effects of the spirit of Party generally. It is a spirit not to be encouraged.—Its common and continual mischief is sufficient to make it the interest and duty of a wise people to discourage and restrain it. In governments of the popular form, it is seen in its greatest rankness, and is truly their worst enemy."—*Washington's Farewell Address.*

☞ There is in N. Y. city a man destitute of legs, who has crawled on the streets for the last ten years, during that time supporting a wife who dresses in gorgeous style and lives luxuriously. Recently this mendicant has assumed a blue coat with army buttons and receives numerous amounts on the strength of having lost his legs in the Army of the Potomac.

☞ At a banquet recently given at Tronsoe, in Norway, a dish of fresh beef was served which was found last summer in tin cases, buried at Spitzbergen. According to indisputable indications, these cases were placed there by the Parry expedition, in 1856. The meat was perfectly fresh, and had not contracted any bad odor.

"THE VOICES OF THE NIGHT."—"I couldn't get a wink of sleep," said a newly-blessed Benedict, "on account of a discordant kept playing all night." "Discordant!" inquired the confidant of his troubles, "what new instrument is that?" "Only the baby," was the yawning reply.

Tillotsan says it is hard to personate and act a long part, for where truth is not at the bottom, nature will always be endeavoring to return, and will peep out and betray herself one time or another.

Probate Advertisements.

The language of the law relating to the publication of Probate Notices is:

"The party required to publish any notice ordered by the Judge of Probate to be given in a newspaper, may *select* the paper therefor."

Will our subscribers remember this, and when they have occasion to do business at the Probate Office, if agreeable, request that their notices may be ordered for the Chronicle or the Gazette; otherwise a different paper may be selected.

Our terms are as low as those of any other paper.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
75 State Street, opposite Kilby Street,
BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below will prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessary of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the most *capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at *very reasonable* charges."
JOHN TAGGART.
Boston, Nov. 1, 1862.

BUY CALIFORNIA WINES.
They are the Purest!
The Best!
The Cheapest!
The "sunny slopes" of "Los Angelos" have announced to the world that America is a wine growing country, and as the discovery of gold sent a thrill through the old world, so will the discovery of these Wines startle them again, as it says, "one more link broken which has bound us to Europe," "one more step to independence." Let every man, woman and child who uses Wine, see to it that they buy none other than these.
"The Hock" is a most delicious Wine, and rivals in delicacy its German predecessor.
The "Angelica" and "Muscatel" are melting, luscious and rich, and will take the place of Malaga, Tokay, or other rich Wine.
The Port has a fine flavor and body; and
The Port is excellent because it is pure.

SATURDAY, NOVEMBER 22, 1862.

THE REBELLION.

The Savannah Republican of the 13th, says, On Sunday last the Federals attempted to land at St. Mary's, Ga., but were repulsed. The gunboats then shelled and completely destroyed the town.

A despatch to the Philadelphia Inquirer says the rebel army has been marching into Richmond for several days, leaving only Jackson and Stuart behind.

Rebel cavalry appeared at Bull Run and Warrenton on Wednesday, those at the latter place being commanded by Stuart.

A Harper's Ferry dispatch states that signal rockets ascended from the enemy's camp on Wednesday night before midnight. Some movement was progressing among the rebels.

Stonewall Jackson is reported to be threatening Sigel, and Lee is skirmishing with Burnside. Nothing decisive has been accomplished.

Gen. Sigel's reserve corps is now in position from Centreville to Bull Run battlefield, the General being at Centreville.—We have a strong force at Harper's Ferry, capable of protecting the Upper Potomac from any serious attack by Jackson, or Stuart's cavalry; and Gen. Heintzleman has troops enough at Washington to check any raids between that city and Centreville.

The army of the Southwest is inactive, but preparations for the campaign are in progress.

The Navy Department has information of the recent capture of the steamer California, from Mobile, bound to Havana, loaded with several hundred bales of cotton. She was captured by the Montgomery.

ACCIDENT ON THE BOSTON & MAINE R. R.—A serious accident occurred to the Reading train on the Boston and Maine railroad, about an eighth of a mile from the Boston Station, a little before 7 o'clock, on Friday morning. The train contained 3 passenger and a baggage and smoking car, with many passengers, most of them being residents of Reading and intervening towns transacting business in Boston.

The draw-bridge just beyond the depot, was open, and the train was partially precipitated into the stream below. The train was proceeding at a very slow rate; otherwise all of the cars would have been submerged, and the consequent loss of life fearful in the extreme. The engine was run entirely off the draw, and was not visible in the water below. The smoking and baggage car followed, and the first was entirely submerged, while the latter was only held back by the strong couplings of the car in the rear. Charles G. Richardson a brakeman and baggage-master on the train, when he discovered the accident, put the brakes on the wheels of the baggage car so hard that the next car was kept from the open gulf, and then attempted to jump from the platform, but fell under the wheels and was killed almost instantly, his body being terribly mangled. He belonged in Reading, was about twenty five years of age, and a great favorite among the officers of the road and the passengers that traveled regularly on the train. The engineer, Simeon Garland, and the fireman both jumped from the train and the former was slightly injured. He had sustained the loss of a limb at a previous railroad accident. A number in the smoking car escaped without injury by crawling through the windows and swimming ashore. Many were also rescued by boats. The bodies of Harvey C. Taylor, of Somerville, 25 or 26 years of age; of Justin E. Holt, of Malden, about 45 years of age; and of R. H. Dyer, of Somerville, about 30, were recovered on Friday forenoon. All of them leave families. John Rafferty, of Malden, is missing, and it is thought that more lives were lost than had been ascertained on Friday afternoon.—Several of those in the smoking car were injured more or less seriously.

THE ATLANTIC MONTHLY, for December, contains a poem on the loss of the Cumberland, by Longfellow; Dr. Holmes' "hunt after the Captain," and nine other articles of sterling merit. The publishers promise all manner of good things and improvement, for the new volume, to commence with the January number, but the Atlantic is good enough now. It seems like gilding refined gold to praise it.

☞ Mr. Cameron reached Washington on Tuesday. He says that while he denies having ever said that twenty iron-clads were being built in Scotland and England, he repeats what he stated in New York on his arrival, that three of the largest class iron steamers are now being constructed, one at Glasgow and two at Liverpool, notoriously for the rebel service, and also that Mr. Dudley, American Consul at Liverpool, has laid this information before the government.

NOTES OF FORMER DAYS.

Collected and Collated — By UNCLE TOBY.

Cranfield orders the Lord's Supper—Moodey puts in a veto, is tried, imprisoned, and flees to Boston.

The case of trial and discipline for perjury, on which we have said so much, began in January, 1683, and was happily closed in April.

Not long after this, Gov. Cranfield issued an order in council, "that after the first day of January, the ministers should admit all persons of suitable years and not vicious, to the Lord's supper, and their children to baptism; and that if any person should desire baptism or the other sacrament to be administered according to the liturgy of the church of England, it should be done in pursuance of the King's command to the colony of Massachusetts; and any minister refusing to do so, should suffer the penalty of the statutes of uniformity."

This was a mere pretext: for the King's command to Massachusetts was only that full liberty of conscience and of ritual worship should be enjoyed by the English church in the colony. Nevertheless, mere pretext as it was, it answered the purpose in the hands of a Governor who aped as well as he could in New Hampshire, the illegal and corrupt administration of the Second Charles in England.

This flimsy sham order of Cranfield's was not enforced, however, until Jan. 1684. About the beginning of the year, as a last resort to get money from the colonies, on the plea of danger from foreign invasion, he called an Assembly, to meet at Great Island (now New Castle), where he resided. They met Jan. 14. To this Assembly he presented a bill previously passed by his Council, for raising money to repair the fort, buy ammunition, and defray *other* necessary charges of Government. The pith of the bill lay in the word *other*, which meant a salary for Gov. Cranfield. The Assembly debated awhile and adjourned over night, and the tide serving, the members went up to town. In the morning they came down, negatived the bill, thus refusing to grant the money; whereupon Governor Cranfield was greatly displeased, and said that they had been up to consult with Moodey and other declared enemies of the King and church of England. In a rage he dissolved them forthwith; and in the same week, only a day or two after, he signified to Moodey in writing, by the hands of the Sheriff, that himself, with Mason and Hinckes, intended to partake of the Lord's Supper the next Sunday; requiring him to administer it to them according to the liturgy. This very fraternal and christian request, as Cranfield justly expected and desired, was promptly declined by Moodey.

This opened the way for a prosecution; and the Attorney General, Joseph Rayn, by order of the Governor, made a formal complaint of Moodey's crime—disobedience—before the Court of Sessions, at New Castle, Feb. 5, 1684. Nothing appears about a jury, on any record of the matter. Doubtless there was none. It was a star chamber court in miniature. Walter Barefoote was chief justice, and there were five others, viz: Nathan'l Fryer, Henry Green, Peter Coffin, Thomas Edgerly and Henry Robie.

Before this court Mr. Moodey appeared, and justified his refusal, by pleading that he was not episcopally ordained as the statutes required; nor did he receive his maintenance according to them; and therefore was neither qualified nor obliged to do what was required.

In the private debate of these six judges, it appears that Barefoot and Coffin condemned Moodey, but the other four did not: as Moodey expresses it—Overnight four of the six dissented from his imprisonment; but before morning, Peter Coffin, being hectored by Cranfield, drew off Robie and Green, which changed the majority. Frier and Edgerly refused to consent; but by this majority of *four* judges in six, he was sentenced to six months' imprisonment without bail or mainprize, and his benefice was declared to be forfeited to the Crown. The benefice in a congregational church in the old Piscataqua settlement did not amount to much for the King or for any body else. But so condemnation in ancient or modern times, was ever brought about with a more contemptuous disregard of right and justice. The two judges who changed their course and signed the imittimus, were either intimidated, seduced, or drugged into compliance. One of them, Robie, was afterwards a wretched sot, and very probably was plied with liquor on that night.

Frier and Edgerly, who would not sign the mittimus at all, were forthwith dismissed by Cranfield, from all their offices.

Mr. Moodey was actually imprisoned at New Castle, in the house of Capt. Stileman, thirteen weeks, and not allowed either to go to Portsmouth to preach, or to have any congregation assemble at his prison beyond the jailor's own family. With him was imprisoned Wm. Vaughan, who had also offended Cranfield, and who was shut up on some other pretext.

This struggle, between Cranfield and Moodey, which began so early as January, 1683, with the trial for perjury, was thus protracted for more than a year, and ended with Moodey's imprisonment, which lasted till about the first of May, 1684, when by the interposition of friends he obtained his release, though under the strict charge to preach no more in the province, on penalty of farther imprisonment; and immediately on his discharge from confinement, retired to Boston as a place of refuge from persecution.

NEW HAMPSHIRE ITEMS.

—— A few evenings since an Irish woman was detected, in Manchester, in an attempt to steal a pattern of delaine, but as her husband is at the war, and she has a large family to provide for, the owners of the goods did not cause her arrest.

—— On Wednesday forenoon, as Mr. J. S. York was passing up the railroad in Manchester, a stick which projected from a freight train, struck him on the head and knocked him down, rendering him insensible. He was still delirious in the evening, but it was thought he would recover.

—— The Manchester American states that the Governor and Council were in session during four days of last week. The question of preparing a new quota based upon the returns of the examining surgeons and commissioners, was discussed, but with no definite result. The Council is divided upon the subject of disregarding all the exemption papers which have been so freely given. Nothing final has been done concerning an extra session of Legislature with a view of extending the right of suffrage to soldiers in the field. The commissioners have reported in full from all the counties. If these returns coupled with those of the examining surgeons, are made the basis of calculation, new quotas for the towns and cities will seem to be indispensible. A majority of the towns have raised their three years' and nine months' men, but nearly a thousand men are required to complete the quota of the State. The indications now are that the draft will be referred in delinquent localities before many weeks.

—— The New Orleans Delta says that Lieut. Wells, commanding Co. H, 8th N. H. regiment at the battle of Labedieville, was hit on the breeches pocket by a half spent canister shot, which cut a hole in his surtout coat and completely smashed up his powder flask. The Lieutenant was knocked down by the force of the blow. A little lameness supervened, but he has attended to his company duties daily since.

—— The editor of the Bridgton Reporter asks, "why is Mount Washington like a nun?" and answers, "because it has taken the white veil." The editor being a lady, of course ought to know.

—— William A. Jones of Co. G. and Frank J. Smith, Co. K, 8th regiment, have died at Labadieville, La.

OLD MAIDS.—This is what Dr. Hall says of the class in his Journal of Health: "Being an 'old maid,' implies decision of character; neither sham, nor shows, nor courtly manners, nor splendid persons have won them over; nor fair promises, nor shallow tears; they looked beyond the manner and the dress, and finding no cheering indications of depth of mind and sterling principles, they gave up the specious present for the chance of a more solid future, and determined in hope and patience and resignation to 'bide their time.'" Show!

☞ A man named John C. Stickney was arrested at Etna, Me., for attempting to obtain goods of a firm in Portland by forging an order. He gave as a reason for his conduct, says the Press, that he was to be married thanksgiving day and wanted to raise some spondulix. He has raised something else.

☞ Certain brokers and railroad and omnibus lines in New York who are selling postal currency at a premium of ten per cent., are to be "hauled over the coals." One broker stated that he had $15,000 worth of it, which he was willing to dispose of at that rate.

☞ The *Independence Belge*, the 28th October, writing concerning Garibaldi, says that he has full confidence in the success of his medical treatment. He has decided to go to England for a short time, and thence proceed direct to America.

THE NEW ELECTRA.

Dr. PORTER, a member of the New York Electrical Institute, late Nos. 561 and 563 Broadway, but now No. 150 Waverly Place, having taken a tour into the country for a few weeks' recreation, and taken rooms at the Misses LARKIN'S, No. 16 Middle street, for a few days only, where he will prescribe for and treat *all Diseases*, female complaints especially, by the new system of Medical Electricity. Particular attention paid to Paralysis, Scrofula, Hernia or Rupture. Diseases of the Spine, Eye and Ear treated successfully.—What seems most incredible is, that many diseases, heretofore pronounced incurable, are often cured in a single day, and others in a few treatments. No Shocks given in any case whatever.—The method of treatment is peculiar.—is unknown to others; by it the equilibrium is restored. The sensations experienced are perhaps the most delightful, soothing and invigorating known on earth. Even infants treated with the greatest success. No charge for consultation. No infectious diseases treated. Terms very moderate,—even less than at the Institute. Office hours, for gentlemen, from 9 A. M. to 12 M. For ladies, from half past 1 to 5 P. M. Patients visited at their own homes after 5 P. M., *free of charge*, (if requested by note or otherwise.)

Call soon if you would avail yourselves of this opportunity, as the Doctor will remain but a few days only. All the medicines used are electrical.

For particulars and testimonials see circular headed *The New Electra.*

P. S. Patients are treated on the Sabbath at the same hours. nov11 1m&wlmo*

Winter Fashions.

MDE. DEMOREST'S QUARTERLY MIRROR OF FASHIONS: containing a double page illustration of 19 NEW CLOAKS; three FULL SIZED PATTERNS; a COLORED STEEL PLATE showing ten full length figures; a Plate of JUVENILE COSTUMES, and over *sixty* other illustrations of Bonnets, Sleeves, Infants' Dresses, Jewelry and Embroidery. Just published, and for sale by

JOSEPH H. FOSTER.

Notice to Housekeepers.

Rubber Band Carpet Sweeper.

TRY IT! TRY IT!!

It saves Money; it saves Carpets; it saves Furniture; it saves Labor; it is cheaper than Brooms at five cents apiece.

It gets up all dust, dirt, and loose lint on the carpets, and raises no dust to settle on the furniture, drapery, or ornaments, or to smother, stifle and irritate the lungs.

It does not wear the carpets half so much as brooms or any other sweeper.

It is the only practicable sweeper made, and the only article fit to sweep a carpet.

With our late improvements it gives universal satisfaction to all who use it according to directions. For sale at No. 12 Market Street by

ALFRED STAVERS,

Dealer in Crockery, Fancy Goods, &c.

Important to Females.
DR. CHEESEMAN'S PILLS.

The combination of ingredients in these Pills are the result of a long and extensive practice. They are mild in their operation, and certain in correcting all irregularities, Painful Menstrations, removing all obstructions, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain in the back and limbs, &c., disturbed sleep, which arise from the interruption of nature.

DR. CHEESEMAN'S PILLS

was the commencement of a new era in the treatment of those irregularities and obstructions which have consigned so many to a premature GRAVE. No female can enjoy good health unless she is regular, and whenever an obstruction takes place the general health begins to decline.

DR. CHEESEMAN'S PILLS

are the most effectual remedy ever known for all Complaints incident to FEMALES. To all classes they are invaluable, *inducing, with certainty, periodical regularity*. They are known to thousands, who have used them at different periods, through out the country, having the sanction of some of the most *eminent Physicians in America*.

Explicit Directions, stating when they should not be used, with each Box.—The *Price One Dollar per Box*, containing from 50 to 60 Pills.

Pills sent by mail, *promptly*, by remitting to the Proprietor Sold by Druggists generally.

For sale in Portsmouth by THACHER and PRESTON.

NEW-HAMPSHIRE DEMOCRACY.

We intend to publish, in instalments, as fast as we can find the room for them—the full report of the late New Hampshire Democratic State Convention—as an important part of the political history of the State and the times. We can only give the Resolutions, and the debate consequent upon them, this morning:

RESOLUTIONS.

The Democracy of New Hampshire, in this fearful crisis of our national affairs, forgetting all minor questions, will recognize only those great principles which concern the salvation of the country; and they appeal to the Unionloving and patriotic people of the State, for support of those principles, as expressed in the following resolutions—at the coming Election:

Resolved, That the only object of all good citizens at this time, should be the preservation of the Constitution as it is, and the restoration of the Union as it was; and for this purpose we will cordially unite with true Union men everywhere, in the support of the Federal Government—to maintain its safety, integrity and rightful supremacy by all constitutional means.

Resolved, That the Constitution, as framed by the Fathers of Our Country, is sufficient for all emergencies; and we utterly repudiate the doctrine that in time of war, or at any time, it can be suspended, or enlarged in its powers, beyond the letter and true meaning of that sacred instrument. It is to us, as it was to our Fathers, the only hope for a perfect Union, to establish justice, insure domestic tranquility, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity; and if observed in its letter and spirit, is amply sufficient to secure to us, as it has to them, these inestimable blessings.

Resolved, That the arbitrary arrests and imprisonment of citizens for political offences, and the suspension of the writ of habeas corpus in loyal States, are gross violations of our National and State Constitutions, and tyrannical infractions of the rights and liberties of American citizens, which cannot be tolerated in a free country; and that the people of this State cannot and will not allow the freedom of speech and of the press—that great safeguard of civil liberty—to be put down by unwarranted and despotic exercise of power, from whatever source. [Applause.]

Resolved, That we unqualifiedly condemn the late Proclamation of the President relative to Emancipation, as unwarranted by the Constitution, (applause,) in violation of the solemnly-plighted faith of the Administration at the commencement of the war, (applause,) and if persisted in, fatal to all hopes of a restored Union. (Applause.)

Resolved, That while remembering with pride the courage and gallantry of our soldiers now in the field, we tender our sympathy to the friends of those who have fallen in the defence of the Constitution and the Union.

Resolved, That the Democracy of New Hampshire congratulate the Democracy of their sister States on their recent glorious triumphs at the ballot-box. It inspires us with new courage and strong hope that our country may yet be saved.

With that sterling Democrat Ira A. Eastman for our standard-bearer, we will give battle to our political adversaries, and will demand of them an unconditional surrender, thus placing the Granite State side by side with those already in the advance, upon the broad platform of the Constitution as it is and the Union as it was.

Dr. Batchelder, of Epping, moved to strike out from the last resolution but one, the word "Constitution." He did not believe, he said, that our soldiers had been fighting for the Constitution, but for their thirteen dollars a month. [Cries of "Question."]

Mr. Hughes, of Nashua, thought the resolutions covered the whole ground. They there announced what they were fighting for, with the proper qualifications. Let the Convention, if so disposed, turn their backs upon those husbands, brothers and fathers now fighting for the country, and see what the consequences would be. He hoped they would do no such thing, but that they would tender their sympathy to the fathers and mothers, brothers and sisters throughout the State who were bewailing the loss of their friends.

The question was then taken and the resolutions adopted with but very few dissenting votes.

☞ One striking peculiarity in the cod fishery, for the present season, on the coast of Labrador, is the wonderfully impoverished condition of the fish caught and cured. One lot, comprising three hundred quintals, had only yielded fifteen gallons of cod oil. The indifferent quality of these fish will easily be understood, when it is remembered that as a general rule a quintal is expected to yield half a gallon of oil.

☞ A meeting of the editors of New Jersey is to be held at Trenton on Thursday, Dec. 4, to consider the best course to be adopted in view of the rapid rise in the prices of paper and printing materials.—This is the first of a concerted series of movements which will probably be rendered necessary in order to protect the newspaper interest against heavy loss.

☞ It is stated that no less than thirty-nine of Uncle Sam's uniforms were lately found in a wood near of the encampments in Massachusetts. The owners thereof having received their bounty, concluded to desert, and probably deposited the uniforms where found, receiving suits of citizens' clothes from aiders and abettors from without.

☞ Those who wish to listen to an impressive and eloquent lecturer, will not fail to be present at the Temple to-morrow (Sunday) evening, and hear Miss Dickinson on "The Nation's Peril"—a lecture delivered before the Fraternity in Boston.

COM.

St. Louis Flour.
70 BARRELS Whitehead Family Flour, "*warranted*," for sale by
MOULTON & BLAISDELE,
jy31 No. 1 Market Square.

☞ The Marine hospital at Paducah, Ky., was burned on Monday night. All the patients escaped. Most of the furniture was saved. The building was worth $100,000. —Great consternation prevailed, owing to the impression that this was the herald of a rebel attack. Double pickets were placed around the town.

☞ A council of the Liverpool Chamber of Commerce has debated the matter of the steamer Alabama and finally directed that a letter be sent to Earl Russell, calling attention to the destruction of ships containing British property, by an armed cruiser under the Confederate flag, and desiring to know what is the opinion of the British Government as to the position of the owners of neutral property.

☞ The London Morning Herald learns that the proposal of France for joint intervention to recommend the suspension of hostilities here, has been laid before Governments of Russia and England and agreed to by the former. Pshaw!

☞ The Court Journal concludes an article on English steam rams as follows:—"We have three facts with regard to those iron-clads—first, they are unseaworthy; second, they are uninhabitable; and third, they are as vulnerable in vital parts as wooden ones."

☞ It is stated that the rebel steamer Edward Hawkins, from Havana, with clothing, ammunition, etc., has been captured.

DEATHS.

ANOTHER NEW STOVE!
THE MODEL COOK
FOR WOOD OR COAL.
The novel—the *peculiar* feature of the MODEL COOK, that which distinguishes it from all others, is the addition of a Ventilated Roasting Oven within the body of the stove and in front of the fire; so arranged that it can be used separately for a roaster or (by the removal of a simple plate) in connection with the larger oven, for baking; giving an oven nearly 3 feet long; or large enough to take six large plates on the bottom, every part of which will bake evenly at the same time. A check draft is applied to this stove by means of which the consumption of fuel is greatly lessened, and a steady fire can be kept day and night if desired
THE MODEL COOK is adapted equally well for wood and coal, summer and winter. It will be found to be THE STOVE for farmers, mechanics or professional men; for boarding houses or private families—in fact for every place where a good stove is needed.
We believe the MODEL COOK to be the very best Stove in the Market, and invite every one to examine it whether they wish to purchase or not. It has had a very extensive sale since its introduction. Reference might be made to more than a hundred families in this city or vicinity who are using the Stove, and give it the highest commendation.
We refer to the following individuals who have purchased the Model Cook:—
David Kimball, Thos. F. Burt, John T. French, Rev. Mr. Davies, Wm. Pettigrew, Capt. John Davis, Jeremiah Raitt, Mrs. Ann T. Perkins, Joseph W. Jarvis, Francis W. Jarvis, Thos. L. Tullock, Jacob Wendell, Capt. Jacob Thompson, Gen. J. G. Hadley, G. Melvin Huntress, Jos. D Akerman, James F. Shores, Mrs. C. Newton, Horton D. Walker, Benj. Cheever, John Trundy, Richard L. Randall, Geo. Rice, Benj. F. Canney, Benj H. Parker Charles A. Wiggin, George W. Plumer, Nath'l Bennett, Henry F. Gerrish, John Harratt, Thos Murphy, Capt. Wm. Lambert, Joseph Siles, John Senter, Wm Bell, Cyrus Plumer, Jeremiah Hurd, James M. Locke, Daniel L. Randall, Isaiah Wilson, John E. Roberts—of Portsmouth; Samuel C. Dixon, Daniel J. Fryer, Coleman Fryer, of Freeborn's Island; Geo. N. Dixon, Samuel F. Paul, Elias Remick, Timothy Dame, Eliot; Wm. S. Locke, Benj. Furnald, Mrs. Wm Locke, Kittery; R. F. Gerrish, Kittery Point; Hon. Clement March, Albert Blaisdell, Stephen M. Weeks, Geo. W. Davis, Greenland; John Smart, Stratham; Mr. Reuben P Jenness, David Jenness, Moses Philbrick, Rye.

VICTOR COAL STOVE.
We offer this beautiful coal burner to the public, with full confidence in its merits.
It was brought into market two years since, and has come rapidly into use.
The Victor is one of the handsomest parlor stoves in the market, and is perfect in its operation. The arrangement for dumping the ashes is very fine—no dust need escape into the room—a soutinuous fire may be kept throughout the winter—the coal all burned, and no clinkers made.
The quantity of fuel used is very small indeed. There is in this stove an excellent arrangement for ventilating the room in which it is placed; a feature not possessed by any other parlor stove.
Some of the sizes are provided with an oven and boiling place, making them very desirable for a dining room.
We sold a large number of Victor Stoves in our city last season, and they receive the highest commendation from those who are using them.
We have also the celebrated McGregor Stove, so well known in the market as to need no commendation.
A great variety of cheaper Stoves for coal and wood—Cool-hods—Patent Coal-sifters.
COAL LININGS,
and Repairing pieces for most of the stoves in use.
Job Work attended to with dispatch.

Ayer's SARSAPARILLA,

THE WORLD'S GREAT REMEDY FOR

Scrofula and Scrofulous Diseases.

From Emery Edes, a well-known merchant of Oxford, Maine.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before to our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to those you publish of the wonderful virtues of your SARSAPARILLA. My daughter, aged ten, had an afflicting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs. Jane E. Rice, a well-known and much-esteemed lady of Dessauville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known Gage, Murray & Co., manufacturers of enamelled paper in Nashua, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost every thing a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Sawin, Houston St., New York.

"Dr. AYER: I seldom fail to remove *Erysipelas* and *Scrofulous Sores* by the persevering use of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the SARSAPARILLA you have supplied to "be profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"Twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicine. The sinews were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles, and some of your PILLS. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general debility, and for purifying the blood, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tuckahannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound that covered his whole face. Having tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the lotion of the SARSAPARILLA you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's health, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease

From Dr. Hiram Sloat, of St. Louis, Missouri.

"I find your SARSAPARILLA a more effectual remedy for the secondary symptoms of *Syphilis* and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., and late a prominent member of the Legislature of Massachusetts.

"DR. AYER: My dear Sir: I have found your SARSAPARILLA a most valuable remedy for *Syphilis*, both of the *primary* and *secondary* type, and effectual in some cases that were too obstinate to yield to other remedies. I can now add to what we have employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswick, N. J., had painful ulcers on his legs, caused by the abuse of mercury, or *mercurial disease*, which grew more and more aggravated for years, in spite of every remedy or treatment he applied. Some three years ago perseverring use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him

Leucorrhœa, Whites, Female Weakness,

are generally produced by internal *Scrofulous Ulceration*, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skilful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrell, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of irregularity, leucorrhœa, internal inflammation, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia,

when caused by *Scrofula* in the system, are rapidly cured by the EXT. SARSAPARILLA.

AYER'S CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.

Prepared by J. C. AYER, M. D., & Co., Lowell, Mass., and sold by
